Re: *The University of Miami Planning Board Application Materials*

Dear Ms. Garcia:

This correspondence is transmitted to you on behalf of the University of Miami (the “University”). The purpose of this correspondence is to transmit to you a suite of entitlement applications all designed to ensure the University’s ability to serve its educational mission within the highest traditions of academic excellence within the Country. As a proud new member of the Association of American Universities (the “AAU”), the University is poised to continue its ascendant trajectory. To do so, it requires a physical plant befitting of its educational achievements. To that end, we enclose the following application materials all relating to the University’s Coral Gables Campus (the “Campus”):

- (i) An amendment to the Comprehensive Plan Future Land Use Map (“FLUM”)
- (ii) A text amendment to the Comprehensive Plan;
- (iii) A text amendment to the Zoning Code;
- (iv) A map amendment to the Zoning Code;
- (v) A Planning Department application; and,
- (vi) A development agreement.

We briefly summarize the application materials in the sections that follow.

I. THE COMPREHENSIVE PLAN AMENDMENTS

A. The FLUM Amendment

The University seeks to amend the FLUM as follows:

1. Amendment to extend the boundaries of the University Campus Multi-Use Area Land Use classification.

The proposed amendments are further described in **Exhibit A**.

B. The Text Amendments

The University seeks to modify Table FLU-5. Other Land Uses to show an FAR of 1.0 as the Maximum Density/Intensity of the University Campus. The University also seeks to modify Table FLU-5. Other Land Uses Sub Category of University Campus Multi-Use Area to allow a Hospital use and to increase the allowable Retail Uses from 15% to 20% of the total floor area. Text amendments are included in **Exhibit B**.

C. The Justification for the Comprehensive Plan Amendments

The proposed University Campus Multi-Use Area Comprehensive Plan amendments both advance and implement Objective FLU-1.7 and Policy FLU-1.71., Objective DES-1.1, Policy DES-1.1.5 and DES-1.1.6 of the Comprehensive Plan. The amendment to expand the boundaries of the University Campus Multi-Use Subzone encourages infill and redevelopment in areas of the University Campus that are located directly across the street from the Miami-Dade Metrorail University Station and along the major thoroughfare of Ponce de Leon Blvd. This amendment will create the opportunity for more local employment due to the increased intensity of permitted uses within this subzone. Most notably, the expansion of the Multi-Use Area will not impact the residential neighborhoods that border the campus along San Amaro and Campo Sano. On this point, the proposed expansion is consistent with the existing location of the Multi-Use Area as shown on the FLUM and is likewise compatible with the surrounding development patterns. We wish to emphasize that the expansion will have no negative impact on the availability of housing affordable to people who live and work within the City – nor will it adversely affect the adopted levels of service of the City’s existing infrastructure.

The proposed Comprehensive Plan text amendment allows for an FAR of 1.0 as the maximum allowed density/intensity on the Coral Gables Campus. This FAR is *lower* than the FAR permitted by the Comprehensive Plan in other Commercial Districts and, correspondingly, it will allow the University to develop the campus at a density that will ensure sufficient capacity for the University’s student, academic, athletic, and administrative needs.

The addition of a Hospital use to the Multi-Use Area furthers the mission of the University to provide world-class, convenient health care to residents. As mentioned above, the Multi-Use Area is ideally situated for a Hospital use located along the Ponce de Leon corridor with easy access to public transit.

II. THE ZONING CODE AMENDMENTS

A. The Text Amendments

The University seeks to amend the text of the Zoning Code as follows:

1. Article 16 - “Definitions” modify the definition of “Health Center”, “University Campus District (UCD) Frontage C” and “University Campus District Frontage D”.
2. Appendix A. Section A-89.C.1 and A-89.C.5 “Site Specific Zoning Regulations Riviera Section Part 14” – eliminate site specific regulations for University-owned properties.
3. Appendix D.1.C.3 – “Campus Master Plan Components” to remove reference to the Design Manual.
4. Appendix D.1.F Campus Sub-Areas Table – add “Hospital” as a medical / healthcare use.
5. Appendix D.1.G.1.b. “Performance Standards, UCD Frontage B” to amend the setbacks permitted in UCD Frontage B.

