City of Coral Gables Commission
405 Biltmore Way
Coral Gables, FL 33134

Dear Mayor and Commissioners:

This letter indicates interest and support expressed by Gables residents for Gables Crest Preparatory. The Signatures below reflect various Coral Gables neighborhoods and families with children or grandchildren.

We, The Friends of "The Crest", respectfully submit signatures as evidence of support, justified need for additional exemplary school choice in the City of Coral Gables, and strongly contend the educational program designed by Dr. Linda J. Eads, founder of "The Crest", is an inclusive, college prep themed educational program. We strongly believe this is the time for such a school in our community. We support the submitted traffic plan, facility designs, limited enrollment to 448 students in grades 6 through 12, and the overall proposed operational plans for "The Crest" to effectively serve our children in the City of Coral Gables.

We ask the City Commission to endorse and approve "The Crest" to open August 2019.
