---

On August 6, 2004, the Federal Communications Commission ("FCC") issued a report and order that modified its rules governing the 800 MHz band of radio communications frequencies and the purpose of such order was to reconfigure the 800 MHz band to minimize harmful interference to public safety radio communications systems in the band ("reconfiguration") on a nationwide basis. The attached agenda item includes a resolution for consideration of the Frequency Reconfiguration Agreement ("FRA") and the reconfiguration funding by Nextel to the City in the amount of \$57,122.28, for Wave 3, Stage 2. The FRA is mandated by the FCC for Wave 3, Stage 2, which should be completed by June 26, 2008.
