Dear Coral Gables City Leader,

We ask the City Commission to deny Allen Morris' application for Ponce Park Residences as currently proposed. We stand firmly against the requested height of 149 feet, which is nearly three times what is currently allowed by code.

We are against vacating and gifting of the alley which is a public right-of-way, designated historic and protected under George Merrick's Master City plan in June, 2018 (page 21).

*We ask that the City Commission reject Allan Morris' & Co. proposed plan, and stand firm by what **is allowed** by the Master Plan and City Code.*

We believe that great cities maintain their Character, Charm, and Quality of Life by not only having excellent zoning codes, but by ENFORCING those codes.

Dear Honorable Mr. Lago,

I hope this email finds you well. For the last 14 years, I've been living at 251 Alesio Avenue, Coral Gables and have never had to ask the Coral Gables city officials for any special requests. However, this time I have joined with my fellow neighbors in solidarity to maintain the high character, charm, and quality of life that Coral Gables is known for, and attracted me to move here from Los Angeles.

We ask the City Commission to deny Allen Morris' application for Ponce Park Residences. We stand firmly against the requested height of 149 feet, which is nearly three times what is currently allowed by code. Dear Commissioner Anderson,

We have lived in Coral Gables for over 30 years and love and cherish our city and neighborhood. We ask you and the City Commission to deny Allen Morris' application for Ponce Park Residencies. We stand firmly against the requested height of 149 feet-- nearly three times what is currently allowed by code.

We are also against vacating and gifting the alley, a public right-of-way, designated historical as of June 21, 2018, and protected as of October 20, 2021, by the Historic Preservation Board.

We urge the City Commission to reject Allan Morris & Company's proposed project abiding by what is allowed by the Coral Gables Historic City Plan and the City Code and honor the consensus of tax-paying Coral Gables residents and voters.

We believe that great cities maintain their character, charm, and quality of life by having excellent zoning codes AND *enforcing* the codes and honoring its residents.

Good afternoon Commissions, City Manager, City Attorney, and City Clerk.

As a resident, a past member of the Landscape Beautification Advisory Board, and a current member of the Economic Development Board, I write to request that the City Commission deny the application for the Ponce Park Residences. While I am not opposed to all development as I understand that the City of Coral Gables, like the rest of the world, must evolve and grow with the current times. However, I am opposed to what is clearly overdevelopment in the area where this project is proposed where The Plaza is almost complete, and several other large projects have already been approved which will altogether have an enormous impact on the surrounding neighborhood. It is unreasonable and unnecessary to approve yet another large scale building in this neighborhood.

The Planning and Zoning Board has repeatedly rejected this project and so should you. You should reject the developer's requests to vacate and be gifted an alley which is a public right of way that has been designated historic since 2018 and the Historic Preservation Board has acted to protect this property. You should reject the developer's request to exceed what is currently allowed by the zoning code.

As a resident and active community member, I respectfully request that today you vote no on this application.

Thank you for your consideration and your service.

To all concerned:

I am a resident of the Coconut Grove District of Coral Gables. I am a tax-paying resident and voter and as such, I am deeply concerned about the large-scale projects such as the Allen Morris Ponce Park Residences. These large projects are popping up with complete disregard for the scale of our neighborhood, our ever threatened quality of life, the charm of our historic neighborhood and the prospect of our diminishing property values.

I am asking the city commission to deny the proposed Ponce Park Residences as it stands today.

The proposed height of the project stands three times what is allowed by code. Once a project like that is allowed, others will keep on compromising our quality of life based on "precedent".

Respectfully,

Dear Ms. Anderson:

I have been a property owner and resident of Coral Gables since 1987. I have loved the convenience and ambiance of Coral Gables since I moved here. I worked at Miami Childrens Hospital for 30 years and looked forward to enjoying my retirement. The continuous and excessive development and projects are causing peril to my dreams.

I would like to register my objection to this project going forward with the impact to the quality of life and changes it will bring to our immediate neighborhood.

thank you.

Dear Ms. Ramos,

I ask the City Commission to deny Allen Morris' application for Ponce Park Residences. I stand firmly against the requested height of 149 feet; that's nearly three times what is currently allowed by code. I am vehemently against vacating and gifting the alley which is a public right-of-way. Please reject Allan Morris' & Company proposed project.

Thank you,

Dear All,

I strongly ask the City Commission to deny Allen Morris 'application for Ponce Park Residence. I stand firmly against the requested height of 149 FT, which is nearly three times what is currently allowed by code.

I am against vacating and gifting of the alley which is a public right-of-way, designated historic as of June 21, 2018 and protected as of October 20, 2021 by the Historic Preservation Board.

I ask that the City Commission reject Allen Morris & Company's proposed project, and stand firm by what is allowed by the Coral Gables Historic City Plan, the City Code and the consensus of tax-paying Coral Gables residents and voters.

I believe that great cities maintain their character, charm and quality of life by not only having excellent zoning codes, but by ENFORCING the codes and LISTENING to the residents.

Sincerely,

Denise Hernandez
