

City of Coral Gables  
CITY COMMISSION MEETING  
August 26, 2025

**ITEM TITLE:**

A Resolution of the City Commission authorizing the acceptance of Amendment No. 2 to grant agreement No. LPA0269 with the Florida Department of Environmental Protection (FDEP) in the amount of \$375,000; approving the extension of the task expiration date for the Coral Gables Citywide Septic to Sewer Conversion Assessment Project from December 31, 2025, to October 31, 2026; and authorizing the City Manager to execute the amendment to the agreement with FDEP for said financial assistance.

**BRIEF HISTORY:**

On November 9, 2022, the City of Coral Gables entered into a Grant Agreement with the Florida Department of Environmental Protection (FDEP) for the Citywide Septic to Sewer Conversion Assessment Project. The first amendment to the agreement extended the project timeline through July 30, 2026 with a task expiration of December 31, 2025.

The City requested an additional extension of the performance period to allow time for community meetings scheduled for Fall 2025. These meetings are intended to engage residents and gather valuable input, which is critical to completing the study funded through the grant.

If approved, this item will authorize the City Manager to execute the amendment to the grant agreement, thereby extending both the agreement and the task deadline to complete the study.
