SOLICITATION SUBMISSION CHECKLIST

Request for Qualifications (RFQ) No. 2025-005

COMPANY NAME: (Please Print): RJ Heisenbottle Architects, PA
Phone: 305 446 7799 ext. 22 Email: CConill@rjha.net

Please provide the PAGE NUMBER in the blanks provided as to where compliance information is located in your Submittal for each of the required submittal items listed below:
SUBMITTAL - SECTION I: TITLE PAGE, TABLE OF CONTENTS, REQUIRED FORMS, AND MINIMUM QUALIFICATION REQUIREMENTS.

- 1) Title Page: Show the RFQ number and title, the name of your firm, address, telephone number, name of contact person, e-mail address, and date. PAGE # 1
- 2) Provide a Table of Contents in accordance with and in the same order as the respective "Sections" listed below. Clearly identify the material by section and page number. PAGE # 3
- 3) Fill out, sign, and submit the Proposer's Acknowledgement Form. PAGE # 6
- 4) Fill out and submit the Solicitation Submission Check List. PAGE # 7
- 5) Fill out, sign, notarize (as applicable), and submit the Proposer's Affidavits and Schedules A through H. PAGE # 11
- 6) Fill out, sign, and submit Standard Form 330, Architect-Engineer Qualifications. No response will be considered without this required form. Note: a separate Standard Form 330 is not required of each Sub-Consultant. The Proposer is responsible for filling out this form and including the sub-consultant information in the corresponding areas. PAGE # in INFOR
- 7) Minimum Qualification Requirements: submit detailed verifiable information affirmatively documenting compliance with the Minimum Qualifications Requirements shown in Section 3. PAGE # IN INFOR
- 8) Indicate whether the Proposer is a State of Florida and/or County Certified Small Business or Minority Business Enterprise. If so, indicate the certifying organization or jurisdiction and include a copy of the certification with your submittal. PAGE # 22
- 9) Fill out Employer E-Verify Affidavit. PAGE # 10
- 10) Fill out Lobbyist Registration & Oral Registration Forms PAGE# 18

SUBMITTAL - SECTION II: EXPERIENCE AND QUALIFICATIONS

(i) FOR PROPOSER

- 1) Provide a complete history and description of your company, including, but not limited to: the number of years in business, size, number of employees, office location where work is to be performed, copy of applicable licenses/certifications, credentials, capabilities and capacity to effectively meet the City's needs, relevant experience and proven track record of providing the scope of services as identified in this solicitation to public sector agencies. PAGE # 25
- 2) Provide a statement detailing Proposer's familiarity with permitting agencies and permitting procedures, especially in Miami-Dade County. PAGE # 27
- 3) Describe the Proposer's expertise and experience in working with other disciplines, including coordination with other design professionals and sub-consultants. PAGE # 27
- 4) Provide Secure Financial Strength Rating from AM Best, with a minimum of "A"-, XIV. PAGE # INFOR

(ii) **FOR KEY PERSONNEL**

- 1) Utilizing Attachment E Standard Form SF330, Part I – Section E., provide a summary of qualifications, copy of applicable licenses/certifications, and experience, relevant to the scope of work, for all proposed key personnel (including sub-consultants). Include resumes (listing experience, education, licenses/certifications) for your proposed key personnel and specify the role and responsibilities of each team member in providing the services outlined in the RFQ. Provide an organizational chart of all key personnel that will be used. PAGE # 29

SUBMITTAL – SECTION III: PROJECT UNDERSTANDING, PROPOSED APPROACH, AND METHODOLOGY

- 1) Describe in detail, your approach and methodology to perform the services solicited herein. Include detailed information, as applicable, which addresses, but need not be limited to: Proposer's understanding of the RFQ scope and requirements, strategies for assuring assigned work is completed on time, innovative interaction and communication with the community, City staff, and multiple stakeholders. PAGE # 80
- 2) Provide the recent, current, and projected workload of the Proposer and key personnel that will be assigned to the City. Explain how this potential contract will fit into the Proposer's workload. PAGE # 81

The detailed list should include at a minimum the following:

- a. The company/agency
 - b. Dates of services
 - c. Name/Contract # of the project
 - d. Scope
- 3) Describe the Proposer's ability to positively and innovatively move a project from the conceptual stage to a clearly defined project that may be designed and constructed, while minimizing the impact on the community. PAGE # 81
- 4) Describe the Proposer's ability to provide schedule control, cost control, and quality control for the services requested herein. Provide specific examples of similar initiatives that the Proposer has successfully undertaken with other public entities that were completed on-time and within budget. PAGE # 82
- 5) Describe Proposer's ability to successfully deliver similar projects that have significant community and business involvement. PAGE # 85
- 6) Describe the Proposer's ability to work with other consultants designated by the City. PAGE # 85

SUBMITTAL – SECTION IV: PAST PERFORMANCE AND REFERENCES

- 1) Using the required Attachment D - Reference Form, provide a minimum of three (3) references (but no more than five (5) for which Proposer has performed same (or similar) scope of services in the last five (5) years. **DO NOT include work/services performed for the City of Coral Gables or City employees as reference (City related experience will be outlined in the request below).** PAGE # 87
- 2) Utilizing Attachment E Standard Form SF330, Part I – Section F, provide detailed information on three (3) of the Proposer's most recent and relevant projects similar in scope and nature to the services described in the solicitation. Under sub-section 23 – "Project Owner's Information" of Standard Form SF330, include an e-mail address for the "Point of Contact". **Note: Do not include work/services**

performed for the City of Coral Gables or City employees as references. PAGE # INFOR

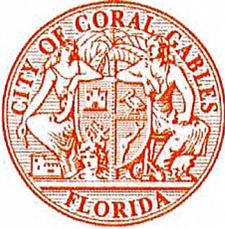

- 3) List all contracts which the Proposer has performed (past and present) for the City of Coral Gables. The City will review all contracts the Proposer has performed for the City in accordance with Section 4.10 Evaluation of Responses (c) (4) which states the City may consider "Proposer's unsatisfactory performance record, judged from the standpoint of conduct of work, workmanship, progress or standards of performance agreed upon in the Contract as substantiated by past or current work with the City". PAGE # 87

As such the Proposer must list and describe all work performed for Coral Gables and include for each project:

- a. Name of the City Department for which the services are being performed,
 - b. Scope/description of work,
 - c. Awarded value of the contract/current value
 - d. Effective dates and term of the contract
 - e. City project manager's name and phone number,
 - f. Statement of whether the Proposer was the prime contractor or subcontractor, and
 - g. Results of the project.
- 4) Provide a list with contact information of public sector clients, if any, that have discontinued use of Proposer's services within the past two (2) years and indicate the reasons for the same. The City reserves the right to contact any reference as part of the evaluation process. PAGE # 89
- 5) Please identify each incident within the last five (5) years where (a) a civil, criminal, administrative, other similar proceeding was filed or is pending, if such proceeding arises from or is a dispute concerning the Proposer's rights, remedies, or duties under a contract for the same or similar type services to be provided under this RFQ (See Schedule D of Attachment A). PAGE # 91

SUBMITTAL – SECTION V: AGREEMENT COMMENTS/ EXCEPTIONS

- 1) Please follow the instructions as outlined in Section 1.6 Agreement Execution. The acceptance of or any exceptions taken to the terms and conditions of the City's Agreement shall be considered a part of a Proposer's submittal and will be considered by the Evaluation Committee.

**City of Coral Gables
Finance Department/Procurement Division**

Employer E-Verify Affidavit

By executing this affidavit, the undersigned employer verifies its compliance with F.S. 448.095, stating affirmatively that the individual, firm or corporation has registered with and utilizes the federal work authorization program commonly known as E-Verify, or any subsequent replacement program, in accordance with the applicable provisions and deadlines established in F.S. 448.095 which prohibits the employment, contracting or sub-contracting with an unauthorized alien. The undersigned employer further confirms that it has obtained all necessary affidavits from its subcontractors, if applicable, in compliance with F.S. 448.095, and that such affidavits shall be provided to the City upon request. Failure to comply with the requirements of F.S. 448.095 may result in termination of the employer's contract with the City of Coral Gables. Finally, the undersigned employer hereby attests that its federal work authorization user identification number and date of authorization are as follows:

59-2783815
Federal Work Authorization User Identification Number
5/5/2025
Date of Authorization

I hereby declare under penalty of perjury that the foregoing is true and correct.

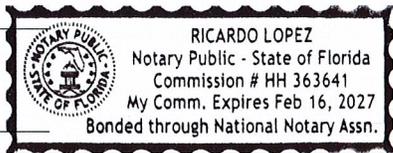

Executed on May 5, 2025 in Coral Gables (city), FL (state).

SCHEDULE "A" - CITY OF CORAL GABLES – STATEMENT OF CERTIFICATION

Neither I, nor the firm, hereby represented has:

- a. employed or retained for a commission, percentage brokerage, contingent fee, or other consideration, any firm or person (other than a bona fide employee working solely for me or the Proposer) to solicit or secure this contract.
- b. agreed, as an express or implied condition for obtaining this contract, to employ or retain the services of any firm or person in connection with carrying out the contract, or
- c. paid, or agreed to pay, to any firm, organization or person (other than a bona fide employee working solely for me or the Proposer) any fee, contribution, donation or consideration of any kind for, or in connection with, procuring or carrying out the contract except as here expressly stated (if any):

SCHEDULE "B" - CITY OF CORAL GABLES - NON-COLLUSION AND CONTINGENT FEE AFFIDAVIT

1. He/she is the Charlene Covill (Marketing Director)
(Owner, Partner, Officer, Representative or Agent)

of the Proposer that has submitted the attached response.

2. He/she is fully informed with respect to the preparation and contents of the attached response and of all pertinent circumstances respecting such response;
3. Said response is made without any connection or common interest in the profits with any other persons making any response to this solicitation. Said response is on our part in all respects fair and without collusion or fraud. No head of any department, any employee or any officer of the City of Coral Gables is directly or indirectly interested therein. If any relatives of Proposer's officers or employees are employed by the City, indicate name and relationship below.

Name: _____ Relationship: _____

Name: _____ Relationship: _____

4. No lobbyist or other Proposer is to be paid on a contingent or percentage fee basis in connection with the award of this Contract.

SCHEDULE "C" CITY OF CORAL GABLES – VENDOR DRUG-FREE STATEMENT

Preference may be given to vendors submitting a certification with their bid/proposal certifying they have a drug-free workplace in accordance with Section 287.087, Florida Statutes. This requirement affects all public entities of the State and becomes effective January 1, 1991. The special condition is as follows:

1. Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
2. Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
3. Give each employee engaged in providing the commodities or contractual services that are under solicitation a copy of the statement specified in subsection (1).
4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under solicitation, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
5. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
6. Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section. As the person authorized to sign the statement, I certify that this form complies fully with the above requirements.

