1. APPLICATION REQUEST

The request is for consideration of the following for a project known as “100 Miracle Mile:”

1. Comprehensive Plan Map Amendment
2. Zoning Code Text Amendment
3. Receipt of Transfer of Development Rights (TDRs)
4. Encroachment and Mixed-Use Site Plan (Conditional Use Review)

Proposed project and existing conditions

100 Miracle Mile

The subject site, located within the City’s Central Business District (CBD), and is also within the Zain/Friedman Miracle Mile Downtown (DO) District. The parcel comprised of 11 lots (lots 19-29, Block 3) totaling approximately 29,500 square feet (0.67 acres) in size. It is a through parcel with frontages on Miracle Mile and Andalusia Avenue, bifurcated by an alley, west of Galiano Street as shown in the aerial map below:

Aerial Map

There is an existing 3-story office building fronting Miracle Mile and a surface parking lot along Andalusia Avenue. The Applicant seeks to redevelop and is proposing a mixed-use project containing 130 residential units, ground floor commercial uses of approximately 13,000 square feet, an office use of approximately 4,500 square feet located on the second floor fronting Miracle Mile, and a parking structure with 179 parking spaces including parking lifts. The proposed building height is 16-stories at 163.5 feet of habitable building height with Level 1 Mediterranean Style Design bonus.

The project includes:

1. Project Site is approximately 0.67 acres (29,496 square feet)
2. 16-stories at 163.5 feet (with level 1 med bonus)
3. 130 residential units
4. 13,055 square feet of ground-floor commercial uses
5. 4,236 square feet of office use (2nd floor)
6. 179 parking spaces (including lifts)

The request requires three public hearings, including review and recommendation by the Planning and Zoning Board, and 1st and 2nd Reading before the City Commission. The Ordinances and Resolution under consideration include the following:

1. *An Ordinance of the City Commission of Coral Gables, Florida requesting an amendment to the Future Land Use Map of the City of Coral Gables Comprehensive Plan pursuant to Zoning Code Article 3, "Development Review," Division 15, "Comprehensive Plan Text and Map Amendments," and Small Scale amendment procedures (ss. 163.3187, Florida Statutes), from "Commercial Mid-Rise Intensity" to "Mixed Use" for lots 23-29, Block 3, Crafts Section; and, from "Commercial High-Rise Intensity" to "Mixed Use" for lots 19-22, Block 3, Crafts Section (100 Miracle Mile), Coral Gables, Florida; providing for a repealer provision, severability clause, and providing for an effective date. (LPA review)*
2. *An Ordinance of the City Commission of Coral Gables, Florida providing for a text amendment to the City of Coral Gables Official Zoning Code by amending Appendix A, "Site Specific Zoning Regulations," Section A-36, "Crafts Section," by modifying provisions for height for the property legally described as Lots 19-29, Block 3, Crafts Section (100 Miracle Mile), Coral Gables, Florida; providing for a repealer provision, severability clause, codification, and providing for an effective date.*
3. *An Ordinance of the City Commission of Coral Gables, Florida requesting receipt of Transfer of Development Rights (TDRs) pursuant to Zoning Code Article 3, "Development Review", Division 10, "Transfer of Development Rights", Section 3-1006, "Review and approval of use of TDRs on receiver sites", for the receipt and use of TDRs for the mixed use project referred to as "100 Miracle Mile", on the property legally described as Lots 19-29, Block 3, Crafts Section (100 Miracle Mile), Coral Gables, Florida; including required conditions; providing for a repealer provision, severability clause, and providing for an effective date.*
4. *A Resolution of the City Commission of Coral Gables, Florida requesting an Encroachment Agreement and Mixed-Use Site Plan Review pursuant to Zoning Code Article 4, "Zoning Districts," Division 2, "Overlay and Special Purpose Districts," Section 4-201, "Mixed Use District (MXD)," for the proposed project referred to as "100 Miracle Mile" on the property legally described as Lots 19-29, Block 3, Crafts Section (100 Miracle Mile), Coral Gables, Florida; including required conditions; providing for a repealer provision, severability clause, and providing for an effective date.*

Summary of Application.

Poncecat Miracle Mile, LLC (hereinafter referred to as "Applicant"), has submitted an application (hereinafter referred to as the "Application") for review of the following: 1.) Small Scale Comprehensive Plan Map Amendment by changing the Future Land Use from "Commercial Mid-Rise Intensity" to "Mixed Use" for lots 23-29, Block 3, Crafts Section, and, from "Commercial High-Rise Intensity" to "Mixed Use" for lots 19-22, Block 3, Crafts Section; 2.) Zoning Code Text Amendment modifying provisions for height amending Site Specifics to allow 16-stories inclusive of level one (1) Mediterranean Bonus where only 14-stories is allowed; 3.) Receipt of Transfer of Development Rights (TDRs); and, 4.) Encroachment and Mixed-Use Site Plan (Conditional Use Review) for consideration at public hearings pursuant to and in accordance with the City of Coral Gables Zoning Code. The application package submitted by the Applicant is provided in Attachment A.