6. Appendix D.1.G.1.c “Performance Standards, UCD Frontage C” to amend the heights and setbacks permitted in UCD Frontage C.
7. Appendix D.1.G.1.d “Performance Standards, UCD Frontage D” to amend the heights and setbacks permitted in UCD Frontage D.
8. Appendix D.1.G.1.e “Performance Standards, UCD Frontage E” to delete this Frontage.
9. Appendix D.1.G.2 “Performance Standards, Maximum Square Feet” to replace Maximum Square Feet with a Maximum Floor Area Ratio.
10. Appendix D.1.G.5 “Performance Standards, Maximum Retail” to increase the maximum retail in the Multi-Use Zone.
11. Appendix D.G.9 “Performance Standards, Design” to remove the reference to the Design Manual

The proposed amendments are further described in **Exhibit C**.

B. The Map Amendment

The University seeks to modify the University Campus District Zoning Map to reflect the expansion of the Multi-Use Area consistent with the Comprehensive Plan amendment described above. The proposed Zoning Map amendments are further described in **Exhibit D**.

C. The Justifications

The proposed zoning code amendments are consistent with the Comprehensive Plan and synchronize the FAR authorized by the comprehensive plan amendments with the FAR authorized by the Zoning Code. The zoning code amendments will not cause a decrease in any adopted level of service nor do they conflict with any policy or objective of the Comprehensive Plan.

The amendments align the development standards for certain University frontages with the greater development in the Multi-Use Area in keeping with the

existing development standards along Ponce de Leon, US-1, and the Metrorail corridor.

III. THE DEVELOPMENT AGREEMENT AMENDMENT

The proposed amendment to the Development Agreement is described in detail within **Exhibit E**.

IV. CONCLUSION

The University is most excited to work with the City and your team. We look forward to the opportunity to work with City staff to ensure favorable recommendations for approval on each and all of the enclosed applications.

As always, please do not hesitate to contact me if you have any questions.

Best Regards,

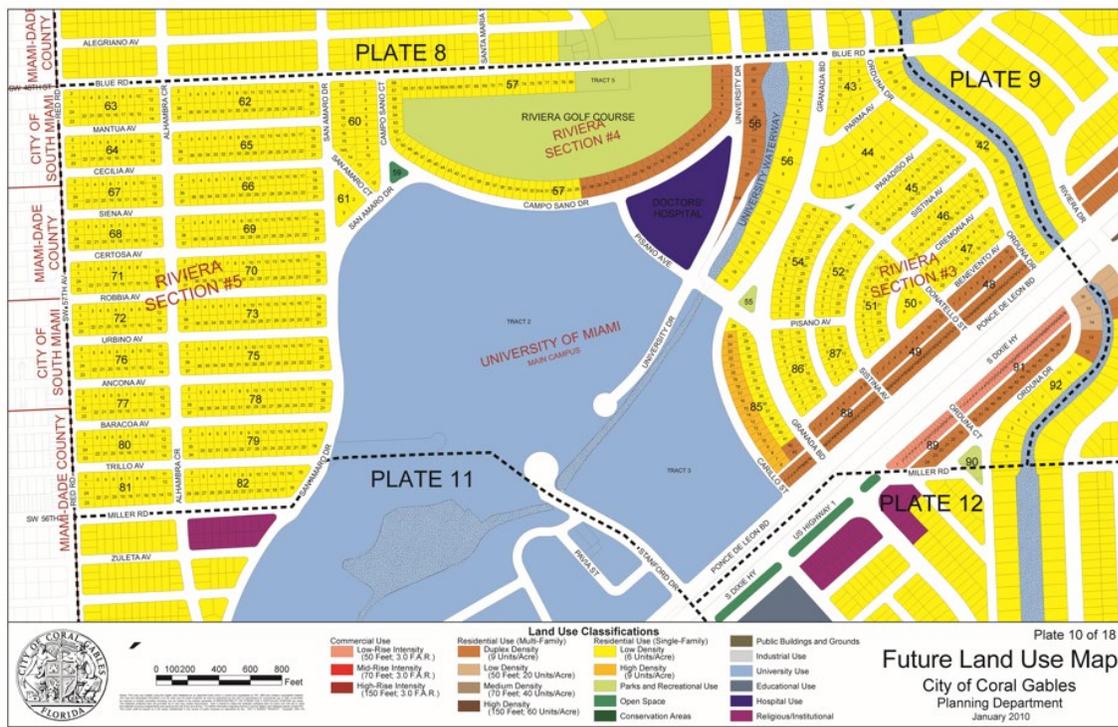

Jeffrey S. Bass, Esq.

