1. APPLICATION REQUEST

The City of Coral Gables has initiated a request for Zoning Code Text Amendments as follows:

1. *An Ordinance of the City Commission providing for a text amendment to the City of Coral Gables official Zoning Code by amending Article 14, "Process," Section 14-204.9, "Expiration of Approvals; to eliminate the expiration of Certificates of TDR; providing for severability clause, repealer provision, codification, and providing for an effective date.*
2. *An Ordinance of the City Commission of Coral Gables, Florida providing for a text amendment to the City of Coral Gables Official Zoning Code by amending Article 15, "Notices" to require online publication of historical determination letters and Article 8, "Historic Preservation" revising the process of historical determination letters; providing for severability clause, repealer provision, codification, and providing for an effective date.*

The requests require three public hearings, including review and recommendation by the Planning and Zoning Board, and 1st and 2nd Reading before the City Commission.

2. APPLICATION SUMMARY

As requested by the City Commission, text amendments are proposed related to historic preservation.

Expiration of Transfer of Development Rights (TDRs). The first proposed text amendment removes the expiration for certificates of TDRs. Section 14-204 of the City's Zoning Code sets forth the process for transfer, receipt, and use of TDRs. Specifically, Section 14-204.4 sets forth the process for sending development rights and for the issuance of a certificate of TDR. Separately, Sections 14-204.5 through 14-204.7 set forth the process for use of TDRs at receiver sites. While there are valid reasons for having approvals on receiver sites expire after a certain period of time, if the City Commission wishes for certificates of TDR to be transferrable in the open market, they should not have an expiration date, as the conditions for their sending do not change. Accordingly, the proposed text amendment amends Section 14-204.9 to eliminate the two (2) year expiration date for certificates of TDR while keeping the expiration date for approvals on the use of TDRs on a particular receiving site.

Historical Determination Letters. The other proposed text amendment is to provide additional transparency for historic designation determinations. Currently in Section 8-107, whenever a demolition permit or preliminary development proposal are received, the Historic Preservation Officer must review and provide a determination if the affected structure(s) are eligible for designation as a local historic landmark. If the Historic Designation Officer does not require further review by the Historic Preservation Board, then he/she will issue a determination to the applicant. The proposed amendment will require both an online publication of the historical determination letters so that interested community members may be notified, and a clarification that anyone that appeals a determination can then prepare their own designation report for public hearing.

Staff comments:

The proposed text amendments to the Zoning Code both removes the expiration of unused transfer of development rights (TDRs) and provides additional transparency and revisions to the process of historical determination letters. The removal of the unused TDRs expiration improves the transfer of development rights (TDRs) process, as outlined in Policy HIS-5.1.2. of the Comprehensive Plan to continue the city’s current use and documentation of Transfer of Development Rights to provide for the preservation and protection of historic landmarks, properties or areas. The policy continues with the encouragement to examine other possible amendments to the program that provides for additional incentives to promote historic and cultural preservation. The second text amendment to require an online posting of historical determination letters is consistent with the Property Rights Element of the Comprehensive Plan; specifically fulfilling Objective PRP-1.2. to provide transparency in the decision-making processes and procedures so that all people may reasonably participate in decisions that affect their lives and property. The standards identified in Section 14-212.5 for the proposed Zoning text amendment are **satisfied**.
