WHEREAS, the Property is located adjacent to certain CITY right-of-way, sidewalk, swale, alley or other such right-of-way; and

WHEREAS, OWNER desires to encroach under the CITY's right-of-way, sidewalk, swale or alley or other such right-of-way by:

Construction of underground parking garages which will span the entire width of Palermo Avenue and Coconut Grove Drive

(collectively, the "Encroachments") as further described and depicted on the Encroachment Plan, attached and incorporated herein as **Exhibit "A"**; and

WHEREAS, the CITY is willing to allow OWNER to encroach under the CITY's right-of-way, sidewalk, swale area, or other such right-of-way as long as OWNER agrees to assume

certain obligation regarding the proper maintenance of these rights of way and the utilities which are presently or will, in the future, be located under these rights of way.

NOW, THEREFORE, in consideration of the mutual covenants herein contained, and as further consideration for the CITY's approval to encroach upon its right-of-way, the sufficiency of which is hereby acknowledged by the parties hereto, the parties agree as follows:

1. The foregoing Recitals are true and correct and incorporated herein as if repeated in their entirety.
2. The CITY hereby grants permission for the OWNER to encroach under the CITY's right-of-way, sidewalk, swale area, or other such rights-of-way with said Encroachments to be in accordance with the approved Encroachment Plan, attached as **Exhibit "A"**.
3. OWNER agrees to maintain the parking areas under City rights of way in compliance with the engineering report attached hereto as **Exhibit "B"** so as to ensure the proper maintenance and safety of the surface roadways above.
4. OWNER agrees to properly maintain and repair any and all utilities, including but not limited to water, sewer, electrical, cable, and telephone lines, located under the rights of way being encroached upon regardless of whether said utility lines are providing service to OWNER'S property or another property owner. In the event that OWNER is failing to maintain said utility lines in proper order, CITY reserves the right to enter upon OWNER'S property to do the necessary work to properly maintain said utility lines and to charge the rest of such work to OWNER. If the rest of work is not paid within 30 days of initial notice to OWNER, the CITY may lien the property for the amount owed.
5. To the fullest extent permitted by laws and regulations, OWNER hereby agrees to defend, indemnify, and hold harmless the CITY and its commissioners, attorneys, administrators, consultants, agents, and employees from and against all claims, damages, losses, and expenses direct, indirect, or consequential (including but not limited to fees and charges of attorneys and other professionals and court and arbitration costs) arising out of or resulting from the installation and/or maintenance of the encroachment and caused, in whole or in part, by any willful, intentional, reckless, or negligent act or omission of the OWNER, any sub consultant, or any person or organization directly or indirectly employed by any of them or anyone for whose acts any of them may be liable.
6. In any and all claims against the CITY or any of its consultant, agents, or employees by any employee of OWNER, any sub consultant, any person or organization directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under the above paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation, or benefits payable by or for OWNER or any such sub consultant or other person or organization under workers' or workman's compensation acts, disability benefit acts, other employee benefit acts or any other service of law. Moreover, nothing in this Indemnification and Hold Harmless provision shall be considered to increase or otherwise waive any limits of liability, or to waive any immunity, established by Florida Statutes, case law, or any other

source of law. This indemnification provision shall survive the termination of any CITY permit or agreement with the CITY, however terminate. Nothing contained herein shall be construed as a waiver of any immunity or limitation of liability the CITY may have under the doctrine of sovereign immunity of Section 768.27, Florida Statutes. Inclusive in this indemnity agreement is the agreement to fully indemnify Coral Gables from any claims or actions alleged to have been caused by the CITY's acts or omissions. OWNER shall maintain insurance, which will provide for the indemnity provision provided herein.

7. OWNER shall, at all times and at its own expense, maintain the right-of-way areas encroached upon (including any and all public amenities and improvements which may be constructed thereon from time to time) in good condition and in safe, clean, and attractive manner and in accordance with City standards and specifications.

Evidence of insurance will not be approved unless all of the requirements have been met to the satisfaction of the Risk Management Division.
9. That all individuals signing this Agreement have the legal authority to enter into this Hold Harmless and Indemnification agreement.
10. As further part of this Agreement, it is hereby understood and agreed that any official inspector of the City of Coral Gables, or its agents duly authorized, may have the privilege at any time during normal working hours to enter and inspect the premises to determine whether the requirements of the Building and Zoning regulations and the conditions herein agreed to are complied with.

Re: Mediterranean Village at Ponce Circle
Project Maintenance Memorandum
City of Coral Gables, Florida
Langan Project No.: 300129101

The purpose of this memorandum is to identify in general terms the basic maintenance that will be provided by the Developer for the Mediterranean Village at Ponce Circle.

The Developer is making a large investment to develop the Mediterranean Village at Ponce Circle and as such has a vested interest in maintaining the project aesthetically and structurally in sound condition. There are three elements to this project that require long term maintenance. The first one is the at-grade roadway and streetscape features, the second one is the structural component of the project which is composed of the above ground structures and the basement parking garage of the project, and the third one is the underground utility component which includes utility piping running inside the basement parking garage. The following is a description of the maintenance that will be provided by the Developer for these three project elements:

AT-GRADE ROADWAY AND STREETScape COMPONENT

Routine maintenance and emergency maintenance will be provided for the project.

