**Re: Ponce de Leon Blvd. Median Installation and Roadway Improvement Phase II-
DPW 06-03 IFB 2009.12.01 dpa #10104**

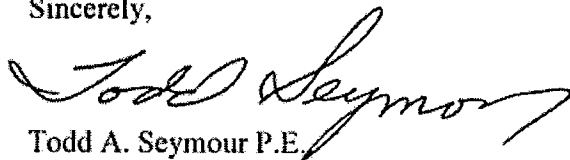

Dear Mr. Kay,

David Plummer and Associates Inc., as the civil engineering consultant for the City of Coral Gables on this project we have reviewed the four apparent lowest bidder acknowledgements. The lowest apparent bidder is Tran Construction, Inc. and our findings are as follows:

1. We confirmed that Tran Construction, Inc. is a licensed Florida General Contractor and Certified Underground Utility and Excavation Contractor along with other licenses. They do not have any filed complaints with the Florida Department of Business Professional Regulation (see attached printouts).
2. We have checked the unit prices and extensions of the associated quantities and did not find any errors.
3. Alternate Bid Price- bid item #102 Root barrier 18" deep model should be used so bid # 95b Root barrier 36" deep can be removed from the bids. This is a cost savings of \$4.50 a linear foot or \$27,335.50.

After review of the four lowest bidders we recommend that Tran Construction Inc. be selected for the construction contract. If you should have any questions regarding this recommendation feel free to call me.

Sincerely,

Todd A. Seymour P.E.
Project Manager
