

Summary of Public Works Permit Process for City Swale Areas:

Three most common scenarios for maintaining grass swale areas are as follows:

Option 1 (Preferred Option): Grass

Maintain grass in swales using proper turfgrass management practices.

- No permit or restrictive covenant is required.

Option 2: Swale Plantings

Residents may plant up to 100% of the swale area with low groundcover plants to be maintained at a maximum height of 30" from grade, with an approved Public Works permit for swale planting.

- Public Works Permit is required - No Permit Fee.* (County and State roads have additional requirements.)
- Restrictive Covenant Agreement is required.

Option 3: Swale Plantings and Decorative Crushed Stone

In locations where proper turfgrass management is not feasible, such as in heavy shaded areas, or areas where there is excessive vehicle parking, decorative crushed stone and low landscape plants can be allowed with an approved Public Works permit, a Restrictive Covenant Agreement, and a Certificate of Liability Insurance naming the City of Coral Gables as an additional insured.

Crushed stone can be used as a border material at the edge of roads where car traffic damages plantings and will be reviewed on a case-by-case basis.

- Public Works Permit is required - No Permit Fee.* (County and State roads have additional requirements.)
- Restrictive Covenant Agreement is required.
- Certificate of Liability Insurance naming the City of Coral Gables as an additional insured is required.

* Layout Plan Requirement for Permit Application:

A sketch or plan of the proposed layout is required as part of the Public Works Permit application for Option 2 and Option 3 above. Sketches and plans can be hand drawn or computer drawn. The following are some examples of potential sketch or plan options:

1. Use a copy of an existing property survey to draw by hand or computer the proposed layout with dimensions and materials indicated.
2. Modify by hand or computer the sample alternative swale diagrams provided as part of this informational package to show the proposed layout with dimensions and materials indicated.
3. Print a photograph of the swale on 8.5x11 copy paper and mark the layout, dimensions, and proposed materials by hand or by computer on the photograph.
4. Use upside down marking spray paint to mark your proposed layout on the exiting ground/grass in your swale area and then take photographs of the swale area with the painted lines. Print the photographs on 8.5x11 copy paper and mark the dimensions and proposed materials by hand or by computer.

Option 4: Public Works Enroachment Review for All Other Scenarios

In locations where extensive landscape is being proposed or other factors require additional review or considerations, the applicant must submit an application to the Public Works Department for review of the proposal.

- Application Required - Reviewing Fee \$200 (Ordinance No. 2981)
- Public Works Permit is required - Permit fees typically apply.
- Restrictive Covenant Agreement is typically required.
- Certificate of Liability Insurance naming the City of Coral Gables as an additional insured is typically required.

Swale Planting

Growing Turfgrass in the Swale:

- **Sod type** - use shade tolerant grass such as Palmetto St. Augustine.
- **Mowing** - increase the mowing height to 3"-4" - for most rotary mowers use the highest setting. Also keep the mower blades sharp and well adjusted for a clean cut. No more than one third of the leaf blades should be removed with any mowing
- **Irrigation** - water on an "as-needed" basis (when leaf blades begin to fold up, wilt or when footprints remain visible after walking on the grass). Apply 1/2 inch to 3/4 inch of water per application. Also, make sure to water only on Wednesdays and Saturdays for odd addresses and Thursdays and Sundays for even address (after 5pm and before 10am)
- **Avoid parking** on the grass if possible. If not possible, then try not to park in the same spot each time. Alternating parking locations reduces tire damage and heat engine damage to the grass.
- **Pest Management** - be familiar with the signs and how to treat the number one pest of St. Augustine sod - the chinch bug.
- **Fertilization** - fertilize once or twice a year with a slow release fertilizer such as polymer coated 11-2-11. Or if palms are also in the swale use a slow release polymer coated 8-2-12.
- **Aeration** - soil compaction can be alleviated by loosening up the soil which allows more oxygen to reach the roots. Ponding water is the #1 sign of poor aeration. Aeration can be done by tilling up the soil before planting or by poking/drilling holes into the soil of the existing grass. In areas with particularly heavy compaction or a buildup of a thick sediment layer from water ponding, it is sometimes necessary to carefully remove the top few inches of soil, being careful to not damage the tree roots, and replace the topsoil with a free-draining soil mix composed of 70% silica sand and 30% muck.
- **Planting:**

A Public Works Swale Planting Permit for planting other than plain grass is required and is useful in areas where conditions are impractical for growing grass such as deep shade or locations with heavy parking issues. A property owner may apply for a Public Works Swale Planting Permit to plant up to 100% of the swale area with low growing groundcover plants. See a list of suggested plants on the following page. Other plant species that can be maintained at 30" max height will be considered during the plan review process.