Application Requests

1. Future Land Use Map Amendment

A comparison of the property's existing Future Land Use Map designations and the Applicant's requested designation is shown on the following mapping:

The property has a dual Land Use Designation. The northern portion fronting Miracle Mile (Lots 19-22) is designated Commercial High-Rise Intensity while the southern portion fronting Andalusia Avenue (Lots 23-29) is designated Commercial Mid-Rise Intensity. The Applicant requests changing the Land Use altogether to Mixed Use.

Currently, the subject site contains a 3-story commercial building fronting Miracle Mile, and an at-grade parking lot on the south side fronting Andalusia Avenue. The proposed change in Land Use will allow the Applicant the opportunity to provide for mixed-use development. As stated in the Applicant's intent "this will improve underutilized land currently used as a surface parking lot with high quality mixed-use development" containing 130 residential units, ground floor commercial uses of approximately 13,000 square feet, and an office use of approximately 4,500 square feet. The existing 3-story building fronting Miracle Mile will be renovated and improved with office use, residential units, and residential amenities including a pool. The existing building and the proposed residential tower will be connected by two bridges encroaching over a twenty-foot wide alley.

Findings of Fact- Land Use Map Amendment

Zoning Code Section 3-1506 provides review standards for Comprehensive Plan amendments:

Standard	Staff Evaluation
1. Whether it specifically advances any objective or policy of the Comprehensive Land Use Plan.	The Comprehensive Plan map amendment from Commercial Mid-Rise and Commercial High-Rise to Mixed Use is appropriate for this location near major thoroughfare, employment hubs and commercial centers.
2. Whether it is internally consistent with Comprehensive Land Use Plan.	The proposed Mixed Use land use allows many beneficial aspects of the project as supports the intent of the Downtown Overlay.
3. Its effect on the level of service of public infrastructure.	The proposed map amendment will support enhanced multi-modal activity in the Downtown neighborhood which is a goal of the Comprehensive Plan. There is an opportunity to reduce the traffic on the area by encouraging residents to work where they live, and walk, bike, or use mass transit.
4. Its effect on environmental resources.	The proposed amendments promote urban infill redevelopment on a currently vacant and underutilized land. No significant environmental resources will be impacted.
5. Its effect on the availability of housing that is affordable to people who live or work in the City of Coral Gables.	The proposed amendments will provide additional multi-family housing opportunities in the City with access to frequent transit service and pedestrian access to dining, shopping, and employment opportunities. The project contributes to the provision of additional housing options for people who live, work, and study in the City.
6. Any other effect that the City determines is relevant to the City Commission's decision on the application.	The proposed Comprehensive Map Amendment allows for the construction of mixed-use development with higher-density multi-family housing in an appropriate urban location.

Staff comments:

The project is located within the Central Business District (CBD) and the Zain/Friedman Miracle Mile Downtown Overlay (DO) District. One of the objectives of the Downtown Overlay is to promote and encourage pedestrian activities in Downtown Coral Gables by promoting the concepts of mixed-use development and pedestrian friendly alternatives. The proposed Mixed Use Land Use is appropriate for this location, located along the future designated bike routes on Galiano Street and Andalusia Avenue. This change in land use will facilitate mixed use development, encourage mass transit, and reduce the need for automobile travel. Therefore, development on this site enhances the neighborhood and encourages redevelopment of Downtown Coral Gables.

2. Zoning Code Text Amendment

Under the proposed Mixed Use Land Use, building height is controlled by applicable Zoning Code provisions. The Site Specific Zoning Regulations, Section A-36 Crafts Section, will be used to provide height regulations for this property where thirteen (13) stories or one-hundred-fifty (150) in height whichever is less is allowed plus additional floors and height may be secured through the Coral Gables Mediterranean Style Design bonuses.

The Applicant only secured level 1 Mediterranean bonus. Instead, proposes to amend the Zoning Code in order to achieve the maximum number of floors and building height; shifting away from the Mediterranean style design standards of level 2 bonus program.

The Applicant proposes to change the Site Specific Zoning Regulations for this property to allow 16-stories at 163.5 feet in height under Level 1 Mediterranean bonus where only 14-stories is allowed. The proposed changes are shown below in ~~striketrough~~ / underline format.

Section A-36 Craft Section.

B. Height of buildings.

5. No apartment buildings and/or structures shall be constructed or erected on the following described property to exceed sixteen (16) stories or one hundred sixty three and a half (163.5) feet in height (inclusive of Mediterranean Bonuses):
 - a. Lots 23 through 29, inclusive, Block 3.
6. No commercial buildings and/or structures shall be constructed or erected on the following described property to exceed three (3) stories or forty-five (45) feet in height (inclusive of Mediterranean Bonuses):
 - a. Lots 19 through 22, inclusive, Block 3.

