## II. COMMUNICATIONS

### Designation of Event Accessibility Coordinator

- Each special event must designate at least one (1) person as the "Accessibility Coordinator," who is responsible for overseeing the accessibility of the event, handling requests from the public for reasonable accommodations related to the event (including the registration process), and ensuring that staff and volunteers are knowledgeable about the event's accessible features and of who to contact if an accommodation request is made on the day of the event.

### Websites and Written Material

- Provide notice on how to request an accommodation on event websites and in registration/information/promotional materials:  
*Sample notice language: Accessibility Notice: The [Name of event] welcomes individuals with disabilities. To request assistance in registering for this event or to request an accommodation to participate in this event, please contact [Name of Accessibility Coordinator, email, telephone] at least [Number] days in advance of the event.*
- If a map or visual representation of the event layout or activities is provided on a website or in printed materials, show the location of accessible routes, accessible restrooms, accessible seating/viewing areas, accessible parking or passenger loading/unloading zones, and the locations of the nearest public transportation stops.

### Registration

- Event personnel should be prepared to assist an individual with disability in registering to participate in the event. For example, if all registration is on-line, but a blind or visually impaired individual is unable to use the event's website, the event personnel should assist the individual to register using an alternative format.
- The Accessibility Coordinator and at least one (1) person responsible for registration and check-in should be knowledgeable about the accessibility options for individuals attending the event.
- An individual with a disability may be assisted by a personal care attendant (no admission or registration fee for the attendant).

### Signage At Event

- Use language that is clear and easy to read.
- Use contrasting colors (e.g., black type on white background).
- Use large font size and no more than 2-3 font types. Provide 1.5-2.0 line spacing.
- Place in visible locations at height of 48-60 inches above the floor.
- If not all areas of the event are accessible, signs can direct individuals to the location of accessible entrances, routes, service locations and restrooms.

### Communication Accommodations for the Deaf and Hard of Hearing

- If a deaf or hard of hearing participant requests communication assistance to attend an event involving a performance or presentation, the event's Accessibility Coordinator should communicate with the requestor in advance to determine the form of assistance needed: sign language (e.g., American Sign Language (ASL), Signed English, Signed Exact English), real-time captioning, note-taker or other.
- If a sign language interpreter will be located on a stage, a reasonable amount of the seating/viewing area directly in front of the interpreter should be reserved for deaf and hard of hearing individuals and at least one (1) companion.
- Video that is part of the special event should be equipped with captions for participants who are deaf or hard of hearing.
- If amplified sound is used, provide assistive listening devices upon request.

### **III. SERVICE ANIMALS**

Service animals should be permitted to accompany individuals with disabilities at the special event. At the City, a service animal is defined as any dog or miniature horse trained to do work or perform tasks for the benefit of an individual with a disability. These tasks may include, but are not limited to, guiding a person who is visually impaired or blind, alerting a person who is deaf or hard of hearing, pulling a wheelchair, assisting with mobility or balance, alerting and protecting a person who is having a seizure, or retrieving objects.

Individuals attending the event must retain control of their service animals at all times and are responsible for any damage to property or persons caused by their service animals. The Permit Applicant may exclude or remove a service animal from the event if the animal is not controlled, if the animal is not housebroken, or if the animal's behavior causes a direct threat to the health and safety of others. The Permit Applicant is not required to take control of service animals or provide food or water for the animals.
