Request/Background

The University of Miami Draft Development Agreement and Zoning Code text amendment is associated with the previously considered amendments to the Comprehensive Plan (CP) text and map that were reviewed by the Board on 06.24.2010. The Board recommended approval of the "*Transmittal*" of the text and map amendments to the City Commission (vote: 7-0). The City Commission subsequently considered the request on 06.30.2010 and also recommended on First Reading "*Transmittal*" to the Department of Community Affairs (DCA) for review and comment. See Attachment C for a verbatim transcript.

The Planning Department transmitted the CP amendment to the DCA on 07.01.2010. The CP amendments are considered "large scale" amendments according to the Florida Statues thresholds, therefore these amendments require outside agencies review which includes South Florida Regional Planning Council (SFRPC), Department of Environmental Protection, Department of Transportation, Department of State, South Florida Water Management District and Miami-Dade County. The SFRPC on 08.02.2010 found the request "to be generally consistent with the Strategic Regional Policy Plan for South Florida". See Attachment D for SFRPC findings.

The Draft Development Agreement and Zoning Code text amendment require review and recommendation by the Planning and Zoning Board and consideration and adoption in ordinance form by the City Commission (two public hearings). The Draft DA and Zoning Code text amendment upon recommendation from the Board is tentatively scheduled for City Commission 1st Reading consideration on 09.14.2010. Second reading would then be considered thereafter and the Comprehensive Plan and Development Agreement would be considered at a final public hearing.

Development Agreement

Pursuant to Chapter 163, Florida Statues, local governments may enter into development agreements to encourage a stronger commitment to comprehensive and capital facilities planning, ensure the provision of adequate public facilities for development, encourage the efficient use of resources, and reduce the economic cost of development. This DA provides such commitments.

The Draft Development Agreement and attachments are attached to the staff report. An electronic copy (see attached CD ROM) of the DA and attachments is also included. The DA includes the following terms and conditions:

- A statement of intent.
- Defined terms.
- A series of UM-City community enrichment and benefit programs (estimated by the University to have a value of \$6.5 million).
- A on-campus enrollment management system.