Findings of Fact- Zoning Code Text Amendment

In accordance with Section 3-1405 of the Zoning Code, the Planning and Zoning Board shall not recommend adoption of, and the City Commission shall not adopt, text amendments to these land Zoning Code unless the text amendment:

- i. Promotes the public health, safety, and welfare.
- ii. Does not permit uses the Comprehensive Plan prohibits in the area affected by the district boundary change or text amendment.
- iii. Does not allow densities or intensities in excess of the densities and intensities which are permitted by the future land use categories of the affected property.

- iv. Will not cause a decline in the level of service for public infrastructure which is the subject of a concurrency requirement to a level of service which is less the minimum requirements of the Comprehensive Plan.
- v. Does not directly conflict with an objective or policy of the Comprehensive Plan.

Staff comments:

The existing Site Specific Zoning Regulations for the subject site include a height limit of thirteen (13) stories or one-hundred-fifty (150) in height whichever is less. In addition to what the Site Specific Zoning Regulations allow the Applicant has the option to secure Mediterranean Style Design Standards bonuses and/or incentives with regard to additional floors and height, summarized in the table below:

Standards	FAR	Maximum height
Site Specific	3.0	13 stories or 150 feet
Level 1	0.2	+1 floor/13.5 feet = 14-stories /163.5 feet
Level 2	0.3	+1 or 2 floors/27 feet = 16-stories/190.5 feet

The Applicant opted to secure only level 1 Mediterranean Style Design bonus. The Applicant would have the ability to develop the project as proposed with the number of floors and height (16-stories and 163.5 feet) without amending the Zoning Regulations under level 2 bonus program. In fact the project could go up to 16-stories at 190.5 feet in height with Level 2 Mediterranean Style Design Standards. Therefore, staff recommends DENIAL of this request and suggests the Applicant develop the project according to the current Site Specific Regulations.

3. Receipt of Transfer of Development Rights (TDRs)

The project intends to utilize Transfer of Development Rights (TDRs) as a receiver site in order to secure an additional twenty-five percent (25%) Floor Area Ratio (FAR). Property purchasing or transferring the TDRs (referred to as receiver sites) must be zoned C, Commercial and also located within the CBD. The Zoning Code’s stated purpose for the transfer/sending of unused development rights is to encourage historic preservation and to provide an economic incentive to property owners to designate, protect, enhance and preserve historic properties within the CBD.

Section 3-1005 and 3-1006 of the Zoning Code establishes the requirements for the use of TDRs on receiver sites. Those provisions state that the Planning and Zoning Board and City Commission may recommend conditions of approval that are necessary to ensure compliance with the criteria and standards as specified in the Zoning Code.

The Applicant proposes the following:

- A. *“Use of TDRs on receiver sites. The receiving sites shall be located within the boundaries of the CBD and designated commercial zoning.”*

- B. *“Maximum TDR floor area ratio (FAR) increase on receiver sites. An increase of up to twenty-five percent (25%) of permitted gross FAR and approved Mediterranean architectural style bonuses gross FAR may be permitted”.*

Although the subject site qualifies as a receiver site, since it is zoned Commercial and is located within the CBD, the Applicant has not provided any details of the sending sites and no Certificates of Transfer of Development Rights were provided. Therefore, this request cannot be approved at this time.

Below is the review and approval process of use of TDR’s on receiver sites as set out in Zoning Code Section 3-1006, as follows:

- A. *“An application to transfer development rights to a receiver site shall be reviewed subject to all of the following”:*
1. *“In conformance with any applicable conditions of approval pursuant to the Certificate of TDRs.”*
 2. *“Board of Architects review and approval subject to Article 5, Division 6, Design Review Standards.”*
 3. *“If the receiving site is within five hundred (500) feet of a local historic landmark, Historic Preservation Board review and approval is required to determine if the proposal shall not adversely affect the historic, architectural, or aesthetic character of the property”.*
 4. *“Planning and Zoning Board review and recommendation and City Commission review to determine if the application satisfies all of the following”:*
 - a. *“Applicable site plan review requirements per Article 3, Division 2, General Development Review Procedures and conditional use review requirements per Article 3, Division 4, Conditional Uses”.*
 - b. *“The extent to which the application is consistent with the Zoning Code and City Code otherwise applicable to the subject property or properties, including but not limited to density, bulk, size, area and use, and the reasons why such departures are determined to be in the public interest”.*
 - c. *“The physical design of the proposed site plan and the manner in which the design makes use of adequate provisions for public services, provides adequate control over vehicular traffic, provides for and protects designated common open areas, and furthers the amenities of light and air, recreation and visual enjoyment”.*
 - d. *“The conformity of the proposal with the Goals, Objectives and Policies of the City’s Comprehensive Plan”.*

4. Encroachment and Mixed Use Site Plan

Mixed Use District (MXD) Purpose and Objectives

The purpose of the Mixed Use District is to encourage the construction of residential mixed-use projects that support a pedestrian-friendly environment within urban areas of Coral Gables. The Applicant benefits from the option to construct residential development in urban areas, while the City benefits from mandatory architectural features that enhance the beauty and the walkability of those urban areas.

