Violation Description - Uncompleted Building - Section 14-202.7.
Building permit D. Incomplete buildings. No building not fully completed in substantial compliance with plans and specifications upon which a building permit was issued shall be permitted to be maintained on any land for more than one (1) year after the commencement of erection of any building, addition or renovation. A building site inspection shall be conducted six (6) months after the commencement of construction at which time evidence that work is proceeding shall be provided by the contractor. Work shall be considered to have commenced and be in active progress when, in the opinion of the Building and Zoning Director, a full complement of workmen and equipment is present at the site to diligently incorporate materials and equipment into the structure throughout the day on each full working day, weather permitting. This provision shall not be applicable in case of civil commotion or strike or when the building work is halted due to an injunction or other court order.

Code Enforcement Officer Comments - Structure remains incomplete.

Remedy - Pass final inspection on all required permits to remove or complete the work, as applicable.

Violation Description - Registration of abandoned real property; Section I - (I)The owner of abandoned real property that is not in default of a mortgage and that is required to register because the property is blighted property or the city has cited the property for a violation of the applicable codes shall register the property within ten days of the property becoming abandoned real property or blighted property as defined by this article. The owner shall register the property as provided in this section, except that the owner need only provide the contact information for the owner and any property management company. The abandoned real property described in this subsection shall remain under the annual registration, inspection, security and maintenance requirements of this article during the registration period. The owner shall renew the registration and the property shall remain subject to the requirements of this article for each additional year in which the property constitutes blighted property or if the city cites the property for a violation of the applicable codes at any time during the annual registration period. For additional information please refer to Chapter 34, Article VII, Sec. 34-202

HISTORIC PROPERTIES

NOVI-26-01-1 **134 FLORIDA AVENUE**
2445

Violation Description - Section 8-108 Demolition by neglect - The owner of any building, structure, landscape feature, improvement, site or portion thereof which has been historically designated pursuant to the Historic Preservation provisions of this Article shall be required to properly maintain and preserve such building or structure in accordance with the standards set forth in the applicable sections of the Florida Building Code, and this Article.

1.) It is the intent of this Section to preserve from deliberate or inadvertent neglect, the interior, exterior, structural stability and historic and architectural integrity of any historically designated building, structure, landscape feature, improvement, site or portion thereof. All such properties, building and structures shall be maintained in accordance to minimum maintenance standards, preserved against decay, deterioration and demolition and shall be free from structural defects through prompt and corrective action to any physical defect which jeopardizes the building's historic, architectural and structural integrity; such defects shall include, but not be limited to, the following: a. Deteriorated and decayed facades or façade elements, facades which may structurally fail and collapse entirely or partially; b. Deteriorated or inadequate foundations; c. Defective or deteriorated flooring or floor supports or any structural members of insufficient size or strength to carry imposed loads with safety; d. Deteriorated walls or other vertical structural supports, or members of walls, partitions or other vertical supports that split, lean, list or buckle due to defective material or deterioration; e. Structural members of ceilings, roofs, ceiling and roof supports or other horizontal members which sag, split or buckle due to defective material or deterioration; f. Deteriorated or ineffective waterproofing of exterior walls, roofs, foundations or floors, including broken or missing windows or doors; g. Defective or insufficient weather protection which jeopardizes the integrity of exterior or interior walls, roofs or foundations, including lack of paint or weathering due to lack of paint or other protective covering; h. Any structure which is not properly secured and is accessible to the general public; i. Any fault or defect in the property that renders it structurally unsafe or not properly watertight; and j. The spalling of the concrete of any portion of the interior or exterior of the building.

2.) A City code enforcement official who finds a violation of this Section shall issue a written warning to the violator to immediately correct the violation. If any building, structure, landscape feature, improvement, site, or

portion thereof which has been historically designated pursuant to the Historic Preservation provisions, in the opinion of the Historic Preservation Board, or the Historic Preservation Officer in this Article, or the City's Building Official, falls into a state of disrepair so as to potentially jeopardize its structural stability and/or architectural integrity, and/or the safety of the public and surrounding structures, the Historic Preservation Officer or the City's Building Official shall have right of entry onto the subject property and may inspect the subject property after forty-eight (48) hours notice to the owner of intent to inspect. In the event the property owner refuses entry of any City official onto the subject property, the City may file an appropriate action to allow such officials access to the subject property for an inspection. The City may require that the property owner retain a professional structural engineer with comprehensive experience with historically designated properties registered in the state, to complete a structural evaluation report to be submitted to the City. Upon receipt of such report, the property owner shall immediately take steps to effect all necessary remedial and corrective actions to restore the structure's or building's compliance with the required minimum maintenance standards herein; remedial action in this regard shall include, but not be limited to, the structural shoring, stabilization and/or restoration of any or all exterior walls, including their original architectural details, interior load bearing walls, columns and beams, roof trusses and framing, the blocking of openings and securing of existing windows and door openings, as well as sealing of the roof surface against leaks, including holes, punctures, mechanical systems, and/or roof penetrations as necessary to preserve the building or structure in good condition. The owner shall substantially complete such remedial and corrective action within thirty (30) days of receipt of the report, or within such time as deemed appropriate by the building official, in consultation with the Historic Preservation Officer. Such time may be extended at the discretion of the City's building official, in consultation with the Historic Preservation Officer.

3.) If the owner of the subject property, in the opinion of the City's Building Official and Historic Preservation Officer, fails to undertake and substantially complete the required remedial and corrective action within the specified time frame, the City may, at the expense of the owner, file an action seeking an injunction ordering the property owner to take the remedial and corrective action to restore the structure or building into compliance with the required minimum maintenance standards herein and seeking civil penalties, such civil action may only be initiated at the discretion of the City Manager or designee. The court shall order an injunction providing such remedies if the City proves that the property owner has violated the required minimum maintenance standards or any portion of this section or this code.

4.) Any historically designated building, structure, landscape feature, improvement, site, or portion thereof which requires an application for a certificate of appropriateness for demolition shall not have its architectural features removed, destroyed or modified until the certificate of appropriateness is granted. Owners of such property shall be required to maintain such properties in accordance with all applicable codes up to the time the structure is demolished.

5.) There shall be no variances, by either the Board of Adjustment or the Historic Preservation Board, from any of the provisions contained in this Section, except if the property owner demonstrates to the Board that the required remedial and corrective action would create an unreasonable or undue hardship as described in Section 8-115. C. The ad valorem tax exemption provided for historic properties under Sections 8-118 through 8-120 does not apply to historically designated buildings, structures, landscape features, improvements or sites that are damaged, destroyed or demolished in violation of this Section.

Code Enforcement Officer Comments - Apply for, obtain, and pass final inspection on all required after-the-fact development approvals, including, but not limited to, building permits, to legalize or remove all work done without a permit, as applicable and Clean, repair, and maintain the structure on the property and apply for, obtain, and pass final inspection all required development approvals, including, but not limited to, building permits, to repair and maintain the structure; including, but not limited to, any required color palette approval to paint the structures.
