**Re: Permit PL-19-05-5656 (Coral Gables Building department)**

We have tried on numerous occasions to reach you by phone. The numbers we have on file. Both numbers are unable to connect.

We are sending this letter in hopes that it reached you.

Understand that pursuant to FBC 1100.5, "It shall be the duty of the permit holder (you) to provide access to and means for inspection of such work that are required by this code" or to show that no work was done.

Because we have not heard from you and cannot reach you, we will be removing ourselves from this permit and it will be up to you to get another contractor close this out.
