Mr. Ramon Trias
Planning Director
City of Coral Gables
427 Biltmore Way, 2nd Floor
Coral Gables, FL 33134

**Re: Planning and Zoning Board Application / Statement of Use / Ponce Park
Residences: 224 and 216 Catalonia Avenue, 3000 Ponce de Leon Boulevard,
203 University Drive, and 225 Malaga Avenue (the "Property")**

Dear Mr. Trias:

On behalf of RC Acquisitions, LLC, and P & J Enterprise Holdings, LLC, (the "Applicants"), we respectfully submit this Statement of Use for consideration by the Planning and Zoning Board in connection with the proposed redevelopment of the Property with a mixed-use project. The Property is identified by the following tax folio numbers: 03-4117-005-7140, 03-4117-005-7160, 03-4117-005-7170, 03-4117-005-7180, and 03-4117-005-7230. The Property also includes the existing 20-foot wide alley. According to the plans provided, the Property is approximately 42,950 square feet (0.99 acres) in size, inclusive of the alley.

As indicated on the City's Future Land Use Map, a copy of which is attached as Exhibit "A", the Property is presently designated Commercial Low-Rise Intensity. As indicated on the City's Zoning Map, a copy of which is attached hereto as Exhibit "B", the Property is designated Commercial (C).

This application includes the following requests: (1) Small-scale Comprehensive Plan Future Land Use Map Amendment to change the designation of the Property to Commercial High-Rise Intensity; (2) Conditional Use approval of a Mixed-Used ("MXD") individual building¹; (3) abandonment and vacation of an alleyway bounded on both sides by the Project² and subdivision

¹ The Applicant seeks a Small-Scale Comprehensive Plan Future Land Use Map Amendment to Commercial High-Rise Intensity. The Applicant only seeks MXD to constitute an individual mixed use building as permitted in the Commercial (C) Zoning District, per Sec. 4-201(A)(7)(e). As the Property is zoned Commercial (C), the Applicant does not seek a land use change to a mixed-use designation.

² This alleyway is not only bound on both sides by the Project, it does not bisect the length of the block, serves no current purpose as it serves no existing back of house, and it is one of the smallest, if not the smallest, alleyways in the City's commercial core. Importantly, the alleyway is being replaced with an even larger pedestrian paseo to promote walkability.

review for a tentative plat to accommodate the curvilinear building footprint; and, (4) transfer of development rights to the Property ("TDRs").³

The proposed development will consist of 80 residential units, approximately 15,671 square feet of retail, 173 parking spaces, a base podium height of 36 feet, stepped back upper podium height of 73 feet and further significantly stepped back overall height of 149 feet for the smaller floorplate of the upper residential floors (the "Project"). The Project also includes an expansive double-height colonnade, midblock pedestrian paseo to replace the underutilized midblock alleyway, natural stone podium façade, LEED building or equivalent, and architectural features consistent with Coral Gables Mediterranean Design architectural standards.

The Applicant has engaged in extensive dialogue with community stakeholders and City staff in order to improve the design of the Project, including hosting numerous community meetings and workshops with neighboring property owners, as well as outreach on an individual basis. As a result of this engagement, the Project has been improved to satisfy the neighbors' requests. These improvements are listed below in order of request by the neighbors:

1. University Drive Right-of-Way: No Vacation and No Floor Area

- a. The Project is **no longer seeking vacation** of the University Drive right-of-way and **no longer seeking use of floor area from the University Drive right-of-way**, at the specific request of neighbors. Notwithstanding, the Applicant is still proffering to improve the same University Drive right-of-way with a public park completely at the direction of the City. This park area will total 21,488 square feet. When taking into account the Project open space, the total area of the improved public space will be 26,404 square feet, larger than Merrick Park across the street from City Hall.

2. Density Reduction from 161 to 80 Units

- a. The residential density of the Project has been **reduced by over half**, from 161 units in the original submission to 80 units in the current submission, at the specific request of the neighbors.

3. From Apartment to Condominium

- a. The residential component of the Project was changed from rental apartments to condominium ownership, at the specific request of the neighbors who felt condominium owners would add to their property values as opposed to transient renters, as well as further reduce traffic as renters would live year-round at the Project.

³ Though the Project does not require a rezoning because this applicant travels under the 2019 Zoning Code designation of Commercial (C), the City has suggested rezoning the Property to MX3 to retain underlying map consistency with the 2021 Zoning Code. On this point, the Applicant defers to the request of the City.

4. Parking Reduction from 276 to 173 Spaces

- a. The parking included in the Project has been reduced from 276 parking spaces to 173 parking spaces, at the specific request of neighbors who objected to “over-parking” the Project. This also allowed for improved massing as further noted below.

5. Height and Massing Reduction

- a. The office component of 44,080 square feet was removed from the proposal in a prior iteration in order to reduce the amount of parking included in the design and improve the overall massing of the Project.
- b. The height of the Project has been reduced from sixteen (16) floors with a maximum height of 190’6” in the original submission, to fifteen (15) floors with a maximum height of 179 feet in the most recent prior submission, and now down to twelve (12) floors with a maximum height of 149 feet. It is important to note that the maximum height is only for the significantly reduced residential floorplate in floors 6 to 12, while the podium level which covers a much larger floorplate only goes to 75 feet. At this height the Project is only the sixth tallest building in the immediate neighborhood fronting “Ponce Circle Park”, and again only for a reduced portion of the Project floorplate. The Project is also now half the height of the main tower at the development immediately to the west on Ponce De Leon which stands at a total height of 297 feet with all architectural features. At half the true height of tallest building across the street, the Project provides a transitional height to the west. Please refer to the massing and height diagrams included in the architectural plans for an illustration of the Project in context with the surrounding neighborhood.
- c. The retail area included in the Project has been reduced from 28,186 square feet to 15,671 square feet to take more of a residential feel, at the specific request of neighbors.

The Project will also include significant public benefits to the City and residents, including various improvements to the offsite public domain and right-of-way. These improvements will improve pedestrian and vehicular safety and provide lush specimen landscaping and maintained at the Applicant’s expense without the benefit of any additional floor area. In fact, the applicant will ultimately dedicate 407 square feet of its private land to the City and build out a park and total open space area of 26,404 square feet.

Comprehensive Plan Map Amendment

The Property has been characterized historically for decades as Commercial. In fact, through various iterations of the City code, the Property was always designated Commercial, without designation any designation to intensity, “low-rise” or otherwise. The Property was only designated as Commercial Low-Rise Intensity with the creation of the current Comprehensive Plan due to the Properties past Commercial, but low-rise uses such as, a gas station, fast food restaurant, and convenience store. This designation based on past uses is out of context for the

neighborhood and has prevented this property from being brought to its best use at the southern gateway to the City on the grand and wide Ponce De Leon Boulevard with the Ponce Park backdrop. The past uses of the Property such as a gas station, fast food restaurant, and convenience store, no longer fit with the current context and character of the neighborhood. The current context and character of the in the adjoining areas justify the requested change to the Comprehensive Plan Map designation of the Property to Commercial High-Rise Intensity in order to create the vibrant mix of uses intended for this part of the City. The Property is now surrounded by higher intensity Comprehensive Plan Map designations, including the parcels to the North, which are designated Commercial High-Rise and Mid-Rise Intensity, the parcels to the South, which are designated Commercial High-Rise Intensity, and the parcels to the East, which are designated Commercial High-Rise Intensity.

Additionally, the Property's Commercial Low-Rise Intensity designation no longer accurately reflects the character of the neighborhood, which has long included high-rise commercial uses, and which now includes high-rise mixed-use development. For example, a site across the street from the Property was occupied by a high-rise office building for decades at sixteen floors, and more recently became the site of The Plaza Coral Gables, with four buildings at over 200 feet, with the tallest standing at 297 feet when including its significant architectural features. To the north is another building which has stood for over 3 decades commonly referred to as the "Regions Building" that stands at over 200 feet. At a proposed height of 149 feet for only the narrowest significantly stepped back upper residential floors, the Project will not only be compatible with the surrounding area, but at 80 units and its current massing, it will be one of the smaller developments built in the last 40 years in this area and will complement and transition both the existing and new conditions in the neighborhood while promoting responsible, mixed-use, and pedestrian-friendly development in the City's commercial core.

Furthermore, we respectfully submit that the proposed amendment to the Comprehensive Plan map complies with the applicable standards set forth in Section 3-1506 of the Coral Gables Zoning Code (the "Zoning Code") as follows:

1. Whether it specifically advances any objective or policy of the Comprehensive Plan.

The proposed amendment advances several objectives and policies of the Comprehensive Plan, including Objective FLU-1.1., which is to preserve Coral Gables as a "placemaker" where the balance of existing and future uses is maintained to achieve a high quality living environment and Policy FLU-1.9.1., which is to encourage balanced mixed-use development in the central business district and adjoining commercial areas to promote pedestrian activity and provide for specific commitments to design excellence and long term economic and cultural vitality. It will also help advance Objective REC-1.1 and Policy REC 1.1.1. by creating an urban open space that will enhance the quality of life and increase the amount of recreational opportunities for the City's residents and visitors.

2. Whether it is internally consistent with the Comprehensive Plan.

The proposed amendment is internally consistent with the Comprehensive Plan, as indicated on the existing Comprehensive Plan Future Land Use Map. The properties directly to the south and east of the Property are both presently designated Commercial High-Rise Intensity, and the property directly to the North of the Property is designated Commercial Mid-Rise Intensity.

Accordingly, changing the Comprehensive Plan Future Land Use Map designation of the Property to Commercial High-Rise Intensity is consistent with the Comprehensive Plan.

3. Its effect on the level of service of public infrastructure.

The proposed amendment will improve the level of service of public infrastructure because it will facilitate the creation of new urban open space in the City and ensure that the City meet or exceed all levels of service standards and, in accordance with Policy CIE-1.2.1., by increasing the amount of urban open space within the required service radius. The Project will also place residents, office users, retail customers, and restaurant patrons on the main route of the Coral Gables trolley service, which connects the Douglas Metrorail Station with the City's Central Business District (the "CBD"). The importance of the trolley service was emphasized by the City's recent decision to extend trolley service to include Saturday. Lastly, the Project is designed with a pedestrian mid-block paseo, which will enhance pedestrian activity by connecting Malaga Avenue and Catalonia Avenue.