The company submitting this solicitation has established a Drug Free work place program in accordance with State Statute 287.087

SCHEDULE "D" CITY OF CORAL GABLES – PROPOSER'S QUALIFICATION STATEMENT

The Florida Americans with Disabilities Accessibility Implementation Act of 1993, Sections 5553.501-553.513, Florida Statutes

The Rehabilitation Act of 1973, 229 U.S.C. Section 794

The Federal Transit Act, as amended, 49 U.S.C. Section 1612

The Fair Housing Act as amended, 42 U.S.C. Section 3601-3631

SCHEDULE "G" CITY OF CORAL GABLES - STATEMENT PURSUANT TO SECTION 287.133 (3) (a), FLORIDA STATUTES, ON PUBLIC ENTITY CRIMES

1. I understand that a "public entity crime" as define in Paragraph 287.133(1)(g), **Florida Statutes**, means a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or of the United States, including, but not limited to, any Proposal or contract for goods or services to be provided to any public entity or an agency or political subdivision of any other state or of the United States and involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.
2. I understand that "convicted" or "conviction" as defined in Paragraph 287.133(1)(b), **Florida Statutes**, means a finding of guilt or a conviction of a public entity crime, with or without an adjudication of guilt, in any federal or state trial court of record relating to charges brought by indictment or information after July 1, 1989, as a result of a jury verdict, non-jury trial, or entry of a plea of guilty or nolo contendere.

3. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, means:

1. A predecessor or successor of a person convicted of a public entity crime; or 2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

4. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which Proposals or applies to Proposal on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

5. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting this sworn statement. **[Must indicate which statement below applies.]**

Neither the entity submitting this sworn statement, nor any of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, nor any affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, members, or agents who are active in the management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearings and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list.

[Attach a copy of the final order]

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IT IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES FOR CATEGORY TWO OF ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

SCHEDULE "H" CITY OF CORAL GABLES - ACKNOWLEDGEMENT OF ADDENDA

1. The undersigned agrees, if this RFQ is accepted, to enter in a Contract with the CITY to perform and furnish all work as specified or indicated in the RFQ, any associated addendum and Contract Documents within the contract time indicated in the RFQ and in accordance with the other terms and conditions of the solicitation and contract documents.
2. Acknowledgement is hereby made of the following Addenda, if any (identified by number) received since issuance of the Request for Proposal.

Addendum No. 1 Date 4/24/2025 Addendum No. _____ Date _____

Addendum No. _____ Date _____ Addendum No. _____ Date _____

Addendum No. _____ Date _____ Addendum No. _____ Date _____

Failure to adhere to changes communicated via any addendum may render your response non-responsive.

CITY OF CORAL GABLES
FINANCE DEPARTMENT/PROCUREMENT DIVISION
LOBBYIST REGISTRATION FORM

SOLICITATION NAME/NUMBER: Architectural Consulting Services RFQ No. 2025-005

The Bidder/Proposer certifies that it understands if it has retained a lobbyist(s) to lobby in connection with this specific competitive solicitation that each lobbyist retained has timely filed the registration or amended registration required under the City of Coral Gables Lobbyist Registration requirement pursuant to Ordinance 2021-24 as outlined below:

Lobbyist means an individual, firm, corporation, partnership, or other legal entity employed or retained, whether paid or not, by a principal, or that contracts with a third-party for economic consideration to perform lobbying activities on behalf of a principal.

Lobbying activity means any attempt to influence or encourage the passage or defeat of, or modification to, governmental actions, including, but not limited to, ordinances, resolutions, rules, regulations, executive orders, and procurement actions or decisions of the city commission, the mayor, any city board or committee, or any city personnel. The term "lobbying activity" encompasses all forms of communication, whether oral, written, or electronic, during the entire decision-making process on actions, decisions, or recommendations which foreseeably will be heard or reviewed by city personnel. This definition shall be subject to the exceptions stated below.

Procurement matter means the city's processes for the purchase of goods and services, including, but not limited to, processes related to the acquisition of: technology; public works; design services; construction, professional architecture, engineering, landscape architecture, land surveying, and mapping services; the purchase, lease or sale of real property; and the acquisition, granting, or other interest in real property.

City personnel means those city officials, officers and employees who are entrusted with the day-to-day policy setting, operation, and management of certain defined city functions or areas of responsibility, even though ultimate responsibility for such functions or areas rests with the city commission, with the exception of the City Attorney, Deputy City Attorney, and Assistant City Attorneys, advisory personnel (members of city advisory boards and agencies whose sole or primary responsibility is to recommend legislation or give advice to the city commission); and any employee of a city department or division with the authority to participate in procurement matters, when the communication involves such procurement.

Affidavit requirement. The following provisions shall apply to certain individuals who, in procurement matters participate in oral presentations or recorded negotiation meetings and sessions:

- a. The principal shall list on an affidavit form, provided by the City, all technical experts or employees of the principal whose normal scope of employment does not include lobbying activities and whose sole participation in the city procurement matter involves an appearance and participation in a city procurement matter involves an appearance and participation in an oral presentation before a city certification, evaluation, selection, technical review or similar committee, or recorded negotiation meetings or sessions.
- b. No person shall appear before any procurement committee or at any procurement negotiation meeting or session on behalf of a principal unless he/she has been listed as part of the principal's presentation or negotiation team or has registered as a lobbyist. For purposes of this subsection only, the listed members of the oral presentation or negotiation team shall not be required to separately register as lobbyists or pay any registration fees. The affidavit will be filed by the city procurement staff with the city clerk at the after the proposal is submitted or prior to the recorded negotiation meeting or session. Notwithstanding the foregoing, any person who engages in lobbying activities in addition to appearing before a procurement committee to make an oral presentation, or at a recorded procurement negotiation meeting or session, shall comply with all lobbyist registration requirements.

The Bidder/Proposer hereby certifies that: (select one)

coc It has not retained a lobbyist(s) to lobby in connection with this competitive solicitation; however, if one is retained anytime during the competitive process and prior to contract execution for this project, the lobbyist will properly register with the City Clerk's Office within two (2) business days of being retained with copy to the city procurement staff.

_____ It has retained a lobbyist(s) to lobby in connection with this competitive solicitation and certified that each lobbyist retained has timely filed the registration or amended registration required under the City of Coral Gables

LOBBYIST AFFIDAVIT

Solicitation Name/Number: Architectural Consulting Services

The following provisions shall apply to certain individuals who, in procurement matters participate in oral presentations or recorded responsiveness, responsibility or negotiation meetings and sessions:

a. The principal shall list below all technical experts or employees of the principal whose normal scope of employment does not include lobbying activities and whose sole participation in the city procurement matter involves an appearance and participation in an oral presentation before an evaluation, selection, technical review or similar committee, or recorded responsiveness, responsibility or negotiation meetings or sessions.

b. No person shall appear before any procurement committee or at any procurement responsiveness, responsibility or negotiation meeting or session on behalf of a principal unless he/she has been listed as part of the principal's team pursuant to this affidavit or has registered as a lobbyist. For purposes affidavit only, the listed members of the oral presentation or negotiation team shall not be required to separately register as lobbyists or pay any registration fees.

This affidavit will be provided by the city procurement staff to the city clerk after the proposal is submitted or prior to the oral presentation. Any changes after the original affidavit is submitted by the proposer and prior to the oral presentations, an updated copy shall be presented to the Procurement Division and the City Clerk at least twenty-four (24) hours prior scheduled time for the oral presentation session. Notwithstanding the foregoing, any person who engages in lobbying activities in addition to appearing before a procurement committee to make an oral presentation, or at a recorded procurement negotiation meeting or session, shall comply with all lobbyist registration requirements.

List of employees & technical experts:

Approval Date: May 31, 2024 Small Business Enterprise - Architectural & Engineering (SBE-A&E)
Expiration Date: May 31, 2027

Dear Richard Heisenbottle,

Miami-Dade County Office of Small Business Development (SBD), has completed the review of your application and attachments submitted for certification. Your firm is officially certified as a Miami-Dade County Small Business Enterprise. The Small Business Enterprise (SBE) programs are governed by Sections 2-8.1.1.1.1; 2-8.1.1.1.2; 2-10.4.01; 10-33.02 of Miami-Dade County's Codes. This Small Business Enterprise - Architectural & Engineering (SBE-A&E) certification is valid for three (3) years. However, to validate continuing eligibility, SBD may conduct random audit(s) within the three (3) year certification period. **Failure to provide required documentation for a random audit will initiate the decertification process.**

At the time of expiration, your firm will submit a Re-certification Application at least one hundred and eighty (180) days, but not less than, ninety (90) days, prior to the end of the three (3) year certification term via the County's web-based system, Business Management Workforce System (BMWS). This will ensure sufficient time for process by SBD. **Failure to provide the re-certification application and required supporting documentation will initiate the decertification process.**

If at any time there is a material or business structure change in the firm including, but not limited to, ownership, officers, director, scope of work being performed, daily operations, affiliations(s) with other businesses or the physical location of the firm, you must notify this office within thirty (30) calendar days of the effective date of the change(s) via the BMWS. Notification should include supporting documentation. You will receive timely instructions from this office as to how you should proceed, if necessary. **Failure to notify SBD of any changes may result in immediate action to decertify the firm.**

This letter will be the only approval notification issued for the duration of your firm's three-year certification. If the firm attains graduation or becomes ineligible during the three-year certification period, you will be properly notified following an administrative process that your firm's certification has been removed pursuant to the code. Your firm's name and tier level will be listed in the directory for all SBE certified firms, which can be accessed through Miami-Dade County's SBD website: <https://www.miamidade.gov/global/business/smallbusiness/home.page>. The categories as listed below affords you the opportunity to bid and participate on contracts with Small Business Enterprise measures.

It is strongly recommended that you register your firm as a bidder with Miami-Dade County. To register, you may visit: <https://www.miamidade.gov/global/business/procurement/home.page>. Thank you for your interest in doing business with Miami-Dade County. If you have any questions or concerns, you may contact our office at 305-375-3111 or via email at sbdcert@miamidade.gov.

