Zoning Code Text Amendment – Transitional Rules

Background

The new Zoning Code was adopted on January 9, 2007 and as a part of this adoption transitional rules were put in place to allow projects that had secured preliminary Board of Architects (BOA) approval prior to January 9, 2007, 18 months to secure *FINAL* Board of Architects approval and/or *FINAL* City Commission (CC) approval. This allows projects in transition the opportunity to develop under the previous zoning code (a.k.a. “Archived Zoning Code”).

The intent of this text amendment is to provide for the opportunity of applicants/property owners to extend the 18 month timeframe an additional 6 months upon subject to evaluation by the City Manager. Requests for extension must be field with the City Manager prior to July 9, 2008.

Building and Zoning Departments staff has created a list of projects for which this applies (see Attachment B). The list includes projects that have, in the opinion of City Staff, shown “good cause” and/or “diligence” in proceeding forward through the City’s review process, but have not completed the process within the 18 month timeframe. This does not include the building permit review process, which begins once final BOA/CC approval is secured. This is a different process.

Building and Zoning Department Staff has provided a courtesy notice to those applicable parties who have satisfied the Transition Rules to advise of the opportunity for an extension, although it is the applicants/property owners responsible to monitor current and valid applications that are undergoing City of Coral Gables development review and permitting processes to insure conformity with all applicable City of Coral Gables rules and regulations.

City staff has prepared a “Transition Rule Timeline, provided as Attachment C that provides the specific timeline with the proposed 6 month extension and the standard Building and Zoning Department process timelines.

Public Hearing Timeline

This Zoning Code amendment is under the purview of the Planning and Zoning Board and City Commission since it requires public hearing review.