4. Its effect on environmental resources.

The proposed amendment will have no negative effect on environmental resources. The Project will feature various environmentally friendly and conscious components, including LEED standard or equivalent construction, a reduction of nuisance traffic by internalizing valet and shared ride operations, bicycle racks to encourage alternative forms of transportation, electric vehicle charging stations to promote sustainability, an increase in public transportation ridership by placing users on the main Coral Gables trolley service route, and an increase in the amount of landscaped open space. Additionally, dozens of trees, many of which are specimen trees, will be planted.

5. Its effect on the availability of housing that is affordable to people who live or work in the City of Coral Gables.

The proposed amendment will help increase the availability of housing that is affordable to people who live or work in the City. By increasing the maximum permitted height on the Property consistent with the surrounding area, the City will ensure that it will be able to provide a supply of housing that addresses the City's needs and provide housing diversity to enhance the City's social and economic growth, while allowing for a slender tower design. The proposed amendment will also support the infill of housing with mixed-use development consistent with Objective HOU-1.5.

6. Any other effect that the City determines is relevant to the City Commission's decision on the application.

The proposed amendment is consistent with various goals, objectives and policies of the Future Land Use, Design, Housing, and Mobility Elements of the Comprehensive Plan and is appropriate in light of recent developments in the surrounding area. Further, it will facilitate the development of the Project, which will advance the City's goals of providing public/open spaces that serve as gathering places in the downtown area, encouraging balanced mixed-use development in the City's commercial areas to promote pedestrian activity, and promoting high quality, creative design and site planning that is compatible with the City's architectural heritage

and surrounding development, all while improving the vehicular and pedestrian safety on this corner.

Conditional Use Approval for MXD Individual Building

We respectfully submit that the proposed mixed-use site plan for individual building complies with the applicable conditional use criteria set forth in Section 3-408 of the Zoning Code as follows:

- A. The proposed conditional use is consistent with and furthers the goals, policies and objectives of the Comprehensive Plan and furthers the purposes of these regulations and other City ordinances and actions designed to implement the Plan.*

The Project is consistent with and furthers the following goals, policies, and objectives of the Comprehensive Plan:

Goal FLU-1. Protect, strengthen, and enhance the City of Coral Gables as a vibrant community ensuring that its neighborhoods, business opportunities, shopping, employment centers, cultural activities, historic value, desirable housing, open spaces, and natural resources make the City a very desirable place to work, live and play.

The Project will help to protect, strengthen, and enhance the City of Coral Gables as a vibrant community and make the City a desirable place to work, live, and play. The Project incorporates these three aspects by including a mix of residential, retail, and office uses. Lush specimen landscaping interspersed with welcoming pedestrian hardscapes that create a sense of place for the community to gather for passive recreation will enhance the aesthetic quality of the area.

Objective FLU-1.9. Encourage sound innovation in the development standards of the City's Zoning Code which provides a continuing process to respond to community needs.

The Project includes the proposed abandonment and vacation of the 20-foot wide alley that presently bisects the Property. Instead of the alley, the Project will provide a midblock pedestrian paseo connecting Catalonia Avenue and Malaga Avenue in order to increase walkability and access.

Policy FLU-1.9.1. Encourage balanced mixed use development in the central business district and adjoining commercial areas to promote pedestrian activity and provide for specific commitments to design excellence and long term economic and cultural vitality.

The Project will represent a true mixed-use development in the commercial area just outside the boundary of the central commercial district. It will be pedestrian oriented with a sweeping pedestrian passageway through the middle of the Property. The Project will also provide a significant amount of open space. Further, the Project is located on the major transit corridor of Ponce de Leon Boulevard, which connects to Coral Gables Trolley transporting residents and visitors from Miracle Mile to the Metrorail Douglas Station.

Goal DES-1. Maintain the City as a livable city, attractive in its setting and dynamic in its urban character.

The Project will not only maintain the City as a livable city, but will make it even more livable, attractive in its setting, and dynamic in its urban character by turning an underutilized site into a first class mixed-use development with vast public open spaces within the City's urban core. It will help make the City a desirable destination for residents and visitors to work, live, and play.

Objective DES-1.1. Preserve and promote high quality, creative design and site planning that is compatible with the City's architectural heritage, surrounding development, public spaces and open spaces.

The Project will feature high quality, creative design and site planning that is compatible with the City's architectural heritage, surrounding development, public spaces, and open spaces in compliance with the Coral Gables Mediterranean style design standards. The Project will also feature vertical step backs and planter breaks, vertical breaks, and covered arcade public open space, in addition to a significant amount of landscaped open space.

Policy DES-1.1.1. Promote and support George Merrick's vision consistent with the established historic and cultural fabric of the City.

The Project has been designed in a manner that is consistent with George Merrick's vision and with the established historic and cultural fabric of the City. The Project is inspired, in part, by Coral Gables City Hall with similar features, including the rotunda parti, cantilevered capital, and vaulted/coffered arcade. The Project will also feature a perforated cast limestone façade inspired by the limestone featured on many of the City's historic sites and has been designed to provide for architectural elements focused to a pedestrian scale.

Goal HOU-1. Provide a supply of housing that addresses the City's needs that shall include a variety of housing opportunities for all income ranges, provide housing diversity to enhance the City's social and economic growth and continue to be a distinctive, diverse, attractive and desirable place to live.

As a true mixed-use development, the Project will provide a space within the City's urban core to live, work, and play. The Project will create housing opportunities for various income ranges by offering different size units from studio to four bedroom. This wide variety of units will help to enhance the City's social and economic growth by providing housing for those who work and play in Coral Gables and make the City a more attractive and desirable place to live.

Objective HOU-1.5. Support the infill of housing in association with mixed use development.

The Project promises appropriate redevelopment and infill of housing with mixed-use development in the City's urbanized area in a manner that is compatible with George Merrick's vision. It will also provide commercial services in addition to housing near the City's employment center, thereby reducing the need to drive.

Policy HOU-1.5.2. Encourage residential mixed use as a means of increasing housing supply within the Downtown/Central Business District/Mixed Use Development Overlay Area, thereby promoting increase in commercial and retail activity, increased use of transit, reduction of auto dependency, in association with minimizing visual and physical impacts of nearby lower density areas.

Although the Property is not located within the boundaries of the Central Business District or the Mixed Use Development Overlay Area, it is located within the adjoining commercial area to the Central Business District and across from The Plaza Coral Gables Planned Area Development. The Project will enhance the ability of both residents and visitors to walk to destinations and to live, work, and play within the same area. The Project will promote an increase in commercial and retail activity, encourage use of public transit and alternative modes of travel (specifically the Coral Gables Trolley), and reduce vehicular traffic due to its location on a transit route.

Goal REC-1. The City of Coral Gables recreation system will serve the residents with neighborhood parks and open spaces that offer both passive and active recreation activities and facilities; that are linked together with a network of sidewalks, pathways and bike lanes; and provide public/open spaces that serve as gathering places in the downtown area.

As further described below, the Project will transform a hazardous and underutilized intersection into a public open space that is linked together with the City's network of sidewalks, pathways, and bike lanes and that will serve as a gathering place in the downtown area.

Objective REC-1.1. Provide quality recreation programs and adequate provision of recreation facilities to meet the needs of residents.

The Recreation and Open Space element of the City's Comprehensive Plan sets forth certain level of service standards for Urban Open Spaces, which are defined as those designated areas which are between 0 and .25 acres and typically contain landscaped areas but have very limited or no facilities or other improvements. These sites serve to preserve the aesthetic quality of an area or to intersperse congested urban environments with aesthetically pleasing buffer areas. The Project will further this objective by creating publicly accessible open spaces with landscaped areas and help the City maintain a high standard of aesthetic quality.

Policy REC-1.1.8. Maintain and enhance landscaped open spaces for passive recreation in the Central Business District and in appropriate areas throughout the City.

The Project includes a landscaped open space for passive recreation just outside the boundaries of the Central Business District, which will be maintained by the Applicants.

B. The available use to which the property may be put is appropriate to the property that is subject to the proposed conditional use and compatible with existing and planned uses in the area.

The proposed residential, retail, and office uses are appropriate to the Property and compatible with both existing and planned uses in the area, which is characterized by multifamily

residential development, retail uses, and office spaces, including The Plaza Coral Gables which is located directly East of the Property and the Central Business District which is to the North of the Property.

C. The proposed conditional use does not conflict with the needs and character of the neighborhood and the City.

The proposed conditional use creates a diversity of uses within walking distance, including residential, offices, neighborhood commercial, and public open spaces, consistent with the purpose of the MXD regulations. The Property is surrounded by mixed-use developments, including The Plaza Coral Gables, 100 Miracle Mile and 33 Alhambra. The Project provides landmark opportunities, including physically defined urban passageways, parks, and public open spaces to provide places for social activity which will serve and meet the needs of both the neighborhood and the City.

D. The proposed conditional use will not adversely or unreasonably affect the use of other property in the area.

The Project will not adversely or unreasonably affect the use of other property in the area. Rather, the Project will complement and enhance the use of other property in the area because it will increase the choices available for transportation, including pedestrian circulation opportunities, integrate public gathering areas, and provide for an increased range of housing types and workplace opportunities.

E. The proposed use is compatible with the nature, condition and development of adjacent uses, buildings and structures and will not adversely affect the adjacent uses, buildings or structures.

The Project is compatible with the nature, condition, and development of adjacent uses, buildings, and structures in scale and size in its immediate vicinity. The Project utilizes a variety of architectural attributes and street level amenities to create a sense of place and ensure functional areas. Furthermore, the proposed uses are complementary in nature to the existing adjacent uses and will help to create a truly mixed-use urban environment.