Mediterranean Architectural Style

The proposed project received preliminary approval of Mediterranean architectural bonuses, Level 1 from the Board of Architects on September 6, 2018.

Site plan information:

Type	Required/Permitted	Proposed
Total site area	Min. 20,000 sq. ft.	29,496 sq. ft. (.67 acres)

Parking Spaces (shared parking)	188	179 with parking lifts
Landscape Open Space Area	2,950 sq. ft. (10%)	3,960 sq. ft. (13%)

Section 4-201 of the Zoning Code states the purpose of the MXD district is as follows:

1. *Provide the method by which tracts of land may be developed as a planned unified project rather than on a lot-by-lot basis as provided for in the City's other regulations.*
2. *Provide for residential uses at higher densities in exchange for public realm improvements.*
3. *Provide maximum design freedom by permitting property owners an opportunity to more fully utilize the physical characteristics of the site through modified development regulations and the planned mixing of uses.*
4. *Require that property within the District will be developed through a unified design providing continuity among the various elements causing a better environment.*
5. *Create a diversity of uses within walking distance, including but not limited to: residential, offices, workplaces, neighborhood commercial, and public open spaces.*
6. *By organizing appropriate building densities, public transit will be further strengthened as an alternative to the use of private vehicles.*
7. *Provide a strong emphasis on aesthetics and architectural design through the use of the regulations and the planned mixing of uses to establish identity, diversity and focus to promote a pedestrian friendly environment.*

Staff comments: The compliance of the Applicant's plans with the MXD requirements and performance standards set out in the Zoning Code have been evaluated and provided in the Zoning Analysis during Development Review Committee meeting.

Site Plan Review Criteria

Section 3-406 of the Zoning Code states that the Planning and Zoning Board shall review applications for conditional use (site plan review) and provide a recommendation to the City Commission whether they should grant approval, grant approval subject to specific conditions or deny the application. The Planning and Zoning Division, Planning and Zoning Board and City Commission may recommend such conditions to an approval that are necessary to ensure compliance with the standards set forth in Section 3-408.

Findings of Fact- Encroachment and Mixed Use Site Plan

The Applicant's plans have been compared to the site plan review criteria set out in Zoning Code Section 3-408 as follows:

- A. *"The proposed conditional use is consistent with and furthers the goals, objectives and policies of the Comprehensive Land Use Plan and furthers the purposes of these regulations and other City ordinances and actions designed to implement the Plan."*

Staff comments: The proposed mixed use project, in context meets with the CP's Goals, Objectives and Policies by encouraging mixed use development in major corridors. However, the proposed number of floors and height can be achieved without amending the Zoning Code Regulations.

Additionally, the proposed maximum FAR is dependent on the approval of the use of TDRs on this site and the Applicant has not started that process. Therefore, staff cannot recommend approval of the Site Plan at this time.

- B. *“The available use to which the property may be put is appropriate to the property that is subject to the proposed conditional use and compatible with existing and planned uses in the area”.*

Staff comments: The subject property is located along a major road and within close proximity to major employment and commercial centers. Therefore, a mix use project is appropriate in this location as it compliments other uses in the surrounding area.

- C. *“The proposed conditional use does not conflict with the needs and character of the neighborhood and the City”.*

Staff comments: The redevelopment of this property as a mixed use project fulfills the objective of the City to attract mixed use developments to the Downtown Overlay and the creation of a pedestrian oriented urban environment. The proposed ground floor commercial uses, office spaces and residential units will provide the economic support for the surrounding commercial and retail uses.

- D. *“The proposed conditional use will not adversely or unreasonably affect the use of other property in the area.”*

Staff comments: The proposed mixed use project is similar and consistent with the development pattern in the area. Adding high-density multi-family use and office spaces into the area will provide additional economic support for the surrounding commercial and retail uses in the Downtown.

- E. *“The proposed use is compatible with the nature, condition and development of adjacent uses, buildings and structures and will not adversely affect the adjacent uses, buildings or structures”.*

Staff comments: The planned redevelopment of this property as a mixed use project is compatible and complies with the intent of the Zoning Code Mixed Use design regulations and Comprehensive Plan Mixed Use District (MXD) provisions. However, the proposed height and massing is not consistent and not allowed in the Site Specifics Regulations.

- F. *“The parcel proposed for development is adequate in size and shape to accommodate all development features.”*

Staff comments: The subject property is larger than the minimum 20,000 square foot size required for an individual mixed use project and those located within a designated Downtown Overlay District.

