Board of Architects – Preliminary Review Comments

Project City of Coral Gables
 Master Art Plan – Five Year Work Plan

On September 2, 2010, the Board of Architects for the City of Coral Gables reviewed the above mentioned Master Art Plan. Present at the Board were the following members:

Mike Sardiñas
Donald Sackman
Aramis Alvarez
Nelson de Leon

After a presentation by Cynthia Birdsill, Director of Economic Sustainability, the Board unanimously approved the proposed Master Art Plan. The following comments were made:

- The Board will again review the specific art to be installed in a given location for the method of installation and architectural elements of the proposed installation.
- The Board noted an interest in knowing other areas being considered other than the “core zone” especially as these may be significant “gateway zones” and important in establishing the City of Coral Gables as an art conscious community.
