Dear Mr. Zuriarrain,

As we discussed on the phone I am in favor of creating a park at 807 Catalonia Avenue, and wanted my opinion know, even though I will not be able to attend the meeting 4/18/16. I wish for as much green space in our neighborhood, and Coral Gables in general.

Dear Mr. Couceyro:

A few days ago I received your letter notifying me as a property owner of a meeting, next Monday, April 18 at the Youth Center, regarding the proposed park mentioned above. Unfortunately I will be travelling that day and cannot be present, but I want to express my full support for this project. It's important that this park be passive in nature and that there be a permanent restriction that guarantees that its use not be modified in the future.

The City of Coral Gables has always characterized itself by having and encouraging green spaces which is consistent with this vision and is a rare and unique opportunity to add park space to the city.

I trust that the City Commission will move expeditiously to acquire this property and convert it to a park that will serve and be enjoyed by the community.

Sincerely,
