Exhibit G

Rick Scott
GOVERNOR

FLORIDA DEPARTMENT of ECONOMIC OPPORTUNITY

Jesse Panuccio
EXECUTIVE DIRECTOR

CITY OF CORAL GABLES
PLANNING DEPARTMENT
2015 MAY 13 PM 3:38

May 8, 2015

The Honorable Jim Cason
Mayor, City of Coral Gables
405 Biltmore Way, Second Floor
Coral Gables, Florida 33134

Dear Mayor Cason:

The Department of Economic Opportunity has completed its review of the proposed comprehensive plan amendment for City of Coral Gables (Amendment No. 15-1ESR), which was received on April 14, 2015. We have reviewed the proposed amendment pursuant to Sections 163.3184(2) and (3), Florida Statutes (F.S.), and identified no comments related to important state resources and facilities within the Department of Economic Opportunity's authorized scope of review that will be adversely impacted by the amendment if adopted.

We are, however, providing a technical assistance comment consistent with Section 163.3168(3), F.S. The technical assistance comment will not form the basis of a challenge. The comment is technical in nature and designed to ensure consistency with the provisions of Chapter 163, F.S.

Technical Assistance Comment: The modification to existing Policy FLU-1.1.3., does not establish a density and intensity standard in the comprehensive plan for the MVPAD and instead creates a process allowing the density and intensity for the MVPAD to be established outside the comprehensive plan. The MVPAD, in effect, establishes a process for exemption to the density, intensity and height standards set out in the comprehensive plan and allows the City to set density, intensity and height through changes in the land development regulations without following the required plan amendment process. Also, if the City amended the MVPAD it would be allowing exemptions and amendments to the comprehensive plan that would not meet the required amendment process set out in Section 163.3184, Florida Statues, which is the only way a comprehensive plan can be amended. It is recommended that the City adopt a density and intensity standard for the MVPD into the comprehensive plan.

Florida Department of Economic Opportunity | Caldwell Building | 107 E. Madison Street | Tallahassee, FL 32399
866.FLA.2345 | 850.245.7105 | 850.921.3223 Fax
www.floridajobs.org | www.twitter.com/FLDEO | www.facebook.com/FLDEO

An equal opportunity employer/program. Auxiliary aids and services are available upon request to individuals with disabilities. All voice telephone numbers on this document may be reached by persons using TTY/TDD equipment via the Florida Relay Service at 711.

The City is reminded that pursuant to Section 163.3184(3)(b), F.S., other reviewing agencies have the authority to provide comments directly to the City. If other reviewing agencies provide comments, we recommend the City consider appropriate changes to the amendment based on those comments. If unresolved, such reviewing agency comments could form the basis for a challenge to the amendment after adoption.

The City should act by choosing to adopt, adopt with changes, or not adopt the proposed amendment. Also, please note that Section 163.3184(3)(c)1, F.S., provides that if the second public hearing is not held within 180 days of your receipt of agency comments, the amendment shall be deemed withdrawn unless extended by agreement with notice to the Department of Economic Opportunity and any affected party that provided comment on the amendment. For your assistance, we have enclosed the procedures for adoption and transmittal of the comprehensive plan amendment.

If you have any questions concerning this review, please contact Roger Wilburn, at (850) 717-8463, or by email at roger.wilburn@deo.myflordia.com.

Sincerely,

Ana Richmond, Chief
Bureau of Community Planning

AR/rw

Enclosure(s): Procedures for Adoption

cc: Mr. Ramon Trias, AIA, AICP,LEED, Planning and Zoning Director, City of Coral Gables
Mr. Jim Murley, Executive Director, South Florida Regional Planning Council

SUBMITTAL OF ADOPTED COMPREHENSIVE PLAN AMENDMENTS

FOR EXPEDITED STATE REVIEW

Section 163.3184(3), Florida Statutes

NUMBER OF COPIES TO BE SUBMITTED: Please submit three complete copies of all comprehensive plan materials, of which one complete paper copy and two complete electronic copies on CD ROM in Portable Document Format (PDF) to the State Land Planning Agency and one copy to each entity below that provided timely comments to the local government: the appropriate Regional Planning Council; Water Management District; Department of Transportation; Department of Environmental Protection; Department of State; the appropriate county (municipal amendments only); the Florida Fish and Wildlife Conservation Commission and the Department of Agriculture and Consumer Services (county plan amendments only); and the Department of Education (amendments relating to public schools); and for certain local governments, the appropriate military installation and any other local government or governmental agency that has filed a written request.

SUBMITTAL LETTER: Please include the following information in the cover letter transmitting the adopted amendment:

_____ State Land Planning Agency identification number for adopted amendment package;

_____ Summary description of the adoption package, including any amendments proposed but not adopted;

_____ Identify if concurrency has been rescinded and indicate for which public facilities. (Transportation, schools, recreation and open space).

_____ Ordinance number and adoption date;

_____ Certification that the adopted amendment(s) has been submitted to all parties that provided timely comments to the local government;

_____ Name, title, address, telephone, FAX number and e-mail address of local government contact;

_____ Letter signed by the chief elected official or the person designated by the local government.

ADOPTION AMENDMENT PACKAGE: Please include the following information in the amendment package:

_____ In the case of text amendments, changes should be shown in strike-through/underline format.

_____ In the case of future land use map amendments, an adopted future land use map, **in color format,** clearly depicting the parcel, its future land use designation, and its adopted designation.