Sincerely,

Jeanise Cummings-Labossiere
Section Chief, Small Business Development

Firm Profile and Philosophy					
<p>Founded in 1987, R.J. Heisenbottle Architects, PA (RJHA) is an architecture, planning, historic preservation and interior design firm located in Coral Gables, Florida. RJHA has over Three (3) decades of experience providing architectural and engineering design services for new construction, renovation, restoration, additions and historic preservation projects. In general, as needed, the services provided have included project management, consultation on and analyses of project delivery methods, cost analysis and schedule planning, design services for furniture, fixtures and equipment (FF&E), construction contract administration, site analysis, consultation and planning, as well as, developing program goals for sustainable site and building design, including LEED goals. Today, the firm is a leader in quality, high profile projects with an emphasis on corporate, governmental and institutional clients. Projects range from large scale historic preservation to educational facilities, office buildings, theaters, and commercial interiors. RJHA has designed, rehabilitated and renovated theatres, auditoriums, municipal buildings, churches, commercial buildings, hospitality spaces, elementary, middle and high schools, college/university buildings, public meeting venues, administration buildings, theaters, schools, parks, outdoor spaces and public facilities. Our firm has over 35 years of experience working with the Secretary of the Interior's Standards for Rehabilitation and Preservation, for the restoration, rehabilitation, and / or reconstruction of historically significant structures in Florida.</p> <p>At RJHA we strongly believe in seeking a timeless architecture that results in well-crafted buildings which maintain sensitivity to their context. Our unique approach has garnered the firm with numerous awards for Excellence in Architecture and Historic Preservation from the Florida Association of the American Institute of Architects, the Miami Chapter of the American Institute of Architects, Dade Heritage Trust, Traditional Building Magazine, the National Trust for Historic Preservation and the Florida Trust for Historic Preservation.</p>

Section II: Experience and Qualifications

A) R.J. Heisenbottle Architects, P.A. (RJHA) is known throughout the state of Florida for their **historic preservation, renovation and restoration projects**. Our firm's president, Richard J. Heisenbottle FAIA, has won over 50 awards from the *Florida Trust for Historic Preservation*; the *Dade Heritage Trust*; *Traditional Building Magazine*, and the *American Institute of Architecture* for Outstanding work in Architecture and Restoration Projects. In the early 1990s, he notably saved the famous Freedom Tower in Miami from further decay and was hired to completely restore the building both inside and out.

Since the Freedom Tower project, the firm has developed plans and restored / renovated a multitude of landmarks, both large and small, around Florida including the Glenn Curtiss Mansion in Miami Springs, the famed Miami Marine Stadium, the Wagner Homestead, Vizcaya Museum's historic Gate Houses, Miami Edison Senior High School, the Southside Elementary School in Fort Lauderdale, the Delray Beach historic Train Depot, the Pioneer House and Butler House in Deerfield Beach, Florida, the Flagler Worker's House in Miami, the Miami Women's Club in downtown Miami, the Carl Fisher Clubhouse in Miami Beach and many, many more. With most all preservation and restoration projects that we have completed, we have also assisted the municipalities or owners in getting state historic preservation grants and collaborated with personnel within the county or city to achieve placement on the list of historic places, whether locally, regionally, or nationally. We understand these processes and have staff in house who specialize in Historic Preservation Services.

Founded in 1987, R.J. Heisenbottle Architects, PA (RJHA) is an architecture, planning, historic preservation and interior design firm located in Coral Gables, Florida. Our firm has over three (3) decades of experience providing architectural and engineering design services for new construction, renovation, restoration, additions and historic preservation projects. In general, as needed, the services provided have included project management, consultation on and analyses of project delivery methods, cost analysis and schedule planning, design services for furniture, fixtures and equipment (FF&E), construction contract administration, site analysis, consultation and planning, as well as, developing program goals for sustainable site and building design, including LEED goals.

Today, with **12 full time architects on staff**, the firm is a leader in quality, high profile projects with an emphasis on corporate, governmental and institutional clients. Projects range from large scale historic preservation to educational facilities, government buildings, office buildings, theaters, and commercial interiors. Our full team of architects and Historic Preservation specialists makes our firm completely capable to take on the important task of restoring and renovating the nationally designated and iconic Coral Gables City Hall.

RJHA has designed, rehabilitated and renovated municipal buildings theatres, auditoriums, , churches, commercial buildings, hospitality spaces, elementary, middle and high schools, college/university buildings, public meeting venues, administration buildings, theaters, schools, parks, outdoor spaces and public facilities. Our firm has over **35 years of experience** working with the Secretary of the

Interior's Standards for Rehabilitation and Preservation, for the restoration, rehabilitation, and / or reconstruction of historically significant structures in Florida.

At RJHA we strongly believe in seeking a timeless architecture that results in well-crafted buildings which maintain sensitivity to their context. Our unique approach has garnered the firm with numerous awards for Excellence in Architecture and Historic Preservation from the Florida Association of the American Institute of Architects, the Miami Chapter of the American Institute of Architects, Dade Heritage Trust, Traditional Building Magazine, the National Trust for Historic Preservation and the Florida Trust for Historic Preservation.

B) With over three decades of experience in Miami-Dade County's architecture and construction industry, our firm has developed a strong understanding of local **permitting agencies and procedures**. Our extensive experience allows us to navigate the complex permitting landscape efficiently, ensuring fair code interpretations and quick turnaround times for our clients. We specialize in all aspects of construction permitting needs, from required architectural and engineering plans submittal to permit expediting and consulting services, all in adherence to the Florida Building Code and its subsidiaries.

Our intimate knowledge of local officials, zoning codes, and the Florida Building Code enables us to streamline the project development process, minimizing complications and delays. This expertise extends beyond Miami's borders, encompassing the distinct nuances of each city's zoning processes within the county.

By leveraging our decades of experience and strong relationships with permitting agencies, we can represent the City with any project, effectively and efficiently, providing you with the assurance that your permitting needs will be handled with the utmost professionalism and expertise.

C) Our architecture firm's expertise and experience in collaborating with **other disciplines** is a key strength. Here's an overview of our firm's capabilities in this area:

Interdisciplinary Collaboration

We have over 35 years of experience working seamlessly with a wide range of design professionals and specialists, including:

- Structural engineers
- Mechanical engineers
- Plumbing engineers
- Electrical engineers
- Conservators
- Landscape architects
- Interior designers

This collaborative approach allows us to deliver comprehensive, integrated solutions for our clients.

Coordination and Communication

Our firm excels at coordinating complex projects involving multiple disciplines. Some key aspects of our approach include:

- Regular coordination meetings** to align all team members on project goals and timelines
- Shared digital platforms** for real-time collaboration and file sharing
- Clear communication protocols** to ensure efficient information flow between disciplines

Technical Integration

Our architects are skilled at integrating various technical systems and requirements into cohesive designs. This includes:

- Working closely with engineers to incorporate structural elements seamlessly into the architecture
- Collaborating with MEP engineers to optimize building systems for efficiency and sustainability
- Coordinating with landscape architects to create harmonious indoor-outdoor connections
- Coordinating with the Interior Designer to ensure our design has taken important / historic furnishings into account

Respect for Expertise

A hallmark of our firm's approach is deep respect for the specialized knowledge each discipline brings to a project. Our team:

- Actively seeks input from other professionals early in the design process
- Remain open to suggestions and alternative solutions from team members
- Leverages the unique insights of each discipline to enhance overall project outcomes

Conflict Resolution

When differences of opinion arise between disciplines, our team firm has proven strategies for finding mutually beneficial solutions:

- Facilitating open discussions to understand all perspectives
- Using data-driven decision-making to evaluate options objectively
- Finding creative compromises that meet both technical requirements and design intent

By prioritizing collaboration and leveraging the strengths of various design professionals, our firm consistently delivers exceptional, well-integrated projects that exceed client expectations.

D) Our firm has excellent financial strength. Please see the financial statements for the past 2 years uploaded into INFOR.

(3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Ms Caruso served as Historic Preservation Consultant to assist in creation of the Master Plan for Mallory Square. We researched the history of the 8 historic buildings located within Mallory Square proper as well as the site and use of the site itself, and prepared conditions assessments and recommendations reports for all 8 buildings. \$15,000,000 multiple buildings - 100s of square feet	2022	TBD
Historic Osceola County Courthouse, Kissimmee, Florida b. (3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm The Osceola County Courthouse in Kissimmee, Florida is the oldest standing courthouse in the state of Florida. Ms. Caruso worked to compile a comprehensive Building Conditions Assessment and Recommendations Report to fully evaluate the areas of concern. Concept Design Drawings and a Preliminary Budget Cost Estimate were also prepared. \$4,500,000 85,000 SF	2024	TBD
Deerfield Beach Historical Society, Historic Butler House, Deerfield Beach, FL c. (3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm. ^{The expected} James D. and Alice Butler House is an historic home in Deerfield Beach, Florida that was once the home to Deerfield Beach pioneers and civic leaders. The Butler House and the Pioneer House both now serve as the headquarters of the Historical Society. We assessed the structures and made a list of recommended repairs, and are creating drawings to restore the interior and exterior. \$2M 4200 SF	2023-2024	2024-2026
Historic Stabile Building Coral Gables, Florida d. (3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm The John M. Stabile Building is one of the earliest commercial structures in Coral Gables. It is designed in the characteristic Mediterranean Revival style. Our firm did an in depth assessment of the building and prepared the 40-year recertification, and prepared a complete report of recommended repairs. \$50,000 5000 SF	2023	TBD
La Palma Hotel Coral Gables, Florida e. (3) BRIEF DESCRIPTION <i>(Brief scope, size, cost, etc.)</i> AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Ms. Caruso played an integral role in assisting the new owners of the historic La Palma hotel with getting a Certificate of Appropriateness and subsequently Federal Historic Tax Credits and Ad-Velorum Tax Exemption for the restoration of the historic building. \$15,000 10,000 SF	2022-2023	n/a

Marcos Perez, PE Senior Associate

PROJECT ROLE

Mr. Pérez has 20 years of experience providing structural engineering in South Florida. Mr. Perez maintains client contact, coordinates with both internal and external team members, assists with internal scheduling and project staffing, performs, and oversees overall completion of project deliverables and quality requirements, manages the financial aspects of projects. Mr. Pérez has worked on numerous complex projects, including the FIU-RCCL Production Facility, and the award-winning Soundscape and Exostage Park in Miami Beach.

EDUCATION

University of Florida, Gainesville, FL
Masters of Science in Civil Engineering

University of Miami, Miami, FL
Bachelor of Science in Civil Engineering
with Honors, Honors Transfer Program
Scholarship

REGISTRATIONS

Professional Engineer: Florida

PROJECT EXPERIENCE

University of Miami Theater Arts Building | *Coral Gables, FL*

2-story, 15,000 SF Theatre Arts Building is situated next to the historic Pentland Building on UM's Coral Gables campus, features a performance space, concessions areas, classrooms, dressing rooms, a student lounge, an IT center and a small black box theatre.

Soundscape Park & ExoStage | *Miami, FL*

Three-acre urban park adjacent to the Frank Gehry-designed New World Center (symphony hall). This park supports a multitude of day and night uses, including a state-of-the-art sound and projection system which projects live concerts and other artistic programming on to the 7,000 SF wall of the symphony hall. The projection system is housed in the park's signature piece. The sound system and lighting are housed in "Ballet Bars" which also define the amphitheater space, in speaker "hydrants" and in the stem of the projection tower.

