The City of Coral Gables is proud to recognize our third certified Coral Gables Green Business, Avion Auto Spa.

Avion Auto Spa is a mobile auto detailing company whose core mission is to provide high quality service while also being environmentally conscious. The company utilizes steam vapor technology which uses small amounts of water. In most cases it takes less than 1gallon of water to detail a vehicle. The company also provides discounts to encourage multiple vehicles to be detailed in one location reducing both their fuel consumption and that of its’ customers. Avion also uses ecofriendly cleaning products and washes and reuses cleaning supplies (microfiber rags, water jugs, etc.) Congratulations Avion Auto Spa for achieving Bronze level Coral Gables Green Business Certification.

The Coral Gables Green Business Program was created in collaboration with the Coral Gables Chamber of Commerce and the City’s Sustainability Advisory Board. It aligns with the City’s sustainability goals of reducing energy, water, fuel consumption, and waste while increasing recycling efforts, alternative transportation and sustainability education and outreach. The goal of the program is to recognize and reward our local businesses for all their sustainability efforts while also educating them on additional actions they can implement. Together, the City of Coral Gables and our local businesses are creating a more resilient and sustainable Coral Gables for current and future generations.