- Routine Maintenance: These operations which are preventative and corrective in nature will be scheduled on a periodic basis.
 - Cleaning and debris removal from the pavement, roadside clear zones and sidewalks;
 - Monthly inspections of storm water inlets to ensure they are free of debris, and removal of any debris found;
 - Landscape maintenance to minimize obstruction of visibility by trees and plantings and routine collection of leaves to minimize clogging of drainage structures;
 - Cleaning, replacement and maintenance of lighting fixtures;
 - Inspection and maintenance of pedestrian pavements, crossing with emphasis on meeting the intent of ADA;
 - Maintenance of emergency response communication systems and access facilities;

- Pavement maintenance. A program will be implemented with the intent of resurfacing, reconstructing or replacing pavements when they are no longer structurally serviceable.
- Emergency Maintenance: These operation are intended to immediately restore a project component to a safe condition:
 - Replacement of inoperative traffic control devices such as access gate arms at the parking ingress and egress points;
 - Replacement of broken sidewalks, traffic redirection devices, curbs and gutters;
 - Repair and replacement of components that provide an immediate or unexpected hazard to the public.

STRUCTURAL COMPONENT

The structural components of the project per Desimone, the structural engineer for the project, will be designed for a long lifespan. This will be accomplished using high quality concrete (low water-to-cement ration and low initial soluble chlorides) and providing protective concrete cover in excess of minimum code requirements. The design will require a waterproofing membrane to be installed directly on the structural slab thus protecting it from water intrusion. This membrane will be overlain with a protective concrete wearing course that will be sloped to the drainage system. These two membranes will provide a high-capacity structure with long-term serviceability and durability.

The structural elements of the basement shall be inspected at regular intervals not to exceed 2 years for structural soundness and safety for the passage of traffic. The inspection methods that can be employed may include visual observations, non-destructive testing and material sampling (coring, removal and testing).

Visual Inspection: Sketches, photographs and video cameras should be used as required to record significant or unusual details.

Non-Destructive Testing: Non-destructive testing (NDT) can be used to augment visual inspection. NDT is typically employed when a defect has been identified by visual means. NDT can be used to highlight or define the extent of the defect.

Material Sampling (Destructive Testing): This type of testing entails taking samples from various structural components. It shall be used only when it is necessary to evaluate the structure before a major rehabilitation or determine material properties for analysis.

UNDERGROUND UTILITY COMPONENT

All exposed storm water, sanitary sewer, and water piping in the basement parking garage shall be visually inspected every 6 months for any leaks. Any leaks shall be promptly repaired.

**Re: Mediterranean Village / Development Agreement / Recommended
Conditions of Approval**

Dear Mr. Trias:

I am in receipt of your memo to me dated January 23, 2015, and summarizing City staff comments regarding the most recent revised Planning and Zoning Board submittal for the Mediterranean Village project. In particular, Section 3 of the memo requests that the Applicant, Agave Ponce, LLC, proffer certain detailed conditions of approval which, if approved by the City Commission, will be incorporated into the Development Agreement for the project. Please find our proposed conditions of approval listed below:

1. Historic Ponce Arts Center Building – Within 120 days of the City Commission's granting of the project's land use and zoning approvals, the Applicant shall provide the City with a maintenance and stabilization plan which will detail the measures to be taken to protect and preserve the historic Ponce Arts Center Building located at 2901 Ponce de Leon Boulevard during the construction of the project. In particular, the plan needs to address how the structural integrity of the Ponce Arts Center will be maintained during the construction of the project's underground parking garage. Such maintenance and stabilization plan is subject to the review and approval of the Director of Historic Resources and the Building Official.
2. Off-site Streetscape Improvements – Prior to the issuance of a final certificate of occupancy for any portion of the project, the Applicant shall complete the off-site streetscape improvements indicated on Exhibit "H" of the Development Agreement. A letter of credit, cashier's check, or performance bond shall be provided to the City for the costs of these improvements prior to the issuance of a

building permit for any vertical construction so as to secure their completion in the event the project is canceled or abandoned. Final construction plans for all off-site streetscape improvements will be subject to the review and approval of the Public Works Director and the Public Service Director.

3. Traffic Improvements – Prior to the issuance of a final certificate of occupancy for any portion of the project, the Applicant shall complete the traffic improvements recommended by the traffic study prepared by Kimley Horn and dated January 27, 2015. Final construction plans for all traffic circulation improvements will be subject to the review and approval of the Public Works Director and the Miami-Dade County Public Works Department.
4. Public Open Spaces – The project's regulatory plans and Development Agreement provide for certain open spaces which will be available for public use. Prior to the issuance of a final certificate of occupancy for the project, an easement and maintenance agreement in favor of the City granting public access to these areas and obligating the Applicant to maintain them will be finalized and recorded in the public records of Miami-Dade County, Florida.
5. Construction Management and Phasing – The Applicant may elect to obtain a foundation permit so as to commence site work. Vertical construction is not proposed to be phased but separate building permits may be applied for and obtained for each building. In the event that construction is proposed to be phased, a phasing plan must be submitted to and approved by the Building Official.
6. Transit Improvements – The City is in the process of considering a transportation mitigation fee which would serve to fund the operations and capital needs of the City's trolley circulator system. If the proposed transportation mitigation fee is adopted prior to the issuance of a final certificate of occupancy for the project, the project will be subject to it. In the event that such transportation mitigation fee is not adopted prior to the issuance of a final certificate of occupancy for the project, the Applicant shall fund one of the following improvements to the City's trolley system for three years starting at the time of issuance of a temporary certificate of occupancy: (1) A downtown trolley loop; or (2) The extension of weekday service hours on the existing trolley route from 8pm to 10pm, both of which are summarized in the document attached to this letter as Exhibit "A". The City's Public Works and Parking Directors shall determine the preferred alternative within 30 days of a request from the Applicant for such a determination.
7. Art in Public Places – The Applicant shall provide 1.25% of the hard construction costs of the project towards complying with the City's Art in Public Places