Miami Marine Stadium Restoration | *Miami, FL*

Structural engineering services for the new components of the restoration of the Miami Marine Stadium. The 6,566-seat stadium, constructed in 1963, is the first stadium purpose-built for powerboat racing.

Miami-Dade County Auditorium | *Miami, FL*

Structural engineering services for the complete renovation of the 2,372 seat theater, originally constructed in 1951. The project also includes expansion of the facility with new black box theater, rehearsal hall, cafe and administration offices.

City of Coral Gables Miracle Theater Restoration | *Coral Gables, FL*

Structural restoration of the existing performing arts theater. The building includes the main auditorium, a secondary auditorium (second floor), lobbies, grand stair, black box/rehearsal space, stages, dressing rooms, costume shop, offices, and support spaces. There is also a restaurant tenant space on the ground floor.

Navid Nemanti, PH.D., PE
Senior Associate / Director of Miami Office

PROJECT ROLE

Dr. Nemati has more than 21 years of experience as a structural engineer. Dr. Nemati's has worked on numerous complex projects and has a reputation for thorough analysis, detailed design, and client-responsive service. As a researcher at the University of Miami's structural engineering technology and innovation program, Dr. Nemati authored, co-authored, or contributed to ten peer reviewed publications.

EDUCATION

University of Miami, Miami, FL
Ph. D. in Structural Engineering

University of Tehran, Tehran, Iran
Master of Science in Structural Engineering

University of Guilan, Rasht, Iran
Bachelor of Science in Civil Engineering

REGISTRATIONS

Professional Engineer: Florida, California

PROFESSIONAL AFFILIATIONS

Florida Structural Engineers Association

PROJECT EXPERIENCE

Vizcaya Museum & Gardens | *Miami, FL*

Provided full structural engineering services for this National Historic Landmark for a number of restoration projects. Projects have included virtually every part of this large complex of buildings, gardens, fountains and sculptures. Projects have included repairs, restorations, enhancements, renovations and new construction.

Miami Marine Stadium Restoration | *Miami, FL*

Structural engineering services for the new components of the restoration of the Miami Marine Stadium. The 6,566-seat stadium, constructed in 1963, is the first stadium purpose-built for powerboat racing.

Miami-Dade County Auditorium | *Miami, FL*

Structural engineering services for the complete renovation of the 2,372 seat theater, originally constructed in 1951. The project also includes expansion of the facility with new black box theater, rehearsal hall, cafe and administration offices.

Security Building Historic Restoration, Renovation & Rehabilitation | *Miami, FL*

Structural engineering services included investigation, evaluation, analysis, design, preparation of construction documents, cost estimating, assistance with bidding and permitting, construction administration and Special Inspection services for the restoration, renovation and rehabilitation of this historic, 17-story building.

Biltmore Hotel Recertification & Repairs | *Coral Gables, FL*

Structural recertification, renovation, and restoration services for select portions of a historic 16-story, 275-room hotel originally constructed in 1926. The project included structural support for a 100,000+ SF expansion to create the "Conference Center of the Americas," featuring conference rooms, support facilities, and 60- and 90-seat amphitheaters. Additional renovations and repairs were performed in the hotel's main building and adjacent country club. All work, including a new 25,000 SF addition, was completed without interruption to ongoing hotel operations.

E. RESUMES OF KEY PERSONNEL PROPOSED FOR THIS CONTRACT

(Complete one Section E for each key person.)

12. NAME Stephen D. Williams, Sr., PE	13. ROLE IN THIS CONTRACT Civil Engineer	14. YEARS OF EXPERIENCE	
		a. TOTAL 48 years	b. WITH CURRENT FIRM 10 years

15. FIRM NAME AND LOCATION (City and State)
KEITH, Miami, Florida

16. EDUCATION (DEGREE AND SPECIALIZATION)
B.S. Civil Engineering, University of Florida, 1977

17. CURRENT PROFESSIONAL REGISTRATION (STATE AND DISCIPLINE)
32090, Professional Engineer, Florida

18. OTHER PROFESSIONAL QUALIFICATIONS (Publications, Organizations, Training, Awards, etc.)
American Society of Civil Engineers (ASCE) Member; Florida Engineering Society (FES) Member; National Society of Professional Engineers (NSPE) Member

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
a.	John Tweedle Park and Civic Center D/B (Golden Beach, Florida)	PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. KEITH, as subconsultant, assisted the Client in developing a KEITH Campus project that included the development of a 25,412-SF Civic Center, improvements to the adjacent park, and Town owned open areas. KEITH provided full services to the Client including civil engineering, survey/SUE, arborist study, traffic impact study, and construction program management for this Design-Build project. The new center houses municipal offices, police department, Council Chambers, common areas, and an emergency operations center. The rehabilitated facilities will be used for recreational purposes as part of John Tweedle Park. Additionally, the project included enhanced outdoor recreational facilities, parking areas, and vehicular and pedestrian pathways. The KEITH Team assessed the stormwater conditions and proposed specific drainage improvements consisting of new drainage well(s) allowing the existing stormwater pump station to remain operational. The culmination of these efforts has created a world-class civic hub for the Town of Golden Beach.		
b.	Surfside GEC (Surfside, Florida)	PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. As part of our General Engineering Contract (GEC) with the Town of Surfside, KEITH provides the Town with civil services to support the development of various projects related to the Town's infrastructure.		
c.	Jackson West Medical Center (Doral, Florida)	PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. KEITH assisted the Client in the development of this KEITH Campus project including a new multi-phased 27-acre world-class regional medical campus encompassing a preserved and enhanced 8+ acre lake with wetlands. KEITH provided full services to the Client including survey, civil engineering, landscape architecture, and construction completion. The KEITH Team assisted the Client from the initial development phase including a 100-bed hospital totaling 215,000-GSF, a 500-car garage, and a 60,000-SF medical office building with an ambulatory clinic. The project was constructed to meet LEED Silver requirements.		
d.	Fire Station No. 52 D/B (Pompano Beach, Florida)	PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. KEITH, under our continuing services agreement with the City for GO Bond Improvement Projects, is assisting the Client, as a subconsultant, in developing a KEITH Facility project that includes a two-story multi-bay facility. KEITH provides full services to the Client including civil engineering, planning, survey/SUE, landscape architecture, tree inventory and appraisal by in-house Certified Arborist, and construction program management.		
e.	Annex Building Addition (Plantation, Florida)	PROFESSIONAL SERVICES 2024	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Civil Engineer. Under KEITH's continuing services contract with the City of Plantation, KEITH is providing professional services for a new stand-alone annex building with one story consisting of approximately 4,200-GSF. Services included survey and mapping, SUE, planning, and traffic engineering for preconstruction and construction phases of the project.		
f.	Centennial Park (Pompano Beach, Florida)	PROFESSIONAL SERVICES 2022	CONSTRUCTION (If applicable)
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Civil Engineer. KEITH assisted the Client in developing a KEITH Play project that included an outdoor open-air event pavilion incorporating sensitive architecture honoring the historic Sample-McDougald House currently located on the property as part of our continuing services agreement with the City for GO Bond Improvement Projects. KEITH provided full services to the Client including survey/SUE, civil engineering, landscape architecture, planning, and construction management.

19. RELEVANT PROJECTS

(1) TITLE AND LOCATION (City and State)		(2) YEAR COMPLETED	
a.	DC Alexander Park (Fort Lauderdale, Florida)	PROFESSIONAL SERVICES 2024	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. KEITH assisted the Client in developing a KEITH Life/KEITH Play/KEITH Campus project that includes the visioning and redevelopment of an oceanfront park nestled in a unique 1+ acre spot on Fort Lauderdale's beachfront near the Fort Lauderdale Aquatic Center and International Swimming Hall of Fame. KEITH provided services to the Client including survey/SUE, planning, civil and traffic engineering, landscape architecture, and construction observation. The KEITH Team assisted the Client with public engagement, turtle-compliant lighting, carefully planned stormwater infrastructure, shoreline habitat analysis, and practical and creative applications of stormwater mitigation practices resulting in a design that reflects and embraces the social and economic needs of the community. This award-winning project through its context – historic and present, its users, and the needs of the community – balances 'design for people' and 'design with nature' and is a testament to the value of comprehensive research, exploration, and analysis phases.		
b.	Centennial Park (Pompano Beach, Florida)	PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. KEITH assisted the Client in developing a KEITH Play project that includes an outdoor open-air event pavilion incorporating sensitive architecture honoring the historic Sample-McDougald House currently located on the property. Part of the City's GO Bond initiative. KEITH provided services to the Client including survey/SUE, civil engineering, landscape architecture, planning, and construction management. The KEITH Team assisted the Client in the redevelopment of walkways and garden areas adjacent to the new pavilion while working closely with stakeholders to ensure the new spaces and pavilion suited the needs of guests and staff.		
c.	Coconut Creek Fire Station No. 113 (Coconut Creek, Florida)	PROFESSIONAL SERVICES 2019	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. Under our continuing services contract for the City, KEITH was retained to provide due diligence and professional services for three potential and temporary fire station sites in the vicinity of Wiles Road and Cullum Road. The KEITH Team was responsible for review and analysis of land use, planning and design criteria, existing conditions analysis, utility providers and service availability, land development costs, zoning considerations, and access/signalization issues. KEITH services included traffic engineering, planning, and civil engineering, providing due diligence findings reports, exhibit plans, and concept opinion of costs.		
d.	Hollywood Arts and Cultural Center (Hollywood, Florida)	PROFESSIONAL SERVICES 2023	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. KEITH assisted the Client with the redevelopment of a KEITH Life/KEITH Campus project that includes a 5,400-SF education space for dance, music, visual arts, and new media, galleries, administrative offices, and an outdoor courtyard. KEITH provided full services to the Client including survey and mapping, civil engineering including paving, grading and drainage, water distribution and sanitary sewer plans, stormwater prevention, hardscape and paving, landscape and irrigation design, and construction observation. The KEITH Team assisted with the site plan and site development of all onsite improvements. This was the first project in the City's plan to modernize and increase capacity for arts programming at the 1.2-acre site. Future expansion will include construction of a new performing arts studio and renovation of gallery spaces.		
e.	Annie Adderly Gillis Park (Pompano Beach, Florida)	PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Principal-in-Charge. KEITH, under its continuing services contract with the city, assisted the Client in developing a KEITH Play project that included the development of a small park serving the community, integrating historically important elements and providing flexibility to create larger gathering spaces for events ensuring that, when not being used for events, the day-to-day visitor feels comfortable in the space. KEITH provided full services to the Client including civil engineering, survey, planning, and landscape architecture. The KEITH Team assisted the Client with integrated drainage plans allowing a resilient approach to infrastructure

