after-the-fact permit

Local Historical Landmark

Article 8, Section 8-103 of the Coral Gables Zoning Code--*Criteria for designation of historic landmarks or historic districts*: a local historic landmark must have significant character, interest or value as part of the historical, cultural, archaeological, aesthetic, or architectural heritage of the City, state or nation.

For designation, a property must meet **one (1)** of the criteria outlined in the Code.

1221 Milan Avenue is eligible as a Local Historic Landmark based on **three (3) significance criteria:**

Historical, Cultural significance

4. Exemplifies the historical, cultural, political, economic or social trends of the community

Architectural significance

1. Portrays the environment in an era of history characterized by one or more distinctive architectural style
2. Embodies those distinguishing characteristics of an architectural style, or period, or method of construction

Granada Section, October 1923

These 58 homes will embody new and radical departures from the usual type of small house designing, with compactness, beauty and comfort that will appeal to smaller families...each home will be a different finely-detailed design.

The Granada Gateway—Located in the Center of the New Granada Section

Granada Section— Another Opportunity

The Surpassing Beauty of Coral Gables—the Wonderful Development of Coral Gables—the Remarkable Growth of Coral Gables—are all here Combined to Form a Most Extraordinary Investment Opportunity in the New Granada Section

The first offering of building lots in the Granada Section was made on Monday morning. The immediate and enthusiastic response of the buying public, revealed the keen interest which is felt in all matters included in the remarkable development of Coral Gables.

To fix clearly in your mind the splendid location of the Granada Section, just remember that it centers around the two most beautiful architectural features in Coral Gables. The first of these is the magnificent Granada Entrance on S. W. Eighth Street; the second is the still larger and more beautiful Prado Entrance and Country Club Prado, now in course of construction.

Adjoining these two surpassingly beautiful features lies the Granada Section, bounded on the north by S. W. Eighth St. (Tamiami Trail) and on the south by Chicago St., Alhambra Circle and the Coral Gables golf course. This part of Coral Gables has been the scene of greatest development during the past year, and will continue to be for all of next year.

In the Granada Section eighty-six homes, ranging in cost from \$7,500 to \$25,000 each, are now in course of construction. Within a few months the Granada Section will take its rightful place as one of the most beautiful parts of Miami's most beautiful suburb.

NOTE—AND FOR A SHORT TIME ONLY, WHILE THE DEVELOPMENT WORK IS CARRIED ON—YOU MAY BUY GRANADA SECTION LOTS AT EXTREMELY REASONABLE PRICES.

Get the complete facts regarding Granada Section from Coral Gables sales representatives. It's a real opportunity—one which has not been offered within two years! Come out and see the Granada Section today.

Milan Avenue

Single-Family Homes Built on Milan Avenue during 1920s

Red boxes: initial eight homes commissioned by Merrick in 1923

Blue boxes: additional 1920s homes

Orange arrow: 1221 Milan Avenue

Frequently at night Mrs. Merrick and I drive through Coral Gables. We go into moderate-priced sections and we find something which gives me even more pride in the accomplishment of an ideal—people who formerly used stock plans can now have a well-appointed home... it is gratifying to see the difference in the attractiveness of one of our very moderately priced houses as compared to a house of similar cost in the unrestricted section of Miami.