Mr. Ramon Trias
January 26, 2015
Page 3

Ordinance. A maximum of 1% of the hard construction costs may be provided as publically accessible works of art on the project site subject to the City's Art in Public Places review and approval process. The remaining .25% of the construction costs shall be a monetary contribution to the City's Art Acquisition Fund. The approval of on-site public art as well as the payment of the contribution to the City's Art Acquisition Fund shall be required prior to issuance of a building permit.

Aside from the above proffered conditions of approval, certain other less substantive revisions have been made to the latest draft of the Development Agreement. We agree that a further revised Development Agreement should be provided to the City Commission after input has been received from the Planning and Zoning Board. Thank you for your attention to this matter.

Sincerely,

Mario J. Garcia-Serra

Coral Gables Trolley Service Enhancements

Per your request, Kimley-Horn and Associates, Inc. (Kimley-Horn) has reviewed the existing City of Coral Gables trolley operations to identify potential enhancements to the service. Two (2) enhancement options were preliminarily identified. The following sections summarize these options:

Option A – Existing Trolley Route Service Enhancements

The current trolley operates along Ponce De Leon Boulevard between Flagler Street and the Coconut Grove Metrorail Station weekdays from 6:30 a.m. to 8 p.m. In an effort to enhance service and provide additional transportation options, it is proposed to operate the trolley two (2) additional hours each weekday. The current trolley operates at 10-15 minute headways along a 7 mile route requiring approximately 5 trolleys to be in service at one (1) time.

The current trolley route operates five (5) days a week (Monday through Friday) for 52 weeks a year with the exception of eleven (11) municipal holidays which is equivalent to approximately 2 weeks of service. Therefore, our analysis assumed the trolley would operate for 50 weeks per year in total. Based upon discussions with City staff, the current operating cost per hour of service is approximately \$36 per trolley per hour. Therefore, the estimated annual operating cost of this expanded service is approximately \$90,000 annually. Note that this review assumed that the additional trolley vehicle is available to operate the proposed downtown route. No capital expenses were assumed in this review.

Option B – Proposed CBD Trolley Route

As part of our review, we met with City of Coral Gables staff and reviewed the Trolley Service Master Plan document prepared by Gannett Fleming, Inc. in 2013. The Master Plan recommended further investigation of a downtown loop traversing the City's core along Alhambra Circle, Merrick Way, Galiano Street, Almeria Avenue, and Salzedo Street in a clockwise direction. We consider this concept a worthwhile complement to the existing north-south trolley route along Ponce De Leon Boulevard. However, the 2013 study did not contemplate the proposed Mediterranean Village project located one (1) block south of Almeria Avenue. Therefore, we recommend a minor modification to the Master Plan route circulating along Sevilla Avenue from Galiano Street to Ponce De Leon Boulevard, and back to Almeria Avenue. Refer to the attachment for a map of the existing and proposed routes.

We proposed to operate the new downtown loop route during weekdays to help alleviate traffic congestion in the area to provide the both residents and employees of the downtown area alternative options for circulating in the downtown area as well as connecting to other transit routes in the area. The route would operate during peak times running during the morning, mid-day, and afternoon peak periods. For purposes of our analysis, we assumed the route would operate for eight (8) hours each day with twelve (12) minute headways. Utilizing a route length of 1.5 miles and an average speed of 8 miles per hour (consistent with the operations of the existing trolley route), a single trolley vehicle could provide service on this route at the desired headway.

The current trolley route operates five (5) days a week (Monday through Friday) for 52 weeks a year with the exception of eleven (11) municipal holidays which is equivalent to approximately 2 weeks of service. Therefore, our analysis assumed the trolley would operate for 50 weeks per year in total. Based upon discussions with City staff, the current operating cost per hour of service is approximately \$36. Therefore, the estimated annual operating cost of this new route is \$72,000 annually. Note that this review assumed that the additional trolley vehicle is available to operate the proposed downtown route. No capital expenses were assumed in this review.

The Public Open Spaces will be maintained by Developer at a level of quality equal to or higher than City’s standards for municipal public open spaces in effect on the date hereof.

Section 2.10 Public Art. The public art installations that may be proposed by Developer from time to time will be reviewed and approved by the City under the City’s “Art in Public Places” review process in effect on the date hereof. The maintenance of and public access to artwork will comply with requirements of the City’s Art in Public Places Ordinance.

Section 2.11 Offsite Improvements. Subject to and conditioned upon the issuance of required building permits from the applicable governmental authorities, Developer shall construct and install the offsite improvements described on, and in accordance with the time frames set forth on, **Exhibit H** attached hereto (such improvements are herein called the “Offsite Improvements”).