 - (i) **Existing Development Permits.** To date the property subject to this Agreement (the UM Campus) has received development permits for the existing buildings and structures.
 - (ii) **Additional Permits Required.** It is anticipated that additional local permits will be necessary during the term of this Agreement as are normal and customary for land development, including building permits, wastewater collection system permits, roadway improvement permits, tree removal permits, water distribution permits, and surface water management permits.
- (g) **Consistent with the City’s Comprehensive Plan and Land Development Code.** The City finds that the development permitted by this Agreement is consistent with the City’s Comprehensive Plan and Land Development Code.
- (h) **Conditions, Terms, and Restrictions.** In light of the express provisions of this Agreement, no new terms, conditions, restrictions, or other requirements are necessary to assure the public health, safety, and welfare of the citizens of Coral Gables.
- (j) **Compliance with Local Regulations Regarding Development Permits.** The University and the City agree that the failure of this Agreement to address a particular permit, approval, procedure, condition, fee, term or restriction in effect on the Execution Date of this Agreement shall not relieve University of the necessity of complying with the regulation governing said permitting requirements, conditions, fees, terms or restrictions, subject however to the terms and provisions of this Agreement.

16. Comprehensive Plan Amendments.

The City agrees to process the Comprehensive Plan Amendments (text and map) attached hereto as Composite **Exhibit “E”** by taking final Commission action on the amendments on or before **Month DD, 20YY**. For the avoidance of doubt, nothing within

this paragraph obligates the City Commission or any board to take any specific action on comprehensive plan amendments addressed herein.

17. Zoning Code Amendments and Change of Zoning District Application.

The City agrees to process the Zoning Code Amendments (text and map), attached hereto as Composite **Exhibit “F”** by taking final Commission action on the proposed map amendments, change in zoning district regulations, on or before **Month DD, 20YY**. For the avoidance of doubt, nothing within this paragraph obligates the City Commission or any board to take any specific action on zoning code text amendment or map amendments addressed herein.

18. Parking Spaces.

The City agrees to (i) obtain all required authorizations and approvals and shall (ii) vacate that portion of the road right of way on Levante Avenue described in Exhibit G and (iii) relinquish and transfer and quit-claim to the University the parking spaces described in **Exhibit G**, and (iv) release and terminate that certain Easement as to Parking Meters dated June 15, 2011 recorded in Official Records Book 27724 at Page 2669 of the Public Records of Miami-Dade County on or before **Month DD, 20YY** (the “ROW Vacation and Parking Space Transfers”).

19. Lee Lincoln Comprehensive Plan Amendment, the Parks & Recreation Zoning District, and the Rezoning Application for Lee Lincoln.

A. The Comprehensive Plan Amendment

The City agrees to initiate and process an amendment to its comprehensive plan future land use map to redesignate Lee Lincoln to the future land use category entitled “Parks & Recreation” (the “Lee Lincoln Comprehensive Plan Amendment”). For the avoidance of doubt, nothing within this paragraph obligates the City Commission or any board to take any specific action on comprehensive plan amendment addressed herein.

B. The Parks & Recreation Zoning Amendment

Concurrently with the Lee Lincoln Comprehensive Plan Amendment described above, City agrees to (i) initiate and process an amendment to its zoning code create a new zoning district by ordinance -- called the “Parks & Recreation Zoning District” that includes material restrictions, terms and conditions in substantially similar form and substance to the terms and conditions set forth in **Exhibit H** to this Agreement, (ii) process the amendment through the traditional legislative process necessary to amend its zoning

code to create a new zoning district; (iii) conduct final adoption hearing(s) as required for a final consideration of the Parks & Recreation Zoning District (the “Parks & Recreation Zoning Amendment”). If and when the City Commission adopts the “Parks & Recreation Zoning Amendment, it shall thereafter initiate and process an application to rezone the Lee Lincoln Property to the Parks & Recreation Zoning District through the normal City rezoning process through final non-appealable City action by the City Commission (collectively the “Lee Lincoln Rezoning”). For the avoidance of doubt, nothing within this paragraph obligates the City Commission or any board to take any specific action on the Parks and Recreation Zoning Amendment or the Lee Lincoln Rezoning.