F. The parcel proposed for development is adequate in size and shape to accommodate all development features.

The size and shape of the Property are more than adequate to accommodate the Project's development features. The Property has been carefully designed in a manner that honors George Merrick's vision with traditional Mediterranean design and promotes a pedestrian friendly environment with lush public open spaces and covered arcades. Additionally, the sweeping crescent design and pedestrian arcade along the Project's eastern side mimics the original design of the Property's underlying plat. It is important to note that, over the years, this intersection has been redesigned in a manner that is inconsistent with the original plat, and the existing triangular median has made the intersection more, rather than less, dangerous.

G. The nature of the proposed development is not detrimental to the health, safety and general welfare of the community.

Well-planned and thoughtful moderate density can help reduce our reliance on cars and actually improve the health, safety, and general welfare of the City's residents. Not only will the Project create a more walkable, livable City, but it will also provide lush landscaped open space for public gatherings and relaxation. In fact, one of the purposes of the MXD regulations is to provide for residential uses at higher densities in exchange for public realm improvements. The Project proposes various public realm improvements, including covered arcades for both residents, office tenants, and customers.

H. The design of the proposed driveways, circulation patterns and parking is well defined to promote vehicular and pedestrian circulation.

The Project has been designed in a manner that promotes vehicular and pedestrian circulation with a separate entrance to the parking garage and a midblock pedestrian paseo connecting Catalonia Avenue and Malaga Avenue in order to increase walkability and avoid traffic congestion.

I. The proposed conditional use satisfies the concurrency standards of Article 3, Division 13 and will not adversely burden public facilities, including the traffic-carrying capacities of streets, in an unreasonable or disproportionate manner.

As indicated in the traffic report submitted herewith, the Project will satisfy the applicable concurrency standards and will not adversely burden public facilities, including the traffic-carrying capacities of streets.

Abandonment and Vacation

We respectfully submit that the requested abandonment and vacation of the 20-foot wide alley complies with the applicable standards set forth in Section 3-1203 of the Zoning Code as follows:

A. The non-fee property interest sought to be abandoned:

1. Does not provide a benefit to the public health, safety, welfare, or convenience, in that:
 - a. It is not being used by the City for any of its intended purposes.

The alleyway is not only bound on both sides by the Project, it does not bisect the length of the block, serves no current purpose as it serves no existing back of house, and it is one of the smallest, if not the smallest, alleyways in the City's commercial core. In fact, from an aerial view one cannot decipher the alleyway from the vacant surface lots currently used for parking. **Importantly, the alleyway is being replaced with an even larger pedestrian paseo to promote walkability.**

In general, alleys have a limited level of utility in today's modern cities. Traditionally, alleys had been used to hide the more utilitarian, less attractive functions of urban life, including service access, garbage cans, and telephone equipment, but recent changes have contributed to the demise of the alley. Today, the benefits of urban life have been embraced, including walkability

and compact mixed-use development, and pedestrian paseos are promoted instead of the traditional alleyway to serve the community's needs.

In this case, the existing alley is not being used by the City for any of its intended purposes. The Applicants will work closely with its architect and City staff to ensure that all needs are met by the proposed driveway to the garage, loading area, and pedestrian paseo to replace the form and function of the existing alley.

- b. The Comprehensive Plan, special purpose plan, or capital improvement program does not anticipate its use; or

There is no plan or program that anticipates the use of the alley.

- 2. Provides some benefit to the public health, safety, welfare, or convenience, but the overall benefit anticipated to result from the abandonment outweighs the specific benefit derived from the non-fee property interest, in that:
 - a. The vacation or abandonment will not frustrate any comprehensive plan, special purpose plan, or capital improvement program of the City;

As mentioned above, not only will the vacation and abandonment of the alley not frustrate any comprehensive plan, special purpose plan, or capital improvement program of the City, but it will be more consistent with such plans and programs.

- b. The vacation or abandonment will not interfere with any planning effort of the City that is underway at the time of the application but is not yet completed; and

To the Applicants' knowledge, the vacation and abandonment of the alley will not interfere with any planning effort of the City that is presently underway but not yet completed.

- B. The vacation or abandonment will provide a material public benefit in terms of promoting the desired development and improves the City's long-term fiscal condition and the applicant provides beneficial mitigation in the form of a proffered mitigation plan which mitigates the loss of real property, the increase in the intensity of use and/or impacts on the public health, safety and welfare including increased parking and traffic.

As explained above, the requested vacation and abandonment will provide a material public benefit to the City. The alley will be replaced with a mid-block paseo, which will improve pedestrian movement and safety.

Replatting and Public Works Comments

The replatting of the Property will allow for the property line and new tract to follow the curvilinear façade of the Project. This adjustment of the property line will result from the dedication of 1,725 square feet of the Property from the Applicant to the City and a vacation of 1,318 square feet of University Drive right-of-way from the City to the Applicant. **This dedication and vacation will result in a net gain of land to the City of 407 square feet.** The Applicant made a

commitment to the community to not use any of the University Drive right-of-way in its floor area ratio calculations. As such, the Applicant proffers that for purposes of floor area calculations that its building site be determined to include the vacation of the 20-foot alley of 3,002 square feet and the square footage of its pre-dedication privately owned land of 39,948 square feet, for a total building site area for purposes of floor area calculation of 42,950 square feet. For reference please see enclosed Tentative Plat Survey (the "Tentative Plat") and separate Boundary and Topographic Survey, both dated January 26, 2022, by Fortin, Leavy, Skiles, Inc.

Public Works comments of January 22, 2021, state the Tentative Plat meets the minimum technical requirements from their review. The Tentative Plat enclosed herein maintains the same exact Tract A and merely removes Tract B as requested by City Planning Department staff. Since the City will not be vacating the University Drive right-of-way as contemplated the majority of the Public Works comments are no longer applicable to the Project. Notwithstanding, Public Works has reserved the right to review based on the final site plan approved by the City and the Applicant will work with Public Works in this review.

Regarding Public Work's utility comments, the enclosed application was updated to include a utility clearance letter from FP&L. As part of our Public Works application for street and alley vacation, the applicant obtained clearance letters from all telecommunication utilities registered with the City of Coral Gables. Pursuant to the enclosed email of March 17, 2020, from the City of Coral Gables Department of Public works, Crown Castle, Fibernet Direct, and XO Communications were not listed as registered utilities. Further, Fibernet Direct was acquired by Crown Castle and XO Communications was acquired by Verizon. As such, Fibernet Direct and Crown Castle are legacy entities that no longer exist and no longer provide clearance letters. For those reasons, there are no such clearance letters from Crown Castle, Fibernet Direct, and XO Communications.

Regarding sewer upgrade discussions, the Applicant is analyzing two options. The first option is a gravity sewer main and the second is a private pump station. For the gravity sewer the Applicant continues to analyze recovery costs from nearby future development into the upgraded system, as well as, potential delays from offsite conflicts, excavation and exploration. For the private pump station, the Applicant continues to analyze initial costs and future costs related to maintenance packages per year due to normal wear and tear. Both of these options are also impacted by the significant reduction in unit density for the Project. As such, the Applicant continues to analyze the best course of action in regards to sewer upgrades and will continue to coordinate with the City based on the approved site plan.

Transfer of Development Rights

The TDRs that the Applicants are seeking to utilize for the Project were created as the result of the Dispute Resolution Agreement entered into between Mundomed, S.A., South High Cliff Corp., and the City of Coral Gables, dated May 2, 2017, recorded in Official Records Book 30586, at Page 3354, in the Official Records of Miami-Dade County, Florida, a copy of which is attached hereto as Exhibit "C" (the "Agreement"). The Agreement did not involve a local historic landmark or a contributing property within a local historic district, thus no sending site review is required, as confirmed by City Staff. Rather, the Agreement involved certain real property which the City rezoned to a less intensive use.

Pursuant to the Agreement, the owner of the property agreed not to oppose or challenge the rezoning in exchange for 50,000 square feet of TDRs which may be transferred to and utilized in any Commercial zoned areas of the City which do not abut and are not adjacent to either (i) South Dixie Highway or (ii) properties zoned SFR (Single Family Residential). Pursuant to the Agreement, the filing of the TDR application is subject to approval by the City Commission. At its meeting on Tuesday, August 27, 2019, the Coral Gables City Commission granted initial approval to file an application to receive TDRs on the Property for the Project. It is important to note that only 37,581 SF of the 50,000 SF of TDRs available pursuant to the Agreement are requested to be transferred. According to the Agreement, the TDRs may also be converted from intensity to density at a rate of 1,000 SF of TDRs per unit. The Applicants intend to transfer approximately 37,581 square feet of the available TDRs for floor area.

Thank you for your attention to this matter, and we look forward to working with the City on this exciting project. Should you have any questions or require additional information, please do not hesitate to contact me at (305) 350-2404.

