1. APPLICATION REQUEST

The City of Coral Gables is requesting review and consideration of the following:

An Ordinance of the City Commission of Coral Gables, Florida granting approval of proposed amendments to the Mixed-Use Overlay District Map of the City of Coral Gables Comprehensive Plan, pursuant to expedited state review procedures (S.163.3184, Florida Statutes) and Zoning Code Article 14, "Process," Section 14-213, "Comprehensive Plan Text and Map Amendments;" to update the Mixed-Use Overlay District Map (FLU-2) to be consistent with the Future Land Use Map; providing for a repealer provision, providing for a severability clause, and providing for an effective date.

2. BACKGROUND INFORMATION

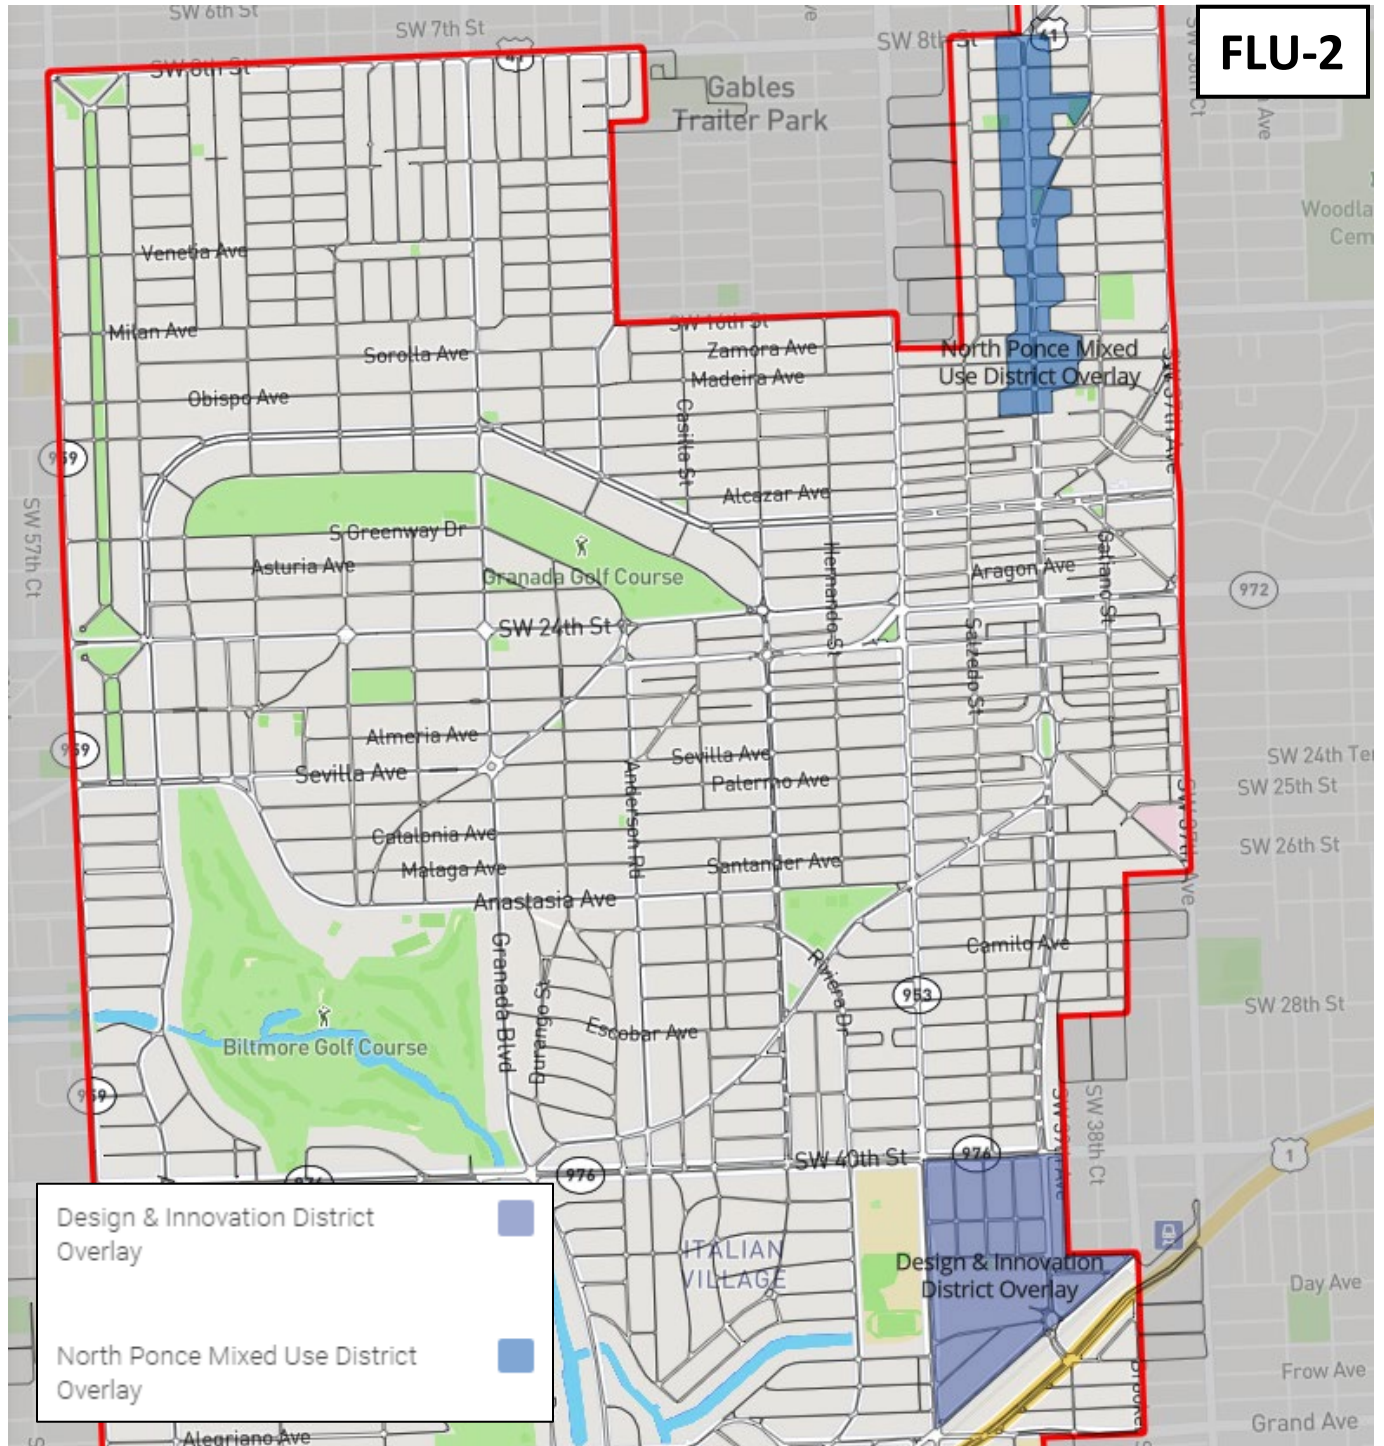

The City is in the process of updating the city's website to be more accessible, therefore the goal is to have the Comprehensive Plan and corresponding map series hosted on a code publishing platform, such as MuniCode or Gridics.

There are currently 2 maps in the Future Land Use element: the FLU-1 Future Land Use Map (which contains the designated land uses and the overlay districts), and the FLU-2 Mixed-Use Overlay District Map (which contains only the mixed-use overlay districts). The current Mixed-Use Overlay District map (FLU-2) has become outdated with recent adopted Comprehensive Plan changes to only the Future Land Use Map. The current map FLU-2 only illustrates the former north and south industrial districts, which has been replaced/rebranded with the Design & Innovation District in the FLU-1 Future Land Use Map. Therefore, the map will need to be updated to reflect the 2017 adopted North Ponce Mixed-Use Overlay District (Ordinance No. 2017-17) and the Design & Innovation Overlay District (Ordinance No. 2020-30).

