WHEREAS, the Peregrine Platform Basecamp Package is the only end-to-end software commercially available on the market. WHEREAS, Peregrine offers the only dynamic ontology capability purpose-built for law enforcement data. This enables the CGPD to automatically establish connections and relationships between data elements within and across disparate systems; and

WHEREAS, Peregrine offers proprietary algorithms (U.S. Patent No. 12,321,330; U.S. Patent App. No. 18/789322) that enable automatic and auditable deduplication and merging of data, such as person records; and

WHEREAS, Section 2-689 A contract may be awarded without competitive bids or proposals when the Procurement Officer, after conducting a good faith review of all available sources, determines in writing, pursuant to a written request from a department head, that the contract by its very nature is not suitable to competitive bids or proposals, as there is only one source for the required supply, service or construction item capable of fulfilling the needs of the city; and

WHEREAS, Section 2-585 of the Procurement Code entitled “Authority” authorizes the City Manager to delegate authority to the Procurement Officer to administer and make recommendations on contract awards;
