Applicant:	City of Coral Gables
Application:	<u>Zoning Code Text Amendment: Miracle Mile Minimum Lot Size</u>
Public Hearing:	Planning and Zoning Board
Date & Time:	November 1, 2022; 6:00 – 9:00 p.m.
Location:	City Commission Chambers, City Hall, 405 Biltmore Way, Coral Gables, Florida 33134

1. APPLICATION REQUEST

The City of Coral Gables has initiated a request for a Zoning Code Text Amendment as follows:

An Ordinance of the City Commission of Coral Gables, Florida providing for a text amendment to the City of Coral Gables Official Zoning Code by amending Article 2, "Zoning Districts," Section 2-402, "Zain/Friedman Miracle Mile Downtown District Overlay" to promote quality design and to reduce the size of property required for Conditional Use review for parcels facing Miracle Mile; providing for severability, repealer, codification, and an effective date.

The request requires three public hearings, including review and recommendation by the Planning and Zoning Board, and 1st and 2nd Reading before the City Commission.

2. APPLICATION SUMMARY

As requested by the City Commission, Zoning Code text amendments are proposed to require Conditional Use review and approval for any future proposed development on Miracle Mile with parcels of land ten thousand (10,000) square feet or greater. Conditional Use review requires a recommendation from the Planning & Zoning Board and approval from the City Commission, in addition to the Development Review Committee review and Board of Architects approval. The Commission also desires to reemphasize that new construction on the Mile should be compatible with the current massing and scale.

The Downtown Overlay District was adopted in 2001, and later renamed as the "Zain/Friedman Miracle Mile Overlay District" in 2005. The District provided standards for continue and enhance the historic Downtown area. Specifically, an objective within the District is "to maintain the aesthetic, physical, historic and environmental character of Downtown Coral Gables;" as well as limit building bulk, mass, and intensity on Miracle Mile of large-scale developments to promote compatibility with the existing low-rise scale of development in Downtown Coral Gables as it presently exists. Almost 20 years later, the Commission and community still regard Miracle Mile as a unique and special thoroughfare in Coral Gables. Therefore, the Commission wishes to require the additional consideration regarding traditional massing, design, architecture, and site planning by requiring Commission approval for properties 10,000 square feet or more via the Conditional Use process.

Currently, all redevelopment on Miracle Mile is required to park any required parking remotely, and

remote parking is a Conditional Use. However, the remote parking review is solely the analysis and local impact of parking remotely, and not review of the site plan. Currently only site plans that are 20,000 square feet or larger require the Conditional use review. As such, the Commission has requested the proposed text amendment which will require Conditional Use review of site plans for properties 10,000 square feet or larger.

c. Does not allow densities or intensities in excess of the densities and intensities which are permitted by the future land use categories of the affected property.	The proposed text amendment does not allow densities or intensities in excess of what are permitted by the future land uses.
d. Will not cause a decline in the level of service for public infrastructure which is the subject of a concurrency requirement to a level of service which is less than the minimum requirements of the Comprehensive Plan.	The proposed text amendment will not affect the level of service for public infrastructure.
e. Does not directly conflict with any objective or policy of the Comprehensive Plan.	The proposed amendment does not conflict with any objective or policy.

Staff comments:

The proposed text amendment to the Zoning Code both promote the design of buildings compatible with the massing and scale of the appearance of Miracle Mile and to require Conditional Use review and approval for properties 10,000 square feet or more. The proposed requirement for an additional level of review and approval with a focus on a compatible massing and scale for Miracle Mile fulfills policies of the Comprehensive Plan, such as Policy FLU-1.9.3., to encourage a unique shopping and cultural on a pedestrian-friendly thoroughfare. The standards identified in Section 14-212.5 for the proposed Zoning text amendment are satisfied.
