DEPARTMENT HEAD RECOMMENDATION:

Approval.

PLANNING AND ZONING BOARD RECOMMENDATION:

The Planning and Zoning Board at their August 11, 2021 meeting recommended approval of the proposed map amendments, conditional use site plan, and tentative plat (vote: 7-0).

BRIEF HISTORY:

The proposed Final Plat has been prepared from the approved Tentative Plat on September 28, 2021. No other changes have been made since First Reading.

The City is proposing to replat the undug portion of the University Waterway and to assign a Future Land Use classification and a Zoning designation to the existing parking lot on University Drive. The intent is to formalize the existing conditions of the valet parking lot, and regulation of future uses.

The parking lot (encompassing both the platted lots of 19A and 20, and the deeded waterway) is currently owned by the City of Coral Gables and is under lease with Doctors Hospital, who is proposing to reconfigure and expand the surface lot.

The proposed replat will incorporate lots 19A and 20 with the currently undug portion of the waterway to create a single tract of land. The Future Land Use classification for the current lots 19A and 20 is proposed to be changed from Multi-Family Duplex Density to Hospital, and assign the Hospital classification to the newly platted undug portion of the waterway.

The Zoning District designation for lots 19A and 20 is proposed to be changed from Multi-Family 1 Duplex (MF1) District to Special Use (S) District, and assign Special Use (S) District to the newly platted undug portion of the waterway. The purpose of the Special Use (S) District is to provide a zoning classification which would require uses that have the potential of adversely impacting adjacent uses to only be approved by the Commission through the Conditional Use public review process. As such, the current rezoning application also includes a request for Conditional Use for the accessory use of the parking to the Hospital. The Conditional Use review process allows the imposition of conditions to mitigate any identified concerns from the community. The requests do not propose any changes to the current use.

The draft Ordinance regarding the change of land use is provided as Exhibit A. The draft Ordinance regarding the Zoning Map amendment is provided as Exhibit B. The draft Resolution regarding the final plat is provided as Exhibit C. The draft Resolution regarding the conditional use is provided as Exhibit D.