20. Lee Lincoln Transfer.

If, and only if, and when the City grants the last final, non-appealable approval of each and every of the actions referenced in paragraphs 16, 17, 18, and 19 above and more particularly described in Exhibits E-H to this Agreement (“Additional Approvals”) acceptable to the University and without any condition of approval that the University in its sole and absolute discretion deems unacceptable, then the University of Miami shall convey the Lee Lincoln Site to the City by the Lee Lincoln Deed subject to the terms and conditions of the Lee Lincoln Declaration of Easements and Deed Restrictions. For the avoidance of doubt, in the event that any one of the Additional Approvals are not granted, then the obligation to consummate the foregoing transaction shall be deemed null, void, and of no further force and effect. It is the intent of the parties that the Lee Lincoln Site be transferred subject to receipt of the Additional Approvals and all zoning and master planning approvals and the recording of the Lee Lincoln Declaration of Easements and Restrictions that restricts the use of the Lee Lincoln Site to a park with ancillary recreational purposes, and that it be named “Centennial Park” in commemoration of the 100th year anniversary of the founding of the City and the University.

21. Determination of No Historic Significance.

The City’s Historical Resources Staff has issued a written determination dated October 31, 2025, finding and concluding that Eaton Residential College (“Eaton”) is not historically significant. On an appeal filed by a Coral Gables resident and, after hearing substantial competent evidence, the City’s Historic Preservation Board (“HPB”) agreed with staff, rejected the appeal, and issued a determination dated December 18, 2025 finding and concluding that Eaton is not a historic landmark under Article 8 of the Coral Gables Zoning Code (collectively the “Historic Significance Determination”). All applicable appeal periods relating to the HPB’s decision regarding the Historic Significance Determination have expired. Consequently, the University is entitled to obtain a demolition permit for Eaton. Notwithstanding any provision of any Ordinance to the contrary, including but not limited to Section 14-107.5, the City agrees that the University

possesses the right to obtain administratively issued demolition permits for Eaton, and that right shall exist and run through the duration of the term of this Agreement.

22. Convocation Center.

Notwithstanding any prior City restrictions, regulations or approvals, the City and the University agree as follows:

- (a) In the 2010 Development Agreement, Ordinance 2007-16 was amended to increase the authorized seating capacity of the Convocation Center to a maximum of 9,830 seats, provided however that no additional seats shall be installed until an updated Convocation Center Parking and Traffic Management Program, which includes an updated Event Management and Security Plan which reflects the additional seats, has been submitted to the City and approved by the City Manager or his designee.
- (b) Alcoholic beverages may be sold at the Convocation Center at programs and events in indoor public spaces (including the concourse, floor, and event levels, suites and the Hurricane 100 facilities as well as in temporary seating areas). In Ordinance 2019-24, the City amended Resolution #2003-7, to authorize the sale of alcoholic beverages at the Convocation Center in accordance with this subparagraph, which amendment become effective on March 12, 2019.
- (c) Upon the build-out of the additional seats described in subparagraph 22(a) above as measured by the issuance of a certificate of completion, the University shall make available free of charge to Coral Gables residents \$20,000 worth of tickets each calendar year for events at the Convocation Center. Where tickets for events do not contain a face value, the University may impute a fair value to such tickets and the City is free to accept or reject such tickets. Rejection of such tickets does not relieve the University of the obligations under the provisions of this paragraph. The selection of the events shall be in the sole discretion of the University. The distribution of the tickets shall be the sole responsibility of the City and the City agrees to establish a program for the public distribution-of the tickets. Each Coral Gables resident receiving a free ticket shall furnish the City with appropriate identification to demonstrate residency together with a mailing address and email address (if available).