For additional information refer to the following:

"Growing Turfgrass in the Shade" <http://edis.ifas.ufl.edu/ep072>

"Minimizing Traffic Damage to Your Florida Lawn"
<http://edis.ifas.ufl.edu/EP071>

Alternative Swale Planting

Swale planting can be comprised of a combination of low growing plant types in the swale. When planting 100% of the swale, plantings must extend fully from the sidewalk (or property line where no sidewalk exists) to the edge of the road. Creating a hedge along the road or sidewalk is not permitted. Plants must be maintained at a maximum 30" height or lower for visibility.

The following plants are suggested species for swale planting; however other appropriate species may be approved during the permit process.

SUGGESTED PLANTS FOR SWALES:

NATIVES:

Dune Sunflower
Helianthus debilis

Beach Creeper
Ernodea littoralis

Spider Lily
Hymenocallis latifolia

Boston Fern
Nephrolepis exaltata

Peperomia
Peperomia obtusifolia

Blue Porterweed
Stachytarpheta urticifolia

Yellow Lantana
Lantana depressa

Sunshine Mimosa
Mimosa strigillosa

Indian Blanket Flower
Gaillardia pulchella

Frogfruit
Phyla nodiflora

NON-NATIVES:

Green/Variegated Liriope
Liriope muscari

Flax Lily
Dianella tasmanica

Burle Marx Philodendron
Philodendron 'Burle Marx'

Wart Fern
Microsorium scolopendrium

Red Congo
Philodendron 'Rojo Congo'

Perennial Peanut
Arachis glabrata

Mondo Grass
Ophiopogon japonicus

Asiatic Jasmine
Trachelospermum asiaticum

Purple Queen
Tradescantia pallida

Pentas
Pentas lanceolata

Note: If you have visible roots, recommended species are Wart Fern and Philodendron 'Burle Marx'.
If you have Banyan Trees, use Philodendron 'Rojo Congo'.

Alternative Swale Planting

Sample Layouts

Alternative Swale Options

CRUSHED STONE OR SHELL AND PLANTING

NOTE: If crushed stone or shell is used, plantings around trees is Required - See "Swale Planting" for options.

Residents have the option to cover part of their swale with an approved crushed stone or shell. They must complete a Public Works Swale Planting Permit Application. Figures 1-3 of this package show some sample configurations of these areas. Each property is unique, so these guidelines should be used to draw a specific plan to be reviewed for permitting. The Details are organized according to the width (distance between street and sidewalk) of the swale area.

Swale plantings around trees will be required for all decorative crushed stone or shell installations and must extend from the sidewalk to the edge of the road. Crushed stone can be used as a border material at the edge of roads where car traffic damages plantings and will be reviewed on a case-by-case basis. The crushed stone material allowed is limited to the three options below.

APPROVED CRUSHED STONE OR SHELL

Granite
3/8"

Oolite (Limestone)
2/1 oolite fine to rice rock

Coquina Shells
Florida Seashell Small

Sample installations of these materials can be viewed at the Coral Gables Public Library at 3443 Segovia Street (On the University Drive side)

PERMIT APPLICATION PROCESS

Step 1: Applicant submits a Public Works Swale Planting Permit. The applications can be uploaded digitally through the digital plan review system, to include the application with proposed alternative swale materials and proposed layout, with the restrictive covenant signed and executed through the city attorney's office.

Step 2: Public Works Staff Reviews and Processes Permit.

Conditions of all Public Works Encroachments in Right of Way Permits:

The adjacent property owner maintains the encroachment in good repair at all times and at the owner's expense. The City of Coral Gables reserves the right to remove, add, maintain or have the owner remove any of the improvements within the right-of-way. The owner executes a Hold Harmless Restrictive Covenant Agreement through the city attorney's office as part of the application.