19. RELEVANT PROJECTS

	(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
a.	Brickell Sewer Tunneling Design/Build (Miami, Florida)	PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Project Design Principal. This design/built project, built by Ricman Construction, was part of Miami-Dade Water and Sewer's broader efforts to enhance its wastewater and sewer system improvements, particularly in a high-density urban area like Brickell. Fernando's role included key aspects of engineering oversight of tunneling efforts and shaft design and construction. The project entailed significant utility relocations and extensive coordination with Miami-Dade County and the Florida Department of Transportation (FDOT).		
b.	Indian Creek (SR A1A) Stormwater Improvements and Roadway Resurfacing, FDOT D6 (Miami, Florida)	PROFESSIONAL SERVICES 2010	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Project Manager. Indian Creek is a significant flood-prone corridor in Miami Beach. As the City's Project Manager, Fernando was responsible for overseeing the successful design and construction of the stormwater and resurfacing improvements. He also was responsible for developing the Interlocal Agreement with FDOT District 6 for the project's successful financing and execution. This project included construction of drainage catchment systems, as well as the construction of a new 16' water main.		
c.	FLL Lower-Level Terminal Drive (Fort Lauderdale, Florida)	PROFESSIONAL SERVICES 2024	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Civil Engineer. KEITH provided comprehensive survey services for the FLL Automated People Mover (APM) project, which included additional lower and upper-level terminal drives. This extensive project involved establishing geodetic and vertical network control, conducting engineering design surveys, drainage as-builts, subsurface utility engineering (SUE), and aerial photography survey support. The goal was to enhance airport access and reduce congestion on terminal area roadways. KEITH's services ensured accurate and up-to-date data for the design and construction phases, contributing to the successful implementation of the APM system and terminal drive improvements.		
d.	City of Miami Beach (Miami Beach, Florida)	PROFESSIONAL SERVICES 2011	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	City Engineer/Director of Construction. While serving as Engineer for the City of Miami Beach, Fernando led significant work on stormwater resiliency and adaptation for sea level rise projections. Under Fernando's leadership, the City developed the first Stormwater Master Plan to explicitly incorporate sea level rise projections, which was a pioneering effort at that time. Fernando's central role in the development of the comprehensive stormwater master plan ensured the City adapted to future sea level and climate threats. The plan focused on pumping, raising roads, and improving drainage along many critical neighborhoods and corridors to mitigate flooding. Fernando was instrumental in modernizing the City's drainage and outfall systems. He also led the technical representation of the City of Miami Beach for the Project Development and Environment (PD&E) for Alton Road in Miami Beach, which included significant roadway improvements including adding pump stations and other stormwater infrastructure. As Director of Construction, Fernando oversaw implementation of multimillion dollar neighborhood improvement programs, including substantial drainage improvements to address climate change impacts.		
e.	City of Miami Beach (Miami Beach, Florida)	PROFESSIONAL SERVICES 2013	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Director of Capital Improvement Projects. Fernando managed a \$2.6 Billion Capital Improvement Program (CIP), encompassing transportation, utilities, and stormwater systems. In this role he also fostered stakeholder consensus to align initiatives with the City's long-term goals.

a.	(1) TITLE AND LOCATION (City and State) 72nd and Park Construction Survey (Miami Beach, Florida)	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	<input checked="" type="checkbox"/> Check if project performed with current firm	
	Surveyor. KEITH is assisting the Client with construction surveying for the residential project named "72nd and Park". The project is primarily residential and includes one ground level and two roof decks.		

b.	(1) TITLE AND LOCATION (City and State) Fire Station No. 52 D/B (Pompano Beach, Florida)	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	<input checked="" type="checkbox"/> Check if project performed with current firm	
	Surveyor. KEITH, under our continuing services agreement with the City for GO Bond Improvement Projects, is assisting the Client, as a subconsultant, in developing a KEITH Facility project that includes a two-story multi-bay facility. KEITH provides full services to the Client including civil engineering, planning, survey/SUE, landscape architecture, tree inventory and appraisal by in-house Certified Arborist, and construction program management.		

c.	(1) TITLE AND LOCATION (City and State) Government Center Breezeway (Coconut Creek, Florida)	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	<input checked="" type="checkbox"/> Check if project performed with current firm	
	Surveyor. KEITH assisted the Client, under its continuing services contract with the City, in developing a KEITH Campus/KEITH Facility project that included conceptual master planning for the Government Center breezeway, courtyard, and parking area, as well as schematic level designs for the breezeway. KEITH provided services to the Client including geospatial, civil engineering, landscape architecture, and environmental public art and design. In coordination with Michael Singer Studio, KEITH provided two conceptual master plans involving hard and softscape design, cost estimates, and a phasing plan for this venue as it takes center stage in the heart of the community.		

d.	(1) TITLE AND LOCATION (City and State) General Civil Engineering and Inspection Services (Parkland, Florida)	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	<input checked="" type="checkbox"/> Check if project performed with current firm	
	Civil Engineer. KEITH, under our continuing services contract with the City of Parkland, is assisting the Client in developing KEITH Campus projects that include general engineering and inspection services. KEITH provides civil engineering services to the Client. The KEITH Team assists the Client with engineering plans, engineering calculations, sketch and description reviews and plat reviews, building permit application plan reviews, and inspection services support as needed.		

e.	(1) TITLE AND LOCATION (City and State) Holland Park (Hollywood, Florida)	(2) YEAR COMPLETED PROFESSIONAL SERVICES 2023	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	<input checked="" type="checkbox"/> Check if project performed with current firm	
	Project Manager. Under the City of Hollywood's continuing services contract, KEITH, as subconsultant, assisted the Client with this KEITH Play project providing boundary and topographic surveying, subsurface utility engineering, landscape architectural design, and permitting for the Holland Park Project. Holland Park is a delightful park along the Intracoastal with boat ramps, two pavilions, bicycle path, nature trails restrooms and a waterfront observation tower.		

f.	(1) TITLE AND LOCATION (City and State) 36-Acre Park Platting (Parkland, Florida)	(2) YEAR COMPLETED PROFESSIONAL SERVICES Ongoing	CONSTRUCTION (If applicable)
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE	<input checked="" type="checkbox"/> Check if project performed with current firm	
	Surveyor. KEITH, under its continuing services agreement with the City of Parkland, is assisting the Client in producing a plat for Beasley Park approximately 35.4 acres. KEITH is providing services to the Client including survey and planning. The KEITH Team assists the Client in boundary survey, plat application, post-plat recordation, and plat processing. The completed project will help build the foundation for future improvements to this community park.

	(1) TITLE AND LOCATION (City and State)	(2) YEAR COMPLETED	
a.	Bella Vista Park (Sunny Isles Beach, Florida)	PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Landscape Architect. The City of Sunny Isles Beach selected KEITH, as part of our continuing services agreement, to develop a new park at the Bella Vista Park site. The overall property is approximately 0.9-acres. KEITH is providing civil, survey, subsurface utility engineering, planning, and landscape architecture services. KEITH coordinated subconsultants for the provision of structural and environmental engineering, electrical engineering, and geotechnical engineering services completing the multi-disciplinary team.		
b.	Charlotte J. Burrie Civic Center (Pompano Beach, Florida)	PROFESSIONAL SERVICES 2021	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Landscape Architect. KEITH, under its continuing services contract with the city, assisted the Client in developing a KEITH Campus project that includes 8,712-SF of multi-purpose spaces for civic, social, and recreational activities, lobby/pre-function area, reception, administrative offices, conference rooms, assembly hall accommodating 250, a fixed platform stage, kitchen, and storage, as well as easy pedestrian ADA-compliant access, a porte-cochère entrance, 48 vehicular and 20 bicycle parking spaces. KEITH provided full services to the Client including civil engineering, permitting, landscape architecture, and construction administration and coordination for the new LEED v4 certified building. Landscape architecture services included tree inventory and appraisal, a tree disposition plan, landscape and irrigation plans, and landscape construction observation.		
c.	Laguna Garden (Miami Gardens, Florida)	PROFESSIONAL SERVICES Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Landscape Architect. KEITH is assisting the Client in developing a KEITH Life affordable multi-family residential project on an approximately 9-acre site. KEITH provides services to the Client including landscape architecture, survey, and construction program management. The KEITH Team is assisting the Client in establishing horizontal and vertical control, site geometric plan, verification of building control lines, provide pre- and post-construction existing conditions reports, final as-built survey, certified FEMA elevation certifications, detailed preliminary landscape design, schematic design, grading plan, irrigation design, tree disposition plans and details, lighting plan and details, pool/water feature sections, elevations, and details, site furniture, landscape construction observation, shop drawing reviews, site visits, and final inspection. The KEITH Team worked collaboratively with the development team to understand the context and influences on the project to create a residential site best-suited for the community.		
d.	Town of Golden Beach John Tweedle Park and Civic Center DB (Golden Beach, Florida)	PROFESSIONAL SERVICES 2022	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Landscape Architect. KEITH, as subconsultant, assisted the Client in developing a KEITH Campus project that included the development of a 25,412-SF Civic Center, improvements to the adjacent park, and Town owned open areas. KEITH provided full services to the Client including civil engineering, survey/SUE, arborist study, traffic impact study, and construction program management for this Design-Build project. The new center houses municipal offices, police department, Council Chambers, common areas, and an emergency operations center. The rehabilitated facilities will be used for recreational purposes as part of John Tweedle Park. Additionally, the project included enhanced outdoor recreational facilities, parking areas, and vehicular and pedestrian pathways.		
e.	Town Center Park Upgrades (Sunny Isles Beach, Florida)	PROFESSIONAL SERVICES 2024	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
	Landscape Architect. Town Center Park is an existing 3.5-acre space in downtown Sunny Isles Beach. KEITH was selected to provide civil and landscape architecture upgrades to the western portion of the park. The park upgrades include landscape and hardscape design, tree inventory, and preliminary engineering design development plans, including utility information, water, sanitary sewer, and drainage. KEITH coordinated meetings with the City of Sunny Isles and its Planning and Development Services Department. Civil and landscape construction documents were developed in coordination with the City and required regulatory agencies' approval. Survey services for this project were provided by KEITH under a previous contract.

