1.	11 01 10	Claudia Azevedo Gables by the Sea Resident			<p>Dear Mr. Riel,</p> <p>As a resident of Gables by the Sea Community and a Gulliver parent, I would like to express mine and other neighbors voice on the issue of the Campamento gate closure. I was always in favor of the closure for vehicles, however, never for pedestrians!!!!</p> <p>I bought my house in Gables by the Sea, counting that I would not need to go through the hassle of early morning traffic and that my kids would have a safe way to school. I can tell you that I even paid a "premium" on the house based on that. Now, aside from already having lost money on the house due to the real estate crisis, I feel my house will be further devaluated due to the removal of this "gate benefit". Then the question that remains is: who will pay for my loss??? This is the question that many of us that support the "pedestrian gate" keep asking....</p> <p>I fully supported the settlement with Gulliver, however it was never said to the neighbors that could not make to the meetings, that pedestrian access would also not be given.</p> <p>Please help us leave open a single pedestrian access, exclusively for the Gables by the Sea Residents to come and go!</p> <p>I appreciate your support.</p> <p>regards</p> <p>Claudia Azevedo</p>
2.	10 28 10	Jose Luis Machado, Esq. Machado & Herran, P.A. 8500 SW 8 Street Suite 238 Miami, Florida 33144			<p>From: Jose Luis Machado [mailto:jose@machadolaw.com] Sant: Thursday, October 28, 2010 5:26 PM To: Riel, Eric Subject: Gulliver Gate Closure Issue (Campamento Gate)</p> <p>Dear Mr. Riel:</p> <p>I have been notified that the Gables by the Sea Homeowners' Association, Inc. ("Association"), has requested and the City of Coral Gables is considering the closure of the gate for pedestrian access located on Campamento Street which gate provides access to the Gulliver Academy property. As a resident of Gables by the Sea ("Community"), residing at 1060 Lugo Avenue and as a parent whose three children attend Gulliver Academy, I am greatly opposed to such a measure.</p> <p>First I would like to point out that the Association, is not a mandatory association that all owners of Gables by the Sea must belong to, but is instead a voluntary association. This Association does not speak for the owners living within the Community nor does it have a proxy to do so, as is typical of communities in which there are mandatory associations in place. Instead this is a voluntary association and no homeowner within the Community is required to join or pay dues to the Association as a requirement to live within the Community. While I fully understand the Association's concern regarding the possibility of construction vehicles entering the Gulliver</p>

	Date Received	Name and Address	Object	No Objection	Comments (Verbatim)
					<p>property through the Community via public streets, I do not know what purpose would be served by denying the children living within the Community from entering Gulliver on foot by way of the gate located on Campamento.</p> <p>One of the main reasons that the Association opposed the new construction on the Gulliver property was that it would increase traffic on Old Cutler Road. There are approximately thirty families that live within the Community, whose children attend Gulliver. If those families are not permitted to use the Campamento gate to drop off their children then they must use Old Cutler Road to drop off their children. This will create further congestion on this street, at peak traffic times, when people are going to work or dropping off their children at school. The closure of the gate for pedestrian access to the Gulliver property would actually create more traffic. In addition to the increased traffic that would be created by the closure of the gate on Campamento, there is a safety issue to consider. As a family with two working parents sometimes our children must walk home from school. The closure of the Campamento gate would force children living within the Community to walk along a busy street, with no sidewalk along the east side of the street in order to enter their Community. How can the City of Coral Gables put children at risk by walking along a busy thoroughfare, when there is an existing and much safer route for such children to walk from home to school and vice versa?</p> <p>Finally the closure of the gate on Campamento, which gate has existed and been in use for at least thirty years, would serve no purpose. It would not stop the construction on the Gulliver property nor will it alleviate traffic. It would only appease certain homeowners within the Community who have had a contentious relationship with Gulliver and would injure the families who children attend Gulliver and who have chosen to live within the Community.</p> <p>Jose Luis Machado, Esq. Machado & Herran, P.A. 8500 SW 8 Street Suite 238 Miami, Florida 33144 Ph.: 305-261-5355 Fax: 305-261-4199</p>