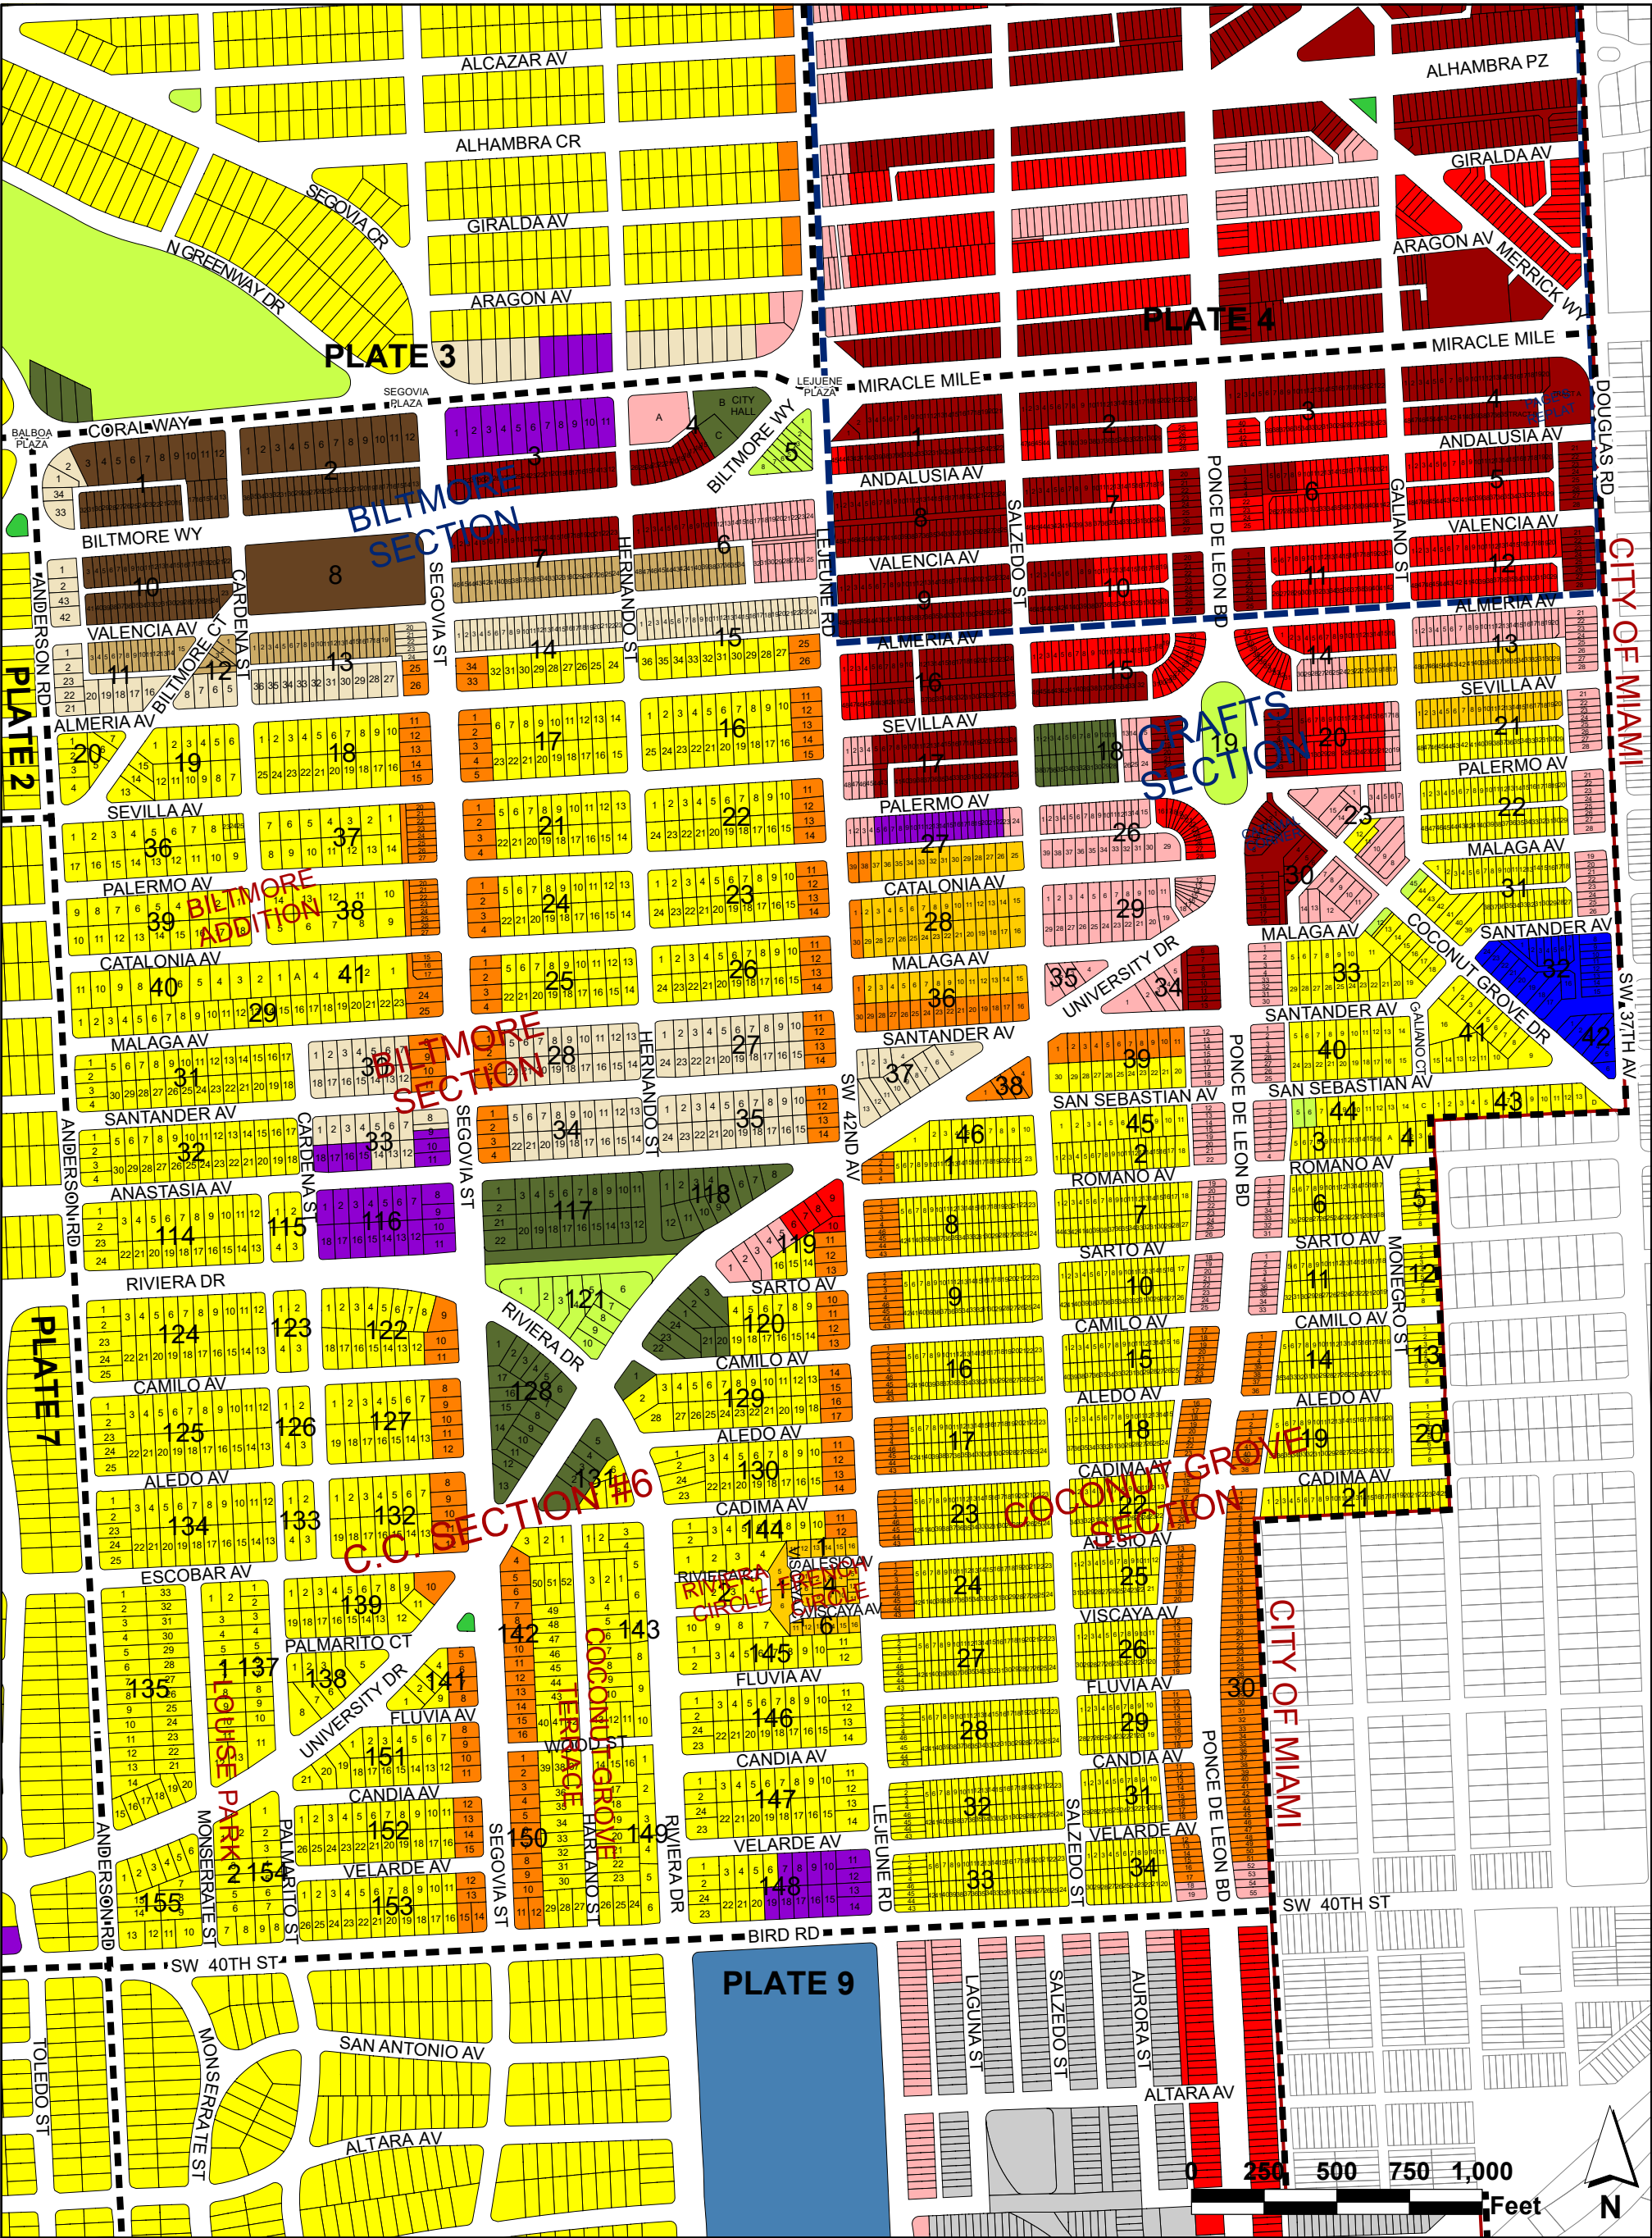

Sincerely,

Anthony De Yurre

DISPUTE RESOLUTION AGREEMENT

This Dispute Resolution Agreement (hereinafter, the "Agreement"), is made and entered into by and among MUNDOMED S.A., a Dominican Republic corporation, and SOUTH HIGH CLIFF CORP., a Panama corporation (collectively, hereinafter the "Owners") and the CITY OF CORAL GABLES, a Florida municipality (hereinafter the "City") (collectively, the "Parties").