Section 2.12 Parking. Parking shall be provided for the Project pursuant to the Regulatory Plans. The conceptual valet operating plan for the Project is set forth as **Exhibit I** attached hereto.

ARTICLE III. LAND USES

Section 3.1 Land Uses. Developer and the City agree, for themselves and their successors and assigns, during the term of this Agreement, to devote the Property and Developer Improvements only to the uses specified in this Agreement and to be bound by and comply with all of the provisions and conditions of this Agreement.

Section 3.2 Character and Operation Standards of Property and Developer Improvements. The parties recognize and acknowledge that the manner in which the Project is developed, operated and maintained are matters of critical concern to the City and Developer hereby agrees to develop, operate and maintain the Project and all other property and equipment located thereon which are owned, leased or maintained by Developer in good order, condition, repair and appearance and in a manner consistent with presently existing comparable projects (such as “The Village of Merrick Park” located in the City, “Mizner Park” located in Boca Raton, Florida and “Bal Harbour Shops” located in Bal Harbour, Florida) and the operational standards set forth in the exhibits attached hereto and made a part hereof (collectively the “Operational Standards”) and in compliance with all applicable federal, state or local laws, rules, regulations, codes or ordinances. To help accomplish this result, Developer will establish such reasonable rules and regulations (which shall incorporate the Operational Standards) governing the use and operation of the Project and by tenants therein as Developer shall deem necessary or desirable in order to assure the level of quality and character of operation of the Project required herein, and Developer will use all reasonable efforts to enforce such rules and regulations. However, nothing contained herein shall be or be deemed to be any contract or agreement by the City, in its municipal capacity, to grant approvals for the Project or with respect to any zoning decisions affecting the Project.

Section 3.3 Failure-Performance of Covenants. Failure of Developer to perform in accordance with or to comply with any of the covenants, conditions and agreements which are to be performed or complied with by Developer in this Agreement, and the continuance of such failure for a period of sixty (60) days after notice thereof in writing from the City to Developer (which notice shall specify the respects in which the City contends that Developer has failed to perform any such covenants, conditions and agreements), shall constitute an event of default (“Event of Default”); provided, however, if such default cannot be cured within sixty (60) days and (i) the Developer within said sixty (60) day period shall have commenced and thereafter shall have continued diligently to prosecute all actions necessary to cure such default, and (ii) the Project continues to operate in the ordinary course of business, then the Developer shall have an additional reasonable time within which to cure such matter. Until the City has provided Developer with written notice pursuant to this Section 3.3 and the time periods for cure set forth in this Agreement have elapsed without such cure having been effected, the failure of Developer to perform or comply with the covenant(s), condition(s) and agreement(s) of this Agreement specified in such notice shall not be deemed an Event of Default. A delay in complying with the dates provided for in the Development Schedule referenced in Section 2.3 shall not constitute an Event of Default.

Section 3.4 Unavoidable Delay or Force Majeure. Notwithstanding any of the provisions of this Agreement to the contrary, and except as provided herein, neither the City nor Developer, as the case may be, nor any successor in interest, shall be considered in breach of or in default of any of its obligations, including, but not limited to, the preparation of the Property for development, or the beginning and completion of construction of the Developer Improvements or the Offsite Improvements, or progress in respect thereto, in the event of unavoidable delay in the performance of such obligations due to strikes, lockouts, acts of God, unusual delay in obtaining or inability to obtain labor or materials due to governmental restrictions, enemy action, civil commotion, fire, hurricane, sabotage, unavoidable casualty or other similar causes beyond the reasonable control of a party (not including such party’s insolvency or financial condition or anything that causes a default in any Project financing or difficulty in obtaining financing), and the applicable time period shall be extended for the period of unavoidable delay; provided, however, with respect to any unavoidable delay that

results in any damage to the Developer Improvements or the Offsite Improvements, the time periods shall be extended for the following periods of time: (i) the time period from the date of the event causing the unavoidable delay through and including the date the Developer receives the insurance proceeds related to such damage, and (ii) following receipt of the insurance proceeds, the reasonable time period which is needed for Developer to restore the Developer Improvements or Offsite Improvements to the condition which existed immediately preceding the event causing the unavoidable delay.

Section 3.5 Obligations, Rights and Remedies Cumulative. The rights and remedies of the parties to this Agreement, whether provided by law or by this Agreement, shall be cumulative, and the exercise by either party of any one or more of such remedies shall not preclude the exercise by it, at the same or different times, of any other such remedies for the same default or breach, or of any of its remedies for any other default or breach by the other party; provided, however, in no event shall the City have the right to terminate this Agreement upon an Event of Default and the remedies available to the City as a result of any Event of Default shall be the enforcement actions available to the City in its code enforcement capacity. No waiver made by either party with respect to performance, or manner or time thereof, of any obligation of the other party or any condition to its own obligation under this Agreement shall be considered a waiver of any rights of the party making the waiver with respect to the particular obligations of the other party or condition to its own obligation beyond those expressly waived and to the extent thereof, or a waiver in any respect in regard to any other rights of the party making the waiver or in regard to any obligation of the other party.

ARTICLE IV. RESTRICTIVE COVENANTS.