4.	09 05 10	<p>Antonio Perez Email: antonioduranteperes@gmail.com</p>			<p>One of the residents of Gables By The Sea who complained to the City Planning Board has recently completed a 2 year construction of a 6,000 sq ft house right by the school. I only mention it since both of his complaints said the noise from any new construction to the school would take away from his standard of living since he'd be able to hear it. I wonder how much he cared about the students taking their finals, or studying since they had to hear his construction all day for 2 years. The address in question is 1200 cartagena ave, and the complainant is named Frank Mackle. The construction company is Mackle Construction....so he was also the general contractor.</p> <p>http://citybeautiful.net/cgweb/documents/planning_docs/2010GulliverAcademy-comments.pdf</p> <p>(the above link is to the form in which Frank Mackle's 2 complaints regarding the construction may be found.</p>

I myself was there last night and on the list to speak that God willing I will in next Wednesdays meeting., I copied our home owners head person and a personal friend of mine Mr. Carlos Santeiro who spoke as well last night on behalf of Gables BY the Sea residents and completely AGAINST this incredible growth that Gulliver School OWNERS are doing., as well as Mr. Jerry Sanchez a personal friend and</p>

						<p>brother of mine that was mentioned last night by our groups attorney.</p> <p>During our next meeting I will speak shortly to make sure every resident has its opportunity to inform all of the board members., everything that BOTH of our guys aside from our groups attorney spoke is completely correct.</p> <ul style="list-style-type: none"> - Gulliver School agreed on a deal with the residents of Gables by the Sea in 1998 and we all agreed to it, now they are changing it because it is in the best interest of them and NOT of Coral Gables and or its residents. - Me and my family have lived in Gables By the Sea for more than 16 years and when we built our 2 story house in CORUNA AVENUE the school was an elementary school and not too much to deal with, TODAY they are an elementary school and a middle school and have a much larger amount of students that they had back in 1998 - We today have to deal with the incredible sounds and noises daily, 6 days a week - We today have to deal with the incredible problem of all the TRUCKS that come into Gables by the Sea to deliver to Gulliver many COMMERCIAL things and again they drive into a complete residential area, right by our city's children park that see these trucks daily... - We today if our city's Planning & Zoning Board approves the plan to Gulliver School , we will have to deal with seeing a HUGE 44' HIGH building that in my house in CORUNA AVENUE a 2 story house we will see and unfortunately HEAR more.... - We today have to deal every Monday to Friday with TRAFFIC for more than one and a half hours in the Morning and again in the afternoon..... this ONLY because of the 300 +or- hundred vehicles driven by the parents bringing their children to their school. <p>Gulliver School SURELY has 5 campuses but the largest surely is the one in our city and unfortunately like they USUALLY DO they LIE about their future and clearly the growth for what they are wanting to build almost 100,000 feet will be huge JUST like when they agreed with us in 1998 to not do anything else, we all thought we had a great relationship and in short they wanted to grow the school that SURE they say is a NOT FOR PROFIT entity but they KEEP all the money , use it themselves and DOES NOT PAY anything to our City.</p> <p>If Gulliver School gets an approval, be aware that Gables By The Sea residents will together find a way of filing a suit against all because its unfortunate that even though Gulliver School brought and speaks about SOME of their students parents that reside in City of Coral Gables NONE of them have to deal with what Gables by The Sea residents deal with DAILY given how horribly Gulliver School has used the residents around that property. Unfortunately a legal situation will COST two groups the CITY and RESIDENTS of Gables By The Sea because Gulliver School charges a HUGE AMOUNT to the student parents and they GIVE NOTHING ABSOLUTELY NOTHING TO THE CITY OF CORAL GABLES, I MEAN NOTHING....</p> <p>Mr. Korge , I SAT in our City's Planning and Zoning Board until 2003 when you where brought in and I'm incredibly grateful for your service , how you have handle it. I as well before that was Chairman for 5 years of our City's CODE ENFORCEMENT BOARD and well in short you can ask our City Attorney (Liz) or Eric (in your P&Z Board) about my involvement in our city for the benefit of the City and the best for all of that are City of Coral Gables residents.</p> <p>i feel too sorry that our friend Don Slesnick is not running for re-election BUT i'm fully aware and HAPPY of your next years process of getting to run for our friend Don Slesnick's position., and from what I saw and have heard regardless of what happens here i'm voting for Mr. Tom Korge.</p>

Evidence by the Sagrant misuse of the Camperemo St. Gate entrance. To allow what they are now asking would exacerbate this misuse and more. Allowing the revisiting of the Master Plan is only just another revisit to lead to another revisit to lead to another revisit and so on. What should happen for you to <u>End</u> our community is to close the Camperemo Gate and cap in perpetuity the enrollment. This would be a start in the right direction moving towards Gulliver improving the traffic control on Old Center Road.</p> <p>Thank you,  Stanley Pinder</p>

