Application Request.

Request is for tentative plat review and text amendment to the Zoning Code for the property located at 6009 Maggiore Street, as follows:

1. *Resolution of the City Commission of Coral Gables approving the Final Plat entitled "Riviera-Maggiore Subdivision" pursuant to Zoning Code Article 3, Division 9, "Platting/Subdivision", being a re-plat of an approximately 0.35 acre property into two (2) platted lots for residential, single-family use on property assigned Single-Family Residential (SFR) zoning, on the property legally described as the west seventy-three (73) feet of Lots 1-2 and 27-28, Block 122, Riviera Section Part 10 (6009 Maggiore Street), Coral Gables, Florida; providing for an effective date.*
2. *An Ordinance of the City Commission of Coral Gables, Florida providing for a text amendment to the City of Coral Gables Official Zoning Code Appendix A, "Site Specific Regulations", by adding Section A-77.1. "Riviera-Maggiore Subdivision", to indicate Lots 1 and 2 are separate building sites; providing for severability, repealer, codification, and an effective date.*

The proposed tentative plat requires public hearing review by the Planning and Zoning Board, prior to the preparation of the Final Plat which requires City Commission review at one (1) public hearing (Resolution format). The Zoning Code text amendment recording each of the platted lots as separate building sites also requires City Commission review at two (2) public hearings (Ordinance format).

Summary of Application.

“E. Stetson Glines and Mary Jane Wooldridge” (hereinafter referred to as “Applicant”), has submitted an application for “Subdivision Review for a Tentative Plat” (hereinafter referred to as the “Application”) for City of Coral Gables review and public hearing consideration. The application package submitted by the Applicant is provided as Attachment A.

