Update reference Adventure Day for All – Embracing People of all Abilities – Ms. Carolina Vester

Ms. Elejabarrieta advised that after speaking with Mr. Mizrachi it did not appear that Jonathan's Day would be part of the City's Adventure Day for All event due to the level of involvement Jonathan's Day would have in the City's event. Mr. Sando stated he also had a conversation with Mr. Mizrachi and would like to see a compromise. Ms. Elejabarrieta stated that the City has branded this event in order to be able to continue having it in the future. Ms. Elejabarrieta stated that they will reach out again and speak with Mr. Mizrachi to determine whether there is a resolution that works for both entities.

Mr. Sando and Ms. Whitehurst expressed concern regarding not having the promoting factor from CBS 4 if Jonathan's Day does not participate in the City event. Ms. Vester advised that the City will promote this event throughout various avenues. Ms. Vester stated that flyers will be distributed. Ms. Vester presented the Board with a draft of the flyer for the event. Ms. Vester stated that there will also be several points of entry that will require participants to sign in prior to entry.

Ms. Vester advised that staff will be reaching out to various vendors regarding their participation in the event. Ms. Vester stated that they will be advising interested vendors that there will not be any charge to them; the City is waiving all fees for this event. Ms. Vester also stated that the City will be covering the cost of all rides available at this event. Ms. Sowers asked if it would be ok to advise vendors outside of Miami and Ms. Vester stated that would not be an issue. Ms. Elejabarrieta stated that once the flyers are available it will be distributed via various means and that it would also be crucial for the Board members to disseminate the flyer to all of their contacts.

NEW BUSINESS:

City of Doral Survey to Residents – Ms. Whitehurst

Ms. Whitehurst presented Board with a copy of a survey (incorporated into minutes) which was created and distributed to the community by the City of Doral in order to determine the size of their Special Needs population. Ms. Whitehurst stated she believes that the City of Coral Gables would benefit from conducting such a survey.

Mr. Sando asked if there is currently any data that the City of Coral Gables has regarding the Special Needs population within the community. Ms. Vester stated that currently information is received directly from families regarding their cases and is not disclosed.

Ms. Vester stated that the City is currently in the process of distributing a Citywide satisfaction survey which will be mailed to select random homes and also available online. Ms. Vester stated that this survey contains an ADA

Ms. Vester stated that the City has also commenced working on its' Parks Master Plan. Ms. Vester stated the first part of this plan is a need assessment survey that goes out to the community either via a survey or focus group in order to gather what the community needs and shapes the next 15 years of the Parks Master Plan.
