COMMISSIONER APPEARANCE

a. Commissioner Menendez Meet & Greet with the Board

Commissioner Menendez began the Meet & Greet by giving a brief history of his professional career and described his commitment to the City and becoming a Commissioner. The conversation continued with the Board prompting Commissioner Menendez with questions about his history with the city and why he decided to run for the position.

Vice Chair Celia Suarez briefly outlined to the commissioner on what the Senior Advisory Board hopes to accomplish while serving which included better health for seniors both physically and mentally and to remedy any issues that affect the Center and its patrons.

Commissioner Menendez offered some advice and encouraged the Board to pass formal resolutions on important items that greatly affect what the board stands for so that these items get attention by the Commission. Board Member Celia Suarez brought up the issue of Parking at the AAC as an example and was suggested by Commissioner Menendez to create a resolution.

During the discussion, Board member Richard Thurer requested that the Board be more involved with the City's hired lobbying firm and be able to communicate to them directly. Commissioner Menendez explained that he would be happy to take three areas of concern that affect the seniors of Coral Gables to the City's hired lobbying firm. He asked that staff and the board work together to compile these areas of concern.

Board member Richard Thurer showed the desire for the Board to have input in developments both city owned and privately owned that affect the senior population. This sentiment was brought forth after Richard had heard talk of a senior building being constructed. Staff member Mitch Zuriarrain believes the building that Richard was referring to is the proposed location to a newly constructed Mobility Hub that will replace an existing parking garage. Mitch quickly gave an overview of the proposed building and its function.

Commissioner Menendez has requested that the Community Recreation Director and staff share any progress on projects with the Senior Advisory Board as this board represents a very large segment of our population.

On behalf of the department, Mitch informed Commissioner Menendez and the Board that we will continue to share any updates or progress with the board, and we will keep all our advisory boards involved in the process on any projects that are being managed by our department. Regarding the proposed Mobility Hub, the Community Recreation department will only have design input with the buildout of the top deck which we hope will be a rooftop park space. Mitch also added if the Board would like updates or information on any of our park's projects, the Board can use our City webpage under Park Projects or email us at ParksProjects@coralgables.com.

SUPERVISOR'S REPORT

a. General Updates

Assistant AAC Supervisor Manual Guerrero began his report by having a Senior Day event recap and thanked the Board for setting up a table at the event.

Commissioner Menendez brought up that he would love to see more events for our senior community and broadly asked the questions of how many seniors participate in city events and how many participate at the Adult Activity Center. He then broadly mentioned, how many seniors want to participate and don't have the information or means to do so. He would like to tap into those groups and have the Board aid in a outreach program that would help bring seniors that have become more isolated as they have become older to allow for them to become more social.

Jim Berlin agreed with Commissioner Menendez and stated that this was part of the board's strategic plan of working on visibility of the Adult Activity Center and the Senior Advisory Board.

Manual Guerrero continued his report by going over upcoming Fall programming. Programs include arts & crafts classes, barre intensity, language classes, support groups, and a new program called 'La Comunidad Eschucha Y Apoya' which is a Spanish support group to discuss everyday life issues.

September 25th and October 2nd they will have SHINE do a weekend series on Open Enrollment for Medicare.

The AAC will be offering hours during the month for seniors to register for the Miami Dade County special transit pass called the Golden Passport. This passport will allow seniors the ability to ride Transit free with a Golden Passport EASY Card for 20 years. Days to register will be every second and fourth Wednesday of the month.

The AAC will also become the temporary home for programming geared towards Adults with Special Needs. Mitch Zuriarrain spoke to the board about how the department has absorb the program from an outside group. Programming will be held on Wednesdays.

The AAC was used again by the Coral Gables Fire Department to administer the COVID vaccine booster shot. The shot was available for those that had initially done their vaccinations at the center.

AAC Supervisor Katherine Anderson has already reached out to the AARP to continue the process and to receive any updated materials.