14.	07 14 10	Orlando and Susana Alvarez 5645 Granada Blvd. Coral Gables, FL. 33146		X	Dear City of Coral Gables Planning Board, We are writing in support of the Master Plan of Gulliver Schools. Our daughter attends Gulliver and will start the 3rd grade in August. We believe that Gulliver provides a much needed service in our community: the educating of our young citizens. Given the numerous problems with the public schools in the area, we have elected to send our child to Gulliver. The additions to the school will serve to provide a safe environment for our child. The pool and other additions will provide much added protection from the South Florida sun. All the additions have been proposed after a thoughtful review of the needs of our children. THank you for your support of the Master Plan. Orlando and Susana Alvarez 5645 Granada Blvd. Coral Gables, FL. 33146
15.	07 14 10	Alexander & Patricia Davit 12890 Deva Street Coral Gables, FL 33156	X		Increased traffic (trucks) on Old Cutler & within Gables by the Sea during construction. Increased traffic on Old Cutler on completion & noise.
16.	07 14 10	William D. & Rebecca Bleser 13023 Nevada Street Coral Gables, FL	X		Noise and security during construction & noise following. Building unsuitably tall for our residential area. Object to use of our neighborhood roads for construction trucks and workmen's access to site.
17.	07 14 10	Roger and Olga Gonzalez 12520 Virtudes Street Coral Gables, FL 33156	X		Excessive traffic & construction noise, traffic, security into our neighborhood. Security issues people coming into our neighborhood.
18.	07 14 10	Paul V. Gartlan 1117 Bella Vista Avenue Coral Gables, FL 33156	X		Traffic already a major problem. School should relocate!
19.	07 14 10	Renee & Paul Gershen 13357 S.W. 59 Avenue Pinecrest, FL 33156	X		The height of proposed buildings (48 ft. high). Gulliver should close the entrance on Campamento. Access to Gulliver should be on Gulliver's property.
20.	07 14 10	Helen Sonenreich & Steven 5775 S.W. 131 Terrace Pinecrest, FL	X		Size of bldgs not in line w/rest of neighborhood. Very much opposed to entrance in Gables by Sea and its truck traffic as well as all traffic. Would like limits on activities and on student enrollment.
21.	07 14 10	David Arnold 12931 Deva Street Coral Gables, FL	X		See attached sheet (listed below) 1. The proposed expansion is far beyond any intended use for the school as has ever been approved by the city. 2. Traffic would be severely impacted and the studies that have been done are flawed by the construction that was underway when they were carried out. 3. The traffic patterns through gables by the sea and the congestion caused by access to the school through the gatehouse which are already strained would be worsened. 4. The huge increase in size and capacity of this school would adversely affect the quality of life of the residents of gables by the sea and the surrounding communities by increasing traffic, noise, and strain on the infrastructure of this otherwise quiet gated community. 5. The increase in size of the school would increase the number of commercial trucks that access the school via the gatehouse. 6. There is a strong likelihood that the school would be used for night and weekend events

					that are not currently occurring. This would extend the noise and traffic issued well beyond the typical school hours.
22.	07 14 10	Don & Carolyn McCarthy 13025 Zambana Street Coral Gables, FL	X		I don't want construction and service vehicles coming through the neighborhood to use the Campamento entrance.
23.	07 14 10	Nelson & Kristin Fonseca 1500 Campamento Avenue Coral Gables, FL 33156	X		We feel that the traffic that this will create is going to eject our neighborhood.
24.	07 14 10	Jose Cazas & Maureen Cazas 13276 S.W. 58 Court Pinecrest, FL 33156	X		It is not within the character of the neighborhood and would cause undue traffic.

28.	07 14 10	Luis & Olga Cabo 1467 Coruna Avenue Coral Gables, FL 33156	X		Such a large plan to expand the school could not only destroy the architectural & structure of our area but also would create a lot of traffic 24/7, not to mention the stress (illegal) to our residents. We strongly recommend that they move to a non residential area where they can expand their facilities.