23. Use of Name, Logo, Trademark.

The parties each agree to seek from the other the prior written approval of all advertising and/or marketing materials whether intended for print or electronic distribution which contains the name, logo, trademark, likeness or other similar identifier when promoting any of the events identified in this Agreement. The approval required by this paragraph for the City and the University shall be given promptly by the designated representative of each party and shall not be unreasonably withheld.

24. Consideration and Mitigation.

The City and the University agree that in consideration for the terms and conditions of this Agreement, the University shall make annual payments to the City pursuant to the payment schedule attached as Exhibit "I".

25. Impact Fees, Special Assessments and Other Municipal Fees.

Nothing in this Agreement shall relieve the University from the obligation to pay any impact fees, special assessments, building permit fees, user fees or other municipal fees, charges or taxes which are generally applicable to any other development, property and/or use in the City. The City expressly recognizes the rights of the University, like any other property owner, to challenge the adoption of a new impact fee or the application of an existing fee to it, or to otherwise seek relief from said fee or assessment in accordance with law. The University acknowledges the right of the City to challenge any tax exemption for improvements in the University Multi-Use Area.

26. Conflicts and Amendment of Prior Ordinances and Agreements.

- (a) In the event of conflicts between the terms of this Agreement, a previously imposed condition of development approval, and/or the City's Zoning Code, the provisions of this Agreement shall control.
- (b) With respect to the Additional Approvals sought herein, with the adoption of an Ordinance approving this Agreement, the following Ordinances and Resolutions are hereby amended according to the provisions of this Agreement:
 - (i) Ordinance 2007-1
 - (ii) Ordinance 2010-31
 - (iii) Ordinance 2010-29

(iii) Ordinance 2010-34

- (c) Nothing in this Agreement shall be construed to abrogate or otherwise affect any existing agreements between the City and the University or to limit in any way the application of any existing regulations of the City to the University unless such agreements or regulations are expressly modified or preempted by the provisions of this Agreement.

27. Vested Rights.

All approvals granted under the 2010 Agreement remain vested under the terms of this Agreement.

28. Amendments.

This Agreement may be amended by the mutual consent of the City and University, subject to compliance with the procedural requirements for the initial approval of this Agreement pursuant to the Act, sections 163.3220-163.3243, Fla. Stat. (2025) and pursuant to the provisions of Division 19 of the Zoning Code of the City of Coral Gables, or any subsequent laws or ordinances.

29. Existing UCD Obligations.

Except as expressly set forth in this Agreement, nothing in this Agreement shall abrogate or otherwise eliminate any approval previously granted or any obligation previously imposed on the development and use of the UM Campus under the existing UCD zoning, unless expressly provided for in this Agreement or approved after a duly noticed public hearing by the City Commission of the City of Coral Gables pursuant to the provisions of the City's Zoning Code and the requirements of the Florida Statutes.

30. Applicable Laws and Construction.

The laws of the State of Florida shall govern the validity, performance and enforcement of this Agreement. This Agreement has been negotiated by the City and the University, and the Agreement, including, without limitation, the Exhibits, shall not be deemed to have been prepared by the City or the University, but by all equally.

31. Venue and Jurisdiction.

- (a) For purposes of any suit, action, or other proceeding arising out of or relating to this Agreement, the Parties hereto do acknowledge, consent, and agree that venue therefore is Miami-Dade County, Florida.
- (b) Any civil action or legal proceeding arising out of or relating to this Agreement shall be brought in the 11th Judicial Circuit in and for Miami-Dade County, Florida. Each party irrevocably consents to the personal jurisdiction of such court in any such civil action or legal proceeding and waives any objection to the laying of venue of any such civil action or legal proceeding in such court.

32. Estoppel Certificates.

The University and the City shall at any time and from time to time, upon not less than thirty (30) days prior notice by another party hereto, execute, acknowledge and deliver to the other party, a statement in recordable form certifying that this Agreement has not been modified and is in full force and effect (or if there have been modifications that the said Agreement as modified is in full force and effect and setting forth a notation or a full copy of such modifications), and that to the knowledge of such party, neither it nor any other party is then in default hereof (or if another party is then in default hereof, stating the nature and details of such default), it being intended that any such statement delivered pursuant to this paragraph may be relied upon by any prospective purchaser, mortgagee, successor, assignee of any mortgage or assignee of the respective interest in UM Campus, if any, of any party to this Agreement.

