- Asset Manager Sardinias explained the existing lease agreement signed in 1989 is for the parking lot in front of the church which is on the right of way. Tenant (Congregational Church) reached out to city to obtain a permit to restripe the fifty (50) space parking lot used by the Church.
- Once the process began for the permit, development services realized that lighting had to be installed in the lot to bring it up to code as per Miami Dade County Ordinance.

 - City will install the lights in the Lot at a cost of \$3400.00 as well as pay the \$2800 restriping cost. These expenses will be reimbursed back to the city thru the lease payments.