					<p>2. Traffic would be severely impacted and the studies that have been done are flawed by the construction that was underway when they were carried out..</p> <p>3. The traffic patterns through gables by the sea and the congestion caused by access to the school through the gatehouse which are already strained would be worsened.</p> <p>4. The huge increase in size and capacity of this school would adversely affect the quality of life of the residents of gables by the sea and the surrounding communities by increasing traffic, noise, and strain on the infrastructure of this otherwise quiet gated community.</p> <p>5. The increase in size of the school would increase the number of commercial trucks that access the school via the gatehouse.</p> <p>6. There is a strong likelihood that the school would be used for night and weekend events that are not currently occurring. This would extend the noise and traffic issued well beyond the typical school hours.</p>
11.	07 14 10	Don & Carolyn McCarthy 13025 Zambra Street Coral Gables, FL	X		I don't want construction and service vehicles coming through the neighborhood to use the Campamento entrance.

13.	07 14 10	Jose Cazas & Maureen Cazas 13276 S.W. 58 Court Pinecrest, FL 33156	X		We feel that the traffic that this will create is going to eject our neighborhood.
14.	07 14 10	Eduardo Montauro 1100 San Pedro Coral Gables, FL 33156	X		It is not within the character of the neighborhood and would cause undue traffic.
15.	07 14 10	Zoraida Sanchez 13005 San Mateo Street Coral Gables, FL	X		
16.	07 14 10	Pedro Sanchez 13005 San Mateo Coral Gables, FL	X		
17.	07 14 10	Luis & Olga Cabo 1467 Coruna Avenue Coral Gables, FL 33156	X		Such a large plan to expand the school could not only destroy the architectural & structure of our area but also would create a lot of traffic 24/7, not to mention the stress (illegible) to our residents. We strongly recommend that they move to a non residential area where they can expand their facilities.

23.	07 13 10	John & Denise Jeselnik 13350 SW 57 Ave Miami, FL 33156	X		I, we are objecting to the Gulliver Campus Site Plan for many reasons one of which is that the building there proposing in my neighborhood totally stands out in relation to the residential homes in my neighborhood. The height of the building will overshadow the neighborhood community and make it more of a commercial area and will lower our property values.

RECEIVED 3:41 p.m. PETITON TO REJECT GULLIVER'S MASTER PLAN REVISION APPLICATION NO 09-09-092-P

Petition Summary: Rejection of Gulliver's revisions to the Master Plan for its campus located at 12595 Red Road, Coral Gables. The proposed changes to the Master Plan represent a substantial change in size, scope, architecture and use of the previously agreed upon and approved Master Plan, which represented the final build-out scenario for the campus. Gulliver's proposed changes will have a negative impact on the quality of life and home values in adjacent neighborhoods. Please see attached list of objections for details.

Petition Request: We the undersigned are concerned homeowners and residents of the City of Coral Gables and urge our City leaders to protect and preserve our quality of life and home values by rejecting Gulliver's revisions to the Master Plan.

