**DEPARTMENT HEAD RECOMMENDATION:**

Approval.

**PLANNING AND ZONING BOARD RECOMMENDATION:**

The Planning and Zoning Board at their 01.09.13 meeting recommended approval of the Site Plan subject to Staff's recommended Conditions of Approval (vote: 6-0) and Zoning Code Text Amendments (vote: 6-0).

**BRIEF HISTORY:**

The City Commission at their 01.22.13 meeting recommended approval of the Site Plan subject to Staff's recommended Conditions of Approval (vote: 5-0) and Zoning Code Text Amendments (vote: 5-0) on First Reading.

Snapper Creek Lakes Club, Inc. has submitted two (2) applications for the marina located on Tract A of the Snapper Creek Lakes Subdivision. The first Application is for site plan review for the demolition of the existing one-story 2,000 sq. ft. harbor master and boat storage building and construction of a new two-story, 4,000 sq. ft. community center building. The new building will have the same uses as the current building with the only addition being a community center meeting room on the second floor. The proposed two-story building will be handicap accessible and have approximately the same building footprint and

location. There are no other changes proposed to the existing marina or parking lot with this Application. The site plan review does include consideration for encroachment of landscaping into the adjacent Old Cutler Road right-of-way.

The second Application is to create new Zoning Code Site Specific provisions governing the use of the existing marina facility and proposed community center located on Tract A. Currently the Zoning Code Appendix A, Site Specific Zoning Regulations, includes provisions referenced as “Section A-94 – Snapper Creek” which only govern single-family properties within the subdivision. In 1996, when Snapper Creek Lakes was annexed into the City, Zoning Code provisions were not created governing the use of the existing building or existing marina, both of which have been in existence since the late 1950’s. Therefore, the Applicant in consultation with City Staff, has prepared and proffered new Zoning Code text amendments creating new Site Specific Standards for Tract A.

The Applicant has agreed with the Conditions of Approval requested by Staff.
