Mayor Lago: Very quickly, before we start with F-1, I just wanted the Manager to give a synopsis really quickly. I don't want to give the property address, but that we spoke to the Commission and everybody is fine moving forward to analyze the possibility of just entertaining if that makes sense for the city, that property.

City Manager Parjus: Yes Mayor. A property has – we've just been notified that a property that is of extreme interest to the city has come up available and we are doing the due diligence right now to find out more about the property value, etc., etc. Its located across from Salvadore Park, its on the east side of Salvadore Park and I think it's a very promising site.

Mayor Lago: So, let's just see what happens with your staff, move forward and analyze it and negotiate with the owner of the property who hasn't put it on the market, thank God, and I look forward to hopefully the city acquiring it, if it makes sense. Okay. Thank you.
