Recertification of Building 40 Years or Older

To whom it may concern:

As per the Miami-Dade County Property Appraiser's office the above referenced property address is forty (40) years old, or older, having been built in 1968. In accordance with the Miami-Dade County Code, Chapter 8, Section 8-11(f), a Florida Registered Architect or Professional Engineer must inspect said building and a completed Recertification Report ("Report") must be submitted to this Department within ninety (90) calendar days from the date of this letter. A completed Report includes the Building Structural Report, the Building Electrical Report, cover letter(s) stating the structure meets the electrical and structural requirements for recertification, the Parking Lot Illumination Standards Form and the Parking Lot Guardrails Requirements Form; no additional documents or photographs are necessary. Note all paperwork submitted must be the original signed and sealed documents (no copies). Submittal of the Report does not constitute recertification; it must be approved by this Department.

In the event repairs or modifications are found to be necessary, the Building Official is able to grant an extension of one hundred fifty (150) calendar days from the date of this letter to obtain the necessary permits and perform the repairs. The structure will be recertified once a revised Report is submitted and approved, and all required permits are closed.

The Architect or Engineer may obtain the required Form, "Minimum Inspection Procedural Guidelines for Building Recertification," from the following link: http://www.miamidade.gov/pa/propertyrecertification.asp. The Recertification Report fee of \$380.63 and additional document and filing fees shall be submitted to the Development Services Department, 405 Biltmore Way, 3rd Floor, Coral Gables, Florida, 33134. In order to avoid delays please submit in person in order to calculate the fees accordingly.

Failure to submit the required Report within the allowed time will result in declaring the structure unsafe and referring the matter to the City's Construction Regulation Board ("Board") without further notice; a \$600.00 administrative fee will be imposed. The Board may impose additional fines of \$250.00 for each day the violation continues, may enter an order of demolition, and may assess all costs of the proceedings along with the cost of demolition and any other required action.

The Department's working hours are Monday through Friday, 7:30am to 3:30pm, tel: (305) 460-5235.

Thank you for your prompt attention to this matter.