- G. *“The nature of the proposed development is not detrimental to the health, safety and general welfare of the community.”*

Staff comments: The project site is surrounded and in close proximity to properties with either commercial, multi-family uses or mixed-use, all of which allow for mid-rise development (70'-0" as-of-right, 97'-0" with Mediterranean bonuses) or high-rise development (150'-0" as-of-right, 190'-6" with Mediterranean bonuses). The project's ground floor pedestrian amenities enhance the existing and future uses surrounding the property and within the Downtown Overlay District.

- H. *"The design of the proposed driveways, circulation patterns and parking is well defined to promote vehicular and pedestrian circulation."*

Staff comments: All vehicular parking for the project and service access is within the confines of the building, and is physically separated from pedestrian circulation around the perimeter of the project. The project's ground floor pedestrian amenities enhance the redevelopment of the area. The project will be required to underground all overhead utilities. In addition, the proposal includes public realm improvements (i.e., under and over story landscaping, pedestrian benches, bicycle racks, waste receptacles, etc.) that will provide amenities for pedestrians.

- I. *"The proposed conditional use satisfies the concurrency standards of Article 3, Division 13 and will not adversely burden public facilities, including the traffic-carrying capacities of streets, in an unreasonable or disproportionate manner".*

Staff comments: The project will be required to comply with the City's Concurrency Management program to ensure that there is adequate infrastructure available to support the project. The proposed project was not reviewed for concurrency. As such, staff is recommending continuance until the Applicant received a Concurrency Impact Statement (CIS) to ensure that there is adequate infrastructure available to support the project.

Traffic Study

This property falls within the Gables Redevelopment Infill District (GRID). The City's GRID allows development within its boundaries to move forward regardless of a roadway's level of service (LOS). The City does, however, require all developments within the GRID that increase intensity/density to complete a Traffic Impact Analysis report and provide appropriate traffic mitigation to help offset the impacts. A Traffic Generation Statement prepared by David Plummer & Associates, dated December 3, 2018, is provided on attachment B. All traffic issues identified in the City review process must be satisfied and provided on the Applicant's plans prior to approval by the City Commission.

Shared Parking Analysis

Shared parking analysis prepared by David Plummer & Associates provided in attached B, states that the 179 parking spaces provided is sufficient to meet the parking demand.

Concurrency Management

This project is required to comply with the City's Concurrency Management program to ensure that there is adequate infrastructure available to support the project.

Public School Concurrency Review

Pursuant to the Educational Element of the City’s Comprehensive Plan, Article 3, Division 13 of the Zoning Code, and State of Florida growth management statute requirements, public school concurrency review is required prior to final Board of Architects review for all applications for development approval in order to identify and address the impacts of new residential development on the levels of service for public school facilities. For a residential development to secure a building permit, adequate school capacity must be available or scheduled to be under actual construction within three years of the final approval. If capacity is not available, the developer, school district and affected local government must work together to find a way to provide capacity before the development can proceed.

Art in Public Places Program

The Applicant is required to satisfy the City’s Art in Public Places program by either providing public art on site, or providing a contribution to the Art in Public Places Fund. The Applicant proposes providing a contribution to the Art in Public Places Fund in compliance with Zoning Code regulations.

Undergrounding of Overhead Utilities

The provisions in Zoning Code Section 4-201, Mixed Use District require that all utilities shall be installed underground pursuant to the direction of the Public Works Department. In accordance with that requirement, all utilities within the public right-of-way adjoining the project site will be installed underground. To assist in a cohesive undergrounding of all utilities, in furtherance of satisfying Zoning Code Article 3, more specifically, Division 2, “Overlay and Special Purpose Districts,” Section 4-201, “Mixed Use District (MXD),” and Article 4, “Zoning Districts,” Division 4, “Conditional Uses,” Section 3-408, “Standards for review,” the Applicant is required to underground all existing overhead utilities.

Consistency Evaluation of the Comprehensive Plan (CP) Goals, Objectives and Policies

This section provides a detailed analysis of the CP providing a basis of consistency, and finds the following CP Goals, Objectives and Policies are consistent:

REF. NO.	COMPREHENSIVE PLAN GOAL, OBJECTIVE AND POLICY	STAFF REVIEW
1.	Goal FLU-1. Protect, strengthen, and enhance the City of Coral Gables as a vibrant community ensuring that its neighborhoods, business opportunities, shopping, employment centers, cultural activities, historic value, desirable housing, open spaces, and natural resources make the City a very desirable place to work, live and play.	Complies
2.	Objective FLU-1.1. Preserve Coral Gables as a “placemaker” where the balance of existing and future uses is maintained to achieve a high quality living environment by encouraging compatible land uses, restoring and protecting the natural environment, and providing facilities and services which meet or exceed the minimum Level of Service (LOS) standards and meet the social and economic needs of the community through the Comprehensive Plan and Future Land Use Classifications and Map (see FLU-1: Future Land Use Map).	Complies