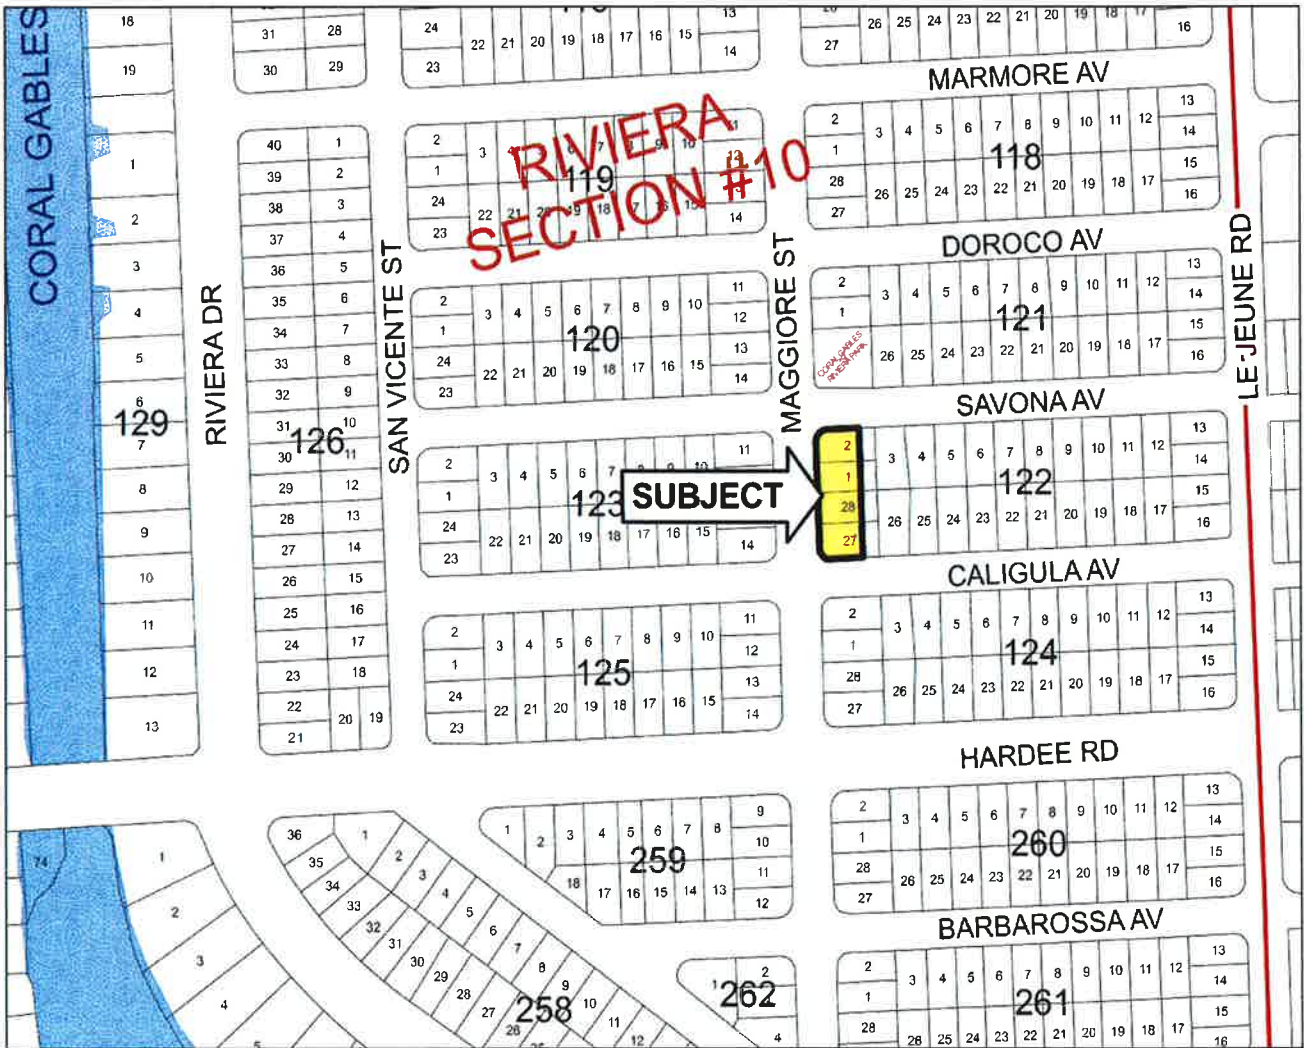

The request is to re-plat an existing 210' x 73' property consisting of four (4) partially platted lots into two (2) fully platted lots, each being 105' x 73' in size. The property consists of the west seventy-three (73) feet portions of four (4) platted lots. The proposed two (2) platted lots would each have the west seventy-three (73) feet portions of two (2) platted lots. The proposed Zoning Code text amendment would fulfill the technical requirement to record each of the platted lots as separate building sites for single family residences in the appendix of the Zoning Code.

A request for the separation of this property into two (2) separate building sites was approved by the City Commission by Ordinance No. 2013-18, adopted on 12.10.13. A copy of Ordinance No. 2013-18 is provided as Attachment B. The conditions of approval of the building site separation are itemized in the ordinance. At the October 9, 2013 Planning and Zoning Board meeting, the Board made no recommendation (vote: 2 yes – 3 no) on the building site separation request, as an affirmative vote of four (4) members of the Board is necessary for the adoption of any motion.

An existing single-family residence and garage structure is located in approximately the center of the property, and would be demolished to allow for the construction of two (2) new single-family residences. The Zoning Code requires that every building site have at least one (1) fully platted lot, and the proposed building sites would consist of only partially platted lots. A re-plat of the property was required as a condition of approval. The Applicant proffered the submittal of a public hearing application for re-platting the property into two (2) fully platted lots at the time the building site separation was requested, and is aware that the re-plat must occur before either new residence can be constructed.

The property is located on the entire west end of a block fronting onto Maggiore Street between Savona Avenue (north) and Caligula Avenue (south) one block north of Hardee Road, and is legally described as the west seventy-three (73) feet of Lots 1-2 and 27-28, Block 122, Riviera Section Part 10 (6009 Maggiore Street), Coral Gables, Florida, as shown in the following location map:

Proposed Tentative Plat

Findings of Fact.

This section of the report presents City Staff's evaluation of the Application and Findings of Facts. The City's responsibility is to review the Application for consistency with the City's Comprehensive Plan (CP) Goals, Objectives and Policies, compliance with the Zoning Code and compliance with other applicable portions of the City Code.

Findings of Fact- Tentative Plat Review

The procedure for reviewing and recommending a tentative plat is contained in Sections 3-901 through 3-904 of the Zoning Code. The Planning and Zoning Board provides a recommendation on tentative plats to the City Commission. The final plat is prepared from the tentative plat, with a final review and approval in resolution form by the City Commission. Administrative review and approval of final plat is required by the Miami-Dade County Subdivision Department prior to the City Commission hearing. The tentative plat is provided in the submitted Application (see Attachment A).

Proposed Zoning Plan

The tentative plat entitled "Riviera-Maggiore Subdivision" proposes re-platting the single platted tract into two (2) platted lots. The property's zoning designation would not change as a result of this re-plat and both platted lots would remain Single Family Residential (SFR). Both Lots 1 and 2 would be deemed to face onto Maggiore Street. All required setbacks for these building sites would apply and remain the same. The single-family structures on the two (2) building sites would be required to meet all provisions of the Zoning Code and all conditions of approval required at the time the property was separated into two (2) building sites as provided in Ordinance No. 2013-18, as adopted on 12.10.13.

Other Reviews

As required by Code, comments were solicited from affected utility companies regarding the tentative plat. No objections were received from Florida Power and Light Company, Miami-Dade Water and Sewer, City Gas or BellSouth concerning this re-plat. Copies of each of the utility companies' review letters are included in the application package provided as Attachment A.

City Staff Review

This tentative plat was submitted for review to the Development Review Committee (DRC) and distributed to City Departments as required in Zoning Code Section 3-902. The Zoning Code requires review and comments be provided by the Public Works Department with Staff's report and recommendation. In a memorandum dated 03.03.14, the Public Works Department stated the Department does not object to the proposed tentative plat, and provides comments stating required letters have been received from utility companies and that review is required by the Miami-Dade County Subdivision Department prior to the City Commission hearing (see Attachment C).

The residences of both building sites would be required to face onto Maggiore Street, which was a condition of approval for the building site separation. Zoning Code Appendix A - Site Specific Regulations would be amended by adding Section A-17.1, "Riviera-Maggiore Subdivision", as follows (underlining denotes additions):

Section A-77.1 – Riviera-Maggiore Subdivision.

Dear Mr. Kay:

The Miami-Dade Water and Sewer Department (WASD) does not object to the replatting of the above referenced property.

Any existing and/or future water connection to be located within private property will require an easement granted to WASD.

In order to update and maintain our records, WASD requests that we be notified of any platting action issued related to this resubdivision. Should you have any questions regarding this matter, do not hesitate to contact me.

Very truly yours,