WITNESSETH:

WHEREAS, the Owners own certain real property identified by Miami-Dade County Property Tax Folio Identification Nos. 03-5107-001-0040 and 03-5107-001-0030, legally described as:

Lot 3 of Avocado Land Co. according to the plat thereof recorded at Plat Book 2, Page 44, in the Public Records of Miami-Dade County, Florida (hereinafter the "Property"); and

WHEREAS, the Property is currently zoned as Single-Family Residential District pursuant to the City of Coral Gables Zoning Map; and

WHEREAS, the City intends to change the Property's zoning district to Preservation District; and

WHEREAS, Article 3, Division 17 of the City of Coral Gables Zoning Code ("Division 17") entitled, "Protection of Landowners' Rights; Relief from Inordinate Burdens," is intended to protect landowners' rights and provide relief from inordinate burdens; and

WHEREAS, pursuant to Section 3-1702(B) of the City of Coral Gables Zoning Code, City Staff may initiate this procedure and file an application at any time in order to settle a pending dispute or litigation; and

WHEREAS, pursuant to Section 3-1701 of the City of Coral Gables Zoning Code, the City may agree to a settlement to mitigate the burden where a party to a settlement agrees in the settlement to bear a disproportionate burden of a government use that benefits the public; and

WHEREAS, pursuant to Section 3-1703(A) of the City of Coral Gables Zoning Code, if the City demonstrates that a settlement would avoid, mitigate, or remedy an unfair, disproportionate, or inordinate burden to a property owner, the City Commission may grant appropriate relief; and

WHEREAS, pursuant to Section 3-1703(B) of the city of Coral Gables Zoning Code, the decision to grant such relief rests in the sound discretion of the City Commission in the exercise of its inherent sovereign powers to settle legitimate disputes; and

WHEREAS, pursuant to Section 3-1703(B) of the City of Coral Gables Zoning Code, the City's policy is to fashion a proposal for resolving a dispute based on a considered balance of the following factors: (1) the degree of burden suffered by the applicant or property owners; (2) the nature and significance of the public interest that is served by the application of the regulation to the property; and (3) the likelihood of litigation, and its likely cost, the City's potential exposure, the uncertainty of the outcome, the timetable for resolving disputes, and whether there is a perceived need for a judicial determination of the issues raised by the application; and

WHEREAS, pursuant to Section 3-1703(B) of the City of Coral Gables Zoning Code, all relief granted pursuant to Division 17 is conditioned upon the execution of a release of all claims that may arise from or relate to the application of the land development regulations that allegedly created the unfair, disproportionate or inordinate burden; and

WHEREAS, the Bert J. Harris, Jr. Private Property Protection Act (the "Bert J. Harris Act") as codified in Section 70.001 of the Florida Statutes defines the term "inordinately burden" to include the use of real property such that the property owner is unable to obtain reasonable, investment-backed expectations for the use of the subject property; and

WHEREAS, Owners allege that the City's rezoning of the Property from Single-Family Residential District to Preservation District would disproportionately and inordinately burden the Owners' property rights in violation of Division 17 of the City of Coral Gables Zoning Code and the Bert J. Harris Act as codified in Section 70.001 of the Florida Statutes; and

WHEREAS, Owners have agreed, as part of the settlement, to not oppose or challenge the rezoning of the Property to the Special Use or Preservation District designation and to convey the Property to the City for use as open space and preservation area, which is of substantial public benefit, and which results in a limitation to development on the property, which is also resolved as part of this settlement; and

WHEREAS, the City Commission finds sufficient evidence in the record to justify a settlement pursuant to Division 17 of the City of Coral Gables Zoning Code and the Bert J. Harris Act as codified in Section 70.001 of the Florida Statutes; and

WHEREAS, pursuant to Division 17 of the City of Coral Gables Zoning Code and the Bert J. Harris Act as codified in Section 70.001 of the Florida Statutes, the Parties wish to enter into a dispute resolution agreement; and

WHEREAS, on March 28, 2017, the City Commission reviewed and approved this Agreement in this substantial form, after public hearing, pursuant to Section 3-1705 of the City of Coral Gables Zoning Code; and

WHEREAS, the Parties have reached an agreement as to their dispute and they desire to fully and finally resolve any and all claims against each other and their respective agents, employees, officers, elected and appointed officials, independent contractors, and representatives concerning, relating to, or in any way arising out of their dispute, and entered into this Agreement to completely settle and depose of all claims or disputes of whatever kind or nature, including, but not limited to, the Bert J. Harris Act claim, any takings or property rights claim, any petitions for certiorari, or any other matter regarding the subject matter of this Agreement whether actually asserted by Owners, or as may have been asserted, whether known or unknown, against the City; and

WHEREAS, this Agreement between the Parties shall fully resolve all of Owners' claims pursuant to Division 17 of the City of Coral Gables Zoning Code and the Bert J. Harris Act as codified in Section 70.001 of the Florida Statutes, which were, or could have been noticed, plead, or initiated, and any other matters described and/or defined herein.

NOW, THEREFORE, in consideration of the mutual promises contained herein, it is agreed between the Parties as follows:

1. The foregoing recitals are true and correct and incorporated herein as if fully set forth.
2. The Parties and all signatories hereto represent and warrant that they have full authorization and legal authority to establish the legally binding rights, obligations, and duties as expressed herein or contemplated hereby.
3. Owners hereby agree not to oppose or challenge the rezoning of the Property from Single Family Residential to Preservation District or Special Use or the redesignation of the Property on the Comprehensive Plan Land Use Map from Residential Single-Family Low Density to Parks and Recreation, Open Space, or Conservation Areas.
4. The City hereby agrees, pursuant to Section 3-1703(A)(2) of the Zoning Code, that Owners are entitled to 50,000 square feet of transferable development rights ("TDRs"), which may be transferred to and utilized in either the Central Business District or the North Ponce Mixed Use Corridor pursuant to and subject to the TDR process and approval criteria provided for in Division 10 of Article 3 of the Zoning Code. The TDRs may also be utilized in other Commercial and Industrial Zoned areas of the City, which do not abut and are not adjacent to either (i) South Dixie Highway or (ii) properties zoned SFR (Single Family Residential), with the filing of the TDR application being subject to the absolute discretion of the City Commission. Upon the approval of the filing of such TDR application, the City Commission shall utilize utilizing the process and criteria set forth in Division 10 of Article 3 of the Zoning Code. Alternatively and subject to the TDR process and approval criteria provided for in Division 10 of Article 3 of the Zoning Code, the TDRs may be used to

transfer density units at a ratio of 1,000 square feet being equivalent to 1 density unit. Any floor area utilized to transfer density units shall be deducted from the 50,000 square feet of TDRs.

5. Owners shall convey the Property to the City of Coral Gables within 90 days of the approval of this Agreement. Said timeframe may be extended administratively by the City Manager at his/her discretion.
6. The Parties understand and agree that no Party admits liability of any sort by reason of the above incidents, acts, casualties, actions, events, representations, omissions, conduct, or interpretation.
7. As required by Section 3-1703(E) of the Coral Gables Zoning Code, Owners hereby release the City of Coral Gables, including its agents, employees, officers, elected and appointed officials, independent contractors, and representatives for any claims concerning, relating to, or in any way arising out of their dispute, including, but not limited to, the Bert J. Harris Act claim, any takings or property rights claim, any petition for certiorari, or any matter regarding the subject matter of this Agreement, whether actually asserted by Owners, or as may have been asserted, and whether known or unknown.
8. The Parties warrant and represent that they have not sold, assigned, transferred, conveyed, or otherwise disposed of any of the claims, demand, obligations, or causes of action referred to in this Agreement. Further, the Parties recognize that this matter is solely unique to the circumstances arising from any potential claims pursuant to the Bert J. Harris Act and/or Division 17 of the City of Coral Gables Zoning Code, and Owners may not assign, transfer, convey, or otherwise dispose of their obligations under this Agreement.
9. The Parties declare and represent that they were not induced to enter into this Agreement by any representations respecting the nature and extent of any damages, legal liability, or financial responsibility made by any Party or their representatives.
10. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
11. The Parties acknowledge that this Agreement constitutes the entire Agreement entered into by the Parties. The Parties further acknowledge that they have read it and understand it; that the terms and conditions of this Agreement were arrived at in arm's-length negotiations between the Parties with all Parties provided the opportunity to seek the advice of legal counsel; that each Party's legal counsel did or could have reviewed this Agreement; and that each of the Parties have given due and full consideration to the legal position of the other in regard to the provisions contained herein.

12. This Agreement sets forth the entire Agreement and understanding among the Parties relating in any way to the subject matter contained herein and merges all prior discussions between Owners and the City. This Agreement may be amended or modified by written instrument signed by both Parties.
13. As established in Section 3-1706 of the Coral Gables Zoning Code, this Agreement shall not become effective until the Agreement is executed by the City Manager, ratified by the City Commission, and executed by an authorized representative of the Owners.
14. Any notice required or permitted to be given under this Agreement shall be in writing and shall be deemed to have been given if delivered by hand, sent by a recognized courier (such as FedEx) or mailed by certified or registered mail, return receipt requested, in a postage prepaid envelope and addressed as follows:

15. This Agreement shall be construed, enforced, and interpreted in accordance with the laws of the State of Florida. In the event that an ambiguity or question of intent or interpretation arises, this Agreement shall be construed as if crafted jointly by each of the Parties hereto and no presumptions or burdens of proof shall arise favoring any party by virtue of the authorship of any of the provisions of the Agreement. The Parties jointly conclude that, should this Agreement be challenged by any of the

Parties, venue to bring such challenges shall be proper in Miami-Dade County, Florida.