Section 4.1 Use Prohibitions of the Property and Developer Improvements. The Property shall not be used by Developer nor shall Developer permit the use of same for the following: Any unlawful or illegal business, use or purpose, or for any business, use or purpose which is immoral or disreputable (including without limitation “adult entertainment establishments” and “adult” bookstores) or extra- hazardous, or in such manner as to constitute a nuisance of any kind (public or private), or for any purpose or in any way in violation of the certificates of occupancy (or other similar approvals of applicable governmental authorities) or of rules, regulations, ordinances or laws applicable to the Property.

Section 4.2 No Discrimination.

(i) No covenant, agreement, lease, conveyance or other instrument concerning the sale, lease, use or occupancy of the Property and Developer Improvements or any portion thereof shall be effected or executed by Developer, or any of its successors or assigns, whereby the Property and Developer Improvements or any portion thereof is restricted by Developer, or any successor in interest, upon the basis of race, color, religion, sex, national origin, or handicap. Developer will comply with all applicable state and local laws, in effect from time to time, prohibiting discrimination or segregation by reason of race, color, religion, sex, national origin, or handicap in the sale, lease, use or occupancy of the Property and Developer Improvements or any portion thereof. Furthermore, Developer agrees to make accommodations for the handicapped as required by law and that no otherwise qualified handicapped individual shall, solely by reason of his or her handicap, be excluded from participation in, be denied the benefits of, be denied access to facilities within the Property and Developer Improvements, or be subjected to discrimination under any program or activity allowed under this Agreement except as permitted by law.

(ii) Anything in Section 3.3 hereof to the contrary notwithstanding, if the City believes that a default has occurred because of a failure by Developer, its successors or assigns or any subsequent owner or occupant (i.e. a tenant under a residential lease or a retail lease) to comply with the terms of this Section 4.2, it may send to Developer and/or occupant a written notice of intent to declare a default because of such failure (the “Pre-Default Notice”). The Pre-Default Notice is not a declaration of a default hereunder. If Developer and/or occupant, after reviewing the Pre-Default Notice (which shall specify the respects in which the City contends that such a failure should be considered a default), believes that such a failure is not a default under this Section 4.2, Developer and/or occupant, shall within thirty (30) days of receipt of such Pre-Default Notice, advise the City of such determination (which shall specify the respects in which Developer and/or occupant contends that such a failure should not be considered a default under this Section 4.2). If the City, after considering said response, still believes that such failure is a default, the City shall, prior to taking further action on said failure, submit the matter to binding arbitration pursuant to Article VI hereof. If the decision of the arbitrators is in favor of the City’s position, then the Pre-Default Notice may be reissued by the City as a notice of default, in which event Developer and/or occupant shall proceed to cure the same within sixty (60) days of such notice of default. Failure to cure said default within said sixty (60) day period shall constitute an Event of Default under this Agreement.

Section 4.3 Green Building. Developer agrees that, as indicated in the Regulatory Plans, the Project shall be constructed in such a manner so that it will qualify for certification as a LEED-ND (Leadership in Energy and Environmental Design for Neighborhood Development) or equivalent nationally recognized green building certification program.

ARTICLE V. SIGNS

Section 5.1 Sign Package. The Project may require a Master Sign Package or a Special Sign Package (collectively, “Sign Package”) to accomplish the following goals: (i) moving pedestrians and vehicle traffic throughout the Property safely and efficiently and (ii) properly identifying the Property, the Project and various tenants, events, and components within the Project, including, but not limited to, residents, guests, visitors, and motorists along surrounding thoroughfares. The Sign Package shall be incorporated into the Regulatory Plans approved by the City Commission.

Section 5.2 Sign Types. The Sign Package will include, but is not limited to, the following sign types: (i) directional signs; (ii) ground signs; (iii) wall signs; (iv) monument signs; (v) way-finding signs; (vi) tower signs; and (vii) awning signs.

Section 5.3 Application. The Sign Package shall apply to signage visible from public rights-of-way but the Sign Package shall not apply to or include signs internal to the Project.

Section 5.4 Approval. Signs of any type or size may be approved as provided for in the Regulatory Plans with specific tenant signage subject to final design review by the City’s Board of Architects.

Section 5.5 Regulation. All Project signs shall be subject to the requirements of applicable federal, state, or local rules, orders, regulations, laws, statutes, or ordinances.

ARTICLE VI. RESERVATION OR DEDICATION OF LAND/PUBLIC OPEN SPACE

Section 6.1 No Dedication. The Developer shall not be required to dedicate or reserve any land within the Property.

Section 6.2 Regulatory Plans. The Developer agrees to create within the Project: (i) certain public open spaces as indicated on the Regulatory Plans; and (ii) sidewalks designed to accommodate increased pedestrian activity that will include shopping, entertainment, and outdoor seating, all as generally labeled on the Regulatory Plans.

Section 6.3 Developer Ownership of Public Open Spaces. The Developer will retain ownership of the Public Open Spaces but shall grant the City a non-exclusive easement allowing public access to the Public Open Spaces ("Public Open Spaces Easement"). The Developer and the City further agree to execute an Open Spaces Easement and Maintenance Agreement ("Easement Agreement"), to assign their respective responsibilities and obligations with respect to the future construction, maintenance and operation of the Public Open Spaces. The Public Open Spaces Easement and the Easement Agreement shall be in a form acceptable to the City Attorney.

Section 6.4 Timing of Public Open Spaces Easement and the Easement Agreement. The City and the Developer agree to execute and record the Public Open Spaces Easement and the Easement Agreement prior to the City issuing one (1) or more certificates of occupancy authorizing the occupancy of one (1) or more buildings on the Property.