Alternative Swale Options

Installation Detail for Crushed Stone/Shell

NOTE: WHERE TREE ROOTS ARE VISIBLE ABOVE GROUND, GEOTEXTILE FABRIC SHALL BE CUT TO EXPOSE ROOTS, BUT STONE/SHELL MAY COVER ROOTS.

Filter Geotextile shall be a minimum 6-ounces per square yard (nominal) nonwoven needle punched synthetic fabric consisting of staple or continuous filament polyester or polypropylene manufactured. Geotextile shall be inert and unaffected by long-term exposure to chemicals or liquids with pH range from 3 to 10.

Filter Geotextile shall have a Survivability Class 1, 2 or 3 in accordance with AASHTO M288. Installation must follow fabricant instructions.

Listed Below are some of the Manufacturers of Products that meet these requirements.

TenCrate Miralfi - N-Series - 160 N

Us, Fabrics Inc. - US 200

Propex Geotextile Systems - GEOTEX 1001

Fiberweb - TYPAR 3501

Fibertex Geotextiles - F-25

Granite Environmental - 6 oz. Non-Woven

- Supermix
- Quickcrete Ready Mix
- Tarmac
- Central Supermix
- Superior Mix Concrete
- Interstar

City of Coral Gables Code

Sec. 62-88. - Bond or liability insurance by permittee.

Before any permit shall be issued under this division, the applicant shall furnish to the city evidence that the applicant is carrying public liability insurance, with the city named as an additional insured, with bodily injury liability limits of \$500,000.00 for each person, \$500,000.00 for each occurrence, and property damage liability limits of \$250,000.00 for each occurrence, or bodily injury liability and/or property damage liability, single limit of \$500,000.00 for each occurrence. No permit shall be issued to any applicant to perform work on, or cut into, the public right-of-way until a deposit has been made in a sufficient amount to the city to insure the repairs requested by the applicant, and such amount shall be determined by the director of public works; but in any event, the minimum amount of such bond shall be \$150.00, and maximum amount of such bond shall be 125 percent of the cost of proper restoration of the public right-of-way, the bond being to guarantee compliance with terms of the permit and to be in force for at least six months after the approved completion date of the work.

(Code 1958, § 28-33; Code 1991, § 22-113; Code 2006, § 62-65)

PLEASE READ CAREFULLY
INSTRUCTIONS FOR FILING
RESTRICTIVE COVENANTS & UNITIES OF TITLE

REQUIREMENTS FOR RESTRICTIVE COVENANTS:

1. The City of Coral Gables must be provided with one (1) original copy of the Restrictive Covenant. All blanks must be filled in and may be printed neatly or typewritten. Restrictive Covenants that are not legible will not be accepted by the City. Photocopies of any required seals or signatures will not be accepted.
2. The original document must have a 3-inch by 3-inch space at the top right hand corner on the first page and a 1-inch by 3-inch space at the top right hand corner on each subsequent page for the Clerk's official use. See Fla. Stat. § 695.26(1)(e). A blank cover page must be attached to all documents **not** providing this space and a charge of \$8.50 for the additional page will be assessed. This charge, moreover, applies to each additional page.
3. Covenants must be properly witnessed and notarized.
4. The **legal description must be accurate** and must include the appropriate Plat Book and page number.
5. The blank space provided for section (2) of the General Restrictive Covenant should be filled in with the restrictions being placed on the property.
6. **The Restrictive Covenant must be prepared by an individual person. Additionally, the first page of the Restrictive Covenant must contain the preparer's name, address, and phone number. For Example:**

Prepared by: John Doe
123 Main Street
Coral Gables, FL 33134
Tel No. _____

7. A **money order or cashier's check** for the purpose of recording the Restrictive Covenant is required and should be made payable to the "**City of Coral Gables**" and must accompany the Restrictive Covenant. If any additional pages are added to the Restrictive Covenant such as a blank page or a lengthy legal description, please calculate the recording fee accordingly. **The fee for a one-page Restrictive Covenant is \$13.00 and each additional page is \$8.50. If printed double sided the cost will be the same, each side counts as one page.**
8. **Each Restrictive Covenant must be signed by all property owners as shown on the property deed and the tax rolls. In the event the property is owned by a corporation, then one (1) of the officers of the corporation must sign the Restrictive Covenant, and the Restrictive Covenant must be embossed with the corporate seal.**

REQUIREMENTS FOR UNITIES OF TITLE:

There are two Unity of Title forms. Use the two-page form, if there is no Mortgage on the property. If there is a Mortgage, please use the three-page form, with the third page to be completed by the Lender.