16. The Parties expressly acknowledge that it is not their intent to create or confer any rights or obligations in or upon any third person or entity under this Agreement. None of the Parties intend to directly or substantially benefit a third party by this Agreement. The Parties agree that there are no third party beneficiaries to this Agreement and that no third party shall be entitled to assert a claim against any of the Parties based upon this Agreement. Nothing herein shall be construed as consent by either of the Parties to be sued by third parties in any manner arising out of this Agreement, or other obligations, whether known or unknown to the Parties.
17. For breach of any provision of this Agreement, the Parties shall provide notice, a reasonable time to cure, and will have such remedies and rights as are available at law or in equity.
18. The waiver by any Party of a breach of any provision of this Agreement by any other Party shall not operate or be interpreted as a waiver of any later breach of that provision or any other provision.
19. The Parties agree that if any provision of this Agreement is held to be invalid, illegal or unenforceable, either legislatively or judicially, that provision will be severed from the Agreement and the remainder of this Agreement shall not be effected thereby and will continue to be valid and enforceable to the fullest extent permitted by law, unless such determination of invalidity shall deprive any party of the substantial benefit of this bargain.
20. The term Owners shall include the Owners, their heirs, successors, and assigns.

WHEREFORE, on the effective date as established in paragraph 13 and Section 3-1706 of the Zoning Code, the Parties and signatories hereto acknowledge this Agreement and represent and warrant their authority to enter into this Agreement and do so jointly and severally for all purposes specified.

Identifying proper care and attention of trees should be a priority in the planning of the City of San Jose. The City should be able to identify and protect the trees that are most important to the community.

polymers should have the same molecular weight as the monomer, regardless of the size of the monomer.

For N_1 for a fixed j see Proposition 5.5.5. It is also easy to see that N_1 is finite.

These results show that the model is able to capture the main features of the data.

The immediately visible effect of the new rule was an increase in the number of plans and the number of companies that had a financial officer overseeing

Salmonella enteritidis was the most common serotype isolated from the 111 cases, but other serotypes such as typhimurium, dublin, saint-paul, and saint-paul:4 were also present. The authors also noted that the prevalence of enteritidis was higher in

From these data, we can suggest that the majority of the respondents believe that the most important factor in the decision to start a business is the opportunity to be their own boss.

SURVEYOR'S CERTIFICATION:

With both the *in vitro* and *in vivo* approaches, the *in vivo* data were more sensitive than the *in vitro* data. The *in vivo* data showed the maximum level of inhibition for both *in vivo* systems was 100% at a concentration of 100 μ M. The *in vitro* data showed the maximum level of inhibition for both *in vitro* systems was 100% at a concentration of 100 μ M.

Re: 216 Catalonia Avenue, legally described as Lots 10 & 11, Block 29, Coral Gables Crafts Section according to the plat thereof as recorded in Plat Book 10 Page 40 of the public records of Miami-Dade County, Florida

Dear Property Owners:

Section 3-1107(g) of the Coral Gables Zoning Code states that "All demolition permits for non-designated buildings and/or structures must be approved by the Historic Preservation Officer or designee. The approval is valid for eighteen (18) months from issuance and shall thereafter expire and the approval is deemed void unless the demolition permit has been issued by the Development Services Department. The Historic Preservation Officer may require review by the Historic Preservation Board if the building and/or structure to be demolished is eligible for designation as a local historic landmark or as a contributing building, structure or property within an existing local historic landmark district. This determination of eligibility is preliminary in nature and the final public hearing before the Historic Preservation Board on Local Historic Designation shall be within sixty (60) days from the Historic Preservation Officer determination of "eligibility." Consideration by the Board may be deferred by mutual agreement by the property owner and the Historic Preservation Officer. The Historic Preservation Officer may require the filing of a written application on the forms prepared by the Department and may request additional background information to assist the Board in its consideration of eligibility. Independent analysis by a consultant selected by the City may be required to assist in the review of the application. All fees associated with the analysis shall be the responsibility of the applicant. The types of reviews that could be conducted may include but are not limited to the following: property appraisals; archeological assessments; and historic assessments."

Therefore, please be advised that after careful research and study of our records and the information you presented the following information has been determined:

216 Catalonia Avenue, legally described as Lots 10 & 11, Block 29, Coral Gables Crafts Section according to the plat thereof as recorded in Plat Book 10 Page 40 of the public records of Miami-Dade County, Florida, does not meet the minimum eligibility criteria for designation as a local historic landmark. Therefore, the Historical Resources staff will not require review by the Historic Preservation Board if an application is made for a demolition permit.

Please note that, pursuant to Section 2-705(b)(15) of the Coral Gables Zoning Code, this determination does not constitute a development order and is valid for a period of eighteen (18) months. In the case where the Historic Preservation Officer or designee determines that the property does not meet the minimum eligibility criteria for designation, a permit for the demolition of the property must be issued within the eighteen-month period.

Upon expiration of the eighteen-month period, you will be required to file a new application. Any change from the foregoing may be made upon a demonstration of a change in the material facts upon which this determination was made.

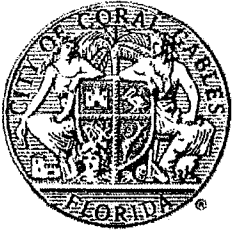

If you have any further questions concerning this matter, please do not hesitate to contact this office.

Sincerely,

CORAL GABLES CONCURRENCY MANAGEMENT

Concurrency Impact Statement

This Concurrency Impact Statement provides specific information on the availability of public services for a proposed project or change in use. Adequate public services must be available as a prerequisite for the approval of any development order (e.g. any approval, permit, etc., allowing development, construction or a change in use).

This statement is associated with a specific development order application and is subject to the final action taken on that application. If a final action is not taken on the development order associated with the statement within six (6) months from the date of issuance, the statement shall expire. The applicant is advised to consult the City to assure that public services will remain after approval of the development order application.

Subject: RE: DRC Application - Ponce Park Tower [IWOV-MIAMI.FID1353509]

Good afternoon Jennifer,

Here is the list currently registered Telecommunications companies:

- AT&T/ New Cingular Wireless
- Atlantic Broadband
- Century Link/Level3 Communications
- Comcast
- MCImetro

We also have two companies in queue applying for renewal of their registration with the City (they do have existing infrastructure within our City boundaries):

- Hotwire
- Verizon/Cellco Partnership

We need letters that state the utilities companies are clear and have no objections; any letter with objections will require resolution between the developer and the utility company before we are able to proceed.

Thank you,

Paul Rodas, P.E.

Please consider this letter as your notification that satisfactory arrangements for installation of electric service have been made in accordance with Ordinance 68-69.

As per our agreement with you, we would appreciate your making these satisfactory arrangements contingent on easement requirements as follows:

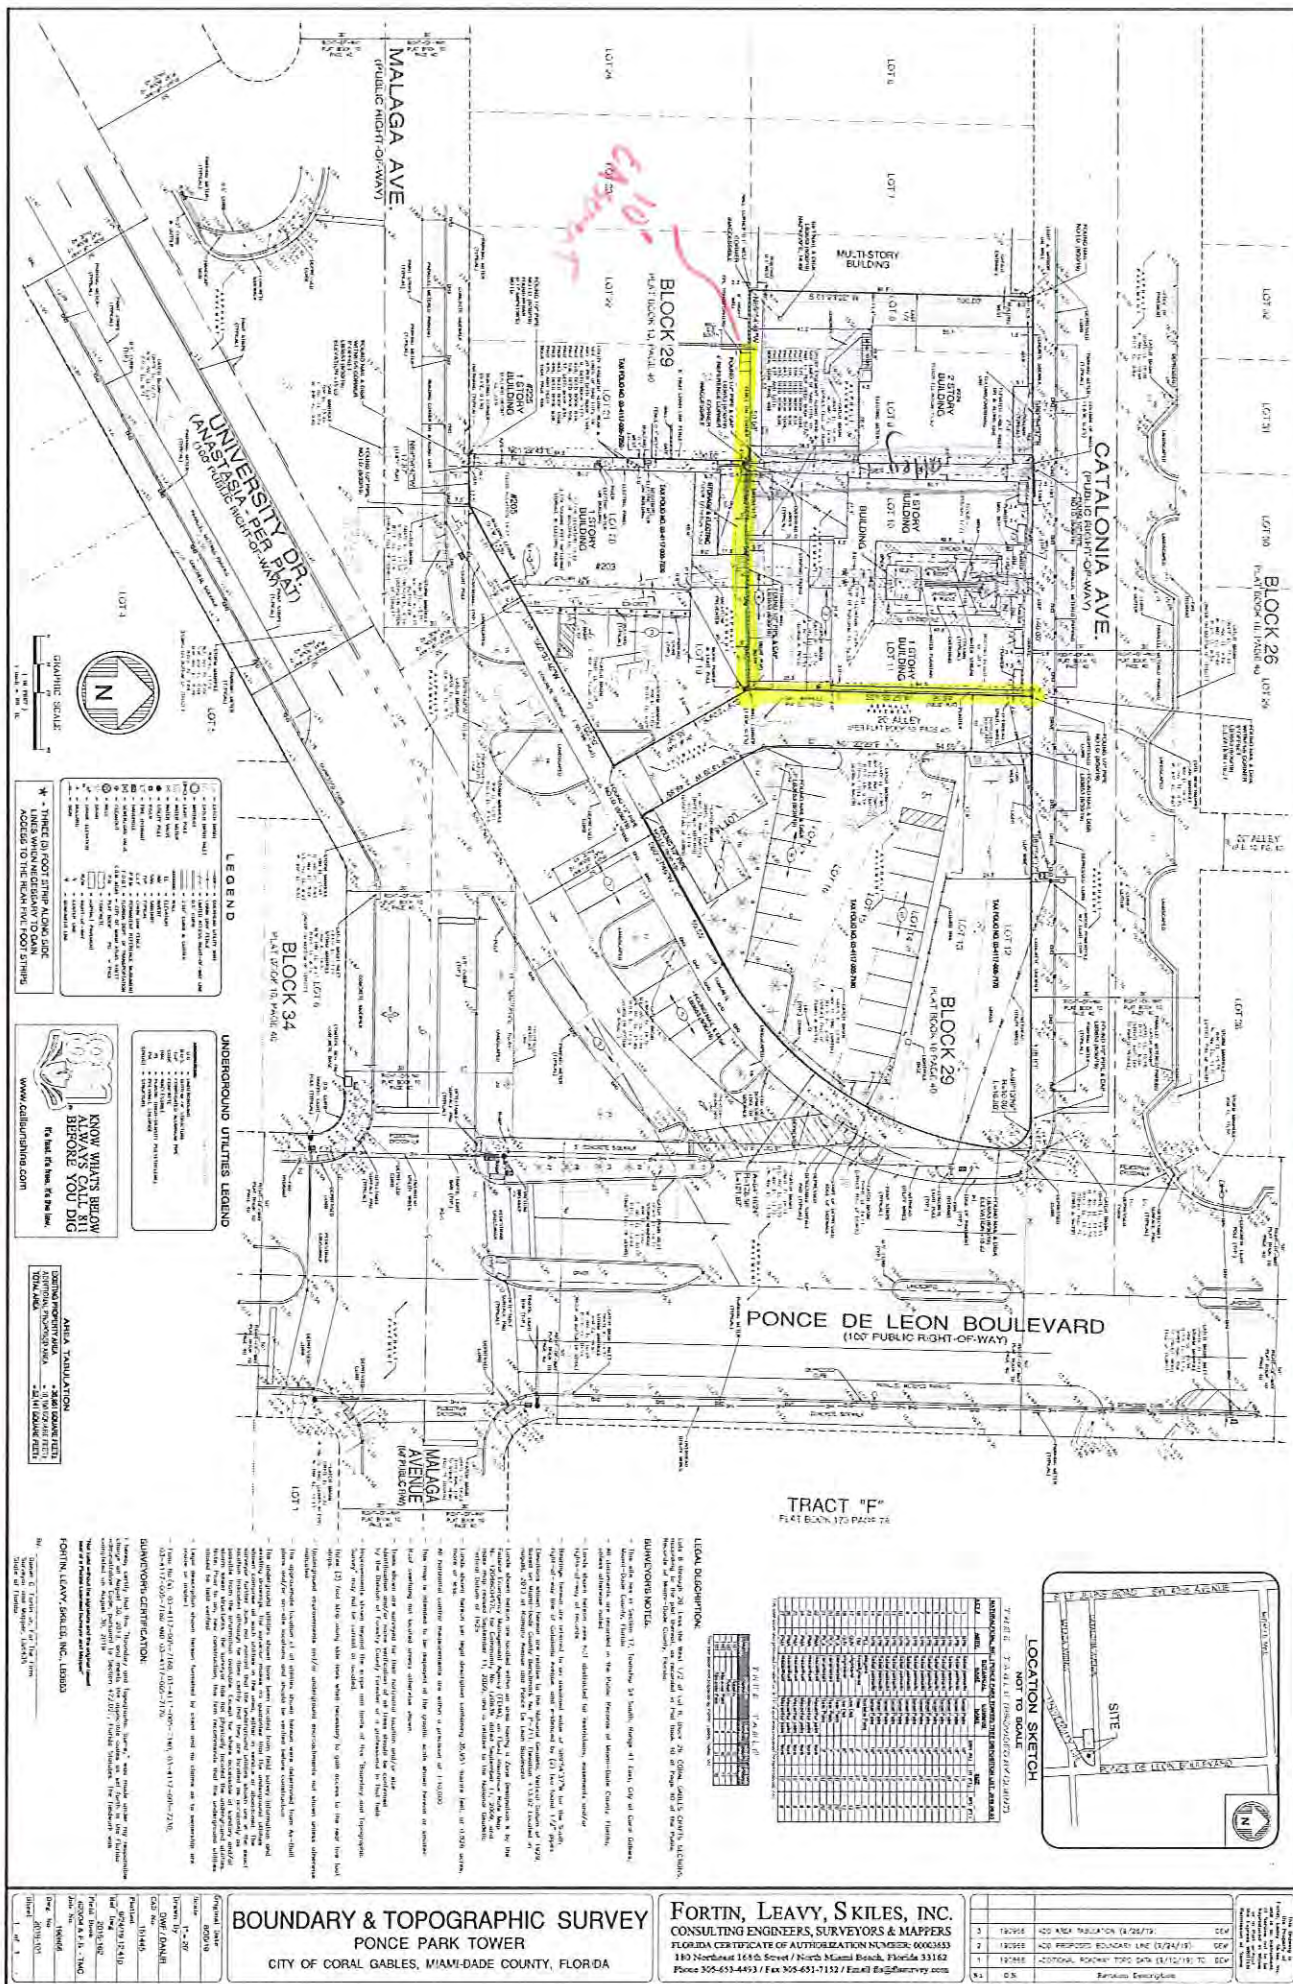

- (X) Easements necessary for electrical facilities marked on the attached copy of the subject tentative plat and a duplicate was sent to owner. An Easement by means of instrument will be granted by the customer for existing and future facilities. Therefore, FPL has no objection to the proposed road closure and no objection to the approval and recording of the plat.
- () No Additional Easements are required at this time for electrical facilities. Any additional Easements required will be obtained by instrument prior to completion of building construction.
- () Easements have been assured verbally by the owner/developer and will be granted prior to completion of the building construction. An Easement by means of instrument will be granted by the customer for existing and future facilities.

In addition, contributions in aid of construction for relocation or installation of underground electrical facilities, whenever applicable, will be collected at a later date and therefore FPL has no objection to this Plat.

If there are any questions or you need further information, please call (305) 377-6029 for assistance.

RE: No Objection Request / The twenty-foot-wide alley, lying in Block 29 OF CORAL GABLES CRAFTS SECTION, according to the Plat thereof, as recorded in Plat Book 10, Page 40 of the Public Records of Miami-Dade County, Florida.

Dear Ms./Mrs. Hersch:

Florida City Gas (FCG) has received your request to vacate the alley located at the aforementioned location.

We regret to inform you that **FCG objects to your alley vacation request**. FCG maintains facilities at this location that exist within the aforementioned alley, as per the enclosed document. The nature of the construction for the proposed aforementioned improvements is a direct conflict with existing FCG facilities. Please be advised if you wish to proceed with the construction of the mentioned improvements, it will be necessary to relocate and or abandon the existing FCG facilities, **completely at your expense**.

Please be advised that you are required to contact Sunshine State One Call of Florida, Inc. (SSOCF) at 811, at least two (2) full business days prior to commencing any excavation.

If you need additional information, please do not hesitate to contact me.

Regards,

Re: Proposed street and alley way abandonment; twenty-foot wide alleyway that runs from Catalonia Avenue to Malaga Avenue and the portion of University Drive between Ponce de Leon Boulevard and Malaga Avenue abandonment for alley way and portion of University Drive, Coral Gables, FL ("Proposed Abandonment").

Dear Ms. Hersch:

Per your request, Cellco Partnership, d/b/a Verizon Wireless and its affiliates ("Verizon") confirm that it has no knowledge of the presence of any existing above ground or below ground facilities located within the portion of a certain property that is part of the Proposed Abandonment, being an alley way approximately 20' wide and a portion of University Drive, located in the City of Coral Gables, Florida, as said property is more particularly described in that certain legal description and sketch attached and incorporated herein as Exhibit "A", drawn by Fortin, Leavy, Skiles, Inc., dated 11.12.19 ("Abandonment Area"). Please note that this letter makes no representations of the presence or location of any facilities owned or controlled by Verizon located outside of the Abandonment Area described herein.

Please feel free to contact me should you have any questions or concerns.

Sincerely,

debtor(s), and to endorse receipt of such payment upon the records in any appropriate public office;

(3) Receive, collect and give all proper acquittance for any other sums of money owing to the FDIC for any Acquired Asset which the attorney-in-fact may sell or dispose of;

(4) Execute any and all transfers and assignments as may be necessary to assign any securities or other choses in action;

(5) Sign, seal, acknowledge and deliver any and all agreements, easements, or conveyances as shall be deemed necessary or proper by the FDIC attorney-in-fact in the care and management of the Acquired Assets;

(6) Sign, seal, acknowledge and deliver indemnity agreements and surety bonds in the name of and on behalf of the FDIC;

(7) Sign receipts for the payment of all rents and profits due or to become due on the Acquired Assets;

(8) Execute, acknowledge and deliver deeds of real property in the name of the FDIC;

(9) Extend, postpone, release and satisfy or take such other action regarding any mortgage lien held in the name of the FDIC;

(10) Execute, acknowledge and deliver in the name of the FDIC a power of attorney wherever necessary or required by law to any attorney-employed by the FDIC;

(11) Foreclose any mortgage or other lien on either real or personal property, wherever located;

(12) Do and perform every act necessary for the use, liquidation or collection of the Acquired Assets held in the name of the FDIC;

(13) Sign, seal, acknowledge and deliver any and all documents as may be necessary to settle any action(s) or claim(s) asserted against the FDIC, either in its Receivership or Corporate capacity, or as Manager of the FSLIC Resolution Fund.

This Power of Attorney shall be effective August 19, 2009, and shall continue in full force and effect through August 18, 2011, unless otherwise terminated by any official of the FDIC authorized to do so by the Board of Directors of the FDIC.