Too much truck traffic in Campanello Ave. already as is trucks begin arriving on Campanello Ave. at entrance to Gulliver as early as 5:00am. 2. Too much noise already as is, lawn mower, leaf blower and motorized pavement cleaner begin in the school as early as 6:00am. on Campanello Ave. side. 3. Lights shining throughout the night directly on neighbors' houses on Campanello Ave. 4. Parents blocking the street when dropping off and picking up students on Campanello Ave. 5. Parents when dropping off and picking up students drive through neighbors' driveways and yards. 6. Parents drop off and pick up students in the middle of the street on Campanello Ave. 7. Unauthorized use of teacher parking lot on Campanello Ave. by parents, high school students and others. 8. Too much traffic on Old Cutler Rd during arrival and dismissal hours at Gulliver. 9. We don't want nighttime or weekend activities which would bring added noise and traffic. 10. Don't want added students to be enrolled in the school. 11. Want to maintain the neighborhood character. 12. Don't want our property values to go down because of the noise, heavy machinery traffic and construction. 13. Do not want a massive school campus in our neighborhood that would resemble a university campus. 14. Maintain on quality of life. <p>Sincerely, <i>Ofelia Perez Scott, Nancy C. 	Date Received	Name and Address	Object	No Objection	Comments (Verbatim)
7.	07 05 10	Eric and Gayle Jacobs 13594 SW 58 Ave Pinecrest Fl, 33156	X		The construction to the Gulliver property and the noise from the increased size of the facilitate is objectionable to the neighborhood.
8.	07 05 10	HJ & Katherine Newman 941 San Pedro Ave Coral Gables Fl, 33156	X		Traffic on Old Cutler! Huge Eye Sore – Building is too big for areal.
9.	07 05 10	Gloria Romas 935 Bella Vista Ave Coral Gables, Fl 33156	X		1) Way for more expansion & traffic, 2) Too commercial of a structure for area 3) Use of our gates for construction... etc. Very Disruptive!
10.	07 05 10	Lee Karlinski + Mara Karlinsky 5750 SW 132 nd Terrace Coral Gables, Fl 33156	X		1. Increased construction vehicles within Gables By The Sea/Pinecrest by the Sea community + on Old Cutler for extended period of time. 2. 2. More long term traffic on Old Cutler.
11.	07 05 10	Jose & Kathleen Fernandez 820 San Pedro Ave Coral Gables Fl 33156	X		This will degrade our neighborhood's quality of life. This project is a hugely disproportionate increase in size and scope to the existing facility. It will increase traffic to unacceptable levels for daytime and nighttime events. All construction traffic enters through our residential area will service and Gulliver employees after construction.
12.	07 05 10	Brian & Dawn Sepe 13073 Zamtrana St Coral Gables Fl, 33156	X		-Increased traffic on Old Cutler Rd. (already overloaded due to Gulliver) -construction vehivles using Gables by the Sea entrance – public disruption from potential sport events, night lighting, parking etc in our RESIDENTIAL NEIGHBORHOOD
13.	07 05 10	Alan + Chevy Kristal 13275 SW 58 Ct Coral Gables, Fl 33156	X		Noise – Traffic – Congestion - Ruens the neighborhood + Old Cutler Rd
14.	07 05 10	Nancy Sambria 944 San Pedro Ave Coral Gables Fl, 33156	X		Proposed amendments are not in scale and character with the neighborhood and will bring increased traffic burden to any already congested condition. The commercial traffic from Gullivers vendor vehicles and students living outside the allowed area are and have been a burden & safety issue to our neighborhood. An increase of construction vehicles using our gate, security personnel and roads would be intolerable and abusive. The added facility proposed by Gulliver is certain to bring increased attendance and therefore more traffic to the area of Old Cutler Road. Please keep our "City Beautiful" and so no to the proposed amendments on the table. Thank you.
15.	07 05 10	Glen R. Goldsmith / Cindy Goldsmith 12480 Virtudes Street Coral Gables, Fl 33156	X		Noise and increased traffic through GBS entrance will affect our access and quality of life. This addition is far beyond reasonable for a private school.

Page 2</i></p> <p>3. Noise and pollution to those neighbors that are in close proximity to the construction site.</p> <p>4. Concern with the size of proposed building and lack of privacy to surrounding homes.</p> <p>5. We feel that the school is not being honest and does not fully disclose the intent of use for the proposed construction. They are proposing to build more classrooms, a gymnasium and natatorium several floors high with more parking spaces and expand their sports field. Yet this is an elementary school and they claim to have smaller sized classrooms as a park area for small children with a limited number of allotted students per year; we do not understand the need for such massive expansion. We do believe that this gymnasium and new field will be used for the high school students and not the elementary students. If this is the case, the amount of traffic (which is already terrible now due to their poor system of drop-off and pick-up area) will greatly worsen as high school students have cars, practice late, hold games at night and so on. This will no longer be a quiet, calm neighborhood and certainly, not a very safe area to walk there or ride bicycle with children.</p> <p><i>We thank you greatly for your time and consideration in this matter, Joann Picanes and Rogert Delenn</i></p>

