CITY COMMISSION MEETING
February 15, 2022

ITEM TITLE:

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF CORAL GABLES, FLORIDA, AUTHORIZING TEMPORARY ENCROACHMENTS INTO THE PUBLIC RIGHT-OF-WAY RELATING TO THE TEMPORARY INSTALLATION OF TWO FLOATING TREATMENT WETLANDS IN CITY WATERWAYS

BRIEF HISTORY:

A Florida International University Department of Earth and Environment Ph.D. student (“Applicant”) has approached the City regarding a project which proposes the installation, for approximately fourteen weeks, of two floating treatment wetlands in the City waterways.

The proposed temporary encroachments consist of the installation of two approximately twenty-four foot by four foot floating wetlands to be placed in the City’s waterways at two locations agreeable to the City. These temporary encroachments may provide additional information regarding the health of the City’s waterways and will assist in the advancement of scientific information.
