CITY COMMISSION MEETING
May 31, 2022

ITEM TITLE:

RESOLUTION. A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF CORAL GABLES, FLORIDA, APPROVING AN UPDATED “SWALE PACKAGE” OUTLINING VARIOUS OPTIONS FOR SWALE PLANTING AND SETTING FORTH THE REQUIRED PERMITS AND PROCEDURES FOR PLANTING ON CITY SWALES (Sponsored by Commissioner Anderson)

BRIEF HISTORY:

In Resolution 2016-175 the City Commission authorized the Public Works Department to proceed with the implementation of a permit process to allow decorative crushed stone and low, non-woody landscape plants, commonly referred to as the “swale package,” in the public right-of-way. The City wishes to adopt a new “swale package” outlining additional plants appropriate for planting in City right-of-way with appropriate permitting and documentation. This updated Swale Package suggests various native and non-native plants appropriate for plantings in City rights-of-way.
