did you try to re open the building one s as well? I wonder if the error happened with the new contractor or the upstairs building dept. it doesn't make sense that they only reactivated the electrical portion.  
You can show up if you wish, or I can tell them your plea...  
It's at 8:30 in the commission chambers.

Good morning Mr Nair,

Today is the code board hearing for your fence permit. I found the electrical portion and had our electrical chief update the old permit. I do not find a renewal for the Building portion which also has inspections.

If you can not be at the meeting, do you know what happened so I can advise the board?

Thank you  
Lynn Schwartz

Dear Mrs Schwartz

I have hired a new contractor for fixing my gate and the application for permit is being submitted. This is for your kind information.

Good Afternoon,

I am now in a computer training class for the rest of the day.

You will need to re open the permit/ complete the work and then obtain the remaining inspections.

You may need to obtain a new contractor as well.

I can contact you later today, or tomorrow. Thank you for contacting me.

Dear Miss Lynn Schwartz

Thanks for the note , not to attend the Code Board Hearing today.

I tried a couple of time to phone you, but could not connect you.

Pl instruct me what to do further. The contractor did not finish the work in time, probably due to Pandemic, causing all these problems. I was also stranded in India with out flight due to Covid-19 lockdown for almost one year. Pl advise what to do now.

Sincerely

Madhavan