33. Complete Agreement; Amendments.

- (a) This Agreement, and all the terms and provisions contained herein, including without limitation the Exhibits hereto, constitute the full and complete agreement between the Parties hereto to the date hereof with respect to the matters expressly set forth herein, and supersedes and controls any and all prior agreements, understandings, representations, correspondence and statements, whether written or oral. The rule of contract interpretation known as *expressio unius est exclusio alterius* shall not be applied when interpreting this Agreement to address matters not expressly identified within this Agreement.
- (b) Any provision of this Agreement shall be read and applied in *pari materia* with all other provisions hereof.

- (c) This Agreement cannot be changed or revised except by written amendment signed by both Parties hereto or as otherwise permitted herein.

34. Captions.

The paragraph and subparagraph headings and captions of this Agreement and the list of exhibits contained in this Agreement are for convenience and reference only and in no way define, limit, describe the scope or intent of this Agreement or any part thereof, or in any way affect this Agreement or construe any article, section, subsection, paragraph or provision hereof.

35. Holidays.

It is hereby agreed and declared that whenever a notice or performance under the terms of this Agreement is to be made or given on a Saturday or Sunday or on a legal holiday observed by the City, it shall be postponed to the next following business day.

36. Exhibits.

Each Exhibit referred to and attached to this Agreement is an essential part of this Agreement. The Exhibits and any amendments or revisions thereto, even if not physically attached hereto, shall be treated as if they are part of this Agreement and incorporated herein.

37. Public Purpose.

The University and the City acknowledge and agree that this Agreement satisfies, fulfills and is pursuant to and for a public and municipal purpose and is in the public interest, and is a proper exercise of the City's power and authority.

38. No General Obligation.

In no event shall any obligation of the City under this Agreement be or constitute a general obligation or indebtedness of the City, a pledge of the ad valorem taxing power of the City, the lending of credit, or a general obligation or indebtedness of the City within the meaning of the Constitution of the State of Florida or any other applicable laws.

39. Approvals Not Unreasonably Withheld.

The University and the City represent that it is their respective intent as of the Execution Date and do covenant and agree in the future that all approvals, consents, and reviews will be undertaken and completed as expeditiously as possible, in good faith, and will not be arbitrarily or unreasonably withheld, unless otherwise expressly authorized by the terms of this Agreement. This paragraph relates solely to the legislative, ministerial or administrative approvals or actions of the City and does not relate to any quasi-judicial approval or action.

40. Preservation of Rights.

The University and the City further acknowledge and agree that certain provisions of this Agreement will require the City and/or its boards, departments or agencies, acting in their government capacities, to consider governmental action as set forth herein. The University and the City acknowledge and agree that all such actions undertaken by the City shall be undertaken in strict accordance with established requirements of the general laws of the State of Florida and City ordinances or regulations. Nothing in this Agreement or in the University's and the City's acts or omissions in connection herewith shall be deemed in any manner to waive, limit, impair, or otherwise affect the authority of the City in the discharge of its police or governmental power expressly including the land use and zoning power.

41. Technical Amendments; Easements for Encroachments.

In the event that due to minor inaccuracies contained herein or any Exhibit attached hereto or any other agreement contemplated hereby, or due to changes resulting from technical matters arising during the term of this Agreement, the University and the City agree that amendments to this Agreement required due to such inaccuracies, unforeseen events or circumstances which do not change the substance of this Agreement may be made and incorporated herein. In addition, during the term of this Agreement if the parties determine that there are University improvements on City Property, and University determines not to remove the encroachment, the City agrees to grant the University an easement of use to maintain such existing improvements which encroach on City property including rights of way provided the University agrees to indemnify, defend and hold the City harmless from and against any and all loss, expense damage and liability resulting from the claims arising out of or resulting from the encroachments. The City Manager is authorized to approve such technical amendments and easements on behalf of the City, and is authorized to execute any required instruments, to make and incorporate such amendments to this Agreement or any Exhibit attached hereto, or any other agreement contemplated hereby.

42. Notices.

43. Default and Enforcement.

(a) **Default.** The occurrence of any of the following shall constitute an event of default ("Event of Default") under this Agreement.

