Subsequently, the victim provided updated ping locations which were relayed to Detective Flores. Detective Flores then responded back to the area with Detective Mardis.

During their area canvass, they observed a male riding a bicycle that matched the description of the stolen bicycle. Detective Flores identified himself as a police officer and attempted to stop the subject. The subject fled and a foot chase ensued. A short distance later, Detective Flores apprehended the subject without incident and recovered the stolen bicycle. It was revealed the subject was involved in a previous bicycle theft in our city.

CGPD Case 23-001676 and 23-002005:

Burglary to Structure and Petit Theft – 253 Miracle Mile

On two separate occasions, the subject stole beer kegs (total 8) that were housed under the business stairwell. The incident was captured on surveillance video, which produced a description of the subject and subject vehicle. Detective Flores elicited assistance from our CIC analyst, Ray Pena, to attempt to identify the subject vehicle's tag information. The CIC analyst successfully identified the vehicle tag information for Detective Flores to further investigate the cases.

Detective Flores conducted a thorough check of the registered vehicle owner, who matched the description of the subject stealing the beer kegs. Detective Flores conducted several spot checks at the address where the subject vehicle checked back to and located the truck, with the trailer attached. Detective Flores then entered the subject vehicle in our LPR's "Hot-List" database to flag the vehicle and provide real time LPR pings. On April 1, 2023, in the afternoon hours, the subject vehicle pinged along the 1300-BLK of US1 traveling eastbound. A BOLO to Uniform Patrol Officers was administered and the vehicle was located and stopped. The driver matched the description of the subject; therefore, he was detained and transported to the station for further questioning by Detective Flores. Detective Flores interviewed the subject, who confessed to committing the above crimes. The subject was arrested and charged accordingly.

As evidenced above, it is irrefutable that Detective Emilio Flores' hard work, utilization of technology, enthusiasm, and dedication to the Coral Gables Police Department and the community alike, makes him most deserving of the Detective of the 1st Quarter Award 2023. Additionally, Detective Flores is always willing to assist officers and detectives without hesitation. He is an excellent team player, and a seasoned police officer whom his colleagues look to for his knowledge and guidance. It is a privilege and honor to supervise Detective Flores, who positively contributes to making our agency the finest in the country.
