RICK SCOTT GOVERNOR

2018: Securing Florida's Future

Dear Business Professional:

Congratulations on receiving your license from the Florida Department of Business and Professional Regulation. This milestone moves you closer to achieving your dreams in the Sunshine State. Thank you for your commitment as a licensed business professional and your hard work to provide high quality professional service to Florida families and businesses.

Our goal is to make Florida the global destination for jobs so Floridians can continue to have great opportunities to live their dreams. We have cut taxes more than 80 times, saving Floridians over \$7.5 billion. Since December 2010, Florida businesses have created more than 1.4 million private sector jobs. I am proud that Florida's unemployment rate has reached a more than 10-year low. We will continue to work to make our state more business-friendly by cutting taxes, reducing regulations and keeping the cost of living down so job creators can grow and succeed.

We want your business to grow in Florida and more companies to choose to invest in our state. Florida has a lot to offer to outcompete other states for jobs: our business climate, low taxes, education system, workforce, transportation infrastructure, and even the weather. I encourage you to invite your business partners outside of Florida to consider growing their business in Florida. You can help spread the word about Florida's business friendly environment.

At DBPR, we have eliminated more than two hundred burdensome regulations and significantly reduced the amount of time it takes to obtain a license, allowing licensees to get to work more quickly. That's the way government should work - with efficiency and innovation to help Florida's businesses open their doors.

As we look ahead to the future of Florida, it is important to continue fighting every day to make sure that our children and grandchildren have every opportunity to lead successful lives in the Sunshine State. We are fighting to help secure Florida's future as the best place for families and job creators to succeed.

Again, congratulations on receiving your license. We want Florida to be first for jobs and the best place in the world to raise a family, get a great education, and achieve the American dream. Please let me know your ideas for how we can grow our small businesses and further diversify our economy to invest in the future of our state.

Sincerely,

A handwritten signature in black ink, appearing to read "Rick Scott".

Subject: RE: Watch Party Survey

Hello Fred,

We surveyed the businesses on the Mile which would be affected by the street closure proposed regarding the proposed Watch Party on the Mile. Our biggest concern was how they would be impacted by having another large scale event/street closure on the heels of Carnaval in March.

Almost half of the businesses are closed on Sundays in the summer months and would not be affected by the event. Of the 24 open businesses, half believe the event will have a positive effect. There were only 5 businesses that believe it will have negative effect on their business and their responses were mostly related to lack of parking and outside food vendors. After speaking with the organizers, they have agreed to not bring in outside food vendors to their event. That information has since been shared with the businesses.

After analyzing the survey results and discussing the event with the BID board, there are no objections to the event taking place on the Mile as proposed.

If the event is approved by the city, will there or can there be additional provisions for cleaning, not just the street, but the sidewalks? They expect thousands of people to attend and that could potentially leave the sidewalks in a very dirty condition. This should not fall on the city, Block-by-Block nor the businesses.

Please let me know if you need anything else.

Thanks
Taci

Ok. Thanks. Just so you know, Ernesto came to our office late yesterday and told my staff that you had signed off on it. Which I already knew was not the case. We will pull the item and we will put in on the May 22 agenda

Hi Fred,

Wayne is aware. He came to our Giralda committee this afternoon to present the event with David and Ernesto. David addressed some of the concerns and I'll share with my board when I meet with them tomorrow. I should have more clarity when I speak to my board tomorrow.

FYI, Giralda Committee is in favor of the event taking place on Giralda, they welcome it actually. They still need to apply and go through the process with you but so you are aware.

Thanks

Hello Taci,

Thanks for the update. Can you let Wayne know? They came to us today and were hoping that we could put the item on the agenda, but we can't at this point due to the timing.

Thanks,

Fred

Subject: Watch Party Survey

Hi Fred and Norma,

Attached are the results of the survey. It's hard to make a determination based on these results so I need to talk to my board about this. They are meeting tomorrow.

Of the 23 open businesses, 11 are believe it will have a positive effect, 6 think it will be negative. The remaining: 2 are neutral/unsure and 5 have not responded yet.

I'm concerned with some of the comments that were made and potential effect to the entire Downtown. We only surveyed the Mile because of the limited time, but ultimately this has a larger effect on the entire district, in the same way Carnaval has.

Take a look and let me know if you have questions.

Thanks

L = Length of taper in feet
W = Width of lateral transition in feet
S = Posted speed limit (mph)

DURATION NOTES

1. Temporary white edge line may be omitted for work operations less than 3 consecutive calendar days.
2. For work operations up to approximately 15 minutes, signs, channelizing devices, arrow board, and buffer space may be omitted if all of the following conditions are met:
 - a. Speed limit is 45 mph or less.
 - b. No sight obstructions to vehicles approaching the work area for a distance equal to the buffer space and the taper length combined.
 - c. Volume and complexity of the roadway has been considered.
 - d. The closed lane is occupied by a Class 5 or larger, medium duty truck(s) with a minimum gross weight vehicle rating (GVWR) of 16,000 lb with high-intensity rotating, flashing, oscillating, or strobe lights mounted above the cab height and operating.
3. For work operations up to 60 minutes, arrow board and buffer space may be omitted if conditions a, b, and c in DURATION NOTE 2 are met, and vehicles in the work area have high-intensity rotating, flashing, oscillating, or strobe lights operating.

GENERAL NOTES

1. Work operations shall be confined to one traffic lane, leaving the adjacent lane open to traffic.
2. On undivided highways the median signs as shown are to be omitted.
3. When work is performed in the median lane on divided highways, the channelizing device plan is inserted and left lane closed and lane ends signs substituted for the right lane closed and lane end signs.

The same applies to undivided highways with the following exceptions:

- a. Work shall be confined within one median lane.
- b. Additional barricades, cones, or drums shall be placed along the centerline abutting the work area and across the trailing end of the work area.

When work on undivided highways occurs across the centerline so as to encroach on both median lanes, the inverted plan is applied to the approach of both roadways.

4. Signs and traffic control devices are to be modified in accordance with INTERMITTENT WORK STOPPAGE details (sheet 2 of 2) when no work is being performed and the highway is open to traffic.
5. The two channelizing devices directly in front of the work area may be omitted provided vehicles in the work area have high-intensity rotating, flashing, oscillating, or strobe lights operating.
6. When paved shoulders having a width of 8 ft. or more are closed, channelizing devices shall be used to close the shoulder in advance of the merging taper to direct vehicular traffic to remain within the travel way. See Index No. 612 for shoulder taper formulas.
7. When a side road intersects the highway within the TTC zone, additional TTC devices shall be placed in accordance with other applicable TTC indexes.
8. This TCZ plan does not apply when work is being performed in the middle lanes of a six or more lane highway. See Index No. 614.
9. For general TCZ requirements and additional information, refer to Index No. 600.