- (i) University Monetary Obligation. The University's failure to pay any amount due on the date required under this Agreement ("Event of Monetary Default").

- (ii) University Non-Monetary Compliance Obligation. The University's failure to comply with a non-monetary obligation pursuant to this Agreement ("Event of Non-Monetary Compliance").
 - (iii) City Approvals.
 - a. The City's failure to take final action approving each and every of the approvals and actions referenced in paragraphs 16, 17, 18 and 19 above and more particularly described in **Exhibits E, F, G & H** to this Agreement.
 - b. The City's imposition of any material condition to an approval, conveyance or similar action that materially frustrates the ability to use and develop the UM Campus in accordance with the uses and intensities described in the Campus Master Plan, the Comprehensive Plan Amendment and Zoning Code Amendment attached as **Exhibits E & F.**
 - (iv) City Compliance Obligation. The City's failure to comply with an obligation under this Agreement that does not involve the Additional Approvals.
- (b) **Notice.** Written Notice of Default shall be given in the manner provided for in paragraph 42 of this Agreement.
- (c) **Event of Monetary Default.** If and when the City Manager or his designee determines pursuant to the terms of this Agreement that an Event of Monetary Default has occurred, the City Manager or his designee shall provide the University with written notice of the Event of Monetary Default, the University shall have fifteen (15) days after receipt of the written notice to cure such default. The University may cure the Event of Monetary Default by making full payment within fifteen days of the amount due and owing plus interest in the amount of 1 ½ percent per month (not to exceed the maximum allowed by law) of the past due amount from the date due until the date paid. If at the time the University makes such payment, the University takes the position that the City is in default as to an obligation(s) of this Agreement and the City disagrees, the University agrees to make the disputed payment, but may do so under protest, reserving all of its right to seek administrative or judicial relief with regard to the City's compliance with the obligations at issue. The payment under protest shall constitute a

cure of the Event of Monetary Default. The payment under protest shall not serve to waive, abandon, compromise, or create an estoppel with respect to the merits of the potential dispute.

- (d) **Acceleration.** If the University fails to cure an Event of Monetary Default within fifteen (15) days after the University receives written notice from the City, the City may, at its sole discretion, give Notice to the University in accordance with the provisions of paragraph 42 and all future payments under this Agreement shall thereby be accelerated and shall become immediately due and owing, together with interest thereon at the rate set forth in subparagraph 43(c) above.
- (e) **Event of Default by City.** In the Event of Default by the City with regard to an obligation, the University shall give the City written notice of default. The City shall have fifteen (15) days after receipt of written notice of default, together with the required period of notice for City action on the required approval, to cure said Event of Default. If the City fails to cure the Event of Default, then the University's obligation to pay the mitigation provided for in this Agreement shall be suspended until the default is cured then the mitigation shall become due and owing.
- (f) **Event of Non-Monetary Default by University.** In the Event of Default by the University with respect to its non-monetary obligations, the City shall give the University written notice of the Event of Default. The University shall have fifteen (15) days after receipt of written notice to cure the Event of Default. If the University is unable to cure the Event of Default within fifteen (15) days, the University shall submit a plan and a timeline for implementing the cure ("Cure Plan"). If the Cure Plan and timeline are acceptable to the City, the University shall implement the Cure Plan according to its terms in a timely fashion.
- (g) **Enforcement.** Either party may file an action for declaratory or injunctive relief in the Circuit Court of Miami-Dade County to enforce the terms of this Agreement. The parties acknowledge that any failure to comply with the non-monetary obligations of this Agreement may result in irreparable injury, not compensable by monetary damages, and accordingly, each party hereby consents to the entry of injunctive relief against it in the event of such failure; the enforcement provisions of this sub paragraph shall be in addition to any other remedies available at law or equity or both. In the event the City or the University is required to seek enforcement of the

provisions of this Agreement, the prevailing party shall be entitled to recover from the other party all costs of such action, including reasonable attorney's fees.

44. Audited Financial Statements.

The University shall make available to the City for inspection a copy of its most recent audited financial statements within thirty (30) days after a written request from the City.