Section 6.5 Location and Dimensions of the Public Open Spaces. The general location and dimensions of the Public Open Spaces shall be substantially in accordance with the Regulatory Plans, or as otherwise mutually agreed by the Developer and the City. The specific location and dimensions of the Public Open Spaces will be determined in the Public Open Spaces Easement.

Section 6.6 Developer's Rights Regarding Public Open Spaces. The Developer shall retain the exclusive right to design, landscape, and determine the programming for the Public Open Spaces.

Section 6.7 Events in and Around Public Open Spaces. From time to time, the Developer may sponsor or similarly partner with organizations to hold temporary events in and around the Public Open Spaces. In advance of a temporary event, the Developer shall submit an application to the City consistent with the requirements contained in the City Zoning Code to obtain the necessary permits and approvals.

ARTICLE VII. ENCROACHMENTS

Section 7.1 Construction of Encroachments within City Owned Public Rights-of-Way. The City finds that the construction of encroachments in, above, and under the public rights-of-way will not unduly restrict the use of such public rights-of-way and is a necessary and essential element in the future construction of pedestrian walkways or commercial uses above such public rights-of-way. In consideration for authorizing the future construction of the aforementioned encroachments, the Developer further covenants to:

(i) Maintain any above-grade pedestrian walkways or similar above-grade spaces and below-grade vehicular areas in accordance with the Florida Building Code, the City Charter, the City Code, and any other applicable federal, state, or local statutes, laws, rules, orders, or regulations.

(ii) Provide an insurance policy, in an amount reasonably determined by the City's Risk Management Department, naming the City as an additional insured for public liability and property damage. The insurance shall remain in effect for as long as the encroachment(s) exist in the public rights-of-way. Should the Developer or the Developer's successors fail to continue to provide the insurance coverage, the City shall have the right to secure a replacement insurance policy in its name and place a special assessment lien against the specific parcel or parcels subject to this Agreement, for which such insurance has lapsed or expired, for the total cost of the premium.

(iii) The Developer shall hold harmless and indemnify the City, its officials, and its employees from any claims for damage or loss to property and injury to persons of any nature whatsoever arising out of the use, construction, maintenance, or removal of the pedestrian walkways and vehicular areas and from and against any claims which may arise out of the granting of permission for the encroachment(s) or any activity performed under the terms of this Agreement, except in any event for any claims for damages or loss to property and injury to persons caused by the City or its officials.

(iv) Subterranean parking areas may only occur below rights of way on which both sides of the right of way are owned by the same owner and shall be subject to approval by the Development Services Director. Trees planted along these rights of way shall be spaced at 30 foot intervals and given adequate depth to allow for a mature tree canopy above the underground parking deck. Air ventilation exhausts shall not obstruct sidewalks and other pedestrian spaces. Exhausts may be located in rear alleys, back of house locations and upper level parking decks. These vents shall be screened to match the character of the adjacent buildings.

ARTICLE VIII. LOCAL DEVELOPMENT PERMITS

Section 8.1 Development Permits. The Developer intends to develop the Property consistent with the Regulatory Plans and this Amended Agreement. The Project may require additional permits or approvals from the City, County, State, or Federal government, including their respective internal agencies. Subject to the required legal processes and approvals, the City shall make a good faith effort to take all necessary and reasonable steps to cooperate with and expedite the issuance of all such approvals and permits. Such approvals include, but are not limited to:

- (i) Subdivision plat approvals;
- (ii) Street Vacations and Closures;

ARTICLE IX. MISCELLANEOUS PROVISIONS

Section 9.1 No Partnership or Joint Venture. It is mutually understood and agreed that nothing contained in this Agreement is intended or shall be construed in any manner or under any circumstances whatsoever as creating or establishing the relationship of co-partners, or creating or establishing the relationship of a joint venture between the City and Developer, or as constituting Developer as the agent or representative of the City for any purpose or in any manner whatsoever.

Section 9.2 Recording, Documentary Stamps. A memorandum of this Agreement, in form mutually satisfactory to the parties, may be recorded by either party among the Land Records of Miami-Dade County, State of Florida, and either party may cause any modification or addition to this Agreement to be so recorded, and the cost of any such recordation shall be paid in full by Developer.

Section 9.3 Florida and Local Laws Prevail. This Agreement shall be governed by the laws of the State of Florida. This Agreement is subject to and shall comply with the Charter of the City of Coral Gables as the same is in existence as of the execution of this Agreement and the ordinances of the City of Coral Gables; provided, however, future ordinances of the City shall not affect the terms and provisions of this Agreement (i) unless uniformly applicable to property similarly situated with the Property and Developer Improvements; provided, however, to the extent Developer would otherwise be grandfathered or not subject to such ordinances if this Agreement did not exist, Developer shall not be subject to such ordinances or (ii) if the same shall impair the rights of Developer or the obligations of the City hereunder. Subject to the foregoing, any conflicts between this Agreement and the aforementioned Charter and ordinances shall be resolved in favor of the latter. If any term, covenant, or condition of this Agreement or the application thereof to any person or circumstances shall to any extent, be illegal, invalid, or unenforceable because of present or future laws or any rule or regulation of any governmental body or entity or becomes unenforceable because of judicial construction, the remaining terms, covenants and conditions of this Agreement, or application of such term,

Contemporaneously with the execution of this Agreement, the City Attorney shall deliver an opinion to Developer opining that the execution and delivery hereof by the City is in compliance with the Charter and ordinances of the City of Coral Gables.