All of this is totally inconsistent with the neighborhood and does not cater to the grade school which has a limited enrollment and which does not have the events for which these facilities are intended. These facilities are designed for high school activities. The campus in Gables by the Sea is not a high school and it is questionable as to why the high school has any athletic events at this grade school campus. 2- The buildings planned are incongruous in a residential neighborhood. None of the neighbors could get permits to construct anything that looks like this proposed addition, to say nothing of the present buildings. Gulliver was supposed to be a small grade school and in the 36 years that we have lived here it has grown, choking traffic and creating congestion and noise in an otherwise quiet neighborhood. When there are planned athletic events, even in the daylight hours, the noise of the announcements and commentary is audible on those streets a mile away from the fields. 3- The school uses many of the city's services and pays no taxes 4- The last time Gulliver came to the neighborhood with their requests to expand they hoodwinked us with assurances that that was their final master plan. Since they have not kept their word on those plans, there is no telling what they are ultimately planning for this non-profit property, but it does not benefit and is deleterious to the greatest majority of the residents. <div style="text-align: right; margin-top: 20px;"> <p><i>July 8, 2010</i></p> <p><i>Richard M. At a time when many schools are failing our children, Gulliver has a long respected record of successfully educating children in many different areas. As a community we need to support their efforts and work together to make sure we arrive at the best outcome for all. I have read the Master Plan and understand there is no intent to raise the number of students attending this campus. Please know many parents in this community depend on quality institutions such as Gulliver Academy, Gulliver Prep, Epiphany, St. Thomas Episcopal and Beth Am. Many of these other institutions have already updated their facilities to offer their students a better education.</p> <p>Thank you for your consideration on this matter. cont.				<p>1. Proposed expansion and changes to the Master Plan represent a substantial change in size, scope, architecture and use to the Gulliver's Academy Master Plan which represented the "final build-out scenario" envisioned and agreed upon by representatives of Gulliver Schools, the City of Coral Gables and the Gables by the Sea Homeowners and approved by the City of Coral Gables Commission, September 23, 1998.</p> <p>Gulliver's proposed changes to the Master Plan include doubling of the pre-approved Master Plan size as well as a substantial increase of building height including -- an obtrusive structure equivalent to a four story high building which will become a out-of-scale intrusion of regional scope and character of the adjacent residential communities. Additionally, the proposed changes which include a Press and Recruiters Box are not in line with the facilities needed and used by K-8 middle school students -- the proposed changes are more in line with the needs and use of High School students and most definitely will lead to an increase in High School athletic activities on the grounds of Gulliver's Academy.</p> <p>2. It must be noted that Gables by the Sea homeowners negotiated this agreement in good faith and under the understanding that the agreed upon and approved Master Plan represented the final "build-out scenario" for Gulliver Academy -- as stated on the ordinance -- and that only minor changes may be requested and approved in the future. Current Gables by the Sea residents that participated in the negotiations with Gulliver back in 1998 were appalled to learn that Gulliver is breaking the agreement and forcing the City and neighbors to spend valuable time and resources revisiting this issue.</p> <p>3. It is publicly known that it has always been the goal of Gulliver to operate a High School on the grounds of what today is the Gulliver Academy and if the proposed expansion and changes to the Master Plan are approved, the City will be in fact paving the way for Gulliver to not only continue to bring more High School athletic activities to this campus but also to switch campuses and bring the High School to the site of the Gulliver Academy in the future.</p> <p>4. It must be noted, that the grounds and facilities of Gulliver Academy is already being used by High School students for High school athletic activities -- Gulliver's high school football team sometime trains at the academy and high school baseball games are played at the academy on a regular basis. It must be noted that these and other High School activities held at the Academy were left out of the list of activities submitted by Gulliver as part of their application. (Exhibit I)</p> <p>The proposed changes to the Master Plan and new facilities are in effect designed to convert Gulliver's Academy into a regional hub of activities for the entire Gulliver School System -- Gulliver has no room for expansion at the other four campuses -- for example, Gulliver Prep (high school) does not have an auditorium to hold High School events. The proposed expansion and changes to the Master Plan are being done at the expense of the quality of life and home values of the adjacent communities and in violation of the agreement made between the Gables by the Sea homeowners, Gulliver Schools and the City of Coral Gables. Furthermore, this also represents a violation of the intent of the ordinance passed by the City of Coral Gables allowing Gulliver to operate only a grade school at the Academy site located at 12595 Red Road facility.</p>