The proposed updates to the Mixed-Use Overlay District map are to reflect the recently-adopted overlay districts of the Future Land Use map.

3. PROPOSED COMPREHENSIVE PLAN AMENDMENTS

The proposed Comprehensive Plan map amendments are provided below to replace the current FLU-2 Mixed-Use Overlay District map.

4. FINDINGS OF FACT

Zoning Code Section 14-213.7 provides review standards for Comprehensive Plan amendments:

Standard	Staff Evaluation
1. Whether it specifically advances any objective or policy of the Comprehensive Land Use Plan.	The proposed map amendments are updates to be consistent with the current Future Land Use Map and reflect adopted mixed-use overlay districts.
2. Whether it is internally consistent with the Comprehensive Land Use Plan.	The map amendments are proposed to be internally consistent with the current Future Land Use Map.
3. Its effect on the level of service of public infrastructure.	The proposed amendments are a simple update and will have no effect on the level of service.
4. Its effect on environmental resources.	The proposed amendments to reflect already adopted changes from future land use map will have no effect on environmental resources.
5. Its effect on the availability of housing that is affordable to people who live or work in the City of Coral Gables.	The proposed map amendments will have no effect on affordable housing.
6. Any other effect that the City determines is relevant to the City Commission’s decision on the application.	These Comprehensive Plan Map amendments are to provide consistency between the land use maps.

The standards identified in Section 14-213 for the proposed Comprehensive Plan Map Amendments are **satisfied**.