The fee for a Unity of Title two-page document is \$21.50, three-page document \$30.00

The City of Coral Gables must be provided with the following:

1. One (1) original of the Unity of Title Restrictive Covenant is required, which shall be considered a one-page covenant for the purposes of the recording fee unless additional pages are added such as a blank cover page (as outlined in part 2 above) or if the legal description carries over to a second page.
2. One (1) copy of the recorded warranty deed with the Miami-Dade County Clerk's File Number and O.R. Book/Page shown clearly in the upper left hand corner of the deed should be submitted along with the Unity of Title Restrictive Covenant.
3. Each Unity of Title must be signed by all property owners as shown on the property deed and the tax rolls. In the event the property is owned by a corporation, then one (1) of the officers of the corporation must sign the Unity of Title, and the Unity of Title must be embossed with the corporate seal.

PROPERTY OWNER'S ENCROACHMENT & RESTRICTIVE COVENANT AGREEMENT

THIS AGREEMENT is made and entered this _____ day of _____, 20__, by and between _____, whose mailing address is _____, hereinafter referred to as "OWNER", and the City of Coral Gables, a Florida municipal corporation, hereinafter referred to as "CITY".

RECITALS

WHEREAS, OWNER(is/are the fee simple owner(s) of certain real property located within the City of Coral Gables, Miami Dade County, Florida with a property address of _____ Coral Gables, Florida and more particularly described as (insert the **legal description** for the property as maintained by the Miami-Dade County Property Appraiser's Office. See <https://www.miamidade.gov/Apps/PA/PropertySearch/#/> for legal description):

WHEREAS, this document is accepted by the City of Coral Gables as part of, or as a condition of, any such comprehensive plan or plan amendment; zoning ordinance; land development regulation; building code; development permit; development order; or other law, regulation, or regulatory approval.

WHEREAS, OWNER'S property is located adjacent to certain CITY right-of-way, sidewalk, swale, alley, or other such right-of-way; and

WHEREAS, OWNER desires to place, construct, install, and/or maintain upon CITY's right-of-way, sidewalk, swale, alley, or other such right-of-way the following (place an **X** next to the type of encroachment):

_____ **Special driveway approach(es) (type):** _____

_____ **Sign(s)**

_____ **Canvas canopy(ies) or awning(s)**

_____ **Landscaping**

_____ **Irrigation system**

_____ **Tables, chairs, umbrellas, heaters (describe the item to be placed as well as the day(s) of the week and hour(s) of the day of such placement):**

_____ **Electrical (describe):** _____

_____ **Other (describe):** _____

_____, thereby,
encroaching into the City's right-of-way, sidewalk, swale, alley, or other such right-of-way; and

WHEREAS, the CITY is willing to allow OWNER to encroach into CITY's right-of-way, sidewalk, swale area, or other such right-of-way without prejudice to the CITY's right to have the encroachment removed at the OWNER's sole expense; and

WHEREAS, OWNER understands that at any time the CITY may require OWNER to remove the aforesaid encroachment from the CITY right-of-way, sidewalk, swale area, or other such right-of-way.

