NOW THEREFORE BE IT RESOLVED BY THE COMMISSION OF THE CITY OF CORAL GABLES THAT:

SECTION 1. The foregoing “**WHEREAS**” clauses are hereby ratified and confirmed as being true and correct and are hereby made a specific part of this Ordinance upon adoption hereof.

SECTION 2. The Official Zoning Code of the City of Coral Gables is hereby amended as follows¹.

Article 5. Architecture

Section 5-500. Roofs.

Section 5-505. Pitched roofs, material.

Pitched roofs shall be constructed of:

- A. Vitrified clay tile.
- B. White concrete tile. The finished surface for white concrete tile shall be a mixture of one (1) part Portland white cement to three (3) parts white silica sand, together with a waterproofing and plasticizer ad-mix. These ingredients shall be mixed with water to a consistency equal to that of a finishing coat of plaster. The mix thus obtained shall be pressure troweled onto the surface of the freshly extruded tile at the time of manufacture.

¹ Deletions are indicated by ~~striketrough~~. Insertions are indicated by underline.

- C. Colored cement tile, provided the tile is color saturated with the same color intensity throughout and the color is not surface applied, and provided the color meets with approval of the Board of Architects, taken in conjunction with the surrounding areas. Such colored cement tile roofs, which have been installed according to approved plans may be painted or repainted a different color from the original color of the installed tile subject to approval of the application and the paint specifications by the Board of Architects.
- D. Coral rock slabs laid shingle fashion.
- E. Thick butt variegated colored slate as approved by the Board of Architects.
- F. White Bermuda roof, with a minimum pitch of not less than five (5) inches in twelve (12) inches.
- G. Where there exists a pitched roof of other material that was permitted at the time of the original construction, additions to or replacements to said building may use the same material.
- H. Roofs on accessory buildings shall conform to the roof requirements for the principal building provided, that bomb shelters and/or fallout shelters may be constructed with a flat roof that the maximum height of such shall not exceed four (4) feet above grade.
- I. Roof tiles with surfaces applied glaze under the manufacturer's process, provided, that the color meets with the approval of the Board of Architects taken in conjunction with the surrounding area and provided further that the tile shall not be painted or repainted.
- J. Copper in its natural state and allowed to oxidize and patina may be used as a roofing material for residential uses subject to approval of design, manner of installation, and conformity with the architectural design, style and composition of the proposed residential structure as shall be approved by the Board of Architects. An approved copper roof must remain in its natural state as a metal, thereby prohibiting painting, coating, surface application, or any other fabrication or manufacturing process that alters its natural metallic state.
- K. Barrel Tile, provided that the tile is three (3) inches in depth and fire clay material.
- L. Standing seam metal may be used on single-family homes with the approval of the full Board of Architects as deemed appropriate for the architectural style and neighborhood character. Metal roofs are prohibited within Historic Districts and shall require the additional approval from the Historic Preservation Board for locally designated and historically significant homes (as determined by the Historic Preservation Officer). Metal roofs shall not imitate other materials and not be painted after installation.

M. Specific exceptions include: Golden Gate, MacFarlane Homestead and St. Alban's Park, Coconut Grove Warehouse Center, the Design & Innovation District Overlay and/or Mixed-Use District abutting South Dixie Highway, and where plastic or glass translucent material is used as permitted elsewhere in this article.

Article 16. Definitions

Standing seam metal roof means a type of roofing material characterized by long flat metal panels or sheets that are crimped together along their vertical edges.

SECTION 3. All ordinances or parts of ordinances inconsistent or in conflict with the provisions of this Ordinance are hereby repealed.

SECTION 4. If any section, part of section, paragraph, clause, phrase or word of this Ordinance is declared invalid, the remaining provisions of this Ordinance shall not be affected.

SECTION 5. It is the intention of the Commission of the City of Coral Gables, Florida, that the provisions of this Ordinance shall become and be made part of the "Zoning Code" of the City of Coral Gables, Florida; and that the sections of this "ordinance" may be changed to "section", "article", or such other appropriate word or phrase in order to accomplish such intentions.

SECTION 6. If the Official Zoning Code of the City of Coral Gables Tables of Contents or other reference portions is affected by these provisions, then changes are approved as a part of this Ordinance.

SECTION 7. This Ordinance shall become effective upon the date of its adoption.