Section 9.4 Conflicts of Interest: City Representatives Not Individually Liable. No member, official, representative, or employee of the City or the City Manager shall have any personal interest, direct or indirect, in this Agreement, nor shall any such member, official, representative or employee participate in any decision relating to this Agreement which affects his or her personal interest or the interest of any corporation, partnership or association in which he or she is, directly or indirectly, interested. No member, official, elected representative or employee of the City or the City Manager shall be personally liable to Developer or any successor in interest in the event of any default or breach by the City or the City Manager or for any amount which may become due to Developer or successor or on any obligations under the terms of the Agreement.

Section 9.5 Notice. or if such notice is addressed in such other way in respect to any of the foregoing parties as that party may, from time to time, designate in writing, dispatched as provided in this Section 5.5.

Section 9.6 Titles of Articles and Sections. Any titles of the several parts, Articles and Sections of this Agreement are inserted for convenience of reference only and shall be disregarded in construing or interpreting any of its provisions.

Section 9.7 Counterparts. This Agreement is executed, in counterparts, each of which shall be deemed an original, and such counterparts shall constitute one and the same instrument. This Agreement shall become effective only upon execution and delivery of this Agreement by the parties hereto.

Section 9.8 Successors and Assigns. Except to the extent limited elsewhere in this Agreement, all of the covenants conditions and obligations contained in this Agreement shall run with the land and be binding upon and inure to the benefit of the respective successors and assigns of the City and the Developer.

Section 9.9 Entire Agreement. This Agreement and its Exhibits [constitute the sole and only agreement of the parties hereto with respect to the subject matter hereof and correctly set forth the rights, duties, and obligations of each to the other as of its date. Any prior agreements, promises, negotiations, or representations not expressly set forth in this Agreement are of no force or effect and are merged into this Agreement.

Section 9.10 Amendments. No amendments to this Agreement shall be binding on either party unless in writing and signed by both parties. Although this Agreement shall run with the land, amendments, modifications or releases of this Agreement shall be by mutual written agreement between: (a) the City and its successors and assigns (which must be a governmental entity); and (b) Developer or its successors and assigns that are expressly designated in writing as receiving the rights and obligations of Developer under this Agreement ("Express Assigns") (i.e., even if the Property is subdivided and more than one (1) owner exists for the Property, then amendments to this Declaration shall only be required to be executed by the City and Developer or its Express assigns); provided, however, that in the event that any amendment, modification or release of this Agreement materially affects the rights of an owner of a portion of the Property, then any amendment to this Agreement shall also require the consent of such property owner. In the event of a modification of this Declaration or a designation of an Express Assign, a written instrument must be duly executed, acknowledged and recorded in the Public Records of Miami-Dade County, Florida. The parties recognize that the development and operation of the Property and the Developer Improvements may from time to time require the confirmation, clarification, amplification, or elaboration of this Agreement, in order to deal adequately with circumstances which may not now be foreseen or anticipated by the parties. The City and Developer reserve unto themselves and their Express Assigns the right to enter into such interpretive, implementing or confirmatory written agreements from time to time as they mutually deem necessary or desirable, in their sole discretion, for any such purpose without obtaining the consent or approval of any person or entity. If any portion of the

Property has been submitted to the condominium form of ownership, and an amendment, modification or release of this Agreement requires the consent of the owner of such portion of the Property as provided above, then only the condominium association thereof shall be required to execute the instrument as to that portion of the Property (in lieu and on behalf of the condominium unit owners thereof).

Section 9.11 Authorization and Approvals by the City. All requests for action or approvals by the City shall be sent to the City Manager for decision, who shall be the party within the City, including the City Commission, that must act or approve the matter on behalf of the City. Without limiting the generality of the foregoing or the general authority of the City Manager, the City Manager shall have the authority himself to grant extensions of time for performance by Developer for up to ninety (90) days (extensions of time in excess of ninety (90) days shall require City Commission approval). If the City Manager's office shall be vacant or if the City Manager shall not have the full authority to act or approve matters required of the City pursuant to this Agreement, then the City Commission shall, promptly upon written request by the Developer, designate such other officer or department as may be appropriate to perform the City's obligations. Unless otherwise specified to the contrary herein, all decisions, approvals and actions required of the City hereunder must be decided, given or taken within sixty (60) consecutive days after the receipt of written notice requesting same.

Section 9.12 Exculpation. Section 9.14 Caption. The article and section headings and captions of this Agreement and the table of contents preceding this Agreement are for convenience and reference only and in no way define, limit, describe the scope or intent of this Agreement or any part thereof, or in any way affect this Agreement or any part thereof.

Section 9.15 Holidays. Section 9.17 Unlawful Provisions Deemed Stricken. If this Agreement contains any unlawful provisions not an essential part of this Agreement and which shall not appear to have a controlling or material inducement to the making thereof, such provisions shall be deemed of no effect and shall be deemed stricken from this Agreement without affecting the binding force of the remainder. In the event any provision of this Agreement is capable of more than one interpretation, one which would render the provision invalid and one which would render the provision valid, the provision shall be interpreted so as to render it valid.

