Subject: Fwd: Urgent for SCLC Residents

Dear Member of the Planning Board,

My name is Andria Miyares, and I reside at 11100 Snapper Creek Lakes in Coral Gables with my husband and 4 children. My husband and I bought this house close to 7 years ago. Being that it was a house built in 1985, it was very dated and not up to code in many aspects. We tore most of it down and built a very different house in its place. We did, however, take much care in not overbuilding our lot and designing a house that would be beautiful and unique while still blending with the understated elegance of Snapper Creek Lakes.

I write to you today to state that as a resident of Snapper Creek Lakes Club, I adamantly oppose Zoning Code Text Amendment as stated in the Public Hearing Notice dated April 13, 2018. I feel very strongly that it would change the look and feel of one of the most beautiful communities in our city.

If you have any questions or concerns, please feel free to contact me.

Sincerely,

Andria Miyares

To Whom it May Concern,

As a 30 year resident of Snapper Creek Lakes Club, I STRONGLY oppose Zoning Code Text Amendment as stated in the Public Hearing Notice dated April 13, 2018. This proposal will change the character of the most beautiful neighborhood in the Coral Gables and makes absolutely no sense, other than to benefit high end residential developers. When I received this notice in the mail yesterday, I was truly amazed that the Coral Gables Planning Department would even entertain such a proposal.

Subject: Proposed Amendment

Hello, my name is Flavio Quesada and I along with my wife reside at 5400 Fairchild Way inside Snapper Creek Lakes Club. As residents of Snapper Creek Lakes Club we strongly oppose the Zoning Code Text Amendment as stated in the Public Hearing Notice dated April 13, 2018. Increasing the ground coverage from 15% to 25% would be a huge mistake in our community; especially taking into account that most properties are well over 1 acre in size. We personally just built a very large home in this community and the 15% limitation was not a problem.

Subject: Snapper Creek Lakes
Attachments: Text Amendment - SCLC Protective Covenants 2018[3].pdf

Dear Mayor Valdes-Fauli, Mr. Trias, and City of Coral Gables,

I am in receipt of the City's attached letter proposing a zoning code text amendment for Snapper Creek Lakes Subdivision. As a resident of Snapper Creek at 10950 Old Cutler Road, as well as a board member of Snapper Creek Lakes Club, Inc., I am vehemently opposed to the proposed changing of the ground coverage from 15% to 25%.

As you may know, Snapper Creek Lakes has been governed by protective covenants that include extra wide setbacks (30' side setbacks and 50' front and rear setbacks). This special condition allows for more greenery between homes, more privacy, and creates a unique sense of place that all residents enjoy and wish to maintain for the foreseeable future. To allow for a change to those conditions without the benefit of discussion and mutual understanding, would be met with opposition from potentially all 100+ residents of Snapper Creek Lakes. Since these letters have only been received yesterday, and it is my understanding that there is a public hearing on Tuesday, April 24th, 2018, I propose tabling this matter until both parties are able to discuss and understand the origins, purpose, and ramifications of such a change.

Sincerely,

Joseph Hassan

Subject: Snapper Creek Lakes Site Specific - Zoning Code Text Amendment

City of Coral Gables
Planning and Zoning Division

Ladies and Gentlemen,

I reside with my family at 10225 Coral Creek Road, Coral Gables, Florida 33156. We received yesterday the notice of a proposed public hearing before the City Commission scheduled for April 24, 2018, to consider the referenced zoning code amendment.

My understanding is the proposed amendment would, among other things, modify Sections A-94 C and D of the zoning code applicable specifically to the Snapper Creek Lakes subdivision to significantly increase the maximum ground coverage requirement from 15% to 25% and increase the height of buildings limitation above the current 2 ½ stories / 35' restrictions. The purpose of this note is to express our strong objection to these proposed modifications. The current limitations are an integral component of the character and appeal of the Snapper Creek Lakes subdivision and any change along the proposed lines would materially and substantially impair the value of our properties and the use and enjoyment of our neighborhood and its amenities.

I appreciate the opportunity to make our concerns known and would expect the consideration of any sort of comparable proposal that threatens the fundamental nature of our neighborhood would be conditioned upon a much greater degree of discussion and consultation with the residents most directly affected.

Sincerely,

Victor M. Alvarez
10225 Coral Creek Road
Coral Gables, Florida 33156
