Good morning Mr. Cejas:

I hope this email finds you well. I am writing to complain about loud noise that is happening for the last two days in a property close to us address 5701 Marius Street. Yesterday, Friday, they were making loud noises breaking walls up until 8:30 PM and today Saturday they started doing the same construction as early as 8:10 in the morning.

Hi, believe these are not correct hours to do large construction, we haven't seen any permits in the windows or doors. I would like to have somebody from the development department come and check this property because if this continues for the next upcoming weeks, we do work late hours and sometimes shift at night since we both my wife and I are healthcare providers.

I appreciate somebody looking into this.

Regards

Alex J Manzano M.D.
