Good afternoon John,

Thank you for dropping off the proposed itinerary of events for the Museum's Art Basel programs.

As in years past, the City will submit a VIP event application to Art Basel for an early Sunday morning reception with the artist, Rafael Barrios, at the project site. The event is not an open invitation; to avoid any confusion, we respectfully ask that it be removed from the Museum's notice.

As discussed, Rafael Barrios will provide one of his smaller works for installation on the Museum plaza in support of the Museum's Venezuelan artists exhibitions. We will happily direct attendees to the Museum following the event to view the work and featured exhibitions. From what I understand, he is doing additional works for the Museum?

Previously, we presented a public talk with the City's selected Artist on the Friday prior at 4:00 p.m. – to stay outside of Art Basel hours and avoid conflicts with FIU and the Lowe. With the strong tie-in to the Museum's exhibitions, we're happy to support the Sunday talk listed on the notice. Let me know what time is best so we're all on the same page. What will be in the Community Meeting Room at that time?

I'm looking forward to the exhibitions and to working with the Museum on a successful Basel week!

Best regards,