_____ A copy of any data and analyses the local government deems appropriate.

Note: If the local government is relying on previously submitted data and analysis, no additional data and analysis is required;

_____ Copy of the executed ordinance adopting the comprehensive plan amendment(s);

Suggested effective date language for the adoption ordinance for expedited review:

> The effective date of this plan amendment, if the amendment is not timely challenged, shall be 31 days after the state land planning agency notifies the local government that the plan amendment package is complete. If timely challenged, this amendment shall become effective on the date the state land planning agency or the Administration Commission enters a final order determining this adopted amendment to be in compliance. No development orders, development permits, or land uses dependent on this amendment may be issued or commence before it has become effective. If a final order of noncompliance is issued by the Administration Commission, this amendment may nevertheless be made effective by adoption of a resolution affirming its effective status, a copy of which resolution shall be sent to the state land planning agency.

_____ List of additional changes made in the adopted amendment that the State Land Planning Agency did not previously review;

_____ List of findings of the local governing body, if any, that were not included in the ordinance and which provided the basis of the adoption or determination not to adopt the proposed amendment;

_____ Statement indicating the relationship of the additional changes not previously reviewed by the State Land Planning Agency in response to the comment letter from the State Land Planning Agency.

Subject: Comments for the City of Coral Gables Text Amendments to the Comprehensive Plan For Mediterranean Village (FDEO Amendment No. 15-1ESR)

Dear Mr. Trias:

The Florida Department of Transportation, District Six, completed a review of the proposed text amendments to the City's Comprehensive Plan for Mediterranean Village, FDEO Amendment No. 15-1ESR. The proposed amendment will modify building height and development intensities for Commercial High-Rise, Commercial Mid-Rise, and Commercial Low-Rise for a 6.72-acre project known as Mediterranean Village, which is located in the Gables Redevelopment Infill District.

The District has reviewed the amendment package per Chapter 163 Florida Statutes and has found no impacts to transportation resources and facilities of state importance.

Please contact me at 305-470-5445 if you have any questions concerning our response.

Sincerely,

Ken Jeffries

SOUTH FLORIDA WATER MANAGEMENT DISTRICT

April 27, 2015

Mr. Ramon Trias
Planning and Zoning Director
City of Coral Gables
P.O. Box 141549
Coral Gables, FL 33114-1549

Subject: City of Coral Gables, DEO #15-1ER
Comments on Proposed Comprehensive Plan Amendment Package

Dear Mr. Trias:

The South Florida Water Management District (District) has completed its review of the proposed amendment package submitted by the City of Coral Gables (City). The amendment package consists of Future Land Use Element Text and Map amendments related to the Mediterranean Village Project. The District offers the following technical guidance regarding Regional Water Supply Planning:

- The City is required to revise its Water Supply Facilities Work Plan (Work Plan) within 18 months after adoption of the Lower East Coast (LEC) Water Supply Plan Update by the District Governing Board. The District's Governing Board adopted the LEC Water Supply Plan Update on September 12, 2013. Therefore, the City's Work Plan should have been adopted by March 12, 2015. The City will need to include updated population and water demand projections for the identified planning period. The Work Plan must also identify any water supply projects needed to meet projected water demands. Further information on updating Work Plans is available at: www.sfwmd.gov/work_plan_support.

The District offers its technical assistance to the City and the Department of Economic Opportunity in developing sound, sustainable solutions to meet the City's future water supply needs and to protect the region's water resources. Please forward a copy of adopted amendments to the District.

For assistance or additional information, please contact Terry Manning, Planning and Policy Analyst, at (561) 682-6779 or tmanning@sfwmd.gov.

Sincerely,

Dean Powell
Water Supply Bureau Chief

Dear Megan:

Thank you for the opportunity to review and provide comments for the proposed Coral Gables Comprehensive Plan Text Amendments proposed by the Mediterranean Village Project. Though the City of Miami has no objections to the proposed Project, staff has the following comments for consideration:

1. Consider placing a maximum cap on the residential density, DU/A, allowed within the land use designations for Policy FLU-1.1.3., Table FLU-2

In the case of this PAD, the maximum F.A.R. of 3.0, or 3.5 for intensity and density calculations will not be regulated by FAR, but by the approved Mediterranean Village PAD Plan. Though the Residential use shall only be permitted as part of a mixed-use development, the regulation that no single use, Residential, may comprise more than eighty-five (85%) percent of the MXD floor area ratio, FAR, per Policy FLU-1.1.5, Table FLU-4., will not apply. The development program currently includes among others 214 Dwelling Units, 15 Town Homes, and 184 Hotel Rooms. These numbers may be updated from time to time within certain parameters. Consider that the maximum residential density should be regulated, controlled, by the Comprehensive Plan, not the PAD.

2. Consider completion of the Traffic Impact Analysis (TIA) and parking study prior to Commission consideration as stated on page 61 of 98.

3. Include the Concurrency Impact Statement, CIS, and School Concurrency letter as part of the package, and not by reference, and "on file with the City and available for review" as stated on page 61 and page 62 of 98.

4. Consider "F", on page 60 of 98 which discusses "The desirability of the proposed PAD to the physical development of the entire community". "The project is designed to set back from the existing single family residence within the project". Staff supports the stated recommendation that "the height of the buildings adjacent to the residence should be reconsidered". The project transitions to the existing single-family neighborhood to the east by a row of townhouses...".

5. Reevaluate the PAD location as it pertains to the Coastal High Hazard Area and the related Storm Surge Zones. Our data identifies that the PAD is impacted by a CAT 5 Storm Surge event. Applicant should address impacts on evacuation times and shelter needs. Please refer to Objective SAF-2.2. of the City's Comprehensive Plan, which states to "Assure that future development or redevelopment maintains or reduces hurricane evacuation times. The City establishes an out-of-county hurricane evacuation time for a category 5 hurricane of 16 hours. Mitigation is permitted to achieve and maintain these standards."

Should you require additional information, please don't hesitate to contact me.
