

Section 5-301. General standards for awnings and canopies.

Awnings, shelter canopies, entrance canopies and carport canopies placed upon, attached to or forming any part of a building shall conform to the conditions and restrictions set out in this Division. All awnings, shelter canopies, entrance canopies and carport canopies within the City shall comply with all of the following requirements:

B. Maintenance, repair, replacement, and/or removal. All awnings and canopies shall be maintained and kept in good order and repair. Awnings and canopies which are found to be in disrepair shall be subject to removal and/or replacement.