cont.				<p>5. Homeowners who purchased properties in the surrounding area did so because of the limitations imposed on Gulliver by the City of Coral Gables' ordinance and approved Gulliver's Academy Master Plan. Approval of the new proposed changes to the Master Plan will substantially change the size, character and use of the campus. These changes are not only incompatible with the character of the neighborhood and the lifestyle of its residents but it may also result in decreased home values, which may lead to litigation.</p> <p>6. Proposed expansion and changes to the Master Plan will have a negative impact on traffic on historic Old Cutler Road and secondary roads in Gables by the Sea and other adjacent neighborhoods by adding traffic from construction vehicles during the years of construction and in addition, student and spectators cars attending athletic events and other types of activities. A traffic study commissioned and paid by Gulliver shows a traffic level of "C" during school hours. However, drivers on Old Cutler Road offer a very different picture of the situation and report delays of 20 minutes or more in front of Gulliver. Gulliver's police officers continuously stop traffic on Cutler Road to allow parents to come-in and out of Gulliver. The situation is aggravated by parents parking alongside Cutler Road to drop off kids or to walk them to school – Old Cutler does not have sidewalks or parking spaces so cars and students share the street – making the Old Cutler Road section in front of Gulliver's Academy a long and potentially risky drive.</p> <p>7. Proposed expansion and changes to the Master Plan will create hardship to immediate neighbors that will have to contend with higher levels of noise generated by school events including athletic events and related traffic. As it is right now, neighbors struggle to deal with loud music, play announcements and other noises generated during practices and games. Sometimes neighbors hear and see kids practicing on Sundays. It should be noted that a number of special needs children and elderly residents live in close proximity to the Gulliver campus and that any increase in noise will have a detrimental effect on their health and development.</p> <p>8. There is no business model that can be used to justify a multi-dollar investment to double the size of school facilities without having a revenue plan in place. Gulliver's tuition fees are one of the highest, if not the highest, in the Miami-Dade County area – making it unlikely that any new revenues will come from substantial increases in their tuition fees because doing so will price Gulliver out of the market. The most likely scenario is that Gulliver will seek to increase the following: a. enrollment; b. revenue-generating on campus activities; c. leasing the new facilities to 3rd party users; d. Ticket sales; e. corporate sponsors who will seek and demand high levels of attendance in exchange for their corporate dollars. Gulliver has not shared this revenue plan with neighbors or the City of Coral Gables but all these scenarios will undoubtedly lead to more people, more events, more cars, more traffic, more noise, more litigation, etc.</p> <p>9. Proposed expansion and changes to the current Master Plan will lead to additional requests for changes in the future. For example, Gulliver has currently no lighting for the baseball fields but once the new baseball facilities are built, Gulliver will likely request a change to include lighting, extended hours of use etc. The never-ending request for changes is something that neighbors have been dealing with for the past forty years and that they naively believed that they have put to rest when the 1998 agreement was negotiated.</p>

cont.				<p>10. Proposed expansion and changes to the Master Plan does not contribute any new revenues to the City of Coral Gables given the non-profit status of Gulliver. However, any reduction in home values will have a negative impact on tax revenues.</p> <p>11. Proposed expansion and changes to the Master Plan will create a need for additional services to be provided to Gulliver by the City of Coral Gables at an additional cost to tax paying residents. Gulliver is a user of infrastructure and services but not a contributor.</p> <p>12. Gulliver's service entrance on Cartagena represents a public safety hazard. The service entrance is right across from a public park where children play. The service entrance is on a narrow street with no sidewalks and no turning space. Every day, children share the street with cars and large trucks (as large as an 18 wheeler) -- Trucks have a very difficult time handling the turn and as a result block the street for long periods of time. It should be noted that there has been numerous occasions when children have run in front of trucks coming into or exiting Gulliver's service entrance on Campamento. Additionally, neighbors on Campamento have observed Gulliver's delivery trucks using their driveways or front yards to turn around. (Exhibit II).</p> <p>13. Additionally, Gulliver's delivery trucks, teachers and students use on a daily basis the Gables by the Sea Lugo entrance and guards paid by a special assessment tax levied exclusively on the homeowners of Gables by the Sea. Again, Gulliver is a user and beneficiary of these facilities and services but not a contributor.</p> <p>14. While the homeowners of Gables by the Sea invest thousands of dollars and countless hours every year to beautify, clean and improve our community, homeowners have to look at Gulliver's chain link fence, poor landscaping and garbage. Gulliver's Service entrance on Campamento right across a City of Coral Gables Public Park, consist of chain link and green tarp. Gulliver's hedge along Cartagena and Bernal is in many parts very thin and generally not well kept. Garbage from cars, students and trucks entering through Lugo to Cartagena is often visible on the side of the road. It must be noted that during the past forty years that Gulliver has owned the land and facilities located at 12595 Red Road, no substantial efforts or investment has been made on behalf of Gulliver to beautify and upgrade the areas bordering the adjacent neighborhoods and frontage to historic Old Cutler Road. This lack of interest and pride in keeping our community and bordering areas beautiful and well maintained speaks loud and clear about Gulliver's disregard for our community and the "City Beautiful." This is another issue of concern to local residents who do not trust that Gulliver will maintain any proposed new landscaping. (Exhibit III)</p>
78.	05 26 10 Rabbi Jim Simon		X	<p>Please excuse my printing -- my computer is down and is being repaired. I am writing to support Gulliver application to revise its master plan. In the 7 years that my children have been at Gulliver, I feel the leadership are thoughtful and organized -- I feel confident school will fulfill all obligations placed onto them if this is approved & I believe this when they say they will not tax to increase to increase enrollment.</p> <p>Gulliver has been a good neighbor. Their school is excellent & enjoys a national reputation, which is good for Coral Gables as well. I strong urge you to approve their application. Thanks, Rabbi Jim Simon</p>

