CITY OF CORAL GABLES PROHIBITION ON EXPANDED POLYSTYRENE

What is Expanded Polystyrene and Why is the City Prohibiting the Use of It?

Expanded polystyrene, most commonly known as Styrofoam, is a petroleum by-product that is neither readily recyclable nor biodegradable and takes hundreds to thousands of years to degrade in the environment. Products that are made from expanded polystyrene can include, but are not limited to, plates, bowls, cups, containers lids, trays, coolers, ice chests, food containers, etc. It can fragment into smaller pieces that can be ingested by marine life and other wildlife, thus harming and killing them and constitutes a portion of the litter in the City's streets, parks, public places, and waterways.

The City Commission of the City of Coral Gables declares that it is in the best interest of the public health, safety, and welfare of its residents and visitors to reduce litter and pollutants on the land and in the waters of the City. The goal of the ordinance is promote replacing expanded polystyrene items with reusable, recyclable, or compostable alternatives whenever possible thus helping remove it from the waste stream. To help lead by example, the City has ceased purchasing products that are made of expanded polystyrene.

Who Does the Prohibition Apply To?

- City Vendors or Contractors in City Facilities, which include but is not limited to, any building, structure, park, or golf course owned, operated or managed by the City.

Food service providers and stores shall not sell, use, offer for sale or use, or provide food in expanded polystyrene food service articles. Food service providers shall include, but are not limited to, chain food service providers, restaurants, fast food restaurants, cafes, sidewalk cafes, delicatessens, coffee shops, grocery stores, markets, supermarkets, drug stores, pharmacies, bakeries, caterers, gas stations, vending trucks or carts and cafeterias.

When is the Prohibition Being Implemented?

From August 9 through December 31, 2016, the City will only issue warnings for violations of the Ordinance. On January 1, 2017, Code Enforcement will begin issuing tickets for violations of the Ordinance.

The financial hardship waiver request may apply to one or more expanded polystyrene food service articles sold, used or offered for sale or use by any such food service provider or store.

The City Commission may grant a waiver if the food service provider or store proves the following:

PROHIBITION ON PLASTIC BAGS

FOR SPECIAL EVENTS

PROHIBITED USE OF PLASTIC BAGS ON ANY SPECIAL EVENT PERMITTED BY THE CITY

NEW REGULATION!

Effective immediately, any entity or individual who has been issued a special event permit by the City of Coral Gables is prohibited from providing items in single-use carry out plastic bags during special events.

Why this New Regulation?

The City of Coral Gables is a leader in sustainability efforts. The ultimate goal of this new ordinance is to replace **single-use carry out plastic bags** with reusable, recyclable or compostable alternatives in order to reduce litter and pollutants on streets, parks, public spaces and waterways.

How Does it Affect Me?

If you've been granted a special event permit by the City of Coral Gables, you must comply with this new law immediately. For vendors selling or providing goods at farmers' markets or during any special event, compliance with the ordinance is a condition of approval for the issuance of a special events permit and enforcement **will begin immediately**. Special event permittees in violation will be asked to cease use of single-use carry out plastic bags immediately and failure to do so will subject permittee to revocation of the permit.

Initials: JNS 

Are There Any Exceptions?

Yes, this new ordinance does not apply to special events permittees hosting a small private event of 100 people or less, such as a birthday party or family reunion. This ordinance also exempts:

- Produce bags that protect food or merchandise from being damaged or contaminated by other food or merchandise when items are placed together in a reusable bag or recyclable bag.
- Bags that hold prescription medications dispensed from a pharmacy or veterinary office.
- Bags designed to be placed over articles of clothing on a hanger, including dry cleaning bags.
- Door hanger bags.
- Newspaper bags.
- Garbage bags.
- Pet waste bags.
- Yard waste bags.
- Bags of any type that a customer previously owned and brings to a store for his or her own use in carrying away store goods.

What Can I Use Instead of Plastic Bags?

To comply with this new law, special event permittees have the options of using:

- Reusable bags designed for long-term use.
- Recyclable paper bags that contain and display a minimum average of 40% post-consumer recycled material.
- Compostable bags that conform and display an ASTM D6400 standard.

Service animals should be permitted to accompany individuals with disabilities at the special event. At the City, a service animal is defined as any dog or miniature horse trained to do work or perform tasks for the benefit of an individual with a disability. These tasks may include, but are not limited to, guiding a person who is visually impaired or blind, alerting a person who is deaf or hard of hearing, pulling a wheelchair, assisting with mobility or balance, alerting and protecting a person who is having a seizure, or retrieving objects.

Individuals attending the event must retain control of their service animals at all times and are responsible for any damage to property or persons caused by their service animals. The Permit Applicant may exclude or remove a service animal from the event if the animal is not controlled, if the animal is not housebroken, or if the animal's behavior causes a direct threat to the health and safety of others. The Permit Applicant is not required to take control of service animals or provide food or water for the animals.
