

City of Coral Gables
CITY COMMISSION MEETING
April 8, 2014

ITEM TITLE:

Presentation regarding efforts to address deficiencies in City leases and collection practices.

BRIEF HISTORY:

Since 2009, the Economic Sustainability Department has been addressing significant deficiencies in the leases for City-owned properties that had been existing for many years. The goal has been to create a professional program of asset management that positions the City to maximize the profit/value of its property or choose to use City property to achieve other public goals. This status report is to highlight to the Commission the Department's efforts to address these matters.

APPROVED BY:

Department Director	City Attorney	City Manager
