Agenda Item L – Discussion Items

Mayor Lago: Moving on.

Commissioner Anderson: You had deferred the garden district item, so I was incorrect that since Mr. Adams is here, I just want to commend him for his responsiveness to me and I noticed that since he has been here in February 2021, he has designated 16 properties. So, I just want to note that for the record, while we are on public record. And I'd like to make one more comment.

Mayor Lago: Of course. Make as many as you like.

Commissioner Anderson: On the news there was an item where they were showing that children having stomach upset, nausea, vomiting, etc., are encountering liver problems. So, I brought this up here today to not only remind you all look out for your kids, if they're having a stomach illness, nausea, whatever problem, not like when my kids were smaller, a simple 24-hour virus. This is quite serious, it could cause permanent liver damage and some of these kids are now needing to be on the organ donation list, and if you're not an organ donor, please sign up. I have a dear friend who is in need of one and now we have children at risk too. There is a dire need out there for livers.

Commissioner Anderson: Thank you.

Mayor Lago: Commissioner Fors, anything?

Commissioner Fors: Nothing.

Mayor Lago: In closing, is there anything else that we, Mr. Clerk, anything we're missing? In closing, thank you to staff, I appreciate the hard work. This was a very long, tough meeting. I know that we have a lot of things on our plate, and I always want to make sure that I tell staff thank you, thank you, thank you for your hard work, all the work that you do on behalf of the residents and the business community. Thank you so much. Meeting adjourned.