NOW, THEREFORE, in consideration for the mutual covenants contained herein and as further consideration for the CITY approving OWNER's request to encroach upon CITY's right-of-way, sidewalk, swale area, or other such right-of-way, the sufficiency of which is hereby acknowledged by the Parties hereto, the Parties agree as follows:

1. The foregoing recitals are true and correct and are incorporated herein as if repeated in their entirety.

2. The CITY hereby grants permission for the above-described encroachment upon the City's right-of-way, sidewalk swale area, or other such right-of-way provided that said encroachment shall be in accordance with plans and specifications on file or to be filed with and approved by the CITY.
3. At any time, the CITY may require either the permanent or temporary removal of said encroachment and OWNER for himself/herself as well as their successors in interest agree that at such time as the CITY requires temporary or permanent removal of the aforesaid encroachment, OWNER will do so promptly and at their own expense. OWNER further agrees that if he/she/they should fail to remove the encroachment within thirty (30) days after the CITY mails a written request to OWNER requiring removal of the encroachment, then the CITY may remove the aforesaid encroachment and impose the cost of said removal as a special assessment lien against the Property — such special assessment lien shall be in parity or coequal with the lien of all state, county, district and city taxes, and superior in dignity to all other liens, titles, encumbrances, and claims. In the event of an emergency, the CITY shall have the right to remove the encroachment without notice to OWNER and without any obligation or liability to OWNER for damage to the encroachment.
4. To the fullest extent permitted by Laws and Regulations, OWNER hereby agree(s) to defend, indemnify, and hold harmless the CITY and its commissioners, directors, attorneys, appointed officials, administrators, consultants, agents, and employees from and against all claims, damages, losses, and expenses direct, indirect, or consequential (including but not limited to fees and charges of attorneys and other professionals and court and arbitration costs) arising out of or resulting from the installation and/or maintenance of the encroachment and caused, in whole or in part, by any willful, intentional, reckless, or negligent act and/or omission of OWNER or any person, employee, agent, or third party acting on OWNER's behalf (including any contractor, subcontractor, or any person or organization directly or indirectly employed by any of them or anyone for whose acts any of them may be liable).
5. In any and all claims against the CITY or any of its consultants, agents, or employees by any employee of OWNER or any employee of any person, employee, agent, or third party acting on OWNER's behalf (including contractors, subcontractors, or any person or organization directly or indirectly employed by any of them or anyone for whose acts any of them may be liable), the indemnification obligation under the above Paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for OWNER or by or for any person, employee, agent, or third party acting on OWNER's behalf (including contractors, subcontractors, or other persons or organizations directly or indirectly employed by any of them or anyone for whose acts any of them may be liable) under workers' or workman's compensation acts, disability benefit acts, other employee benefit acts or any other service of law. Moreover, nothing in this Indemnification and Hold Harmless provision shall be considered to increase or otherwise waive any limits of liability or to waive any immunity established by Florida Statutes, case law, or any other source of law. This indemnification provision shall survive the termination of any CITY permit or Agreement with the CITY, however terminated. Nothing contained herein shall be construed as a waiver of any immunity or limitation of liability the CITY may have under the doctrine of sovereign immunity in Section 768.28, Florida Statutes. Inclusive in this Indemnity provision is the agreement to fully indemnify the City of Coral Gables from any claims or actions alleged

to have been caused by the CITY's acts or omissions. OWNER shall maintain insurance, which will provide for the indemnity provision provided herein.