REF. NO.	COMPREHENSIVE PLAN GOAL, OBJECTIVE AND POLICY	STAFF REVIEW
3.	Objective FLU-1.2. Efforts shall continue to be made to control blighting influences, and redevelopment shall continue to be encouraged in areas experiencing deterioration.	Complies
4.	Policy FLU-1.7.2. The City shall continue to enforce the Mediterranean architectural provisions for providing incentives for infill and redevelopment that address, at a minimum, the impact on the following issues: <ul style="list-style-type: none"> • Surrounding land use compatibility. • Historic resources. • Neighborhood Identity. • Public Facilities including roadways. • Intensity/Density of the use. • Access and parking. • Landscaping and buffering. 	Complies
5.	Goal DES-1. Maintain the City as a livable city, attractive in its setting and dynamic in its urban character.	Complies
6.	Objective DES-1.1. Preserve and promote high quality, creative design and site planning that is compatible with the City’s architectural heritage, surrounding development, public spaces and open spaces.	Complies
7.	Policy DES-1.1.5. Promote the development of property that achieves unified civic design and proper relationship between the uses of land both within zoning districts and surrounding districts, by regulating, limiting and determining the location, height, density, bulk and massing, access to light and air, area of yards, open space, vegetation and use of buildings, signs and other structures. Staff Recommendation

The overall concept of the project meets the intent of Comprehensive Plan and the objectives of the Downtown Overlay which is to promote and encourage pedestrian activities in Downtown Coral Gables by promoting the concepts of mixed-use development and pedestrian friendly alternatives.

However, Staff is of the opinion that the project could be developed as proposed without amending the Zoning Code. An alternative process could be:

- a. Develop the project following the Level 2 Mediterranean Style Design Standards or develop the project according to the Site Specific Regulations.
- b. Start the application process of Transfer of Development Rights (TDRs).

The Applicant has made specific requests, as stated on the Statement of Use in Attachment A, and is entitled to be heard by the Planning and Zoning Board. Staff’s review and analysis is based on the Applicant’s specific request. Based upon the complete Findings of Fact contained within this report, staff recommends the following:

1. An Ordinance of the City Commission of Coral Gables, Florida requesting an amendment to the Future Land Use Map of the City of Coral Gables Comprehensive Plan pursuant to Zoning Code Article 3, "Development Review," Division 15, "Comprehensive Plan Text and Map Amendments," and Small Scale amendment procedures (ss. 163.3187, Florida Statutes), from "Commercial Mid-Rise Intensity" to "Mixed Use" for lots 23-29, Block 3, Crafts Section; and, from "Commercial High-Rise Intensity" to "Mixed Use" for lots 19-22, Block 3, Crafts Section (100 Miracle Mile), Coral Gables, Florida; providing for a repealer provision, severability clause, and providing for an effective date. (LPA review)

Staff recommends **Approval**.

2. An Ordinance of the City Commission of Coral Gables, Florida providing for a text amendment to the City of Coral Gables Official Zoning Code by amending Appendix A, "Site Specific Zoning Regulations," Section A-36, "Crafts Section," by modifying provisions for height for the property legally described as Lots 19-29, Block 3, Crafts Section (100 Miracle Mile), Coral Gables, Florida; providing for a repealer provision, severability clause, codification, and providing for an effective date.

Staff recommends **Denial**.

Staff comments: Staff is concerned with modifying the Site Specific Regulations for small areas located in the Downtown Overlay District. Small areas would have unique development standards.

3. An Ordinance of the City Commission of Coral Gables, Florida requesting receipt of Transfer of Development Rights (TDRs) pursuant to Zoning Code Article 3, "Development Review", Division 10, "Transfer of Development Rights", Section 3-1006, "Review and approval of use of TDRs on receiver sites", for the receipt and use of TDRs for the mixed use project referred to as "100 Miracle Mile", on the property legally described as Lots 19-29, Block 3, Crafts Section (100 Miracle Mile), Coral Gables, Florida; including required conditions; providing for a repealer provision, severability clause, and providing for an effective date.

Staff recommends **Continuance**.

Staff comments: The Applicant has not provided any details of the sending sites and no Certificates of Transfer of Development Rights were provided. Applicant needs to provide details of this request and start the process with the Historic Preservation Board.

4. A Resolution of the City Commission of Coral Gables, Florida requesting an Encroachment Agreement and Mixed-Use Site Plan Review pursuant to Zoning Code Article 4, "Zoning Districts," Division 2, "Overlay and Special Purpose Districts," Section 4-201, "Mixed Use District (MXD)," for the proposed project referred to as "100 Miracle Mile" on the property legally described as Lots 19-29, Block 3, Crafts Section (100 Miracle Mile), Coral Gables, Florida; including required conditions; providing for a repealer provision, severability clause, and providing for an effective date.