Two of the parcels of the main/east campus total +/- 75acres and the remaining two parcels of the west campus total +/- 10 acres. KEITH is responsible for the surveying and mapping (including topography, boundary, and tree surveying), planning, and civil engineering services.			
d.	FLL Stormwater Improvements - Ravenswood Interconnection (Fort Lauderdale, Florida)	Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
Surveyor. KEITH is assisting the Client with a KEITH Access project under this continuing services contract for airport utilities and pavement projects. The project encompasses a comprehensive scope of tasks aimed at enhancing the existing drainage infrastructure by connecting the Northern and Ravenswood Drainage Basins at FLL Airport to alleviate flooding happening on the north side of the airport. KEITH provides civil engineering, SUE, and survey services to the Client. The KEITH Team is assisting the Client with all necessary engineering design services and utility coordination to facilitate the required stormwater improvements at the Ravenswood Interconnection.			
e.	Port Everglades Bulkhead Replacement (Fort Lauderdale, Florida)	2024	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
Surveyor. As a subconsultant, the KEITH Team provided professional land surveying services, subsurface utility engineering, utility coordination, and landscape architectural services pursuant to the Port Everglades Master Plan. The goal of the project is to construct new seawall and bulkhead walls to replace existing, old walls. The projects included in Group One include the North Seawall of the Ports Entrance Channel, the bulkheads along Northport Berths 1, 2, and 3, Berths 7, 8, and 8A, and the bulkheads along Midport Berths 16, 17, 18, 21, and 29.			
f.	72nd and Park Construction Surveying (Miami Beach, Florida)	Ongoing	
	(3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm		
Surveyor. KEITH is assisting the Client with construction surveying for the residential project named "72nd and Park". The project is primarily residential and includes one ground level and two roof decks.

EXPERT WITNESS AND CONSULTING SERVICES

updated 10/6/22

Thank you for your interest in the consulting services in our firm. Enclosed you will find a copy of my vitae and our current fee schedule.

GROUND RULES:

Please do not ask for free opinions or advice. Initial conversations may cover a description of services, expertise, availability, fees, and references.

Please retain me before listing me as your expert.

An initial non-refundable retainer of \$2,400 (representing 8 hours of work) is to be paid before any work will be initiated. Upon receipt of the retainer, a case file will be opened in our office. We do not consider ourselves retained, and no work on the case will be done until the retainer check is received. This non-refundable retainer is charged for the Expert's skill and experience, her availability to the client to consult, and for the Expert's possible need to decline other cases or work in order to be available to the client, and is therefore earned upon receipt.

Experience has shown that a typical case takes approximately twenty hours, excluding travel and testimony time. If out of town travel is required, airfare will be business class and prepaid. Lodging expenses must be directly chargeable to you. Travel time and incidental expenses will be invoiced.

It is our policy that the attorney, not the client, nor the insurance company retains us; thus, the retaining attorney is responsible for payment. Invoices are due upon receipt. Balances not paid within 30 days will accrue interest at the rate of charge of 1.5% per month, or 18% per annum.

Payments for all services rendered, unless otherwise agreed, must be received in the offices of Atlas Safety & Security Design Inc. before any verbal or written reports; opinions, affidavits, or any work product of any nature is provided to the client, or prior to giving testimony for deposition or trial. Failure to pay for services as agreed in this document will permit ASSD, after notice to you, to terminate its services.

FEES:

Research, investigation, travel and consulting time is billed at \$300.00 per hour, and billed in half hour increments. Deposition time is billed at \$600.00 per hour, with a 2-hour minimum.

PAYMENT IS DUE AT TIME OF, OR BEFORE DEPOSITION. NO EXCEPTIONS, NO EXCUSES!

Trial Court Time is billed at \$600.00 per hour, with 4-hour minimum.

PAYMENT IS DUE IN FULL, PRIOR TO THE DATE OF TESTIMONY, OR TRAVEL.

ATLAS SECURITY & SAFETY DESIGN INC.

Scope of Operations

American with Disabilities Act Audits

ADA compliance Audits for Title II and III buildings
Architectural barrier removal evaluation
Programs and activities compliance
Evaluation for compliance with Americans with Disabilities Act 1990, 2010

(1) TITLE AND LOCATION (City and State) City of Coral Gables, Florida	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES 2009	CONSTRUCTION (If applicable) N/A
a. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input type="checkbox"/> Check if project performed with current firm We strategized, designed and oversaw the implementation of a complete identity and wayfinding signage system for the Off-street Parking Program. The project encompassed 25 parking lots and 5 parking garages within a 4-block radius. The design harmonized with the historic Mediterranean and Spanish Revival style of architecture in the city, while utilizing modern fabrication techniques and adhering to current DOT requirements. We also designed an identity and graphics for trolley transit system.		
(1) TITLE AND LOCATION (City and State) City of Coral Springs Coral Springs, Florida	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES Ongoing	CONSTRUCTION (If applicable) N/A
b. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Work with the City of Coral Springs on numerous projects including ongoing signage tenant reviews, review of existing sign ordinance with regards to window signs and other issues affecting retail/commercial signage, design of entry feature and street indexing signage. Our firm also wrote the sign code for the city's "Designer Signs". In 2010 we completed a comprehensive sign program for their new Cultural Arts Center.		
(1) TITLE AND LOCATION (City and State) City of South Miami South Miami, Florida	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES 2019	CONSTRUCTION (If applicable) N/A
c. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input type="checkbox"/> Check if project performed with current firm Our firm designed and implemented a city-wide vehicular wayfinding signage system and park identification system.		
(1) TITLE AND LOCATION (City and State) Downtown Doral Signage PUD Master Plan and Doral Park Identity	(2) YEAR COMPLETED	
	PROFESSIONAL SERVICES 2023 - Present	CONSTRUCTION (If applicable) N/A
d. (3) BRIEF DESCRIPTION (Brief scope, size, cost, etc.) AND SPECIFIC ROLE <input checked="" type="checkbox"/> Check if project performed with current firm Preparation of an overall sign masterplan for the entire PUD site that is Downtown Doral. The plan included all sign types to be Utilized throughout the site. TGA Design located each sign on a site plan and identified each sign type by function and design. Both Vehicular and pedestrian wayfinding and major project identity signage was included.		

Tom Graboski

Principal

Master of Science, 1977 Urban Design
University of Miami
Bachelor of Fine Arts, 1971 Interior Design/
Graphic Design
Art Center College of Design

Tom Graboski received his BFA from the Art Center College of Design in Los Angeles, and was awarded his Masters Degree in Urban Design from the University of Miami School of Architecture in 1977. In 1980, he founded Tom Graboski Associates, specializing in wayfinding, environmental graphics, and signage design.

Tom's unique background in architecture, interior design, urban planning and graphic design blends talents that are essential to any project.

He has developed environmental graphics programs for a broad range of clients, including Royal Caribbean International, Universal Studios, Disney Development Corporation, Berkowitz Development, Bascom Palmer Eye Institute, the Marriott Corporation, Flagler Development, the University of Miami, Baptist Health South Florida, and the Cities of Coral Gables, Aventura, Coral Springs, and Miami.

A member of the Society for Experiential Graphic Design and the American Institute of Graphic Arts, he has been the recipient of many local and national awards. Tom has taught, lectured, and been a visiting critic at the University of Miami, Florida International University, Miami Dade Community College, the Miami International University of Art and Design, and Miami Ad School. His work has been published extensively, both nationally and internationally.

Related Project Experience

City of Coral Springs

Work with the City of Coral Springs on numerous projects including, review of existing sign ordinance with regard to window signs and other issues affecting retail/commercial signage, provided a complete comprehensive environmental and graphic design program for the Coral Springs Center for the Arts, Museum of Art and Theater, as well as provide additional signage and banners for the facility. Other projects include entry feature signs, street index signs and neighborhood identification signs.

Downtown Doral & Doral Park, City of Doral

Preparation an overall sign masterplan for the entire PUD site that is Downtown Doral. The plan included all sign types to be utilized throughout the site. TGA Design located each sign on a site plan and identified each sign type by function and design. Both vehicular and pedestrian wayfinding and major project identity signage was included.

City of Key West Bight Historic Seaport, Key West

Design of signage for the historic Seaport, comprising of identity, vehicular and pedestrian wayfinding, and regulatory, informational and interpretive graphics.

Gateway Park, Sunny Isles Beach, FL

Development of a brand identity and signage and graphic design elements in the new park and parking structure for the City of Sunny Isles Beach. A unique 4 level parking structure with a city park, an amphitheater, public amenities, and retail shops on Level 1. Using materials appropriate to the sea side location, TGA designed identity directional, informational, and regulatory signage for the entire park and created a retail tenant sign criteria for the city to set and maintain the standards for all retail and restaurant tenants who lease space in the park/building.

NBCUniversal Orlando, Dark Universe Theme Park, Orlando, Florida

Last year our firm completed the 90% design and specifications package for one of their entertainment parks at the new theme park in Orlando. We recently took the drawing package to 100% completion after the downturn of the pandemic.

Hotel AKA
West Palm Beach, Florida

Rachel joined the TGA Design staff as a Graphic Design Intern in 2018, her final year of college at the New World School of Design. She became a fulltime member of TGA Design in 2020 and has applied her creative talents to numerous projects such as Royal Caribbean International's Project Oasis and Freedom cruise ship renovation projects, Universal Studios' Dark Universe theme park signage design, and Royal Caribbean's newbuilding, Icon of the Seas, venue graphics.

On all these projects, Rachel assisted the designers and project managers on concept development, preparation of elevations and design development drawings.

Related Project Experience

City of Coral Springs, Coral Springs, FL

In an ongoing relationship with the city, we designed new monument signs for the Police/Fire stations as well as new park signs for the City of Coral Springs.

Miami-Dade Public Library Doral Branch, Doral, FL

Currently underway is design of signage and graphic design services for the new Miami Dade Public Library in Doral, FL.

Royal Caribbean International/Celebrity Cruises, Miami, Florida

For the past 40 years, our firm has completed newbuilding and renovation projects for Royal Caribbean Cruises and Celebrity Cruises. Rachel was an integral part of our modernization projects for Oasis of the Seas, Freedom of the Seas and Allure of the Seas, after completing the design of comprehensive sign programs for these vessels more than 10 years ago. Last year she worked on their newbuilding vessel, Icon of the Seas, public venue graphics.

NBCUniversal Orlando, Dark Universe Theme Park, Orlando, Florida

Last year our firm completed the 90% design and specifications package for one of their entertainment parks at the new theme park in Orlando. Since then we completed taking the drawing package to 100% completion after the downturn of the pandemic.

Universal Studios Recreation China Planning Services, LLC

(Beijing Shouhuan Cultural Tourism Investment Co./AECOM), Beijing, China. Last year our firm completed the design and specifications package for one of their entertainment parks at the new theme park in Beijing.

SECTION III

RFQ: 2025-005

Historic Lake Park Town Hall, Lake Park, Florida
Full Assessment & Restoration

Section III: Project Understanding, Proposed Approach, and Methodology

A)The **City of Coral Gables** is known for its collection of historic, beautiful, classically-designed buildings. The restoration or renovation of any of the city’s architectural gems will be handled like all of our preservation projects –with careful research and analysis. Having worked under the guidelines set forth by the Secretary of the Interior’s Standards for Rehabilitation and Preservation for over 35 years, our firm has the knowledge and experience to appropriately assess any of the city’s needs. We have a team of expert preservationists and architects on staff that develop current conditions and recommendations reports on a constant basis for historic properties of all sizes and conditions – and all over the state of Florida. All of our projects are completed using the Secretary of the Interior’s standards so that the preservation work is done properly for longevity and so that the materials used are appropriate to the building’s type, use and period.