6. For the purposes of this Agreement, OWNER shall obtain insurance policies — naming the CITY as an additional insured on a primary and non-contributory basis — that comply with the current version of the City of Coral Gables Insurance Requirements for Encroachment & Restrictive Covenant Agreements and OWNER shall evidence this insurance to the Risk Management Division of the City of Coral Gables in accordance with the parameters and instructions outlined within the current version of the City of Coral Gables Insurance Requirements for Encroachment & Restrictive Covenant Agreements. Evidence of insurance will not be approved unless all of the requirements have been met to the satisfaction of the Risk Management Division. Moreover, said insurance shall be maintained until the encroachment is removed and failure to maintain such insurance shall constitute a material breach of this Agreement that may result in the City requiring removal of the encroachment at OWNER's sole expense.
7. All individuals signing this Agreement have the legal authority and capacity to enter into this General Encroachment & Restrictive Covenant Agreement.
8. As further part of this Agreement, it is hereby understood and agreed that any official inspector of the City of Coral Gables, or its agents duly authorized, may have the privilege at any time during normal working hours to enter and inspect the premises to determine whether the requirements of the Building and Zoning regulations and the conditions herein agreed to are fully complied with.
9. This Agreement shall be recorded at OWNER's sole expense and shall inure to the benefit of and be binding upon OWNER's successors, heirs, executors, administrators, representatives, assigns, and all other persons or entities acquiring an interest thereunder, and this Agreement shall be a restrictive covenant concerning the use, enjoyment, and title to the above-property and shall constitute a covenant running with the land.
10. In the event the terms of this Agreement are not being complied with, in addition to other remedies available, the CITY is hereby authorized to withhold any further permits and to refuse to make any inspections or grant any approvals until such time as there is full compliance with this Agreement.
11. This Agreement and the provisions contained herein shall be construed, controlled, and interpreted according to the laws of the State of Florida and all applicable and duly adopted ordinances, regulations, and policies of Miami-Dade County and the CITY now in effect and those hereinafter adopted.
12. The location for settlement of any claims, controversies, disputes, arising out of or relating, directly or indirectly, to any part of this Agreement or any breach hereof, shall be in Miami-Dade County, Florida.
13. OWNER agrees that he/she shall be liable for reasonable attorney's fees incurred by CITY, if CITY is required to take any actions, through litigation or otherwise, to enforce this Agreement.
14. CITY, shall be entitled as a matter of right to an injunction issued by any court of competent jurisdiction restraining any violation of this Agreement as well as recovery of

any and all costs and expenses sustained or incurred by CITY in obtaining such an injunction including, without limitation, reasonable attorney's fees.

15. This Agreement constitutes the entire Agreement between the Parties with respect to the specific matters contained herein and supersedes all previous discussions, understandings, and agreements. Any amendments to or waivers of the provisions contained herein shall be made by the Parties in writing.
16. If any sentence, phrase, paragraph, provision or portion of this Agreement is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed an independent provision and such holding shall not affect the validity of the remaining portions hereto.

IN WITNESS WHEREOF, the Parties have executed this Agreement on the day and year first written above.

AS TO OWNER(S):

Signature

Signature

Print Name & Title (if applicable)

Print Name & Title (if applicable)

Notarization of Owner's/Owners' Execution

STATE OF FLORIDA
COUNTY OF MIAMI-DADE

The foregoing instrument was acknowledged before me by means of [] physical presence or [] online notarization, on this ____ day of _____, 20____, by _____, who is/are personally known to me or have/has produced _____ as identification.

My Commission Expires:

Notary Public, State of Florida

APPROVED AS TO FORM AND LEGAL SUFFICIENCY:

By: _____
Cristina M. Suárez, City Attorney
Stephanie M. Throckmorton, Deputy City Attorney
Gustavo J. Ceballos, Assistant City Attorney
Clifford R. Friedman, Assistant City Attorney

*A new online system called Interactive Notice of Intent (iNOI) is now available to the public. Applicants that use iNOI can complete, save, edit, pay for (using a credit card) and submit NPDES Stormwater applications online. The use of iNOI is encouraged but voluntary. Applicants can still submit paper notices. iNOI is available at www.dep.state.fl.us/water/stormwater/npdes/

5. If you complete a paper NOI, submit it along with the application fee, as indicated below, to the NPDES Stormwater Notices Center. Authorization is usually granted 48 hours after the date the complete NOI is post-marked to the Notices Center.

The fee is required by Rule 62-4.050(4)(d), F.A.C.. Make checks payable to the Florida Department of Environmental Protection.

Large Construction (disturbs 5 or more acres of land) is \$400.

Small Construction (disturbs between 1 and 5 acres) is \$250.

6. Re-apply for coverage every five years (if the construction activity extends beyond a 5-year period) or submit an NOT to terminate coverage.

Where Can I Find More Information?

DEP's Web site provides more information on program - coverage and requirements, useful Web links, and electronic - versions of the CGP, all regulations and forms cited herein, - and SWPPP guidance. In addition, the NPDES Stormwater - Notices Center provides hardcopies of permits and forms. -

The Florida NPDES Stormwater Permitting Program for

Construction Activity

What is Florida's NPDES Stormwater Permitting Program for Construction Activity?