Staff recommends Continuance.

Staff comments: The TDR process has not been followed, the maximum proposed FAR cannot be achieved until the TDR process is approved. Additionally, proposed number of stories needs to be consistent with Zoning Regulations.

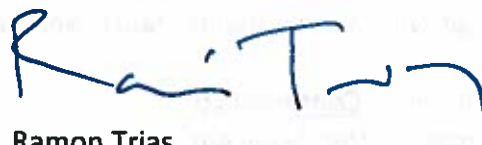

Staff's recommendation may change or may be modified depending on inputs received after discussion during the Planning and Zoning Board meeting.

Division 10. Transfer of Development Rights**Section 3-1001. General procedures for Transfer of Development Rights.**

The following graphic summarizes the review and approval procedures for the Transfer of Development Rights (TDRs).

ARTICLE 3 - DEVELOPMENT REVIEW

Section 3-1002. Purpose and applicability.

The purpose of these provisions is to allow the transfer/sending of unused development rights of:

1. Local historic landmarks to other properties within the approved sending areas of the city to encourage historic preservation and to provide an economic incentive to property owners to designate, protect, enhance and preserve historic properties.
2. Parcels designated for open space conveyed to the City to encourage more open space in the city.

ARTICLE 3 - DEVELOPMENT REVIEW

Section 3-1003. Application.

An application to transfer/send and receive TDRs shall be made in writing upon an application form approved by the City. The application to transfer/send shall be filed with the Historical Resources Department and the application to receive TDRs shall be filed with the Planning Department.

Section 3-1004. Transfer/sending of TDRs and issuance of a Certificate of TDRs.

- A. Transfer/sending of TDRs. The TDRs rights eligible to be transferred from the property calculated as follows: the difference between the existing gross floor area on the property and the maximum floor area permitted on the property by the applicable zoning district, including any available development bonuses.
- B. Transfer/sending of TDRs from a sending site. The Historic Preservation Officer shall have the authority to grant approval to transfer/send TDRs if all of the following are satisfied:
 1. The sending site has been designated as a local historic landmark or a contributing property within a local historic district pursuant to Article 3, Division 11.
 2. The sending site is (i) located within the boundaries of the CBD and designated commercial zoning or (ii) located north of Navarre Avenue, east of LeJeune Road, west of Douglas Road, and south of SW 8th Street, is zoned Commercial or MF2.
 3. The Development Services Department has calculated the unused development rights or TDRs eligible to be transferred from the property per Section 3-1004.A.
 4. The property owner(s) have provided a maintenance/preservation plan prepared by a certified architect or engineer of the State of Florida, which sets forth a maintenance schedule and/or rehabilitation treatment if applicable for those architectural elements that contribute the historic integrity of the property or restoration of original features. Those features are identified by the "Review Guide," a section of the local designation report produced by the Historical Resources Department.
 5. Inspection of the property may be completed by the Historic Resources Department to determine compliance with the above criteria.
 6. Historic Preservation Board review and approval of the maintenance/preservation plan to determine compliance with Article 3, Division 11.
 7. A property must not be subject to any Code Enforcement violations, City-imposed liens, unpaid fines, or overdue assessments or fees. The City Attorney, in consultation with City staff, may waive this requirement through a stipulation providing for correction of the Code Enforcement violation under appropriate conditions and settlement of the amounts due.
- C. Transfer/sending of TDRs to create a city park.

The approval to transfer/send shall be via the issuance of a Certificate of TDRs. The Historic Preservation Officer may recommend conditions of approval that are necessary to ensure compliance with the standards set out herein.

C. Transfer/sending of TDRs to create a city park.

The Parks and Recreation Advisory Board shall review all requests to transfer/send TDRs if all of the following are satisfied:

1. The sending site is identified as a future city park as part of the acquisition of the subject property.

ARTICLE 3 - DEVELOPMENT REVIEW

2. The Development Services Department has calculated the TDRs eligible to be transferred per Section 3-1004.A.
3. The public benefit is demonstrated for the sending site and the potential impacts of the receiver site(s) are studied.
4. Ownership of the sending site is transferred to the City of Coral Gables as part of the application to transfer development rights to the receiver site.

The City Commission shall consider to transfer/send TDRs via Resolution upon the positive recommendation from the Parks and Recreation Advisory Board. The Resolution may include conditions of approval that are necessary to ensure compliance with the standards set out herein.

Section 3-1005. Use of TDRs on receiver sites.

- A. Use of TDRs on receiver sites. The receiving sites shall be (i) located within the boundaries of the CBD and designated Commercial zoning or (ii) located within the boundaries of the North Ponce de Leon Boulevard Mixed Use District and designated Commercial zoning.
- B. Maximum TDR floor area ratio (FAR) increase on receiver sites. An increase of up to twenty-five (25%) percent of permitted gross FAR and approved Mediterranean architectural style bonuses gross FAR may be permitted.