89.	05 26 10	Stanley Hilton and Guadalupe G. Pinder 12501 Ramiro St. Coral Gables, FL 33156	X		<p>Gulliver Academy has exhibited absolutely no concern for the Gables by the Sea Residence. Evidence by the flagrant misuse of the Campamento St. Gate entrance. To allow what they are now asking would exacerbate this misuse and more. Allowing the revisiting of the Master Plan is only just another revisit to lead to another revisit and so on. What should happen for you to Protect our community is to close the Campamento Gate and cap in perpetuity the enrollment. This would be a start in the right direction moving towards Gulliver improving the traffic control on Old Cutler Road.</p>

My name is Eric Littman and I live at 6050 Rolling Road Drive, Pinecrest, FL, 33156 with my wife and son. The proposed plan revision by Gulliver will have a very negative impact on the traffic patterns throughout Pinecrest. I also believe that it is a prelude for Gulliver switching its High School to the Academy property and relocating the Middle School to its property on Kendall Drive.</p> <p>Even if Gulliver does not do that, we are strongly opposed to the revisions because of the increased traffic problems it will cause. With these revisions, traffic on Old Cutler Road and feeder streets in Pinecrest will certainly increase and become more congested. Since my neighborhood is adjacent to the section of Old Cutler which is across from the Academy, this means that traffic in our peaceful residential neighborhood will increase to levels not consistent with our neighborhood. That is something we are definitely opposed to and raises a major concern. And while I realize that other factors lead to increased traffic, this is an artificial one which is not necessary.</p> <p>In conclusion, for the reasons above, my family is OPPOSED to the Gulliver Schools' Application to revise its master</p> <p>Very truly yours,  Eric P. Littman</p>

		GBTS-PBTS JOINT HOA BOARD OF DIRECTORS	X		<p style="text-align: center;">APPROVED RESOLUTION ON GULLIVER EXPANSION BY THE GBTS-PBTS JOINT HOA BOARD OF DIRECTORS</p> <p>"The GBTS-PBTS HOA Board has decided, after careful deliberations and analysis, that the significant Master Plan expansion at Gulliver school is in direct conflict and will negatively impact the quality of life and enjoyment of our residents.</p> <p>Gulliver Schools is asking for a 400 percent increase in the pre-approved master plan of Gulliver K to 8 facility including an obtrusive 5 story high building which will become a out-of-scale intrusion of regional scope beyond any basic needs of this facility's needs and will in fact become a regional hub of activities for the entire Gulliver School System at the expense of anyone who uses the highly congested traffic corridors of SW 57th Ave (Red Road) and Old Cutler Road during peak hours of commuters usage. The resulting additional traffic congestion will exacerbate a level of service already graded "F" or below and increase travel times to a full weekly and after hours impact with the various uses that will take place after school hours, during special events and weekends.</p> <p>May it be said that the City of Coral Gables has a vested duty to protect and prevent deteriorating circumstances to its residents and taxpayers; especially those in the communities of Deering Bay, Gables By the Sea and Pine Bay Estates whose combined annual real estate tax contributions to the City of Coral Gables easily exceeds \$10,000,000.00 (Ten Million Dollars) while Gulliver School's contribution to the City of Coral Gables is zero due to its institutional exemptions.</p> <p>It's also our understanding that the Village of Pinecrest, which will be heavily impacted by this additional 100,000 square feet of new edifices, has not been informed and wants to participate in what essentially is a development of regional impact transcending the boundaries of the City of Coral Gables.</p> <p>Being that the road networks are historic and that Gulliver has not tendered a traffic congestion/relief plan for road improvements the traffic problems of this nature will then be assumed by the City of Coral Gables with no definable benefits to its residents whatsoever. Further, the City of Coral Gables may be called a greater number of times to render Fire and Police services that may or may not be paid for by Gulliver and thus add to the strain on City services, wear and tear, tying up of assets and expenses with no definable benefits to its residents whatsoever.</p> <p>Thus, on behalf of our entire communities and even those beyond the boundaries of the City of Coral Gables; the GBTS-PBTS HOA Board has unanimously adopted this resolution in opposition of this highly adverse regional expansion of Gulliver and has named a two person committee to contact all elected officials and City Managers to urge that our citizens rights be protected and upheld by negating and opposing this application that is without merit and detrimental to us all."</p>
