Notice of Single Source for Submersible Lift Station Panels

TO: Mr. Carlos Orozco and Mr. Carlos Delgado
2800 S.W. 72nd Ave
Coral Gables, FL 33155

Date: September 3, 2024

Subject: Single Source for Submersible Lift Station Control Panels

CCT would like to inform you and request a Sole source status for the Lift Station panels provided to the City of Coral Gables as they are unique and Patented for being resilient to flooding. Our patent # 11,653457 is solely the property of Gerardo Gallo, who authorizes Custom Controls Technology, Inc. (CCT) to use it and market the product. No one else can produce nor provide such enclosure. These Lift Stations can only be sold by CCT, and it is suggested that CCT maintain them to assure the City its proper up keep to assure longevity, certification, and reliability. Also, the fact that the UL Verification # V986660 which is issued to CCT states that these panels can be under water for up to 30 days no water ingress.

Safety. Science. Transformation.

UL VERIFIED MARK CERTIFICATE

This certificate confirms that a representative sample set, process or system was evaluated to determine the validity of the specific marketing, advertising or promotional claim regarding the product, process or system specified below and such product, process or system is eligible to bear the UL Verified Mark as described below.

**No water ingress
after 30 days**
