**DEPARTMENT HEAD RECOMMENDATION:**

Approval, with conditions.

**PLANNING AND ZONING BOARD RECOMMENDATION:**

The Planning and Zoning Board at their March 9, 2022 meeting discussed and recommended approval with conditions of the proposed project.

1. Alley Vacation, vote: 5-0
2. Zoning Code Text Amendment, vote: 5-0
3. Planned Area Development (PAD), vote: 5-0 with condition that the Park would be donated to the City
4. Transfer of Development Rights (TDRs) as receiving site, vote: 5-0
5. Conditional Use for Mixed-Use Site Plan, vote: 5-0 with condition that additional screening would be provided for the garage, to be reviewed by staff.

**BRIEF HISTORY:**

On May 31, 2022, at first reading, the City Commission discussed the appropriateness of the Paseo located at the east end of the project. The project is seeking PAD approval, per the Zoning Code, Section 2-500.B.3.h(iv) “Design Requirements”, states that *“Where necessary and appropriate to enhance public pedestrian access, no block face shall have a length greater than two hundred and fifty (250) feet without a public pedestrian passageway or alley providing through access.”*

The Applicant amended the ground floor design and eliminated the paseo. Since the project was granted Mediterranean design bonus, it went to the Board of Architects (BOA) for review and approval of the proposed revision. On June 16, 2022, the BOA deferred the project with the following comments:

- Reincorporate the paseo
- Reincorporate direct access and view of courtyard from Almeria Avenue
- Alternatively, relocate paseo to the eastside of the courtyard

Staff has also reviewed the revised plan and added a condition, that structure in area of alley shall supported on piles. Pile caps, grade beams or piles shall not encroach into the alley. Utilities shall be located in the perpetual access easement.

The Applicant seeks to redevelop the existing Mercedes Benz auto dealership site located east of Salzedo Street between Valencia Avenue to the north and Sevilla Avenue to the south. The project is a mixed-use high-rise building referred to as “Regency Tower”. The project consists of 174 residential units on the upper levels, a 4,500 square foot restaurant on the ground level, and a parking structure with 389 parking spaces. The proposed building height is 18-stories at 204’-8” to the top of roof, 239’-8” to the top of ornamental tower. A 10,000 square foot public park will be provided on the corner parcel located immediately south (2701 Salzedo Street).

The project includes:

1. Project site is 1.74 acres (76,000 sq. ft. which includes the 6,000 sq. ft. alley)
2. 18-stories at 204'-8" to the top of roof, 239'-8" to the top of ornamental tower
3. FAR – 4.375
4. 174 residential units
5. 4,500 square feet restaurant
6. 389 parking spaces
7. 10,000 square foot public park

The Applicant is proposing a PAD designation to allow flexibility in the following requirements of the underlying zoning district.

- Transfer of Development Rights (TDRs) receiving site designation for the corner parcel 2701 Salzedo Street, located outside the boundaries of CBD but part of the overall PAD.
- Building height: Increase building height to 18 stories at 204'-8" to the top of the roof and 239'-8" to the top of architectural tower.
- Rear Setback: Reduce the rear setback from the required 10 feet to zero;
- Stepbacks: Reduce stepbacks (above 45 feet) on all sides from the required 10 feet to zero;
- Encroachments: Right-of-way encroachments on Valencia and Almeria Avenue for awnings, canopies, decorative moldings, which projections vary from 8 inches to maximum of 6 feet; and

The Applicant is also requesting Conditional Use Approval for Mixed Use site Plan.

On May 10, 2022, the City Commission approved on First Reading a Zoning Code Text Amendment that would allow the City Commission to designate a Transfer of Development Rights (TDRs) receiving site when located in a PAD and zoned MX2 and MX3. The project intends to utilize TDRs as a receiver site in order to secure additional 25% of Floor Area Ratio (FAR).

The subject site consists multiple lots most of it located within the CBD, except a corner parcel of approximately 10,000 square feet which is proposed to be a public park. The applicant is requesting that the City Commission designate this 10,000 sq. ft. parcel as receiving site in order to secure additional 25% FAR.

Staff recommends approval of these requests with conditions. The full set of all recommended Conditions of Approval are included within the draft PAD Ordinance and draft Conditional Use Resolution provided as Exhibit C and D.