Section 9.18 No Liability for Approvals and Inspections. Except as may be otherwise expressly provided herein, no approval to be made by the City of the Project site or the Project under this Agreement, shall render the City liable for its failure to discover any defects or nonconformance with any federal, state or local statute, regulation, ordinance or code.

Section 9.19 Radon. Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from the county public health unit for Dade County.

Section 9.20 Developer Entity. On the date of execution hereof, the Developer is a Florida limited liability company. In the event that at any time during the term of this Agreement and any extensions and renewals thereof, the Developer is a corporation or an entity other than a Florida limited liability company, then any references herein to member, membership interest, manager and the like which are applicable to a Florida limited liability company shall mean and be changed to the equivalent designation of such term which is appropriate to the nature of the new Developer entity.

Section 9.21 Chapter 400, Florida Statutes. The City acknowledges and agrees that, notwithstanding anything to the contrary set forth in this Agreement, the Developer shall not be required to take any action hereunder which would otherwise constitute a violation of Chapter 400, Florida Statutes, as amended.

Section 9.22 Cooperation; Expedited Permitting; and Time is of the Essence. The Parties agree to cooperate with each other to the full extent practicable pursuant to the terms and conditions of this Agreement. The Parties agree that time is of the essence in all aspects of their respective and mutual responsibilities pursuant to this Agreement. The City shall use its best efforts to expedite the permitting review and approval process in an effort to assist the Developer in meeting its demolition, development, and construction completion schedules. The City will accommodate requests from the Developer's agents, representatives, general contractor(s), and subcontractors for simultaneous review of multiple permitting packages, such as those for site work and foundations, and building shell, core, and interiors. Notwithstanding the foregoing, the City shall not be obligated to issue development permits to the extent the Developer does not comply with the applicable requirements of the City Zoning Code, the Project's zoning approvals, the Comprehensive Plan, this Agreement, applicable building codes, or any other laws, rules, orders, or regulations.

ARTICLE X. ARBITRATION

Section 10.1 Panel. A panel of arbitrators ("Arbitration Panel") shall be established when specifically required by the terms of this Agreement. The appointments to the panel shall be made in the following manner:

(i) The City shall name one member and the Developer shall name one member;

(ii) The aforesaid members shall promptly name a third member.

If either party shall fail to designate a member within fifteen (15) days after a written request so to do by the other party, then such other party may request the President of the Florida Chapter of the American Arbitration Association to designate a member, who when so designated shall act in the same manner as if he had been the member designated by the party so failing to designate an arbitrator. If the two members are unable to agree upon a third member within ten (10) days from the last date of designation, such third member shall be designated by the President of the Florida Chapter of the American Arbitration Association, upon the request of either of the two members.

Section 10.2 Actions, Hearings and Decisions. All actions, hearings and decisions of the Arbitration Panel shall be conducted, based upon and in accordance with the Commercial Arbitration Rules of the American Arbitration Association. In determining any matter before them, the Arbitration Panel shall apply the terms of this Agreement, and shall not have the power to vary, modify or reform any terms or provisions of this Agreement in any respect. The Arbitration Panel shall afford a hearing to the City and to the Developer, and the right to submit evidence with the privilege of cross-examination on the question at issue. All arbitration hearings shall be held at a place designated by the Arbitration Panel in Miami-Dade County, Florida.

A hearing shall be commenced within sixty (60) days following the selection of the last of the three arbitrators. A court reporter shall make a transcript of the hearing. The parties and the Arbitration Panel shall use their best efforts to conclude the hearing within ten (10) days. The parties shall be entitled to such pre-trial discovery as they may agree, or as determined by the Arbitration Panel. The Arbitration Panel shall have the right to question witnesses at the hearing, but not to call witnesses. The Arbitration Panel may grant continuances for good cause or with the agreement of both parties. The Arbitration Panel may render a decision at the close of the hearing, or may, request briefs on any or all issues. Any and all such briefs, including reply briefs, shall be filed with the terms and on the schedule set by the Arbitration Panel, but in any event no later than forty-five (45) days following the commencement of the hearing. The Arbitration Panel shall render a determination within sixty (60) days from the conclusion of the hearing. If no determination is rendered within such time, unless the parties agree otherwise, a new Arbitration Panel shall be selected (in the same manner set forth in Section 13.1 above) but the new Arbitration Panel shall render a determination solely upon review of the record of the hearing without a further hearing.

The Arbitration Panel selected hereunder shall agree to observe the Code of Ethics for Arbitrators in Commercial Disputes promulgated by the American Arbitration Association and the American Bar Association, or any successor code. The decision of a majority with respect to any matter referred to it under this Agreement shall be final, binding and conclusive on the City and Developer and enforceable in any court of competent jurisdiction. Together with the determination, the Arbitration Panel shall provide a written explanation of the basis for the determination. Each party shall pay the fees and expenses of the member of the Arbitration Panel designated by such party, such party's counsel and witness fees, and one-half (1/2) of all expenses of the third member of the Arbitration Panel.

Section 10.3 Participation by Lender. If the issue which is the subject of an arbitration proceeding involves (i) an Event of Default under this Agreement, or (ii) a request for an extension of the construction period due to unavoidable delay or force majeure as set forth in Section 3.4, then in such an event the Lender shall be allowed, at its option, to participate in the arbitration proceeding which participation shall include the right to present evidence and cross examine witnesses.
