This is to certify that the attached ownership list, map and mailing labels are a complete and accurate representation of the real estate property and property owners within 1,500 feet radius of the external boundaries of the subject property listed above, including the subject property. This reflects the most current records on file in the Miami-Dade County Property Appraisers' Office.

Per Section 15-102: Should the radius extend beyond the City limits, notice shall be mailed outside of the City limits only to addresses that are known by reference to the latest ad valorem tax record that are within a five hundred (500) foot radius of the property that is the subject of the application.

The MDCPS Office of the Superintendent, the Principal of the MDCPS physically located within the notice area, the District 6 School Board Member, the School Board Chair and Vice Chair have been added to the list and mailing labels as per City of Coral Gables Res. 2020-245, if applicable.

Per Ordinance 2023-02, Section 15-102: All required mail notice will be sent to the property address and the mailing address per the Miami-Dade Country Property Appraisers website. If the address is the same for both, then only one notice must be sent.

Sincerely,

Diana B. Rio

Total number of property owners without repetition: **2,585, including 11 international\* \*\***

*\*Includes the MDCPS Office of the Superintendent, the Principal of the MDCPS physically located within the notice area, the District 6 School Board Member, the School Board Chair and Vice Chair have been added to the list and mailing labels as per City of Coral Gables Res. 2020-245.*

*\*\*Properties outside of the City of Coral Gables boundaries were found within a 500' radius.*

### Summary of 33 Alhambra Neighborhood Meeting

On April 26, 2023, the informational neighborhood meeting for the proposed new “33 Alhambra” project to be located on the block identified by the address of 33 Alhambra Circle (the “Property”) commenced at approximately 6:10 pm in the Granada Meeting room of the Hyatt Regency Coral Gables at 50 Alhambra Plaza, Coral Gables, Florida. The following individuals were in attendance on behalf of the project team:

- Mario Garcia-Serra and Teresa Muniz, Project Zoning Counsel
- David Fuentes and Glenn Pratt, Project Architects
- Jennifer Ducret and Jane Mas, 33 Alhambra ProCo, LLC (Developer)

Over 15 neighboring property owners were in attendance. Mr. Garcia-Serra commenced the meeting with an introduction of the project team and background information regarding the project site. Mr. Fuentes and Mr. Pratt then provided some insight into the inspiration for the architecture of the project, and their client’s desire to develop the Property in a manner consistent with Coral Gables history, particularly as it relates to the existing historic structure on the Property. They explained that the proposed project will consist of 66 residential units, which is substantially less than the amount of density presently permitted, 173 parking spaces in a structured parking garage, 11,208 square feet of open space, including a park with improvements along the western most side of the Property which will be open for use by the general public, and 27,237 square feet of commercial area. They then opened the floor for questions and comments from the attendees.

Several neighbors expressed support and appreciation for the project’s architecture, scale, and mix of uses—particularly the public open spaces. A few neighbors asked when the units would be going on sale. Some neighbors expressed concerns with what they felt was too much building mass facing Alhambra Circle. Mr. Fuentes and Mr. Pratt explained that the proposed project’s proposed height is necessary in order to create large family sized units along with the top partial floor for the building amenities which have become standard for this type of condominium. Ms. Vicky Rua, an owner/resident at Villa Alhambra, thought that the building looked like it was on top of the sidewalk. Mr. Fuentes and Mr. Pratt explained that the building was entirely within the property line and did not encroach onto the sidewalk in any way. One neighbor from 50 Alhambra was worried about her view being obstructed. Mr. Fuentes and Mr. Pratt provided the perspective that her view would be the most architecturally pleasing part of the building. Another neighbor was concerned about the width of the paseos. Mr. Fuentes and Mr. Pratt walked the neighbors through the plans and explained the width of each paseo and compared it to other buildings and how the paseos were equally as wide, or wider. Finally, many neighbors were concerned about the already existing traffic problems, particularly, how fast people drive down Alhambra. The project team explained that solutions like speed bumps, or a traffic circle would need to be brought up to the City and could in some ways be addressed or enhanced as part of the project approval process.

The formal presentation concluded at approximately 7:15pm and some neighbors remained to discuss with and ask additional questions of the project team.