SPECIAL WARRANTY DEED

THIS CORRECTIVE SPECIAL WARRANTY DEED, is made and entered into as of this 25th day of Oct., 2011, by **FEDERAL DEPOSIT INSURANCE CORPORATION** as Receiver for Turnberry Bank, a Federal Savings Bank, (the "Grantor"), whose address is c/o Quantum Partners, 4801 Woodway, Ste. 210W, Houston, TX 77056, and having been appointed Receiver by the Department of the Treasury under Order No. 2010-43, a copy of which is hereby attached as Exhibit "A", accepted the appointment of Receiver in letter attached as Exhibit "B", and acting by and through its attorney-in-fact as designated in the Limited Power of Attorney attached as Exhibit "C" and incorporated herein by this reference; to and in favor of **RC Acquisitions, LLC**, a Delaware limited liability company, (the "Grantee"), whose address is 1201 W. Peachtree Street, Atlanta, GA 30309.

WITNESSETH:

THAT, for and in consideration of the sum of Ten and No/100 Dollars (\$10.00) and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged by the Grantor, the Grantor hereby grants, bargains, sells, aliens, remises, releases, conveys and confirms unto the Grantee all that certain land situate in Miami-Dade County, Florida and more particularly described as follows;

LOTS 12 AND 13, IN BLOCK 29, OF CORAL GABLES CRAFTS SECTION, ACCORDING TO THE PLAT THEREOF AS RECORDED IN PLAT BOOK 10, OF PAGE 40, OF THE PUBLIC RECORDS OF MIAMI-DADE COUNTY, FLORIDA.

TOGETHER with all of the tenements, hereditaments and appurtenances thereto belonging or in anywise appertaining.

TO HAVE AND TO HOLD the same in fee simple forever.

Whereas, the subject Property hereinabove described was acquired by Grantor by that certain Statutory Warranty Deed Recorded on June 28, 2000 in Book 19173 at Page 234 of the Official Public Records of Real Property for Miami-Dade County, State of Florida.

Grantor, for the consideration stated and subject to any reservations from and exceptions to conveyance and warranty stated herein, grants, sells and conveys to Grantee the Property, any and all improvements located thereon and affixed thereto, together with all and singular the rights and appurtenances thereto in any wise belonging, to have and hold the Property unto Grantee, Grantee's successors and assigns forever, subject to (a) the Permitted Encumbrances, as hereinafter defined, and (b) the exceptions, limitations and conditions herein set forth. Grantor binds Grantor and Grantor's successors and assigns to warrant and forever defend the title to the Property to Grantee and Grantee's heirs, executors, administrators, successors and assigns against every person whomsoever lawfully claiming or to claim the same or any part thereof, except as to any reservations from and exceptions to conveyance and warranty herein, when and only when the claim is by, through, or under Grantor but not otherwise.

Except for the limited covenant of warranty stated immediately above, the Property is conveyed: (a) without covenant, representation, or warranty of any kind or nature, express or implied, and (b) subject to the following matters (such matters hereinafter referred to individually and collectively as "Permitted Encumbrances"): (1) easements, rights of way, and prescriptive rights, whether of record or not; licenses and leases, whether written or oral, recorded or unrecorded; all presently recorded restrictions, reservations, covenants, conditions, oil and gas leases, mineral severances; liens, conveyances, and other instruments affecting the Property that have not been created, or do not arise, by, through, or under Grantor; rights of co-owners and co-tenants; rights of adjoining owners in any walls and fences situated on a common boundary; discrepancies, conflicts, and shortages in area or boundary lines; any encroachments or protrusions, or overlapping of improvements; any condition, right, claim, or other matter which would be revealed by a current survey of the Property or which could be discovered by an inspection of the Property; all rights, obligations and other matters emanating from and existing by reason of the creation, establishment, maintenance, and operation of any County Water Improvement District, Municipal Utility District, or similar governmental or quasi-governmental agency; taxes and assessments of whatever kind, type, or nature, assessed, levied, due, or payable for the year or period during which this conveyance takes place and for any subsequent year or period, the payment of which Grantee assumes; taxes, penalties, and assessments for the year in which this conveyance takes place and prior years due to change in land usage, ownership, or omission and/or mistake of assessment, the payment of which Grantee assumes; (2) existing building and zoning ordinances, land use laws and regulations, and environmental regulations; and (3) rights of parties in possession.

BY ACCEPTANCE OF THIS DEED, GRANTEE ACKNOWLEDGES THAT GRANTOR HAS NOT MADE AND DOES NOT MAKE ANY REPRESENTATIONS AS TO THE PHYSICAL CONDITION OF THE PROPERTY, OR ANY OTHER MATTER AFFECTING OR RELATED TO THE PROPERTY (OTHER THAN WARRANTIES OF TITLE AS PROVIDED AND LIMITED HEREIN). GRANTEE EXPRESSLY AGREES THAT TO THE MAXIMUM EXTENT PERMITTED BY LAW, THE PROPERTY IS CONVEYED "AS IS" AND "WITH ALL FAULTS", AND GRANTOR EXPRESSLY DISCLAIMS, AND GRANTEE ACKNOWLEDGES AND ACCEPTS THAT GRANTOR HAS DISCLAIMED, ANY AND ALL REPRESENTATIONS, WARRANTIES OR GUARANTIES OF ANY KIND, ORAL OR WRITTEN, EXPRESS OR IMPLIED (EXCEPT AS TO TITLE AS HEREIN PROVIDED AND LIMITED) CONCERNING THE PROPERTY, INCLUDING, WITHOUT LIMITATION, (i) THE VALUE, CONDITION, MERCHANTABILITY, HABITABILITY, MARKETABILITY, PROFITABILITY, SUITABILITY OR FITNESS FOR A PARTICULAR USE OR PURPOSE, OF THE PROPERTY, (ii) THE MANNER OR QUALITY OF THE CONSTRUCTION, OR THE MATERIALS, IF ANY, INCORPORATED INTO THE CONSTRUCTION, OF ANY IMPROVEMENTS TO THE PROPERTY, (iii) THE MANNER OF REPAIR, QUALITY OF REPAIR, STATE OF REPAIR OR LACK OF REPAIR OF ANY SUCH IMPROVEMENTS, AND (iv) ACCESS. GRANTEE HAS MADE ALL INSPECTIONS OF THE PROPERTY TO DETERMINE ITS VALUE AND CONDITION DEEMED NECESSARY OR APPROPRIATE BY GRANTEE. GRANTEE ACKNOWLEDGES THAT GRANTEE IS NOT RELYING ON ANY INFORMATION PROVIDED BY GRANTOR IN DETERMINING THE PROPERTY CONDITION. KNOW ALL PERSONS BY THESE PRESENTS, that the FEDERAL DEPOSIT INSURANCE CORPORATION, a Corporation organized and existing under an Act of Congress, hereinafter called the "FDIC," acting in its Receivership capacity or separate Corporate capacity or as Manager of the FSLIC Resolution Fund has acquired and will acquire certain assets for liquidation and has determined that it is necessary to appoint a representative to act on its behalf in connection with the maintenance and liquidation of said assets, hereinafter called the "Acquired Assets."

WHEREAS, the FDIC desires to designate CHRISTIAN E. MENZEL as attorney-in-fact for the limited purpose of facilitating the management and disposition of the Acquired Assets; and

WHEREAS, the undersigned has full authority to execute this instrument on behalf of the FDIC under applicable Resolutions of the FDIC's Board of Directors and redelegations thereof.

NOW, THEREFORE, the FDIC appoints CHRISTIAN E. MENZEL as its true and lawful attorney-in-fact to act in its name, place, and stead, and hereby grants CHRISTIAN E. MENZEL the authority, subject to the limitations herein, as follows:

(1) Sign, seal and deliver as the act and deed of the FDIC any instrument in writing, and to do every other thing necessary and proper for the collection and recovery of any and all monies and properties of every kind and nature whatsoever for and on behalf of the FDIC and to give proper receipts and acquittance therefor in the name and on behalf of the FDIC;

(2) Release, discharge or assign any and all judgments, mortgages on real estate or personal property, including the release and discharge of the same of record in the Official or Public Records of the Clerk of any Circuit Court or any other official public records or registries, wherever located, where payments on account of the same in redemption or otherwise may have been made by the

debtor(s), and to endorse receipt of such payment upon the records in any appropriate public office;

(3) Receive, collect and give all proper acquittance for any other sums of money owing to the FDIC for any Acquired Asset which the attorney-in-fact may sell or dispose of;

(4) Execute any and all transfers and assignments as may be necessary to assign any securities or other choses in action;

(5) Sign, seal, acknowledge and deliver any and all agreements, easements, or conveyances as shall be deemed necessary or proper by the FDIC attorney-in-fact in the care and management of the Acquired Assets;

(6) Sign, seal, acknowledge and deliver indemnity agreements and surety bonds in the name of and on behalf of the FDIC;

(7) Sign receipts for the payment of all rents and profits due or to become due on the Acquired Assets;

(8) Execute, acknowledge and deliver deeds of real property in the name of the FDIC;

(9) Extend, postpone, release and satisfy or take such other action regarding any mortgage lien held in the name of the FDIC;

(10) Execute, acknowledge and deliver in the name of the FDIC a power of attorney wherever necessary or required by law to any attorney employed by the FDIC;

(11) Foreclose any mortgage or other lien on either real or personal property, wherever located;

(12) Do and perform every act necessary for the use, liquidation or collection of the Acquired Assets held in the name of the FDIC;

(13) Sign, seal, acknowledge and deliver any and all documents as may be necessary to settle any action(s) or claim(s) asserted against the FDIC, either in its Receivership or Corporate capacity, or as Manager of the FSLIC Resolution Fund.

This Power of Attorney shall be effective August 19, 2009, and shall continue in full force and effect through August 18, 2011, unless otherwise terminated by any official of the FDIC authorized to do so by the Board of Directors of the FDIC.

OR BK 16176 PAGE 535

IN WITNESS WHEREOF, the FDIC, by its duly authorized officer empowered by appropriate resolution of its Board of Directors, has caused these presents to be subscribed in its name this 03rd day of March, 2010.