In addition, we would have Florida’s most experienced **Structural Engineer for Historic Structures** on our team. **The team at Wood, O’Donnell, and Naccarato**, has worked on hundreds of historic structures and many that are on the National Register of Historic Places. They are the structural engineer on nearly all of the historic structures that we have restored in the past 20 years. Most importantly, they are the Structural Engineer that is most familiar with **many of the city’s notable buildings** and has completed the most recent Structural Reports on the City Hall building. They have the expertise to recommend and repair these historic buildings so that they are safe and ready for many more years of use.

Our firm will be able to go above and beyond what is needed in order to provide any architectural consulting services that the city may need. We are intimately familiar with the work of Phineas Paist and are currently restoring another of his masterpieces: the **David W. Dyer Federal Courthouse** in downtown Miami – a Coral Rock structure of the same time period as City Hall. As Historic Preservation specialists intimately familiar with Coral Gables and its history, we welcome the opportunity to assist in the preservation of this architectural gem so that it can be restored and enjoyed by Coral Gables residents and its visitors for years to come.

Our firm prioritizes **Time Management and Project Planning** in order to ensure that assigned work is completed on time all while maintaining interaction and communication with the client. We do this by utilizing Project Management Software that integrates task management, resource allocation, budgeting, and time tracking. This approach streamlines workflows and enhances efficiency. To create clear and regular communication between us and the client, we schedule consistent client meetings to provide updates, gather feedback, and address any concerns promptly. This proactive approach keeps projects on track and clients informed. In addition, we utilize collaborative tools and platforms that allow real-time sharing of designs, progress updates, and seamless communication with clients.

B) Below please see our recent and projected workload. Most all of our current projects are indeed nearing completion allowing our team to have as much time as needed to properly assess and prioritize the needs of the Coral Gables City Hall building and get to work for the City.

Client	Dates	Name of Project	Scope
Temple Israel	March 2025-TBD	Assessment and Repairs of Historic Temple Israel	Prepare an assessment and recommendations for repair report
Private Suites	October 2021-TBD	Private Suites MIA	Restoration and construction of luxury air terminal at MIA airport
City of Gainesville	April 2025-TBD	Historic Hippodrome Restoration	Assessment and restoration of the Hippodrome Building
City of Coral Gables	November 2024-TBD	Coral Gables City Hall	Assessment and Restoration of City Hall
Eurostars Hotels	August 2023- TBD	Langford Hotel	Restoration of Langford Hotel
Miami Dade County	February 2024-TBD	Comfort Station No 4	Design and Construction of Comfort Station on Rickenbacker Causeway
City of Miami Beach	September 2022-TBD	Art Deco Museum Expansion	Expansion of the Art Deco Museum in Miami Beach
City of Deerfield Beach	May 2022-TBD	Restoration of the Butler House and Pioneer House	Restoration of two historic houses for the City of Deerfield Beach
Miami Dade College	November 2021- November 2025	Restoration of the Freedom Tower	Interior and exterior restoration of the landmark, Freedom Tower

C) Our firm can positively and innovatively move a project from the conceptual stage to a clearly defined project while minimizing the impact on the community and its government leaders. We do this through engaging in extensive stakeholder workshops to understand project goals, community needs, and potential concerns. In addition, we conduct thorough site analysis and research to inform design decisions. Utilizing visualization tools like BIM helps client and the community to envision the project early on, which eases anxieties as the construction is occurring. Our team will employ rigorous quality control measures to ensure design intent is realized during construction and also conduct regular site visits (very easy since our office is less than a mile from City Hall). As previously mentioned,

we will maintain constant communication to quickly address any issues that arise and to keep the stakeholders informed of any and all updates along the way.

D)Our firm is able to provide schedule, cost and quality control on every project.

Schedule Control

Project Planning and Milestones

- We develop a detailed project timeline with clear milestones and deadlines
- Use project management software to track progress and identify potential delays

Regular Monitoring and Updates

- We conduct frequent team meetings to assess progress against the schedule
- Proactively address any delays or issues that may impact timelines
- Adjust resources or workflows as needed to keep the project on track

Cost Control

Budgeting and Estimation

- We create comprehensive cost estimates and budgets at project initiation
- Utilize cost estimation software and historical data for accuracy

Ongoing Financial Tracking

- We implement a system to monitor actual costs against the budget in real-time
- Regularly review expenses and identify any potential overruns early
- Manage change orders carefully to control scope creep and additional costs

Value Engineering

- Our team and subconsultants look for cost-saving opportunities without compromising quality
- Evaluate material and design choices to optimize the budget

Quality Control

Quality Management System

- We establish clear quality standards and expectations for the project
- Implement a formal quality assurance process with regular reviews and checks

Design Reviews and Coordination

- We conduct thorough internal design reviews at key project stages
- Coordinate closely with consultants to ensure cohesive, high-quality documentation

Construction Administration

- We provide diligent observation during construction to ensure adherence to design intent
- Address any quality issues promptly through site visits and inspections

Technology Integration

- We utilize Building Information Modeling (BIM) to enhance coordination and reduce errors

6. Miami News Tower (Freedom Tower) 1989 & 2021-ongoing

For the **Miami Woman's Club Restoration**, our firm worked over 15 years (and through multiple phases) as a labor of love to properly and expertly preserve and restore the building to its original glory. Being a 1926 structure, all restoration work done to the Miami Woman's Club was completed in compliance with the Secretary of the Interior's Standards for the Treatment of Historic Properties with Guidelines for Preserving, Rehabilitating, Restoring, and Reconstructing Historic Buildings. The project began back in 2008 with the urgent need to complete structural and electrical repairs to meet the requirements of the 40-year Recertification of the building. The extensive structural repairs accomplished during the work required the removal of interior historic plaster finishes and select ornamentation. Upon completion of the necessary structural repairs, restoration was elected to recreate lost original ornamentation which had been stripped from the façades during earlier repair campaigns. The exterior restoration work also included new windows, doors, stucco, and barrel tile roofing. Additional work at the exterior of the building included a front entry door for the restaurant, entry gates, and structural enhancements to meet code-required wind resistance.

Interior restoration work included new passenger elevators extended to the 5th floor and roof deck to implement ADA accessibility, new toilet rooms at each level, and all new mechanical, electrical, plumbing and fire protection from existing points of connection. The ground floor lobby, the third floor Woman's Club offices, and auditorium space were refurbished to their original August Geiger design. Through meticulous research and by carefully following historic photographic documentation, the building was readorned to its original grandeur. The remaining floors and a new rooftop bar are the subject of tenant leasehold improvements currently underway through a long-term master lease to the Heafey Group.

This comprehensive Adaptive Use historic restoration resulted in the Woman's Club being able to maintain the ownership and use of their historic space, while converting the first, second, fourth, and fifth floors for use as high-end restaurants. These restaurant leases provide the financial viability necessary to complete the extensive restoration and assure long term sustainability of this wonderful historic structure.

For the **David W. Dyer Federal Courthouse** in Miami, our firm is working on many aspects of this historic building's preservation and restoration. While the building is under a long-term lease with Miami-Dade College, the building is a Federal Courthouse so the construction and preservation projects fall under the US General Services Administration. Since the project is under the direct guidance from the GSA, the Secretary of the Interior's Standards for the Treatment of Historic Properties is of utmost importance. To determine the long-term housing of court functions, repair and alterations and modernization our team prepared a Historic Preservation Plan as part of a feasibility study. The Plan consists of the building's Historical Overview, Existing Conditions Assessment and Analysis and Recommendations for Restoration and Reuse. Recommendations for Preservation and Restoration of Significant Architectural Features for the Dyer Federal Building and Courthouse were based on a comprehensive visual inspection of the building in its present condition and on historical and photographic documentation of its original appearance.

Our team also prepared an Adaptive Reuse Due Diligence report consisting of the Building Evaluation & Recommendations for Structural, Mechanical, Electrical, Plumbing, Fire Protection, Hazardous Materials Assessment, and Budget Cost Estimate for the College's potential long term lease of the 179,000 Sq. Ft. David W. Dyer U.S. Courthouse and its conversion to educational uses for the College.

In addition to coordinating the work of the consulting team and assembling their final work product into a comprehensive report, we also provided an historical overview, prepared existing conditions architectural CAD plans and concept design drawings.

In addition, following a long-term lease agreement between Miami Dade College and GSA for the use of the Dyer Federal Courthouse Building for higher educational and related purposes, the scope of work includes multi-phased services for Asbestos, Lead Base Paint and Mold Remediation and Partial Security Separation, Building Separation (Security & Utilities) & General Demolition, and Remodeling & Renovations of the Dyer Building. Our firm is responsible for building exterior restoration work including walls, windows and doors; all of the building's historically contributing interior areas; phases of the architectural work and engineering coordination, including programing, schematic design, design development, construction documents, bidding/permitting and construction administration; coordinating with both the State Historic Preservation Office and the City of Miami's Historic Preservation Officer and obtaining approval of the project from the State of Florida Division of Historic Resources and/or National Park Service.

The restoration of the **Miami Dade Military Museum** was a multi-phased project. Constructed in 1942, **Building 25 NAS** served as headquarters for Richmond Naval Air Station's 25 blimps that provided air patrol for the southeastern coast of the United States against German attacks during World War II. In the early 1960s, in an attempt to overthrow the Cuban revolution and after the failed Bay of Pigs invasion, the U.S. Government established a secret covert CIA operation headquartered in Building 25, conducting intelligence gathering activities during the Cuban Missile Crisis. In 1968 the operation was deactivated.

Building 25 NAS Richmond now has a new mission, as it has been relocated to a site within the Gold Coast Railroad Museum grounds, to serve as the Military Museum of South Florida. Our team completed plans for the building's relocation which was the largest building to have ever been moved in Miami Dade County. The structure was moved in one piece and secured to new foundations. Our team then completed a thorough restoration of the interior and exterior of this building and designed the museum spaces. The Miami Dade Military Museum celebrates all of the county's contributions to the US Military and was open to the public in 2020 with curated collections. Due to the Global COVID-19 pandemic the museum was not officially dedicated by the county until 2023.

For the restoration of the **Delray Beach Train Depot**, we had to basically reconstruct history. This Seaboard Train Station played an important role in the growth of South Florida, bringing industry and a population to the area at the turn of the 20th century. After Amtrak discontinued using the station in the 1990s, the station sat empty and abandoned for some time - as in the case with the Reynolds School which has sat unused since 2017. The train depot had unfortunately fallen victim to arson and thus most of its structure integrity was gone. As is the case with all of our projects we were on site to start the project with our engineers. We first did a thorough analysis of the building's structure and remaining systems and then got to work shoring it up and repairing its structure. After a full assessment, our firm designed the station to be a Human Resources office for the City of Delray Beach and a Health Clinic for City employees.