Section 3-1006. Review and approval of use of TDRs on receiver sites.

- A. An application to transfer development rights to a receiver site shall be reviewed subject to all of the following:
 1. In conformance with any applicable conditions of approval pursuant to the Certificate of TDRs.
 2. Board of Architects review and approval subject to Article 5, Division 6, Design Review Standards.
 3. If the receiving site is within five (500) hundred feet of a local historic landmark, Historic Preservation Board review and approval is required to determine if the proposal shall not adversely affect the historic, architectural, or aesthetic character of the property.
 4. Planning and Zoning Board review and recommendation and City Commission review to determine if the application satisfies all of the following:
 - a. Applicable site plan review requirements per Article 3, Division 2, General Development Review Procedures and conditional use review requirements per Article 3, Division 4, Conditional Uses.
 - b. The extent to which the application is consistent with the Zoning Code and City Code otherwise applicable to the subject property or properties, including but not limited to density, bulk, size, area and use, and the reasons why such departures are determined to be in the public interest.
 - c. The physical design of the proposed site plan and the manner in which the design makes use of adequate provisions for public services, provides adequate control over vehicular traffic, provides for and protects designated common open areas, and furthers the amenities of light and air, recreation and visual enjoyment.
 - d. The conformity of the proposal with the Goals, Objectives and Policies of the City's Comprehensive Plan.

ARTICLE 3 - DEVELOPMENT REVIEW

The Planning and Zoning Board and City Commission may recommend conditions of approval that are necessary to ensure compliance with the standards set out herein.

Section 3-1007. Approvals and restrictions.

A Restrictive Covenant shall be required on both the sending and receiving properties outlining any/all applicable conditions of approval pursuant to these provisions. The Restrictive Covenant(s) shall require review and approval by the City Attorney prior to recordation. The applicants shall be responsible for all costs associated herein.

Section 3-1008. TDRs list of local historic landmarks.

The Historical Resources Department shall maintain a list of local historic landmark properties eligible as TDRs transfer/sending sites.

Section 3-1009. Expiration of approvals.

- A. Certificates of TDRs shall be valid for up to two (2) years from date of issuance, in accordance with Section 1-111, Time limitation of approvals.

Division 11. Historic Preservation: Designations and Certificates of Appropriateness

Section 3-1101. Purpose and applicability.

The purpose of the designation of historic landmarks and districts is to promote the educational, cultural, and economic welfare of the public by preserving and protecting historic structures or sites, portions of structures, groups of structures, manmade or natural landscape elements, works of art, or integrated combinations thereof, which serve as visible reminders of the history and cultural heritage of the City, region, state or nation. Furthermore, it is the purpose of this Division to strengthen the economy of the City by stabilizing and improving property values in historic areas and to encourage new buildings and developments that will be harmonious with the existing historic attributes of the City including but not limited to buildings, entrances and fountains. In addition, the provisions of this article will assist the City and property owners to be eligible for federal tax incentives, federal and state grant funds and other potential property tax abatement programs for the purpose of furthering historic preservation activities.

100 Miracle Mile 11/20/2018 Neighborhood Meeting

The neighborhood meeting took place at the office building located at 100 Miracle Mile, which is conveniently located at the proposed development site for the project. Notice of the Neighborhood Meeting was provided by U.S. Mail to property owners within 1,500 feet of the proposed mixed use development located at 100 Miracle Mile, 151 Andalusia Ave & 2414 Galiano Street in the City of Coral Gables, Florida (the “Project”).

There were approximately twenty (20) residents and business owners in attendance throughout the entirety of the Neighborhood Meeting. A sign-in sheet was provided at the meeting but no attendees signed in.

At the beginning of the meeting, Robert Behar (Architect) introduced himself and provided a detailed narrative of the proposed site plan and mixture of uses proposed for the Project. Mr. Behar walked the neighbors through different elements of the Project, including the proposed site plan, parking levels, residential stories and off-site public realm improvements. Mr. Behar also presented the elevations and renderings for the project reflecting the proposed architectural and design features for the Project. Shortly thereafter, Jorge Navarro (Legal Representative) provided information regarding the access and circulation for the Project, including ingress/egress points for the parking garage. Throughout the presentation, various neighbors posed questions regarding the following topics:

- Status of Existing Commercial Tenants at 100 Miracle Mile offices
- Unit Breakdown and Square Footage for residences
- Public Parking and dedicated Commercial Vendor Spaces within Parking Garage
- Trip Generation for Existing Development versus Proposed Development
- Construction Timeline in relation to nearby developments & Potential Street Closures
- Mitigation Plans for Water, Sewer and Drainage

Mr. Navarro (Legal Representative), Mr. Behar and Mr. Alberto Perez (Owner Representative) addressed each of these items and provide additional information relating to these questions. The meeting ended at approximately 6:40pm.