45. Recording of Agreement and Submission to the Department of Commerce.

The City shall, within fourteen (14) days of the approval of this Agreement, record the Agreement with the Clerk of the Court of Miami-Dade County. After the Agreement is recorded, the City shall submit the Agreement to the Department of Commerce or its successor to the extent required by the Florida Local Government Development Agreement Act, as amended.

The City Manager or his designee shall review the annual report submitted by the University and prepare a written report which shall be presented to the City Commission at a duly noticed public meeting for review and approval. After the annual review is approved by the Commission, the report shall be submitted to the Department of Community Affairs.

48. Force Majeure.

In the event that either party hereto is prevented from fully and timely performing any of its obligations hereunder due to acts of God, pandemics, strikes and/or lock-outs, other industrial disturbances, acts of the public enemy, laws, rules and regulations of governmental authorities, wars or warlike action (whether actual, impending or expected, and whether de jure or de facto), arrest or other restraint of government (civil or military), blockades, insurrections, acts of terrorists or vandals, riots, epidemics, landslides,

sinkholes, lightning, hurricanes, storms, floods, washouts, fire or other casualty, condemnation, earthquake, civil commotion, explosion, breakage or accident to equipment or machinery, any interruption of utilities, confiscation or seizure by any government or public authority, nuclear reaction or radiation, radioactive contamination, accident, repairs or other matter or condition beyond the reasonable control of either party (collectively called "Force Majeure", financial inability to perform hereby expressly excluded) such party shall be relieved of the duty to perform such obligation until such time as the Force Majeure has been alleviated; provided that the party relying upon the provisions of this paragraph shall give the other party written notice of such reliance and upon the removal of the Force Majeure, the obligation prevented from being fulfilled will be automatically reinstated without the necessity of any notice whatsoever.

49. No Third-Party Beneficiaries.

Nothing in this Agreement, whether express or implied, is intended to confer any rights or remedies under or by reason of this Agreement on any persons other than the parties hereto and their respective administrators, executors, other legal representatives, heirs, successors and permitted assigns. Nothing in this Agreement is intended to relieve or discharge the obligation or liability of any third persons to any party to this Agreement, nor shall any provision give any third person's legal standing or any right of subrogation or action over or against any party to this Agreement.

50. Relationship of the Parties.

The parties hereto acknowledge that they are separate and independent entities, and nothing contained herein shall be deemed to create a joint venture, association, partnership, agency or employment relationship between the two. Neither party shall have the power to act in the name of, on behalf of, or incur obligations binding upon the other party. Neither party shall acquire an interest in the business or operations of the other by virtue of this Agreement. Furthermore, neither party endorses or warrants the activities of the other or their business, business practices, projects, products, services or other activities.

51. Time is of the Essence.

Time is of the essence for each and every provision of this Agreement.

52. Further Assurances.

The parties agree to execute and deliver from time to time such documents, and to perform all actions which may be necessary to effectively and completely carry out the

intended effect of this Agreement including but not limited to defending the Agreement from legal or administrative challenge. On this point, the University agrees to cooperate with and fund the costs of defending any challenge to this Agreement by any third parties, including reasonable attorney's fees and costs incurred by the City for independent outside counsel if necessary.

53. Construction.

The language used in this Agreement will be deemed to be the language chosen by all of the parties to express their mutual intent, and no rule of strict construction shall be applied against any party. Any reference to any federal, state, local, or foreign statute or law shall be deemed also to refer to all rules and regulations promulgated thereunder, unless the context requires otherwise.

54. Approvals.

- (a) The failure of this Agreement to address a particular permit, condition, term, or restriction shall not relieve the University of the necessity of complying with the law governing said permitting requirements, conditions, terms, or restrictions.
- (b) It is anticipated that local development permits and approvals will be necessary: (i) Development Review Committee as required by the Zoning Code; (ii) Board of Architects as required by the Zoning Code; (iii) Planning and Zoning Board as required by the Zoning Code; (iv) City Commission as required by the Zoning Code.
- (c) In addition, it is anticipated that additional local permits will be necessary during the term of this Agreement as are normal and customary for land development, including building permits, wastewater collection system permits, roadway improvement permits, tree removal permits, water distribution permits, and surface water management permits.