For the restoration and renovation of the **Carl Fisher Clubhouse** we had a relatively short time frame in which to complete the work. The Miami Beach Capital Improvement Projects office wanted the ability to use the Carl Fisher Clubhouse as quickly as possible due to its proximity to the Miami Beach Convention Center. The building was built in 1916 and is the oldest public building in Miami Beach. Our team completed a thorough analysis of the building and completed a complete restoration of the exterior and interior of the main historic clubhouse and the 1933 annex building, also on the site. The renovated and restored Clubhouse serves as an auxiliary, upscale event venue for the Convention Center and the city wanted the ability to rent it out for Art Basel related events as soon as possible. Once our construction documents were completed and approved we got to work and were on-site at every step of the way. We were able to fast track the project and get documents and administration done in a fast manner and thus begin the physical work.

The Freedom Tower was built in 1925 as offices and a printing facility for the MIAMI DAILY NEWS and METROPOLIS. Designed in Mediterranean Revival Style, the tower is fashioned after the Giralda Bell Tower in Sevilla, Spain. From 1962 to 1974 the building was used as the Cuban Refugee Center and renamed the Freedom Tower. The building was restored in 1989 by our firm at a cost of \$7,400,000, to include a 550 seat banquet facility, a two story private club, and twelve floors of adaptive space. Special attention was given to the renewal and restoration of interior finishes, window repair and restoration interior and exterior detailing. The previous preservation effort earned the firm awards from the Florida Trust for Historic Preservation, the American Institute of Architects-Florida, and the American Institute of Architects- Miami. The building is currently undergoing a comprehensive exterior restoration and an interior restoration and museum conversion. The rehabilitation scope includes maintaining and repairing damaged and spalled concrete surfaces; addressing corroded steel like the lintels; masonry repointing, repair and replacement; stucco maintenance and repairs; and repairs to the copper roofing and repainting.

E) Our firm almost exclusively focuses on projects that have a significant community and / or business involvement. Our regular clients include the City of Miami; Miami Dade College; Miami Dade County; City of Delray Beach; City of West Palm Beach, Village of Biscayne Park; and Village of Pinecrest. Every since project for the above mentioned clients was a public building of some kind including museum spaces in the case of the Freedom Tower or the Dyer Courthouse for Miami Dade College, or Miami Dade County in the case of the Deering Estate and Vizcaya. We always engage the community in the way of a charette or a public discussion so that their voice is heard and that the building is indeed being planned and designed for the greater good of the community and not just of that of the elected officials.

F)Our firm fosters a culture of collaboration by encouraging open communication and the sharing of ideas among team members and external consultants. This collaborative environment promotes innovation and efficiency thus leading to successful projects for our clients. We use advanced project management software and digital collaboration tools. These tools facilitate real-time communication and document sharing, ensuring that all parties, including the city's appointed consultants, are aligned and informed throughout the life of the project.

RFQ: 2025-005

**Bok Tower & Gardens, Lake Wales, Florida
Full Assessment and Recommendations for Repair Report**

CITY OF CORAL GABLES REFERENCE FORM
RFQ 2025-005 Architectural Consulting Services

Complete the form as indicated below, to provide the required information as outlined in Section 3 of the solicitation. The City shall contact the companies listed below to verify the work performed on behalf of your company. All fields must be completed.

Reference # 1 must cover the minimum five (5) year period from the issuance date of this solicitation.

1. Project Name/Location Historic Citizens Bank Building

Owner Name Omni CRA

Contact Person Isiaa Jones, Exec Director

Contact Telephone No. 305-679-6869

Email Address: isjones@miamigov.com

Yearly Budget/Cost \$5,000,000

Dates of Contract 3/2018

Project Description Complete restoration of the Historic Citizens Bank building

Additional References must cover similar engagements satisfactorily performed in the last five (5) years.

2. Project Name/Location Miami Woman's Club

Owner Name Miami Woman's Club

Contact Person Noreen Timoney

Contact Telephone No. 305-401-0101

Email Address: timoneyrms@aol.com

Yearly Budget/Cost \$7,000,000

Dates of Contract From: 12/2007 To: 12/2023

Project Description Restoration of the exterior and interior of the
National Historic Landmark, the Miami Woman's Club. Work included making the building
structurally sound, putting in new windows, all new mechanical systems, restoring the facade and replacing the missing ornamentation.

3. Project Name/Location Olympia Theatre & Office Building
 Owner Name City of Miami
 Contact Person Hector Badia
 Contact Telephone No. 305-416-1236
 Email Address: HBadia@miamigov.com
 Yearly Budget/Cost +/- \$3,500,000.00
 Dates of Contract From: 1/2022 To: TBD
 Project Description Restoration and building improvements to the National Historic Landmark, the Olympia Theatre.
This atmospheric theatre designed by acclaimed theatre architect, John Eberson, is getting new window,
repair to the exterior brick facade and terracota ornamentation and also much restoration and conservation work to the interior.

4. Project Name/Location Glenn H. Curtiss Mansion
 Owner Name City of Miami Springs
 Contact Person Joellen Morgan-Phillips
 Contact Telephone No. 305-807-7878
 Email Address: Joellen@adkins1.com
 Yearly Budget/Cost \$2,000,000.00
 Dates of Contract From: 2010 To: 2013
 Project Description Complete restoration and preservation of the National Historic Landmark, the Glenn H Curtiss Mansion.
Built in 1925, the restoration of the 14,733 square feet, two-story Pueblo-Mission Revival architecture style mansion was a labor of love after years of neglect.
The entire interior and exterior were restored and a new catering kitchen was added to help transform the mansion into a gorgeous and useful event space.

5. Project Name/Location Deering Estate / Stone House
 Owner Name Miami Dade Parks and Recreation
 Contact Person Roberto Rodriguez
 Contact Telephone No. 305-961-2791
 Email Address: Roberto.Rodriguez3@miamidade.gov

Yearly Budget/Cost \$2,500,000

Dates of Contract From: 2022 To: TBD

Project Description The complete restoration of the exterior and interior of the Deering Estate's Stone House.
Built to be fireproof and to protect Mr. Deering's tapestries and artwork, this incredible house was designed in 1922 by Phineas Paist.
Work will include restoration of many parts of the coral rock exterior, upper deck, and all doors and windows. New mechanical, electrical and plumbing systems will be included as well.

6. Project Name/Location Trinity Cathedral

Owner Name Trinity Episcopal Cathedral

Contact Person Roberto Sota

Contact Telephone No. 305-456-8851

Email Address: office@trinitymiami.org

Yearly Budget/Cost \$4,500.000.00

Dates of Contract From: 2009 To: 2013

Project Description The restoration of Trinity Episcopal Cathedral, the oldest church in the original city limits of Miami (1896), completed in 2013,
included structural reinforcing, stained glass restoration, new electrical, new lighting, remodeling of staff offices, adding hurricane protection and other vital improvements in order to bring the building into

Section IV: Past Performance and References

- A) Attachment D, Reference Form has been uploaded into INFOR
- B) See SF 330-Part I, Section F after this page.
- C) Past and present projects for the City of Coral Gables:

- 24-3565.00 City of Coral Gables City Hall, Assessment and Restoration
 - a. City of Coral Gables Public Works, Capital Improvements
 - b. Scope: Historic Restoration of the Coral Gables City Hall building including a complete assessment and recommendations for repair report.
 - c. Total architectural / engineering fee \$408,516.00
 - d. Contract is to be for completion of the project (March 2025-TBD)
 - e. Project Manager / Point of Contact: Jose Oliveros; Public Works Assist. Director. 305-569-1859

 - g. Results: Our firm is in negotiations with the City currently.

- 16-3438.00 Coral Gables Biltmore – Gondola Building
 - h. City of Coral Gables Public Works, Capital Improvements
 - i. Scope: Historic Restoration of the Biltmore Hotel – Gondola Building located on the golf course at 1210 Anastasia Avenue. Work was to include design, construction documents, and specifications for the restoration work.
 - j. Total architectural / engineering fee was to be \$109,245.00
 - k. Contract was to be for completion of the project
 - l. Project Manager / Point of Contact: Jose Oliveros; Public Works Assist. Director. 305-460-5000
 - m. RJ Heisenbottle Architects was to serve as the Prime Consultant
 - n. Results: Our firm produced an in depth full evaluation and assessment report of the Gondola Building. Unfortunately construction did not start in time for the building to be saved and the building collapsed some time after the report was produced.

- 16-3441.00 Biltmore Hotel Golf Course E & W Bridges (City of Coral Gables c/o Biltmore Hotel Golf Management, LLC)
 - a. City of Coral Gables c/o Biltmore Hotel Golf Management, LLC
 - b. Scope: Historic Preservation, Architecture, and Engineering Consulting services for the repair and restorations of the East and West bridges on the grounds of the Coral Gables Biltmore Hotel and Golf Club.
 - c. Total architectural / engineering fee was to be \$147,249.00

- d. Contract was to be for completion of the project
- e. Point of Contact: Gene Prescott with Biltmore Hotel. 305-445-1926
- f. RJ Heisenbottle Architects was to serve as the Prime Consultant
- g. Results: Our firm successfully preserved and restored the East and West bridges on the grounds of the Biltmore Golf Club so now all can use and enjoy them.

D)There have been no incidents, at any point, where any public sector clients have discontinued the use of our firm's services.

E)There have been no incidents within the past 5 years where a civil, criminal, administrative, or other proceeding was filed against our firm.

SECTION V

RFQ: 2025-005

Historic Miami Woman's Club
Full Assessment & Complete Restoration

Section V: Agreement Comments

We, RJ Heisenbottle Architects, understand that by submitting a response to the RFQ 2025-005 that we agree to be bound to and execute the Agreement for this solicitation. Without diminishing the foregoing, the Proposer may request clarification and submit comments concerning the Agreement for the City's consideration. Only comments and proposed revisions included within the Response will be considered by the City. Any comments identified after the Response has been received may not be considered by the City. Furthermore, any requests to negotiate provisions of the Agreement not identified in the Response after the Response has been received, may be grounds for removal from further consideration for award. None of the foregoing shall preclude the City from seeking to negotiate changes to the Agreement during the negotiations process.

Failure of the Successful Proposer to execute a contract within thirty (30) days after the notification of award may, at the City's sole discretion, constitute a default. However, the Agreement must be executed no later than one hundred twenty (120) days, based upon the requirements set forth in the RFQ through action taken by the City Commission at a duly authorized meeting. If the Proposer first awarded the Agreement fails to enter into the contract as herein provided, the award may be declared null and void, and the Agreement awarded to the next most responsible, responsive Proposer, or re-advertised, as determined by the City.

**Thank you for your time,
we look forward to getting to work for the City of Coral Gables!**

-RJ Heisenbottle Architects