In October 2000, the U.S. Environmental Protection Agency (EPA) authorized the Florida Department of Environmental Protection (DEP) to implement the National Pollutant Discharge Elimination System (NPDES) stormwater permitting program in the State of Florida (with the exception of Indian Country lands). The program regulates point source discharges of stormwater runoff from certain construction sites and was developed by EPA in two phases: Phase I regulates "large" construction activity (disturbing 5 or more acres of total land area) and Phase II regulates "small" construction activity (disturbing between 1 and 5 acres of total land area).

The "operator" (i.e., the entity that owns or operates the project and has authority to ensure compliance) of regulated construction sites must obtain an NPDES stormwater permit and implement appropriate pollution prevention techniques to minimize erosion and sedimentation and properly manage stormwater. DEP adopted under Rule 62-621.300(4), F.A.C., the **Generic Permit for Stormwater Discharge from Large and Small Construction Activities (CGP)** (DEP Document 62-621.300(4)(a)) which is applicable to Phase I large construction and Phase II small construction.

It is important to note that the permit required under DEP's NPDES Stormwater permitting program is separate from the Environmental Resource Permit (ERP) required under Part IV, Chapter 373, F.S., a stormwater discharge permit required under Chapter 62-25, F.A.C., or any local government's stormwater discharge permit for construction activity.

Which Construction Activities Are Regulated Under The Program?

DEP's permitting program regulates construction activity that meets the following criteria:

- - Contributes stormwater discharges to surface waters of the State or into a municipal separate storm sewer system (MS4).
- - Disturbs one or more acres of land. Less than one acre also is included if the activity is part of a larger common plan of development or sale that will meet or exceed the one acre threshold. Disturbance includes clearing, grading and excavating.

What Does the CGP Require?

- A **CGP Notice of Intent (NOI)** (DEP Form 62-621.300(4)(b)) must be submitted to DEP.
- A **Stormwater Pollution Prevention Plan (SWPPP)**. In part, the plan must include the following:
 - A site evaluation of how and where pollutants may be mobilized by stormwater
 - A site plan for managing stormwater runoff,
 - Identification of appropriate erosion and sediment controls and stormwater best management practices (BMPs) to reduce erosion, sedimentation, and stormwater pollution,
 - A maintenance and inspection schedule,
 - A recordkeeping process, and
 - Identification of stormwater exit areas.
- A **Notice of Termination (NOT)** (DEP Form 62-621.300(6)) must be submitted to DEP to discontinue permit coverage. An NOT may be submitted only when the site meets the eligibility requirements for termination specified in the CGP.

What Are Some Examples of BMPs?

A comprehensive SWPPP includes both structural and non-structural controls. Some commonly used controls follow:

Structural Controls

- - **Retention Ponds.** Permanent structures designed to allow time for sediments to settle and water to infiltrate the ground.
- - **Temporary Sediment Basins.** Structures designed to detain sediment-laden runoff from disturbed areas long enough for sediments to settle out and control the release of stormwater.
- - **Entrance/Exit Controls.** Temporary controls, such as gravel, used to stabilize the entrances/exits to the site to reduce the amount of soils transported onto paved roads by vehicles (known as "track-out").
- - **Silt Fencing.** A temporary erosion and sediment control used to prevent dirt from entering waterways before bare soil is stabilized with vegetation.
- - **Berms.** A temporary erosion and sediment control that physically prevents polluted runoff from entering nearby storm drain inlets and waters.

Non-Structural Controls

- - **Stabilization.** Techniques such as sodding, seeding/ mulching and stone cover, which reduce the erosion of exposed soils and steep grades.
- - **Phased Construction.** Scheduling construction to occur during the dry season or to minimize the amount of land cleared at any one time.
- - **Good Housekeeping.** Techniques such as oil and fuel containment, spill prevention and clean-up, and street sweeping of "tracked-out" soils, which help prevent the contamination of stormwater runoff.

How Do I Obtain Permit Coverage?

To obtain NPDES stormwater permit coverage, complete the following steps:

1. Obtain a copy of the CGP.
2. Carefully read the permit language.
3. Develop and implement a SWPPP.
4. Complete an NOI in its entirety online using the iNOI system * or by submitting a paper NOI.
